

OSAN ELEMENTARY SCHOOL

YEARBOOK
2021-2022

Principal's Message

Dear Mustangs,

As we bring this 2021-2022 school year to a close, I can't help but reflect on all that has transpired during this time. I first want to thank the entire Osan Elementary School Community (families, students, teachers, support staff, and Osan Air Base) for your diligence in following all mitigation measures set in place during the COVID pandemic. Your efforts allowed us to have the first full year of in person instruction since the pandemic began in the winter of 2019-2020. This was an important step in continuing to offer OES students the structure and education they deserve to be successful human beings now and in the future. This is not to say that COVID didn't continue to affect our lives and school. However, the flexibility of all in our community allowed for the continued education of OES students whether they were within the building or home due to contact tracing or quarantine.

Thanks to everyone's perseverance, we were able to resume many of our traditional activities and invite members of the greater OES community back into the building. I am personally grateful for the volunteerism and work that was done by parents, faculty, and members of our Osan and Humphreys communities who invested their time in organizing, presenting, and sharing their talents in order to provide our students with educationally enriching activities. The Parent University, Learn-A-Brations in celebration of Black History month and Asian American and Pacific Islander Heritage month, Read Across America, Career Day and S.T.E.A.M. Night were all successful due to those demonstrating a vested interest in our school.

As we close out this year, we also consider all the transitions that are occurring. I say a heartfelt "see you later" to our fifth-grade students who are moving on to Osan Middle High School. Thank you for your contributions to our school and good luck with your future endeavors. To those who are PCSing, please take care and know you will be missed. To our remaining students, you will enter a new grade with new teachers and new and exciting challenges. Please hold on to the life and academic lessons you have learned this year and bring them with you into the new school year, where we will anxiously await your arrival and look forward to all you will be able to accomplish. Have a safe and enjoyable summer and we will see you in the fall.

Sincerely,

Hannah Choi
