

Steady Heights Elementary School

2002-2003

Stearley Heights Elementary School 2002 - 2003 School Year Okinawa, Japan

SHES Mission Statement

SHES is a safe, friendly place where all children can become confident, responsible citizens, learn to solve problems, and grow to be independent life-long learners.

Great Kids + Great Parents + Great Teachers = SHES

Preparing great kids to have a success in life.

Principals' Messages

Wow! It is hard to believe that we are coming to the end of another school year. What a year it has been! In August 2002, I began my first year as Stearley Heights Elementary School's principal. I was extremely excited at that time and continue to be so today. Much has occurred over the past several months since the beginning of school; some challenges, but mostly celebrations.

Our students, your children, remind me everyday of the reason why I went into education and my desire to become a school leader. I was once asked if I had my choice, which school in all of DoDDS would I prefer working at as a principal? You guessed it, "Stearley Heights Elementary School, Okinawa, Japan."

Let me not forget the teachers, parents, community leaders and military personnel for their wonderful support and always ready to assist attitude. You are all awesome and a bona fide indication of the true meaning of "partners in education." One has only to visit SHES Mentoring program that occurs twice a week to get a realization and vivid picture of individuals who are dedicated to the cause. Then, there are those individuals (SAC, PTA, & supporters of SIP) who are the backbone of our community.

Lastly, I am reminded of our Mission statement that says "Great Kids + Great Parents + Great Teachers = SHES. I am therefore thankful for being a part of this great community.

Mrs. Mona Morgan, Principal

Mr. Al Barney, Assistant Principal

It is an honor to have the opportunity to address all of the students, parents and staff at Stearley Heights Elementary School. It is that time of the year when we collect our thoughts and memories and place them in the yearbook. This has been another memorable year at Stearley Heights ES. This year another historic event has taken place that has affected us all "Strike on Iraq". This event will always be in the minds of the students, however, the students have adjusted as well as possible.

On a brighter note, the students at SHES are consistently faced with academic challenges. I am proud to say that the students have faced those challenges and have performed exceptionally well. Our SHES students consistently perform at a higher level than stateside students on standardized tests. They not only excel in academics but in citizenship and positive peer relations. SHES is considered to be the friendliest school because ours students' goal is to plant a seed of kindness daily! I firmly believe in the motto that SHES has adopted because it truly reflects the community:

Great Kids
Great Parents
+ Great Teachers
