It is a good and safe rule to sojourn in every place as if you meant to spend your life there, never omitting an opportunity of doing a kindness, or speaking a true word, or making a friend.

Each of you have had the opportunity through the media of television, radio and in print, to live history in the making during 1970 and 1971. The impact of these events on your future will depend largely on you—the youth of today—the adults of tomorrow.

One of the world's most precious heritages, the right to secret ballot, has become yours, sooner perhaps than you expected. A wise use of this right will protect the freedoms given you by our nation's pioneers.

Many powerful nations have fallen as a result of moral decay within those nations. A true belief in the Creator and a Christian way of life must be ours if we are to retain our standing in the free world.

To the graduating class, I wish each of you every success in your future endeavors and the assumption of the responsibilities of democratic citizenship.

Dear Jeannice:

Our class reunion was a complete success. Everyone was here, except you of course. We all understand and are delighted. Quintuplets are certainly excuse enough for missing this year's reunion. I always knew you could do it.

You probably have followed the progress of the class of 1971 as I have, but if not, here is what they have all been doing.

Brian Beeson has really made a name for himself in the field of Oral Surgery with the paper he presented to the Dental Convention in Huston, NEW TEETH FOR OLD. He hasn't changed a bit.

J. J. the newest Soul Sister, has hit the *top ten list* with her second million record, Miradour.

Elsie Tosta certainly made a splash at this year's Presidential Convention with her keynote address. I hear she is being groomed for the Presidential spot at the next convention in Chicago. See you there.

Norman Wilhelm bowler of the year, and new P.B.A. Champion says he is not sorry he gave up teaching.

Karen Schultz was named to the number one spot on the ten best dressed women list for the third year in a row.

Curt Madonna stopped off for an hour on his way to join his team, the Cincinnati Reds. He is the owner coach.

Pamela Foree is the new director for Avon Products in charge of eyelashes. Doing a great job.

Mitch Larkin, the highly respected Hollywood censor has really found his place in life. He really enjoys his work.

Pamela Groves, General of the Air Force, was just appointed by the President to reorganize the Pentagon.

Admiral Guy Loucks and his Aide, Gary Cox, have just completed successful negotiations with Ecuador to release the tuna boats. Made the headlines worldwide.

Ann Rottman, the new director of Disneyland Enterprises made the announcement, at our reunion, of the opening of a new Disneyland in Fairbanks, Alaska.

You surely remember Terry Dang, well, she is now Dr. Thoresa Leona Dang, the distinguished Microbiologist. She has just proven that amoebas do indeed belch. She made this discovery while investigating the Tetrapods in Praia Bay. She was being assisted by Ann Chalifoux. During the time Ann was assisting her in gathering specimens for her research, she rescued a swimmer who had been attacked by a shark. The only evidence she has to show for it, is the row of teeth marks on her cowhide wet suit.

Debbie Millard just opened on Broadway, in the smash hit renewal of Funny Girl.

Pete Concepcion's new Blues Combo, the Uptights, just opened for a two weeks stay at the Officer's Club.

Keith Penley really made the headlines, he became the first professional golfer to hit Spiro Agnew in the head with a golf ball.

Kath Hanvelt has written the first textbook on Biology to make the best seller list, called, *The Birds and the Bess I and II*.

You surely have heard about John Joplin. He is a Vista Volunteer on the Chippewa Indian Reservation.

Ron Robinson, the Ralph Nader of our time, came to the reunion from his Summer home of Fayal.

Debbie Weller has certainly made good. Which proves that if you are going to be a waitress, be one at the Sands Hotel in Las Vegas.

Karen Heitzinger is the latest addition to Hugh Hefners Managerial list. She heads up the new club in Angara.

Tootie Kolb was just able to make it. The secretary to Howard Hughes Junior isn't often seen in public.

The nicest news I have is about Karen. You remember Karen Nunamaker? She has just been named Mother-of-the-Year.

Richard Maiman is marriage counsellor, Court-of-Human Relations, State and County of New York. While Cecilia Hughes was elected President of the Audobon Society.

Don Hoium is the President's Advisor on Physical Fitness and last but not least Fred Sharpe is the new model for Colonel Saunders-Southern-Fried-Chicken.

That's all the news. Take care of the quintuplets. See you next year.

We are but one step away from greatness and before the rest of the world  
knows it, we are going to take that step.  
Hotchins

As a river goes from a small stream  
out to the ocean, we move from  
High School out into the world.  
Although one of many, each drop  
in the ever changing stream has  
its own particular way to travel to the sea,  
just as each of us will follow  
his individual road after graduation.  
We choose the ocean as our theme,  
with the hope that, like the ocean  
we can accept each advance  
of the crushing streams of life,  
conquering all obstacles as they come  
to meet us, until our ultimate goals  
are successfully reached.

## AUTOGRAPHS

The annual staff would like to take this opportunity to thank the many friends who have done so much to make our yearbook, The Falcon 1971, one we can remember with a sense of pride and accomplishment.

The photographer who worked so well and so long to produce all the pictures you see in this book.

The many who gave themselves, instinctively.

But in large measure, the students themselves, who worked, worried, wondered, dispaired, and finally saw the end of the tribute to the graduating class, to whom we wish all success and the underclassmen who will one day be seniors.
