KAISERSLAUTERN AMERICAN HIGH SCHOOL

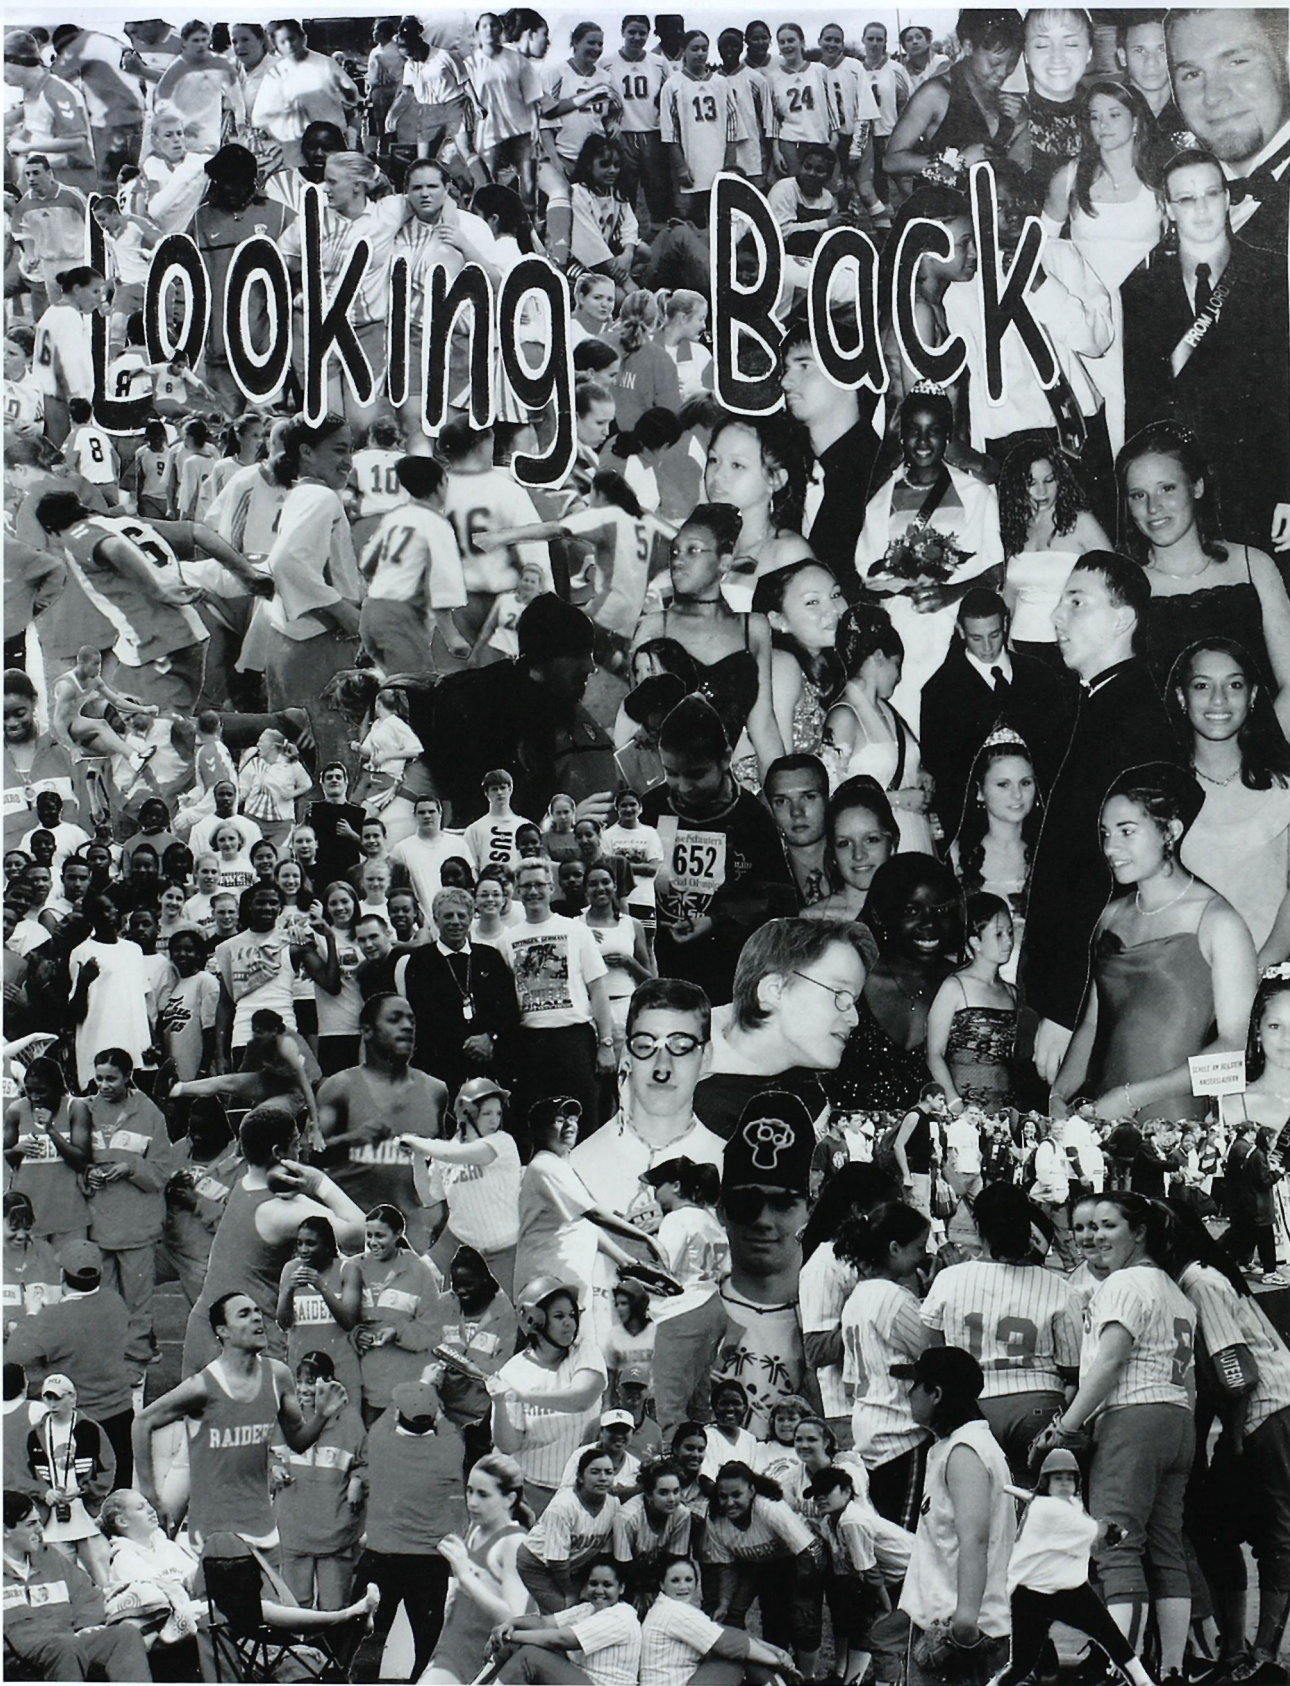

Kaiserslautern High School began its history in a converted apartment building across the street from its present location. The high school was carved out of the forests and was originally known as Rhine High. From 1953 to 1958 one hundred and fifty-eight students were housed in dormitories. Students came from all over Europe where their parents were serving, because they had no opportunity to attend school. During the 1960's the dorms disappeared and the school was renamed for the host city, Kaiserslautern. It has been known as K-town High ever since.

The pep rally starts off with the presenting of the flag, followed by the National Anthem sung by Jessica Kinzer and Mikkell Connolly. This year's floats are very creative, but the junior class float is voted the best. From the hot radio show "Mike in the morning" came Mike to

announce the homecoming court of 2003. The cheerleaders help keep up the school spirit by doing a victory dance and leading the crowd in the school song. The game this year is a scavenger hunt. Vahndre Webb and Andrea Owens would ask questions like "Who has a picture of his dog?" or "Who has holes in their socks?" The first to show items would win a prize.

Boston Eng, well well --I remember this short kid. Nancy, the driver of Volvo trucks, player of Billie Jean stature on the courts, neck-in-neck with Julia when it comes to chicken wings and apple pie, transporter of yearly Eng Papa "fruit cup" to our dismay, enthusiastic down-hiller (not much on cross country). Hell, yes, I remember the little sweetie, and I like her Ma Mary too. Please encourage Nancy to retire to my neighborhood in Bradenton. It's getting on to tax time and I need her help. K-Town is going to miss Miss Nancy Eng..her friendly can-do approach to life..her redoubtable math skills..her green thumb plant magic, and above all, her infectious smile and laughter. I know I have since retiring and moving to the sunshine state.

Come join me, Nancy.

John Hunt

Nancy,

I am SO glad that I had the good fortune of meeting you here at KAHS. Our golf games were great, even when "Moby" was challenging the eighth pin on the course.

Thank you for your support for the yearbook in picking up donuts and pizzas for us to sell. You are a champ in all ways. In fact, you are one of the finest human beings I have ever had the privilege of meeting.

Congratulations! Enjoy your new chapter in life as it begins to unfold.

Gerry Mersinger

How will DoDDS find another truly dedicated teacher who is also a math whiz, Red Sox fanatic, Stanford Masters-degree holder, dyed-in-the-wool Democrat, garlic chicken wonder chef, world traveler, devoted Volvo driver, full-time student advocate, and constant friend? Well, of course, the answer is that it can't. After all, as Cole Porter would have said, "She's the top." But how lucky for KAHS and its students that she landed on their doorstep thirty years ago.

Bill McGrath

1981

Nancy,

You are in a "league of your own." You are, without a doubt, one of the most talented math teachers in DoDDS. You are also one of the most ardent sports enthusiasts and participants we have ever known. You are one of the most endearing friends and simply a wonderful human being. You have given Kaiserslautern High School your best and your leaving will be marked by a decisive void. We wish you the very best in your retirement and hope that our paths will cross again. May you always remember the "Shock and Awe" of Woodlawn Golf Course.

God Bless you,

Simone and Merrill Bryner

"Add kindness, humor, and a word of the day. Subtract noisy kids and frivolous play. Multiply pi, divide by 2, and you've got someone whom you should listen to. Ms. Eng, thank you truly for all that you've done. I know that we could always COUNT on you and I thank .I wish you only the best to wherever you go and knowthat wherever it is, you'll be missed here, but much appreciated there.

Matt Brown

Class of 2003 KAHS

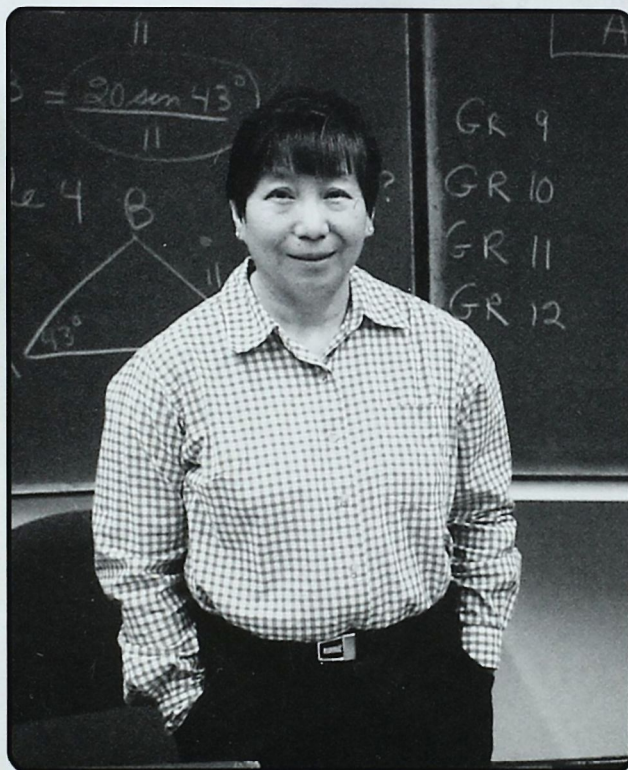

Thank you, Ms. Eng, for giving Kaiserslautern American High School thirty years!

Nancy Eng

Being on a faculty with Nancy Eng was one of the high points of our stay in KAHS. When I was transferred to Ramstein High, I really missed the gang at Kaiserslautern. Nancy, you were not just a good friend, but the interest you had and the influence you had on our two daughters cannot be repaid. Those girls still talk about how you cared for each student and how you insisted that they do their very best. I am sure that you contributed greatly to the success that they have enjoyed during the many years since. Cay and I wish you, Nancy, the best that life can offer. We look forward to seeing you someday, somewhere...

Jerry and Cay Engleson

Nancy,

It's hard to believe that we taught together at Kaiserslautern HS from 1974, when you arrived, until 2000 when I retired. Out of these years, some of my best memories are the times we coached volleyball together for several years in the mid 1980s. We survived student crises and frustrations, wins, losses, exciting games, and even a European Championship. Your dedication, loyalty, knack for keeping and organizing stats -- not to mention some enthusiastic, nice team players -- made those coaching years rewarding and fun. Remember the song, "Short People"?

All the best for a well-deserved retirement.

Carole Stever

1988

When I got into Ms. Eng's class, I was a failure at math. Early on, I stopped halfway through an Algebra II test to ask her if I had done enough to get a 'D.' She told me, "Go sit down and finish the test."

She helped me to learn. I got the highest score at K-Town on the National Math Exam that year, beating all those Calculus kids. I went on to get a degree in Computer Science and Statistics. She is a Jedi Master of Math.

Benjamin Willhoite

1986

Ms. Eng was born in Boston, Massachusetts, where she attended Boston Public Schools. She graduated from Girls' High School. She first attended Boston State College where she graduated with a BA in mathematics and a minor in English. Later she earned her Master's degree in mathematics from Stanford University.

Before joining DoDDS, Ms. Eng taught at Washington Irving Junior High School and at Boston Tech High School, a math and science school.

Here at KAHS, Ms. Eng has taught all levels of math from 1974-2004 -- thirty years.

Ms. Eng is a well-known sports enthusiast. She could be seen at any of the sporting events at school, supporting all of the teams as an avid fan. A year ago she began playing golf again. She joined a four-some known as the "Shock 'n Awe" which included Merrill and Simone Bryner and Gerry Mersinger. She can now enjoy her Boston favorites full time: the Celtics, the Patriots, and the Red Sox!

Congratulations, Ms. Eng!

There are teachers who make you want to become a teacher just by the example they set and the memories they leave with you. Ms. Eng has been on of those teachers for me. I have never liked math, and, as much of a cliché as this is, she made the subject interesting for me. I loved going to her class, and her wonderful personality always made me feel I was learning and growing at the same time. Even her tests weren't as scary as they could have been. I always felt a little better seeing that extra .2 or .5 or .8 added to my grade! Ms. Eng, I wish for you everything that you want out of the future, and thank you for making my past that much richer!

AVID

The AVID classes visited the University of Maryland Campus in Mannheim in late November this year. Here, some of the students pose in front of the auditorium entrance.

Brandie Ramsey, like many other AVID students, is involved in extra-curricular activities such as sports and drama.

Mrs. Angela Gibbons

As an educator, it is very fulfilling to see the growth and maturity of the AVID students after working with them for a year. There is an awareness of the importance of a good education, and these students seem to be more apt to accept responsibility for their actions even if they are not always positive.

Mrs. Patty Cash

When asked why she decided to be a part of AVID, Ms. Cash said, "Because AVID students keep me humble."
