

LANDSTUHL
ELEMENTARY MIDDLE SCHOOL

REACH FOR THE STARS!

2005 - 2006

**DEPARTMENT OF DEFENSE
DEPENDENTS SCHOOLS
OFFICE OF THE PRINCIPAL
THE PRINCIPAL'S MESSAGE**

Once again, the Landstuhl Elementary/Middle School (LEMS) PTSA has distinguished itself in its commitment to providing a wide variety of quality programs and activities for our students in sponsoring this yearbook. The students, teachers, parents and administration "thank you and appreciate you", and want you to know that we are really grateful for the care and support that you have provided for us on a consistent basis. The students of LEMS want you to know that they think: "You Rock!"

Under the leadership and guidance of Mrs. Teresa Spatt, parent, professional journalist, co-teacher, and parent volunteer, the yearbook staff has planned and produced an exemplary yearbook that will provide us with priceless and precious memories for years to come. On behalf of your fellow students, the faculty, administration and parents of LEMS, I extend congratulations to you for a job well done!

When the yearbook staff selected the theme: "Reaching for the Stars," little did they know of the strength these words held and how they would motivate us strive more diligently toward excellence. And so, we begin the "Count Down" toward the finish of a journey into the 21st Century that will sustain the pride and achievements of the "School on Top." I encourage each one of you to grasp and accept the challenge of this call. You can begin to answer it by having a determination to achieve, by having sensitivity to the values of a high ethical order, and by making the most of your educational opportunities throughout your school age years. In addition, it is essential for us to pursue this challenge because education rids one of ignorance and knowledge breeds freedom and opportunities that can make a difference in our lives and in our society.

Students, in our talks with you during the school year, we pointed out that you had come to a place of distinction, to a place of vibrant activity, and to a place of opportunity. We also challenged you to be "your own motivator" in taking advantage of the opportunities here by living up to the school's expectations to: Do Your Best, Listen and Follow Directions, Be Respectful, and Be a Friend. I now extend these messages to include whatever endeavors you plan to pursue throughout your lives. Remember that there are very few limitations, in these times, in the heights that we can attain. So "hitch your wagon to a star" by "Reaching for the Stars"

Dr. George P. Carpenter
Principal

When you're standing on top!

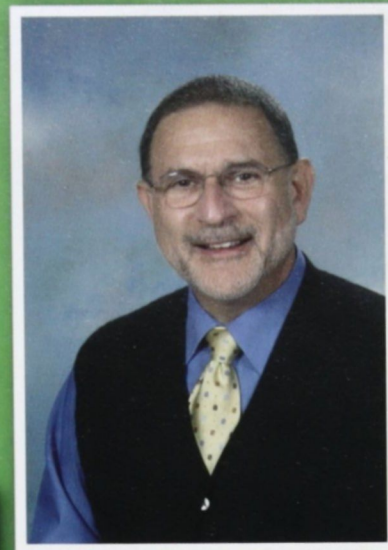

Landstuhl Elementary and Middle School is known as "the school on top" because it is perched at the top of Kirchberg Hill overlooking the small town of Landstuhl, Germany and the ruins of Burg Nanstein Castle. Academically, we are also ranked at the top of the list in exceptional student performance and test scores, outstanding teaching staff, and all-around educational excellence.

Landstuhl is located in the southwest of Germany in the state of Rheinland-Pfalz. It is part of the Mainz district and belongs to Kaiserslautern county. Landstuhl has a long and varied history with the first known artifacts of Celtic origin dating back to 600 BC. During the Middle Ages, in 1152, the Emperor Frederick Barbarosa, known as King Redbeard, gave the order to build a ring of twenty-four castles to protect the city of Kaiserslautern. Burg Nanstein was one of them. During the reign of Napoleon, Landstuhl was taken by the French. Today, Landstuhl is a municipality that includes the town of about 10,000 inhabitants and the villages of Kindsbach, Hauptstuhl, Bann, Oberarnbach, and Mittelbrunn.

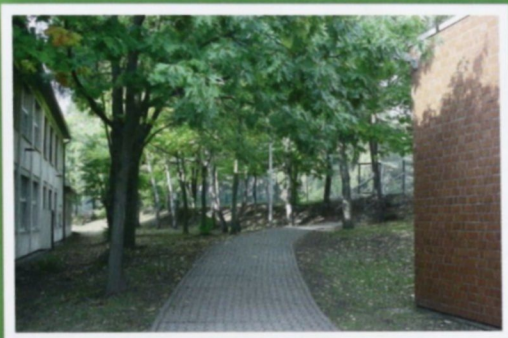

It's easier to reach the stars...

Landstuhl Elementary and Middle School encompasses pre-school through 8th grade and is located on the post of Landstuhl Regional Medical Facility, which is the largest U.S. hospital in Europe. LRMF treats many soldiers wounded while serving in Operations Iraqi and Enduring Freedom.

The base is also marked by landmarks, such as the Bismark Tower, which are reminders of its historical past.

*"Our deepest fear is not that we are inadequate.
Our deepest fear is that we are powerful beyond measure.
It is our light, not our darkness that most frightens us.
Your playing small does not serve the world.
There is nothing enlightened about shrinking so that other
people won't feel insecure around you.
We were all meant to shine, as children do.
It's not just in some of us, it's in everyone.
And as we let our own light shine, we unconsciously give
other people permission to do the same.
As we are liberated from our own fear, our presence
automatically liberates others."*

Courtney,

From the moment you came into our lives, we have been blessed with so much joy! You have brought us sheer happiness just watching you grow up. When you took your first steps, we held our breath, but after a few wobbles, you had it! Now you're taking those first steps again and into the world of high school. We know you'll be just fine because you have proven yourself an intelligent, thoughtful, and well-poised young lady thus far. We love you Baby Girl.

Congratulations Courtney!

Hedspeth

J,

This year is your moment - your year to be recognized for all the hard work and effort that you have put forth - all that you have accomplished during your childhood years.

We salute your achievements, which have been many! You should take pride in all that you have already accomplished and realize that you have many more still before you.

You are unique, original, one of a kind and we love you for being yourself.

Remember, your world is a world of uncertainty, great challenges, and countless opportunities. So go forth and seek them, give flight to your dreams, step into your destiny, and live life to the fullest.

*We will always stand behind you!*  
*We will always Love you!*
