THE MINARET 1970

Published by

WE

We, the Yearbook staff would like to dedicate this 1969-70 Yearbook, the MINARET, to this establishment to which, or rather at which, we are all now stationed-- Karamursel Air Station, a place beautifully situated along the coast near Karamursel, Turkey. We hope that through our efforts, the wasted film, spoiled chemicals, and the occasional "dirty words" that slipped from the teacher we drove crazy, that this phenomenon which you hold in your hand reading, will be something cherished for a long time to come. We hope your memories will be brought back to life whenever you look at what we have spent many weeks preparing for your enjoyment and pleasure.

Thank You

We, of the yearbook staff, would like to express our gratitude to all the people who have helped us in any way, at any time; who have given of their time and energy unselfishly.

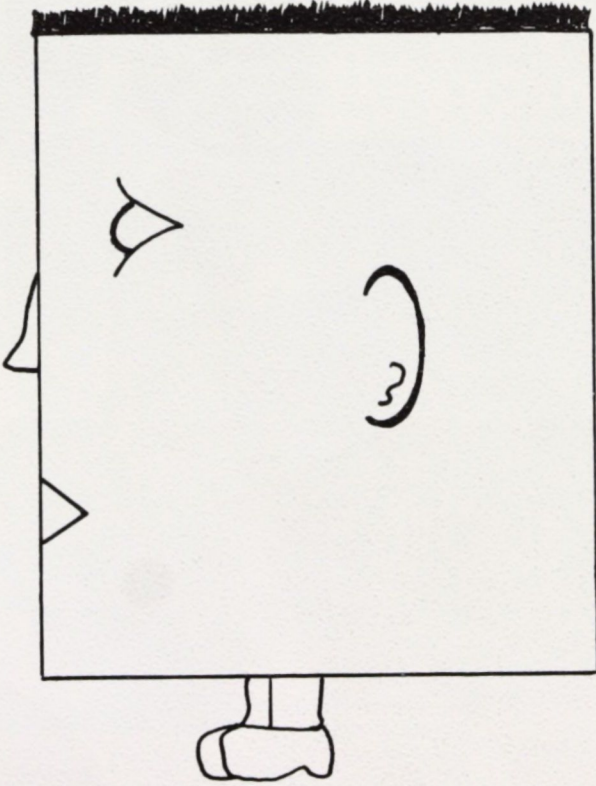

A special thanks goes out to the patient, kind men of the photo lab, without whose helpful advice and technical assistance we never would have gotten off the ground.

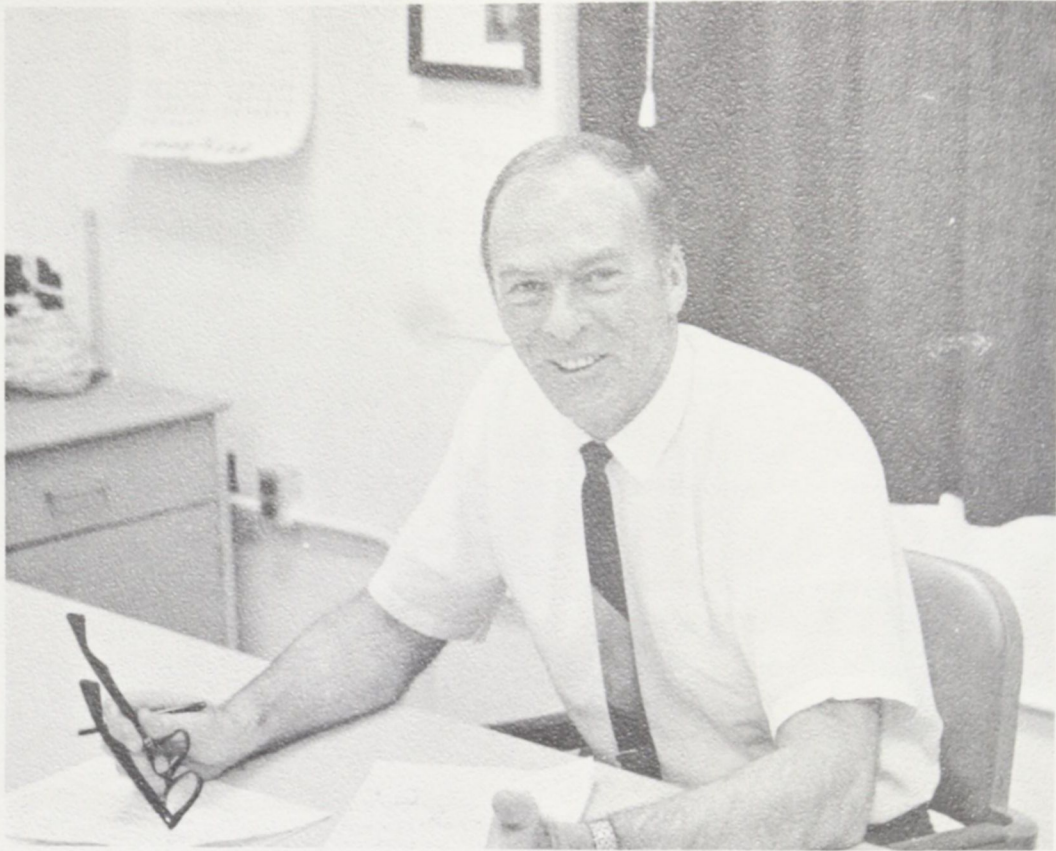

To all these people--thank you. We will remember you for a long time-- the people who helped make our dreams come true, the result being a finished yearbook.

Pat Monje and Cindy Downey of the Yearbook receiving the donation of the NCO Wives Club representative, Mrs. Rose.
