Dedication

We, the members of the 1985-86 Recuerdos staff, in conjunction with the graduating class of this same year, hereby salute the warmhearted empathy and gracious humanity of one of our year-book's dedicatees, and we praise the scintillating and skillful if somewhat domineering teaching tactics of the other.

For these and many other reasons we are proud to dedicate this year's annual to Guadalupe Sumners and Michael O'Loughlin. For now and forever, no matter what our past fears, current tears or our future years hold, we will remember you.

UNSUNG HEROES

The 1985-86 Recuerdos Staff hereby salutes, on Pg. 22-23, those faculty members whose hard work and professional dedication are rarely acknowledged by the rest of the school community. These people make the difficult decisions, shoulder the heavy burdens, and assume the unpleasant responsibilities of helping this school community to function. Whether highly visible or behind the scenes, they make Ramey "work."

As we near the end of the best days of our lives
 We realize that we must say all our goodbyes
 And though we feel our friendship calling
 We know that we must go

Just like in storybooks we've
 lived for our hopes and dreams
 Now we cower in the fear of
 our destiny
 We feel the certain death
 impending
 and
 the best days
 of our lives!

Although we try to hide the fears that impale us
 And though we try to hide the tears that assail us
 We know that we cannot escape them
 As our youth dies in our hands

We hold the memories of friendship
 and laughter
 These are the feelings that will live
 ever after
 There's no denying that these were
 The best days of our lives
