**SHES' Faculty, Staff, Students, Parents and Adopt-A-School Partners:**

**We have had another great year thanks to our highly trained staff, our hard working students, our supportive parents and our wonderful military partners. This completes my sixth year at SHES, and I find it hard to believe that another year has passed so quickly. Even so, at the end of each school year, I reflect on all of the successes, accomplishments and challenges that have made our year at SHES unique, fun and with many long-lasting memories. This is a pivotal year because next year we will no longer have sixth graders in the elementary schools. Our Plaza Housing friends will not be returning to SHES because zoning has changed the geographic face of the DoDDS Okinawa School System.**

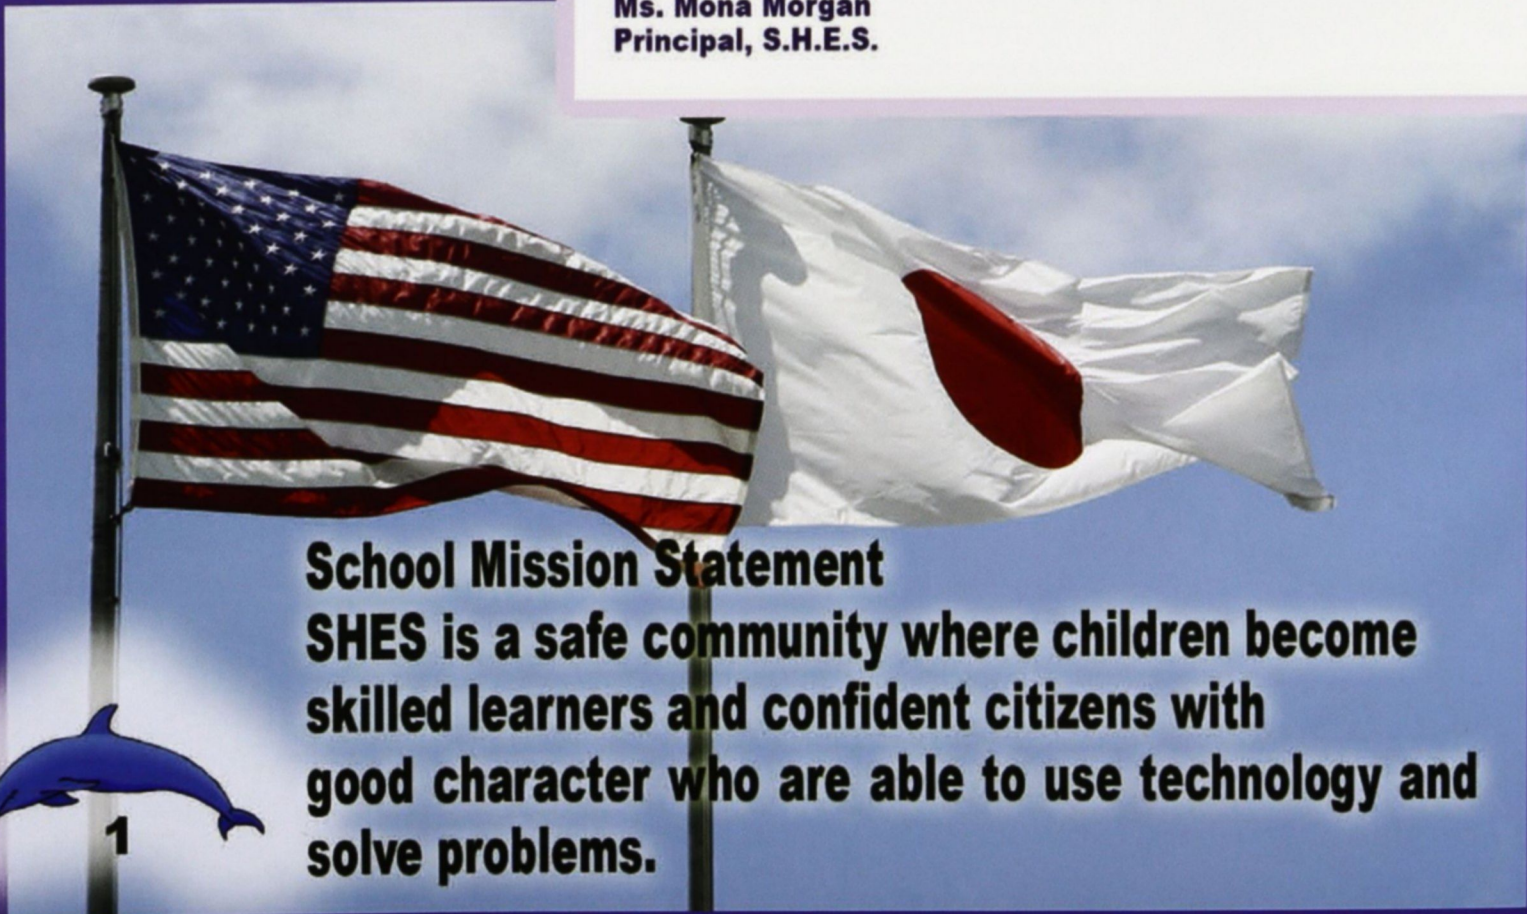

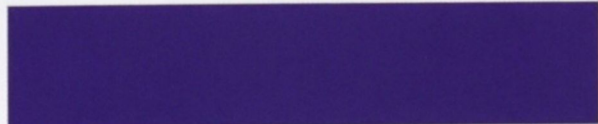

**The saying "It takes a village" has a very special meaning for our communities (Stearley Heights and Plaza) that have worked together to provide a safe, friendly and wholesome environment for our children. Although many of you will be leaving our great school and community at the end of this year, I hope that you will take a mental snapshot of our school to store away in a special corner of your memory book.**

**If you are leaving us, it is my sincere hope that in the many years to come, every teacher, student, parent and Adopt-A-School Partner will remember the great times and fantastic opportunities at SHES. Our paths have crossed and we've made many favorable impressions that will last a lifetime. If you are returning next year, I look forward to another awesome year to add to my memory book.**

**Always remember, "You are all very special."**

**Have a great summer!**

**Ms. Mona Morgan  
Principal, S.H.E.S.**

## **School Mission Statement**

**SHES is a safe community where children become skilled learners and confident citizens with good character who are able to use technology and solve problems.**

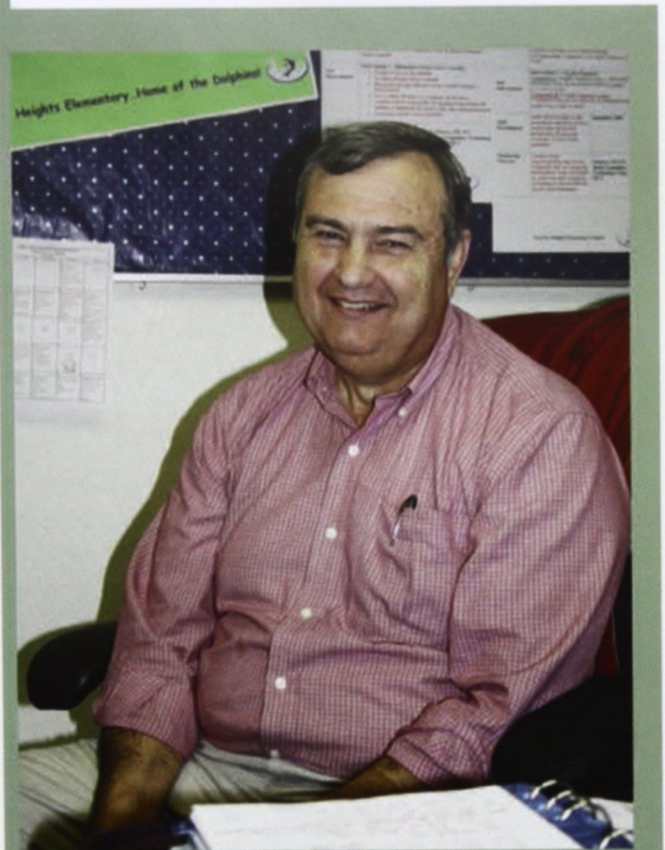

## **Faculty, Staff, Students, and Parents of SHES,**

**This has been a year of change and growth. Our sixth graders move naturally on to the new experience of middle school as seventh graders and all the changes that go along with growth and maturation. Good luck in this new endeavor and remember that "hard work is a very good thing". Fifth graders should be preparing to be the 'top of the heap' but will also transition into middle school and be thrust into an all new experience that will both excite and frighten the most seasoned youngster. Your road will be just as exciting with 7 new teachers and books and lockers to contend with. Good luck and remember that you will soon be at the top once again. Both classes have been prepared well and can face their new experiences with confidence and enthusiasm. You will always be "SHES Dolphins"**

**Those of us that remain will come back to the hallowed halls of SHES with it's dolphin intelligence and power. Back to old friends and new faces ready to be our friends. Back to dedicated teachers who have rested and prepared for a brand new year of learning.**

**I have sincerely enjoyed the year and a half I have been at SHES! I look forward next year to high fives, smiles, and the best students, teachers, and parents on Okinawa. Thanks for teaching me so much! Have a great summer!!**

**Bill Mierzejewski, Assistant Principal**

# Yearbook Staff

"It takes a village to make a yearbook" isn't exactly an old African word of wisdom, but it surely rings true with this year's book! From the 5th and 6th grade students here at Stearley Heights to the wonderful teens from the Kadena High School and the teachers and parents who helped in between, a heartfelt "Thanks for a job well done!" is in order.

Our especially talented C.J. Dadvivas, Colton Potter, Sarah Meyer, Kjypp Padua and Corey Ekert brought a sensitive, artistic design to this year's book. There are so many parts of this book we are proud of, and one special feature is the student art that serves as the background for many of the pages. Our 4th, 5th and 6th grade students created line designs, then colored them using either cool, warm, or arbitrary colors and they turned out absolutely stunning.

It has been a tremendous learning process for all of us, and the computer programs nowadays are just plain magical. We hope you get as many hours of enjoyment out of perusing through this book as we put into making it.

Happy Viewing,

Ms. Kinghorn
