MCAS Iwakuni, Japan 1998-99

# Message from the Principal & Vice Principal

Sue Jackson  
Principal

Congratulations students on a wonderful school year! You have achieved many goals on your way to successful futures. We are proud to have participated in the Presidential Technology Initiative. With the help of your teachers, parents and many community members, you have learned many skills from keyboarding to digital cameras. I challenge each of you to continue expanding your knowledge. These skills are required for the workforce of tomorrow.

I hope that you will always remember Japan, your Japanese experiences, and the friends you have made in Iwakuni at M.C. Perry Elementary school

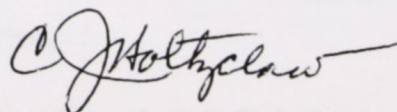

Best Wishes to you in the future.

School year 1998-99 has been filled with great opportunities for "Building Lifelong Learners." Many memories of projects and plays, field trips and performances, achievements as well as the inevitable disappointments will remain with you - some of them for a lifetime. As the school year closes, be sure to let your parents, teachers, and classmates know how much you have appreciated their help and their support.

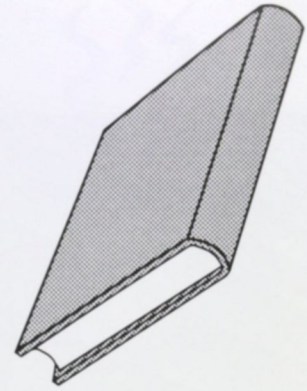

Thank your teachers especially for the hard work they gave you (remember that anyone can do the easy work) and for their support and patience while you "learned how to learn." Then, be sure to have a wonderful summer wherever you may be!

Claudia Holtzclaw  
Vice-Principal
