1986

PRINCIPAL'S MESSAGE

School year 1985-86 has been a very challenging and academically rewarding with many interesting activities and events taking place geared to promoting pride, dignity, academic excellence and school spirit.

On October 23, 1985, our students made the following pledge for peace:

"As a legacy and gift to the children who will be born and live on this Planet Earth I hereby commit myself to fostering peace. I promise to do everything I can to help create a common future of peace for all human beings".

All 917 students of Heilbronn School signed their names to this pledge and it went up in a time capsule on the Challenger on January 20th.

This year our PTSA implemented our first Knights of the Month awards. This award honored 30 students each month who had exhibited good citizenship, self-pride, and exceptional classroom responsibility with a medal and certificate.

Thirteen of our students in grades 6 and 8 were recommended for the Presidential Award for Academic Fitness. This speaks highly of the efforts put forth by our students, their parents, and our faculty in promoting those qualities which cultivate good health, mental attitude, and a desire to achieve.

It has been personally rewarding to work with all of you in our quest for excellence.

Jack

The background is a vibrant, abstract composition of numerous thin, radiating lines. On the left side, the lines are primarily green and blue, with a bright white light source visible. On the right side, the lines transition to shades of yellow and red. The lines radiate from a central point, creating a sense of depth and movement.
