DON'T QUIT

When things go wrong, As they sometime will,
When the road you're trudging seems all up hill,
When the funds are low, And the debts are high,
And when you want to smile, But you have to sigh,
When care is pressing you down a bit, Rest if you
must but don't quit.
Life is queer with its twists and turns,
As everyone of us sometimes learns,
And many a failure turns about,
When he might have won had he stuck it out;
Don't give up though the pace seems slow,
You may succeed with another blow.
Success is failure turned inside out,
The silver tint of the clouds of doubt,
And you never can tell how close you are,
It may be near when it seems so far;
So stick to the fight when you're hardest hit,
It's when things seem worse,
That you ...

MUST NOT QUIT

A black and white photograph of a street in the 'Cidade Nova' (New City) of Rio de Janeiro. The street is paved with cobblestones and lined with modernist buildings. Several cars are parked along the right side of the road. The architecture features clean lines, flat roofs, and large windows, characteristic of the modernist movement. The street is wide and appears to be a main thoroughfare.

A detailed map of Ilha Grande, Rio de Janeiro, showing various locations and features. The map includes labels for towns like Serreta, Praia, and Angra, as well as specific points of interest like the Golf Course, Lagoa, and various beaches. It also shows the surrounding water and the island's coastline.
