Nineteen Sixty-eight

## Principal's Message

The next ten years, for you Lajes High School graduates of the class of 1968, will be one of the most interesting decades of your life. These years will be anything but monotonous. You will be living on the verge of great events. These great events that are presently in the making will be a reality in tomorrow's world. You will be living during this age with all your hopes, dreams, and covetous desires. You will be challenged from all factions, and you will be asked to contribute much to the society in which you will be living.

Yes, the changes that are coming will be great, and they will not be only in the field of technology. There will be problems to be faced in the humanities which must be met by moral qualities of greatness. We are now, and possibly for the next several years, living in a strange era, one of semi-war and semi-peace, one of domestic discord and strained harmony, a period that is experiencing the poverty of plenty. For you, the younger generation, there are wrongs to forgive, sufferings to alleviate, sorrows to lessen, destitutions to relieve, and ample occasions for the active exercise of charity and beneficence.

Since the birth of our nation much has been passed down to us, free for the asking, such as the guarantees stated in the Bill of Rights, the first ten amendments to the constitution. Should we take lightly our constitutional rights that men and women of a past generation fought and died to secure the blessings of liberty for themselves and for their posterity? In a rare sense, you hold in your hands the precious accolade of trust and confidence bestowed by your American ancestors, and in your heart the charge of fidelity in all things which you have been taught by your teachers and high school principal. It is written in Luke 12:48, "For unto whomsoever much is given, of him shall much be required." This then brings each one of you in the class of 1968 face to face with self-analysis. To you I ask, has much been given? If so, then much shall be required.

We, your teachers and I, hope you will go forth from the halls and class rooms of Lajes High School with a sound secondary education and pleasant memories of many months and possibly several years of having attended a high school overseas. We wish you well, and may tomorrow's path lead you to all that is good in life.

Richard D. Braley  
Principal

"Yesterday is but a dream,  
Tomorrow is only a vision.  
But every today well lived  
Makes every yesterday a dream of happiness,  
And every tomorrow a vision of hope."

The 1968 Taurus is proudly and respectfully dedicated to MRS. ORSOLA NEPPEL, who has given of herself unselfishly to the Student Body of Lajes High School. She is a teacher who all the students look up to and admire.

MRS. NEPPEL has dedicated herself to helping students by guiding them through their high school years, sponsoring the 1968 Taurus and the assistant office practice staff, not to mention the knowledge of Business Education she has given us. She is one of the many outstanding teachers that Lajes High School has or ever will have. She is one of the many teachers that takes a personal interest in each individual, and for this reason we are grateful.

And so to show our appreciation, we, the Taurus Staff of 1968 dedicate this annual to you, MRS. NEPPEL.

**Consider that I am labouring not for myself only, but for all them that seek learning.**

Apocrypha

Guiding students is a large part of Mrs. Neppel's job.

Every little bit is appreciated.

The progress of her students is an important factor.

"Happiness is cooperating with the inevitable"

The Editor's Message

For others, as well as myself, the years at L.H.S. are drawing to an end.

In a few short years, our children will thumb through this book and perhaps wonder why we have kept such an ordinary looking book of pictures. But, to us, it will be a reminder of old friends and good times.

We will always remember the doors we entered at the start of each day, the classrooms, the corridors, and those teachers who were our friends as well as our instructors. Hundreds of faces, voices, places, times, and events will make a mark on our memory.

The 1968 TAURUS is your rendezvous with friendships formed, pleasant things remembered with a smile, and experiences that have become a part of all of us.

It is my sincere desire that this year's TAURUS will help the '67-'68 school year shine brightly in your hall of memories.

# Organizations

Both the TAURUS staff and the editors have worked to meet the four deadlines put before them in the making of this 1967-68 volume.

Compiling and gathering the many facts needed, scheduling the needed pictures, drawing layouts and proportioning pages have all been a necessity.

The TAURUS staff sincerely hopes they have succeeded in presenting to you a memorable year, through the pages of the 1967-68 TAURUS.

The Drama Club is a first for Lajes High. It was organized by the speech teacher, Mr. Flood. The First period speech class made up the central body for the first meeting and all other 9th—12th graders were invited.

The first play put on by the club was a mystery drama called "One of Us". There were plans to put on more than one play in the beginning of the year, but because of the inexperience of the cast the play took much longer to prepare. In spite of the fact that only one play was put on, every member of the club gained useful experience along with the fun of putting on the play.
