The Tiger Cross Country team had an excellent season in 2008. Despite the rather rainy running season, the team established itself as a team to be reckoned with. Codi Martin, John Aber, and team captain, Christian Austen were the new members of the team. Natascha Harris consistently placed in the top three at almost all middle school girl races.

At DoDDS-Europeans, the Hohenfels Tiger team took the 2nd place trophy for the small school team award and Christian Austen was selected as a member of the All Europe Team. Overall the team had a safe, exciting, and successful cross country season. Way to go Tigers!

For the 2008-2009 school year, all sports were vulnerable to change.

The Cheerleading Squad was one of the best group of girls to cheer for Hohenfels High School. Coached by Ms. Mini DeLamarter, the team worked under the co-captainship of Rachel Borg and Angelica Henry.

The Fall Cheerleaders were Carrie Mulvihill, Caitlin Lehfeld, Laura Seigel, Amanda Guthrie, Chelsea Streets, Chloie Robinson, and Brandy Reed. For both 2008/2009 seasons Coach Mini DeLamarter guided the girls. Natalie Reed and Tawnia Harp were also part of the coaching team.

Shawn Havens, are you that hungry?

One of the activities sponsored by the Hohenfels Middle/High School Student Council is the Homecoming Pep Assembly. The students at Hohenfels show their spirit in many ways. This year, as always, Pajama Day was the No. 1 favorite special day. Maybe it is the thought that you can just roll out of bed and come to school in your pjs.

This year the weather cooperated and we were able to have the pep assembly on the football field. PowderPuff football showed the 'men' that the 'ladies' can play football also. Of course, the all-male cheerleading teams were something to behold.

This year, a 'mummy wrap' was part of the fun. Amazing how much toilet paper it takes to wrap a body. One thing was definitely learned, many of the classes don't know how to link arms to make a circle, much less then move the circle down the field.

Most of the students felt that this year's Homecoming Pep Assembly was the best ever.

You run this way and I will go that way, I think that is the way it is suppose to happen.

# Middlæ School Kids

The Middle School kids may be the New Kids on the Block but it didin't take long for them to get in the swing of things. This year the officers for the Middle School were very active. For a fund raiser, the Middle School Kids sold baked goods at the Winter Bazaar and earned a total of \$600. All who participated worked very hard and impressed everyone with their eagerness and desire to succeed. The Middle School owes a great big debt to all the parents who baked, baked, and baked so we had such a wide variety of food.

The Middle School held a Halloween Dance that was very successful and as a celebration for a successful first semester, they had a bowling party. The officers have been very active in Student Council meetings and in other activities throughout the school.

Students in the Seventh Grade participated in Operation Shoebox where they brought school supples and personal hygien items which were boxed and then sent to students in Iraq.

### Life in the high school

schlect

One of the first thing people notice when they visit Hohenfels the pride the stusdents have in their school. Whether it is in an academic competition or on the field or court, the students are proud of Hohenfels and mean it when they way We are the Mighty, Mighty Tigers.

At any given time, you can find students playing chess and listening to their I-Pods at the same time. They wander the halls plugged into their powerpacks. One can only hope that they all use the Ever Ready batteries so they won't run down.

You need a new dictionary to understand some of the language in the school. They attend activities such as ILS and FBLA as well as MUSS. And don't forget JROTC, CP, CAD/CAM, and AP courses that are available at the school.

Come join us at Hohenfels. The student life is unique to say the least.

Will Karafa and Devon Fluker watch the movie carefully.

Shaniece Ruiz, Lacey Wells, Rachel Borg, Nick Dominguez, Kymberly Littlejohn, and Chauncey Eaddy are 'tight'.

Tatiana Williams, Christina Robinson, and Angelica Henry are friends, as if you couldn't guess.

# ..AND NOW THE NEW BEGINNING

We're gradualing, and we know
Our lives will be different and new;
We're going out into the world,
Our goals and dreams to pursue.

But one thing will never, ever change, As we go our separate ways; The friends we've made in school will be Our friends for the rest of our days.

The special lies and allachments we've made, These bonds will never be broken; We'll continue to feel the closeness, Though words may not be spoken.

So it's not "goodbye," but rather "farewell;'
Ill see you again, my friend.
Your friendship means a lot to me,
And it will never end.

Chop,

It has been a long poad and at times it was very hard for you. How have never liked schoolwork and have fought against it since we tried to teach you the ABCs when you were 3. How finally figured it out and are going to graduate. We have enjoyed watching you grow up into a man. It has been a long process and we were not sure if you were ever going to make it, but you did. You have overcome lot of long odds since you were a baby and the docthought you had cystic fibrosis. We have always been there for

you as we tried to guide you along a path to manhood.

Many times you decided to stray from that path and we would try to guide you back onto the path. From here forward, we may not always be there to guide you, so you have to remember where the path is and be able to get back there yourself. If you cannot seem to find the path, all you have to do is call us and we will help you no matter what.

It is impossible to explain the pride a parent feels when their child graduates from high school; however, you should know that we are extremely proud of you. It takes a lot of guts to decide to become the senior class president in order to serve the needs of the senior class. How have performed admirably even though some wanted you to fail.

Lastly, we are your mom and dad and we always want what is best for you and will always be there to help you when you need it.

We love you!! Mom and Dad

May the road rise to meet you,
May the wind be always at your back.
May the sun shine warm upon your face,
The rains fall soft upon your fields.
And until we meet again,
May God hold you in the palm of his hand.

May green be the grass you walk on,
May blue be the skies above you,
May pure be the joys that surround you,
May true be the hearts that love you.

Stephanie,
We are very proud of you and we will miss you dearly..

Emily

You are the most precious daughter that anyone would ever hope for. We are so proud of you and wish blessings for your future! It was very hard for me to write this. I don't want to see you go – but realize it is time for you.

You have accomplished so much and this is only the beginning! Remember the verse that I gave you years ago when you were going to camp. 2 Timothy 1:7 (New International Version)

"For God did not give us a spirit of timidity, but a spirit of power, of love and of self-discipline."

Always remember this and also the 3 D's for success.

- 1. Desire
- 2. Determination
- 3. Dedication

Many changes have happened to you over the years but you were never discouraged and pushed onward trusting in the faith that is the rock for you.

Keep your faith and believe in yourself! You will succeed above and beyond! We are always here for you.

We love you Emily!

Chop,

You finally made it. We will not be there to see you but know that we are thinking of you on this special day. I wish we could have lived closer together and been able to spend more time together but it was not meant to be that way. I hope that as adults we will be able to see more of each other. Any time you come to Kentucky, you are welcome at my house.

Congratulations!!

This is your time. Dad and I could not have asked for better daughters then you and your sister. As an individual you are an amazing person and you have proven yourself not only academically, but athletically as well as personally. You are an incredible young lady who is loving and kind. You cater to others needs before your own, you're trustworthy, and possess

unbelievable character. Not to mention you always light up a room with your presence

and smile. You are truly the whole package! We are so proud of you.

Take flight Mama. You have wholeheartedly earned your wings. Always remember who you are, where you came from and where you want to go. Remembering these three things will take you to heights unknown and will fulfill your every dream of changing the world to become a better place for all of us to live. Good luck, God speed and continue living your life with the highest regard.

Choppy

You are not only my best friend but also the best brother I could have ever asked for...and I want you to know the life is fu of surprises when it's time to say goodbye to all your classmates. There will be no more of the same persons around you to

hi-five and say good game. As your big sis and one who has graduated from here, I know what it is like to leave a small school and where you know everyone and have to start all over. You are going to be an adult and have to make real decisions. I wish you good luck in everything that you do after high school. Just remember that with every bad day there is a sunny one.

'I will never forget all the long talks we had in the bathroom to parents couldn't hear us. I am going to miss you so much, but I know that you will be back. I am only a phone call away if you ever need anything.

Congratulations I am so proud of you.

LOVE YOU!!

**Uncle Hop** 

Kristi

I am going to miss you so much. You have taught me so much within the last two years I know you were always scared to hold me when I was born but you did it anyway and now we share a special bond. We play every day and eat breakfast together in the mornings.

Who am I going to yell at when mommy is getting on me? You're the only person that lets me do whatever I want. I will never forget everything and everywhere we went together. I know I can be a headache sometimes but you can be too. Just kidding.

I hope that you come back and visit me often. I am glad that you are graduating although I always crumbled up your homework.

Congratulations I LOVE YOU!!!

### Alissa

We are extremely proud of you and what you have accomplished in your high school years. We are confident that you will achieve just as many, if not more, accolades during your tenure at the Academy of Arts University of San Francisco. Dream big, be true to yourself, and never let anyone stop you from trying to achieve your goals.

Liebe Alissa. Es ist schon so lange her, als wir Dich als Baby auf den Armen hatten. Jetzt bist Du schon fast

eine erwachsene Frau und machst die ersten Schritte in die Selbstaendigkelt. Nuetze Dein Talent und mach was Tolles draus.

Alles Liebe.

To our beloved Granddaughter

As our first grandchild to graduate high school, we would like to tell you how proud we are of you taking your first step into adulthood. Not only are we looking forward to watching you cross the stage during your high school graduation, but we are also anticipating the day we get to watch you graduate from college.

Very few families are as blessed as we are, with a son and a brother that is so intelligent, charismatic, unique.... Whether it was having the rarest Pokeman card, landing us first class plane tickets or growing up with three females in the house all the time while dad was gone.... There is no doubt in our minds that you're going to go far in your life and get what you want out of it...you deserve it. Keep smiling and enjoy every minute of the real world. Don't ever forget that we all love you....

As you leave Hohenfels M/HS and go to fields afar, our best wishes go with you.

We wish you all the best.

Your fellow teachers at Hohenfels Middle/High School.

## Courtney,

It seems like it was only yesterday that you were driving your sister around the yard and today you're driving her to school!

Don't follow where the path may lead, and so many have taken. Fill up the tank and instead, go where there is no path and leave a trail. Only those who risk going too far can possibly find out how far one can go.

Much love and success to you!!

Love Mom and Dad

### Kayleb,

We can't begin to tell you just how loved you are, here are some words of wisdom for your

"love life, engage in it, give it all you've got. love it with a passion, because life truly does give back, many times over, what you put into it" ~ Maya Angelou

### Love life son,

"Let no one ever come to you without leaving better and happier. Be the living expression of God's kindness: kindness in your face, kindness in your eyes, kindness in your smile." Mother Teresa

### Have kindness son.

"Whatever course you decide upon, there is always someone to tell you that you are wrong." There are always difficulties arising which tempt you to believe that your critics are right. To map out a course of action and follow it to an end requires...courage." ~ Ralph Walto Emerson

Have courage son, "Go confidently in the direction of your dreams! Live the life you've imagined. As you simplify your life, the law of the universe will be simpler." ~ Henry David Thoreau

Don't forget to dream son And finally,

Don't Quit Author Unknow

> When things go wrong, as they sometimes will, When the road your trudging seems all uphill, When the funds are low and the debts are high, And you want to smile, but you have to sigh, When care is pressing you down a bit Rest if you must, but don't you quit.

life is queer with its twists and its turns. As everyone of us sometimes learns, And many a failure turns about When they might have won, had they stuck it out Don't give up though the pace seems slow, You may succeed with another blow.

Often the struggler has given up When he might have captured the victors cup; And he learned too late when the night came down, How close he was to the golden crown.

Success is failure turned inside out The silver tint of the clouds of doubt And you never can tell how close you are, It may be near when it seems so far; So stick to the fight when your hardest hit, It's when things seem worst that you mustn't quit!

Love. Mom & Dad

dents
and
faculty at
Hohenfels
Middle/High School. Your desire
to see that all students understand
the basics of math has made a big

difference in many of their lives.

Many students were introduced to tennis by you and now have a sport that will afford them enjoyment for all of their lives.

This year the Math Counts team placed in the distrit competition and Caroline Bourgeois went to Europeans, all due to your zeal for the program and the students who participate.

Math, Science, and Technology Night

was begun by you and has become an an-

nual affair, thanks to your earnest efforts. You managed to involve not only the high school but the element ary school, parents, and members of the community and each year it has become bigger and better.

Every school where you have taught has been enriched by your presence. Hohenfels will miss you and Osan should

consider themselves lucky to get you as their new science and math teacher. We will miss you.
