*The team made history this year by playing 6-man football. It was a new experience for the team and the fans. Even though they had a little trouble in the beginning of the season with injuries and 2 straight losses, Hohenfels overcame and broke through, winning against Baumholder and Brussels. It was an amazing season for everybody. They ended the season with a record of 2-3.*

## winter concert

This years winter concert was fantastic with songs such as snow is Falling, Tiny Little baby, Puttin' on The Ritz, among other songs.

Although music may look fun it has a lot of pressure to it. Some of the students in the class claim that while performing on the stage they get a nervous rush.

The fallen soldier table:  
A round table to show our everlasting concern for our friend, comrades and the men and women who are still missing. A white tablecloth to symbolize the purity of their motives when answering the call of duty.

A single red rose in a vase, reminds us of the bloodshed and their loved ones as well as the friends who keep the faith.

A slice of lemon to remind us of the bitterness of their loss.

A portion of salt, a reminder of tears shed and an inverted glass to represent a toast they no longer can share with us.

This year was the first year having sixth graders at Hohenfels Middle High. The sixth grade sponsor, Mr. Gamez, said that having the sixth graders at HMHS allows them “to think more seriously about high school now that they share the same building with the older students.” This years sixth graders were “quick to embrace the added responsibility and rigor that came with their first year in middle school.”

Next years’ sixth graders “should expect their teachers and school administration to be there for their transition into middle school.... should expect more responsibility.. and should expect to meet expectations.”

“I have thoroughly enjoyed it... I am proud of their enthusiam and desire to establish themselves as a permanent part of this campus.” - Mr. Gamez, on what it was like to be like sixth grade class sponsor.

Mrs. Breeze is our schools secretary. She has been at Hohenfels since 2009, where she first taught as a substitute teacher, and then began to work as secretary in 2011. Her staff best friend is her husband, Dan Breeze, who teaches math at Hohenfels Middle High School. When asked what she will miss most about Hohenfels, she answered "The seasons and the scenery." The Breezes will be missed dearly by the staff and students at HMHS.

Mrs. Fonseca works as the registrar for our school. She has been at HMHS since September of 2017 and will be leaving the Hohenfels staff team at this end of the 2018-2019 school year. She will be missed dearly by the students and staff here at Hohenfels.

## Congratulations Johnny!

Sometimes we talk about where home is since we've moved many times. Although we've lived in and travelled to many interesting places, it's not always been easy. Perhaps home is not about a location but the shared experiences we've gained from each stop along our path. You are resilient, open-minded, smart, kind and up for new things. As this chapter ends and the next begins remember home is wherever you make it. We're so proud of you!

Love, Mom, Dad, Kirsten & Arielle

Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us. Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people don't feel insecure around you. We are all meant to shine as children do. It's not just in some of us; it's in everyone. And as we let our own lights shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others. - Coach Carter

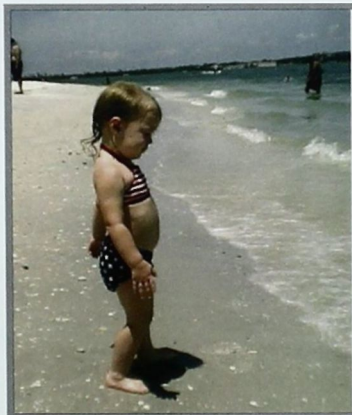

Way to go,  
Ashley! We're  
very proud of the  
young  
woman you've  
become and  
know that you  
will be successful  
in all your future  
endeavors!  
Love always,  
Mom and Dad

# KEARA MARIE IMRIE

## BABYGIRL:

Time has gone by so fast, one minute you're in elementary school throwing bean bags at your friends and the next you're about to graduate high school and go off to college. Here's some good advice, take it or leave it, or find a hidden meaning:

Good things come to those who work hard.

Night is a time to relax and enjoy, so don't procrastinate.

Sleep is your friend and will help you to focus.

Tight schedules aren't always the best, don't wear yourself out.

Don't let people push you around, do what's best for you.

Let people win if it's something that doesn't matter to you.

The best in life is yet to come.

Bed time will help you succeed the next day.

Bugs are gross, keep your space clean.

Bite off as much as you can chew but not more, don't choke.

Have fun in life, it goes by way too fast.

Sweet moments should be cherished.

Dreams - make them a reality.

We are truly proud of you and the young women you are growing into.

We love you so much and are going to miss having you around all the time but are excited to see where this new adventure brings you and what life has in store for you.

# NICOLE MARIE

*You are a wonderful young lady and we are
