LION'S TALE

Life is an adventure . . .

*"Following the light of the
sun, we left the Old
World"*

- Christopher Columbus

A Time for Change...

Landstuhl post was originally a German military base. The first school constructed here was built to serve the Hitler Youth movement. Following World War II, this base sat dormant until the U.S. military took possession in 1951. The original LEMS building was constructed in 1955. Increasing enrollment has caused growing pains many times over the years. Our current construction project is scheduled for completion in 2007.

Construction begins on the Adolf Hitler School.

Growing again!

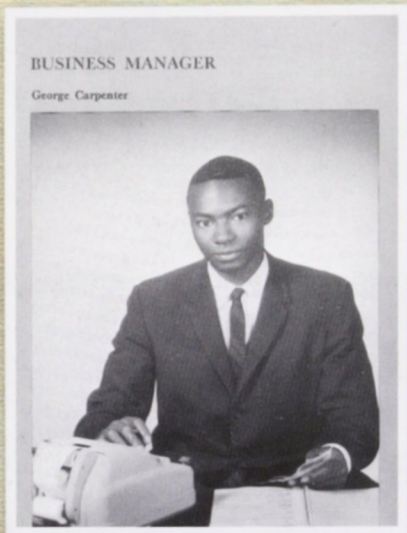

Looking Back...

Our Principal, Dr. George Carpenter

"It seems only a short while ago that many of you enrolled in school at Landstuhl and I traveled many miles from Okinawa, Japan to serve as your principal. You are special! I will be leaving Landstuhl at the same time as many of you, after seven years as principal of the School on Top. It has been both rewarding and challenging to work with so many outstanding educators, parents and students who consistently contributed so much to create, maintain and nurture a unique culture and a variety of traditions."

Eight down and eight to go. I vividly remember day number one! Oh yes, I do remember the days in between too. Reading, math, history, languages, projects, projects, and more projects - you rule. I look forward to what the next eight years will bring along knowing you have the fundamentals down solid. Hey, can I still help you study history?

To watch how you have grown in life, your accomplishments too many to list, your past has been a thrill to Mom and I, your future I'm sure is blessed.

But your Mom and I, we will be there, just as we've always been to pick you up if you fall down and set you right again.

So go headlong and live your life, all bubbly full of zest. Thank you for the years of joy; baby you're the best.
