Yearbook Dedication - SY 2005-2006

The school year has been another great year for all our students and staff. We began our third year in the new school by welcoming new and returning students, community members and teachers. As we have always done in past school years, we continued to truly reflect the needs of our entire student population and to live up to our school motto: "Great Expectations...Great Progress... For Kids..."

Additionally, and on a very special personal note, I wish to tell all of you that I will be returning as your John O. Arnn Elementary School principal for school year 2006 -2007. This was a change in my personal plans that I had announced earlier this school year but one that I am pleased to be able to make to the Camp Zama community. When I began the educational journey as your school's principal four years ago, I pledged to the Camp Zama community that I would continually strive to offer and maintain a student centered, motivating and challenging instructional program within a safe and positive school environment for all Camp Zama elementary school age dependents. It is my sincerest desire and wish that this goal has been achieved and that each and every student has benefited from the educational programs that have been instituted during my tenure as your school leader. It was a goal that I am very pleased to have established from my first days here and that hope that it is a legacy that will continue on well into the future.

Also, to all of the students who have been at John O. Arnn for this school year as well as past years and will be leaving John O. Arnn Elementary School for newer educational adventures this summer, whether it is in a DoDDS school or any other stateside school, you all have helped contribute to the continuing history of our school. Through your participation and involvement in our school programs, activities and events, you have each left a footprint and reminder on the educational path for future students to follow and extend. I wish all of you a safe trip and a wonderful school life in your new surroundings. It has been a pleasure having you as part of my administrator experience in our great, student friendly community school.

Finally, to all returning students, the future for our school is still unfolding and there remains much work to be done before our school reaches its full potential as the best DoDDS school even after these 54 years. My hope is that we all can contribute to this attainable goal and continue to enjoy yourselves in this exciting and educationally fulfilling local community school. Best wishes to all: students, staff, both Japanese and American over the summer months. See you once again in August. Have a great time and keep enjoying all the experiences that will be waiting for you either here in Japan or wherever you may travel. Jaa (see you!!)
