BUILDING BRIDGES

Being stationed overseas can be filled with many adventures, advantages, new friends and lasting memories. Building Bridges can mean many things. By being in a foreign country, and meeting new people, one can build a bridge for oneself leading to a bright, memorable future.

The students of A. T. Mahan High School have taken part in many activities such as M.U.N., the wrestling team, art classes, drama club, and band. These groups have all traveled to Europe, as well as Iceland. By doing this, it has brought the kids closer together and more familiar with the different cultures of the world. The kids do not necessarily have to travel to Europe to get a dose of all the different cultures, all they have to do is take a look around at school and see the different nationalities that make up the population of A. T. Mahan High School.

The staff of A. T. Mahan have tried their best to make the stay here for the kids most rewarding by providing the same activities that are offered at schools in the States. They also make sure that there are no deprivations of any kind such as proms, rallies, and extra-curricular activities consisting of cheerleaders, wrestling teams, basketball, soccer, volleyball, National Honor Society, drama club, band, computer club, and Odyssey of the Mind.

Being in a smaller school also provides smaller classes. This is an advantage to the students because it allows one to have more of a one-to-one instruction with the teachers and students. It also encourages the students to feel relaxed and more comfortable with their environment.

Sports have given the students a chance to compete against Icelandic teams as well as other teams on this base and abroad. The sportsmanship displayed throughout the games was truly a rewarding learning experience for the students.

Just being here in Iceland has made my life something to remember forever. The memories you have given me are wonderful. Thank you to everyone at A. T. Mahan High School. I will never forget you!! By Tracy Des Marets

ACADEMICS

MATH AND SCIENCE

Among the most fortunate teachers this year were Ms. Colbert, Mr. Keiser, Mr. Barrett; they had the opportunity to teach the WONDERFUL subject of math. Recommendations are forwarded to them for dealing with the many sighs, groans, and moans. They made it possible, along with the efforts of the students, to overcome limitations and to reach the promises of more math next year.

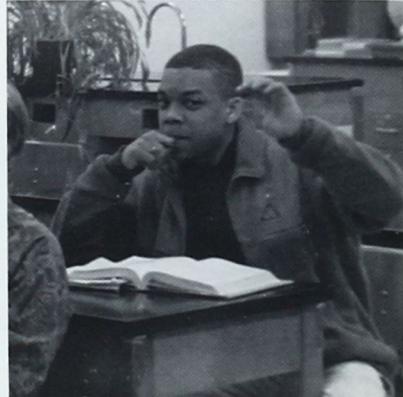

Top: "The seagull that ate my homework was this big. I'm lucky to be alive!" said Steve Campbell one day.

- Theorems
- Pythagoras
- Exponents
- Vectors
- Degrees
- Avogadro
- Equations

Top: This proves beyond any reasonable doubt that Ms. Peck really CAN do two things at once!

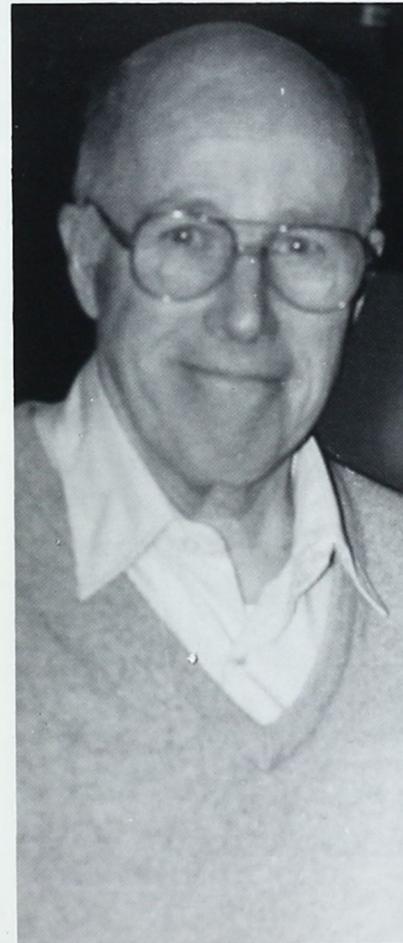

Top: "Is it true that these theorems will help me enter a higher income bracket?"

Bottom: "I'm so glad all those horror stories about frog guts, and cow eyes in Life Science were lies."

Right: Miss Lightsey, new to Iceland this year, can't believe how much Iceland resembles her hometown of Alpine, Texas.

LANGUAGE ARTS

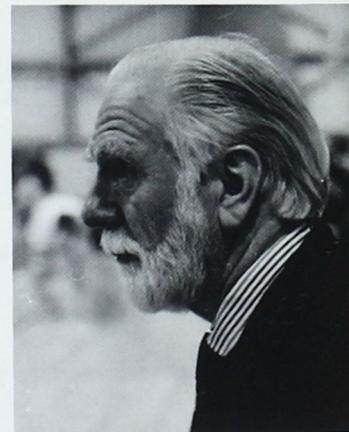

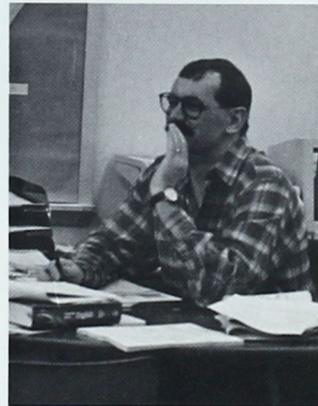

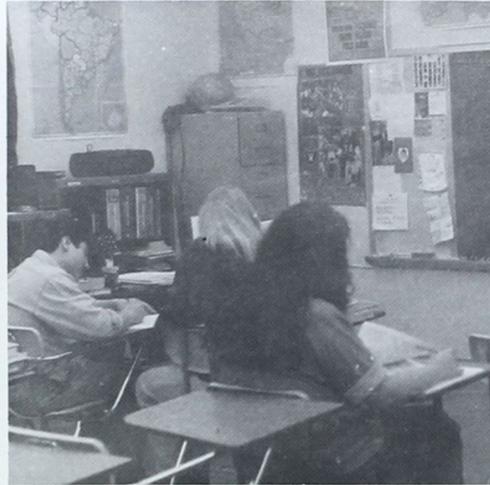

Mr. Leo Munro-Icelandic, Host Nation.

Mr. David Nojaim-Spanish I, Spanish II.

Mrs. Pat Laurenzi-English, Drama.

Mrs. Phyllis Cospers-English, Band, Honors English, and A.P. English.

Mr. Tom Starratt-English.

"Communication is the key to success," said one famous student, Helga Hayes. "A variety of languages enrich the mind and make it possible for people to enhance their knowledge of the world and its people. As the students of Spanish I, Spanish II, and Icelandic found out, languages can sometimes require arduous work. Through practice and repeated mispronunciations, the students went from a basic vocabulary to forming complete sentences. Ex.

Ja became "Ja, Eg kann Islensku."

Si, became "Si, Me encanta hablan el espanola."

SOCIAL STUDIES

This was an action-packed year for Social Studies. Which one was your favorite?: Minority Groups in History ... Human Rights ... Ethics And War ... Choose A Hero ... Reform Government ... Earth Day ... Political Consciousness and Awareness ... View From Space ... Map Skills ... View From The Air ... View From The Ground ... Food Day ... Current Events ... States and Capitols ... Driver Education

Mr. George Whitmire

Industrial Design is provided to give the students a look at several forms of technology to include communications, transportation, manufacturing and construction. Students are required to use tools and equipment to design and build working models in various uses of technology.

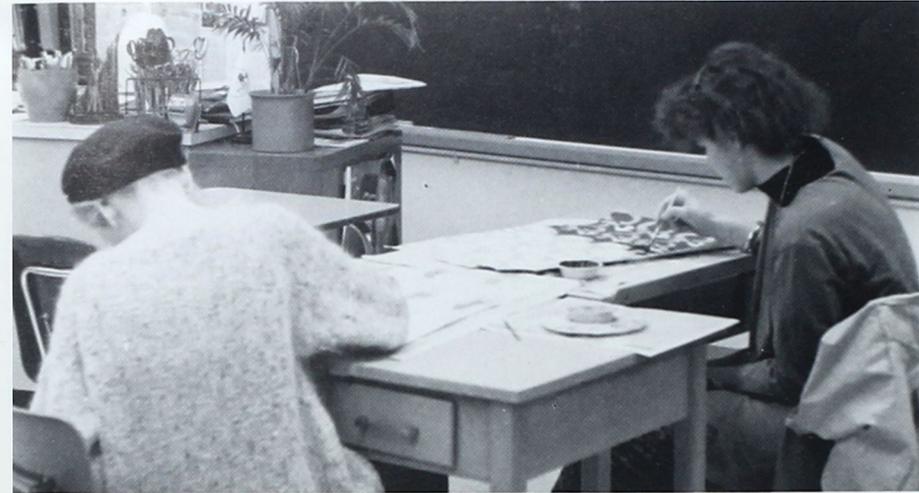

Driver Education focuses on the responsibilities of driving. Course includes decision making, the awareness of risk and other tasks related to driving a vehicle. Each student will develop the basic knowledge and desirable traits for efficient, safe vehicle operation.

When you think of employment, what goes through your mind? Bosses, money, advancement, long hours and responsibilities. The students at A. T. Mahan High School are preparing for their future by enrolling in electives in both business and computer applications. The world of HIGH TECH is here to stay, and these acquired skills will assist them in their future.

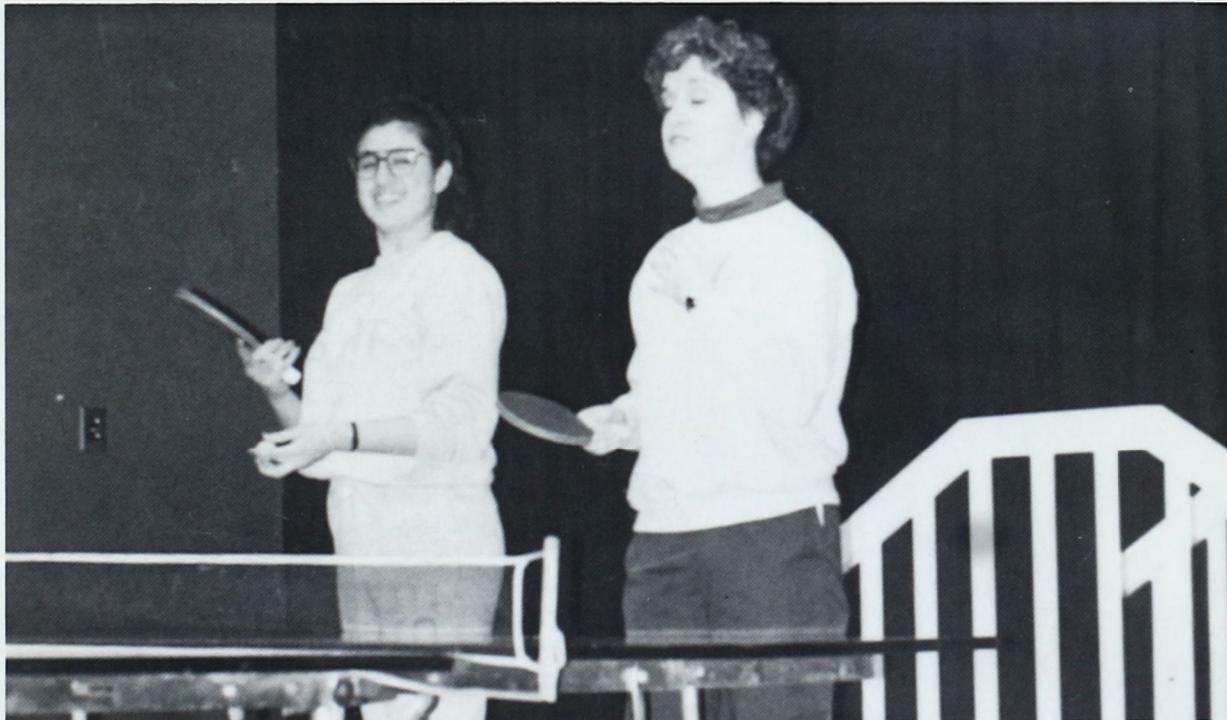

P.E. AND HEALTH CLASSES

Dr. Dugas and Mr. Whitmire were the P.E. teachers for this year, and Dr. Dugas was also the Health instructor. In Gym class, the A.T. Mahan students were taught various life sports, such as badminton, archery, and table tennis. Health was a semester class in which students were taught how to keep their bodies in good working order.

Above: Badminton and basketball were definitely popular sports in P.E. class.

TV PRODUCTION AND LIBRARY

Television Production is now being offered for the first time in many years. The school has received a mini-studio set-up which includes studio television cameras, video recorders, a special effects generator, an audio mixer and an editing controller. The students are learning the basics of video taping and editing while using some very high-tech equipment.

The MEDIA CENTER is moving into the computer age very swiftly. Computers for use by the general student body are now available. Within the next year, the circulation and card catalog will be put into a computer program which will provide computerized access to the Library collection. Look for the high-tech Media Center of the Future NOW!

ADMINISTRATION AND SUPPORT

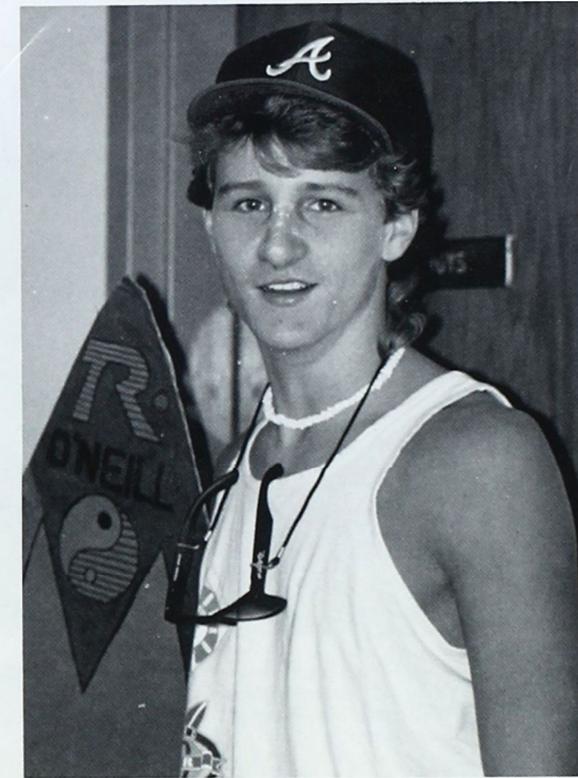

The role of the Administrative and Support Staff within any school is to provide assistance in all areas dealing with the educational process. Without their assistance, it is unlikely that a school could operate smoothly. We owe them a great deal. Not pictured are Mrs. Lynn Brandl and Miss Laura Rice.

CLASSES

SENIOR CLASS

READY TO MOVE ON

Twenty-five students made up the Senior Class. This was a strong increase from the previous year.

They tackled the course load with perseverance. Preparation for graduation required all to take U.S. Government, English 12 or AP English. They combined academics, extra curricular activities and employment during a 24-hour day. Their eyes spoke of exhaustion but they always had the energy to joke, laugh and help one another.

They go their different ways, take on a chance for a new beginning with the many challenges — but they also take with them the close friends they found at A.T. Mahan and Iceland.

Mike — Today is a day unlike any other day, for today is not yesterday or tomorrow, but today, new and unique in itself.

Katinka — The biggest failure of all is the person that never tries. L. Kimsey

Lisa — A good friend stands by you no matter what!

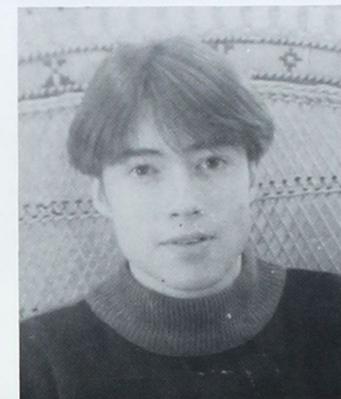

Holly — Seniors, you can make us what you will, but you can't get any better ...

Mrs. Trudy Pollard is the class advisor.

Jamal — The road to success is marked with any tempting parking places.

Carlet — Memory is more indelible than ink. Vita Loos, American Writer (1893-1981)

JAMAL BROUWER

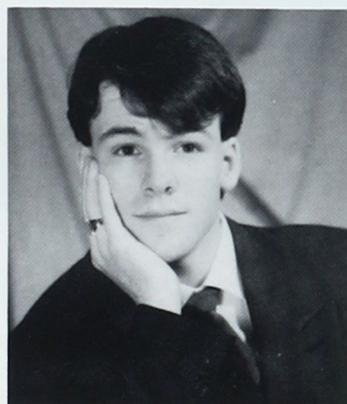

REBECCA B. BROWN

Carlet — Life is not a puzzle to be solved but a mystery to be lived.

Mike — Neither a lofty degree of intelligence nor imagination nor both together go to the marking of a genius. Love, love, love is the soul of genius. W. Mozart

Kris — Friends such as Angela, Temeca, Eddie, and Christine are hard to find. I have them; I'll hold them until the end. My greatest joy is David. I love you.

SOPHOMORES!! YEE-HAA!! No longer those timid little freshmen we were a year! This is the class of '94 with only two more years of school left!! (A fact we find extremely exciting.) Although the word "Sophomore" may cause the Juniors and Seniors to roll their eyes, they must admit we made our presence known. But then who could miss us??

We were very busy this year with tough courses of Biology, World History, Geometry, and English 10. However, we found enough time during Spirit Week to sell more spirit links than any other class, an accomplishment we hold with pride.

Through it all — the homework and good and bad times, the lasting memories of our Sophomore year will remain with us always.

FRESHMEN

Mr. Nojaim proved to be a fearless leader as the freshman class sponsor this year.

This year, almost thirty students entered the realm of the High School and they were dubbed "Freshmen!" This was the year which most of them had been both fearing and looking forward to. Their grades would for the first time, take on special importance to the colleges and universities in their future. It was also their first chance at earning and getting the respect that they deserve. Along with this, they were entitled to participate in Varsity Sports and Senior High School activities, and become eligible to earn sports letters.

The Freshmen kicked off the 1991-1992 school year by electing their class officers. Matt Allen was elected President and Elon Jenkins became Vice President. They elected Cecilia Engblom as Treasurer and Dawn Bussey became the class Secretary. These four led the mighty Class of '95 for this school year.

This wasn't the only occasion on which members of the Freshmen class were honored by an election, both the Homecoming and Winter Formal dances yielded royal lineups. The Princess and Prince for the Homecoming dance were Alicia Apodaca and Elon Jenkins. Matt Allen was "Sir" during the Winter Formal, with Alicia Apodaca gracing his arm as the "Lady."

The Freshman class was triumphant during school week. However, since the judges were deaf and blind, the class of '95 was relegated to 4th place. Even in spite of this, the big-hearted Freshmen took it in stride and relished their 4th place award.

Speaking of school spirit, the class of '95 was one of the most active classes in the sports activities at A.T. Mahan High School. These included Indoor Soccer, Boys and Girls Basketball, Boys and Girls Volleyball, Outdoor Soccer, Cheerleading and Wrestling. In fact, one third of the Wrestling team (which competed in England) were Freshmen.

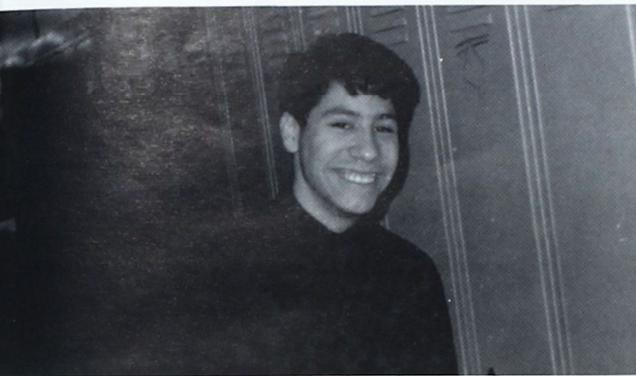

In addition to being competitive in the various sports fields, the 9th graders were involved in many other activities. The National Junior Honor Society and the Black History Month activities utilized many talents found in the freshman class. The members of the class of '95 were recognized for their achievements. During the Black History Month, gala Davis and Alfred Denny received Honorary Mention for their efforts.

Although this year has been highly successful, the Freshman class looks forward to bigger and better things in the upcoming year.

EIGHTH GRADE

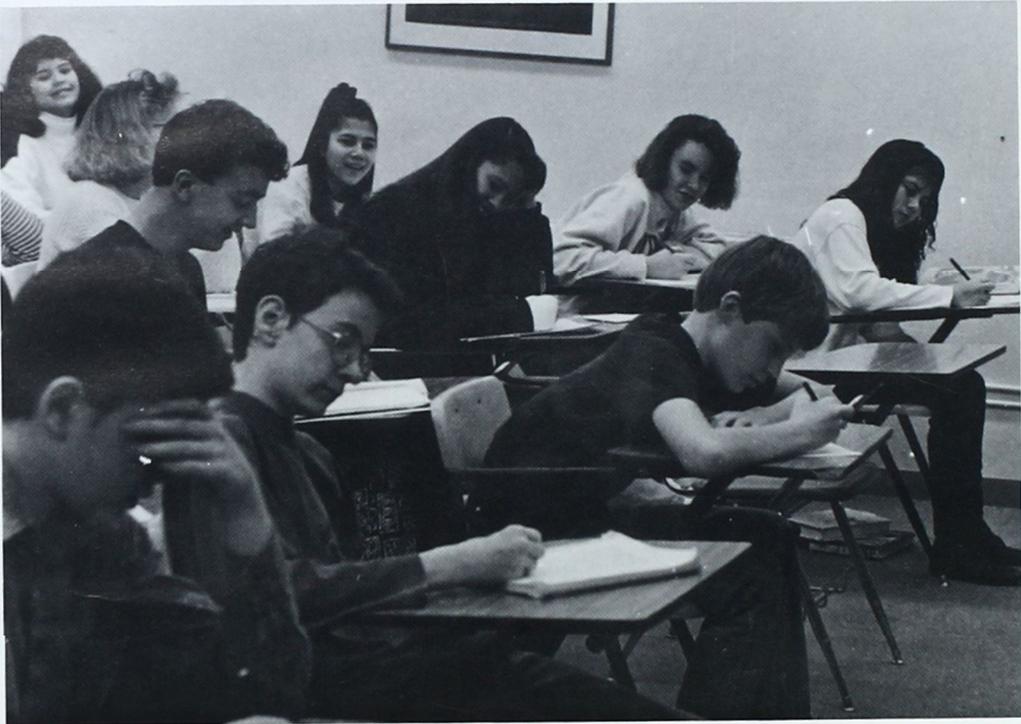

It's Been Interesting!!!

The Eighth Grade Class at A. T. Mahan High School consisted of 39 students, the vast majority of whom were boys. The 1991-1992 school year was one in which the eighth graders discovered that they were no longer at the bottom of the school hierarchy; a year in which they learned to cope with 3 minutes between classes; and a year where they learned to say goodbye to old friends and to greet new ones.

The class officers were Ben Metzler, President; Addie Cameron, Vice President; Jeff Reichard, Secretary; and Nicole Miller, Treasurer. Student Council Representative was Da Hye McConnell.

SEVENTH GRADE

The Halls Explode With Their Presence

This had definitely been a year of outstanding accomplishments for this class. Being part of a High School meant that we had to change our ways of doing things. We missed the good times that we had at the Elementary School last year, but we have really enjoyed being a part of the High School and having our own lockers. It has been hard for us to go from being the "top of the heap" to the "bottom of the barrel" here at the High School, but we have been successful members of A.T.' Mahan High School. We have learned the importance of hard work, and we have become responsible students.

We proved that we belong here. We proved that we had great school spirit, especially when it came to sports activities. There were Seventh graders on both the Junior Varsity Basketball Team and the Wrestling Team. Seventh graders played on Soccer and the Volley Ball Team. In terms of Academics, we had more students on the Honor Roll than any other class.

Our class advisor was Miss Annette Colbert. Student Council Representatives were Melinda and Lindsey Richards. Our Class President was Phorsha Peel. She helped us to get organized. We elected Curtis Holmes as Vice-President, Katherine Alipio as Secretary and Melanie Brown as Treasurer.

The Homecoming was a night to remember. It was the first real formal dance. Leilani Santos and Mike Davis were chosen to represent the Class on the Royal Court.

Although the adjustment to the High School has been difficult, we have truly enjoyed this year.

FALL AND WINTER ACTIVITIES

HOMECOMING 1991

On October 11, 1991, the High School and Junior High School intend to enjoy a night of dancing ... romancing ... laughing ... and conversing at the Three Flags Club. The night looked promising to everyone. About midway through the dance, the Homecoming Court was announced. The evening continued on with the same enthusiasm that has come to be expected from the students of A.T. Mahan. Like all good things, the dance came to an end around midnight.

The Homecoming Court consisted of (from left to right) seated, Andy Metzler, Macie Mabry, Angela Romero, Alicia Apadoca, Barbar Cohn, Leilani Santos. Standing, Mike Harris, Chris Hall, Joe Laurenzi, Elon Jenkins, Ben Betzler, Michael Davis.

Even the teachers enjoy Homecoming! Seated at the table from left to right are Lynn Brandl, Pat Jaynes, Donna Dugas, and Norla Strasbaugh.

NHS/NJHS IN ACTION
This year's National Honor Society and National Junior Honor Society worked hard to raise money for their various yearly activities. Through their ring toss, they made enough to help with their annual scholarships.

THE JUNIOR JAIL!!
The Junior Class started early this year to raise money for Prom. While the jail did not give them all of the profits they desired, it helped them on their way.

High School groups participate in annual Fall Carnival in order to raise money.

BAZAAR

On Saturday, October 13, 1992, the NATO Base sponsored its annual Fall Carnival. Many organizations on Base set up booths in hopes of making money for their various projects. Several groups from our own High School participated in this bazaar as well, and among these were: MUN, NHS/NJHS, the Junior Class, Student Council, the Senior Class, and the Cheerleaders. The Base was opened to the local Icelanders, who were given the opportunity to buy American goods. Their willingness to buy was only surpassed by the Americans' willingness to sell. The Fall Carnival, besides being an opportunity for various groups to raise money, allowed Americans and Icelanders a chance to mix and get to know each other. And a good time was had by all.

TRIVIA

When you think of Trivia at A. T. Mahan, the first word that comes to your mind is Elo Rm Norum or in other words Mr. Leo Munro. Trivia fascinates this individual. You know that his commute to and from school gives him the opportunity to think of crazy things. When the question departs his mouth, you start to jump in your seat, snap your fingers, point your finger and bellow out OH! — OH! — I CAN SEE IT!!! People yell out strange answers. When the answer is finally mentioned, heads drop down with a deep sigh coming from the person, some just laugh and plan to remember the question for some innocent adult, or they just say "This was before my time!"

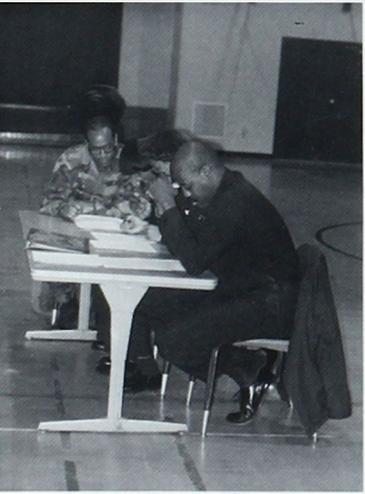

During the year, the brains were put to the test many, many times. We had several tournaments and everyone had a TARGE MEIT.

This question is a snap. I'm saving myself for Jeopardy.

ATHLETICS

WRESTLING . . .

The 1991-1992 A.T. Mahan Wrestling built up a winning spirit that will become a tradition at the high school. After three months of intense practices, the coaches, Alex Hines, Clay Curry, David Nojaim, and Junior Coach Jamie Sweet, had chosen the varsity team.

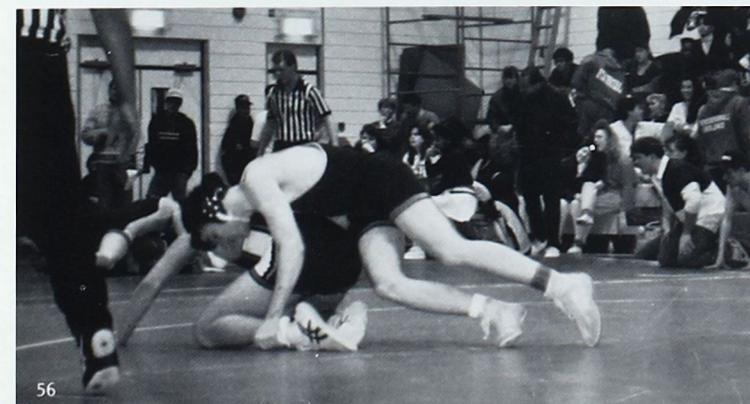

On Friday February 14, the Vikings traveled to Lakenheath, England to participate in the Championship Tournament. The Mahan Wrestling Team had four of its six wrestlers place in the top three. Jeremiah Perez placed 5th in the 135lb weight class. Brandon Reaves, Dewey Hawks, and Shannon Reaves took 3rd in the 130lb, 145lb, and 152lb weight classes, respectively. Michael Anderson took 4th in the 160lb weight class. Matt Allen placed 2nd in the 125lb weight class. Shannon Reaves quickly overcame a surprised opponent and pinned him in 37 seconds, taking the tournament's quickest pin. The team coaches were very proud of team and individual performances.

All wrestlers who attended practices walked away with knowledge they never hoped to acquire in a single year. The Viking Wrestling Team will continue this year's success in the years to come.

A.T. Mahan hosts its first International Soccer Tournament

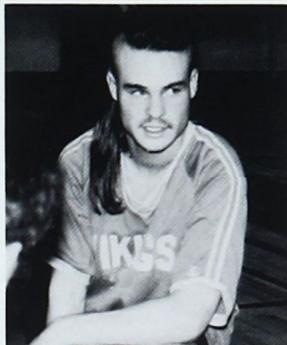

SOCCER

The first Icelandic-American Indoor Soccer Tournament, the Friendship Cup, was an exciting climax to the indoor season this year. The goal was to establish a long tradition of friendly competition between Icelandic and American Youth Athletic teams. The competition was much more experienced. Trond Jensen and Macie Mabry were chosen as the two players from A.T. Mahan

that showed exceptional talent. The High School then invited the Royal Marines to compete in a match. The Vikings managed to defeat them handily. However, the most important aspect was that everyone had a good time. With the success of the Indoor Soccer season, the Vikings look forward to an exciting outdoor season and more international tournaments.

YEARBOOK STAFF

The printing of a yearbook is a year-long process. The skills acquired by the staff are incredible. We processed photos, cropped pictures, spent hours with layouts, created story lines, and created the final copy. A yearbook is a picture in the creator's mind. The long hours and the patience paid off.

In order to obtain the necessary funds for this book, the entire school came together to assist the printing costs. We had bake sales, dances, collected cans, sold Easter Grams and much, much more. The PTSO assisted the High School through fundraisers such as the Halloween Dance and a performance of Dracula by the Fire and Ice Theatre. Organizations on and off base gave very generous donations. The Photography class pitched in by donating pictures which was supervised by Miss Neuharth.

The many hours that it took to create this book required the staff to really juggle their time schedules. This was a very dedicated group of students who worked long weekends and even gave up their free time when school was not in session. They need to be commended for their desire to see this book completed. Thank you each one of you. Miss Patterson

About 180 students from Gardur, Grindavik, Keflavik, Njardvik, and Sandgerdi Schools of Music, along with students from the NATO Base performed a variety of music ranging from classical to symphonic to ragtime. The students performed in two groups. Band I consisted of first year beginning students and Band II consisted of experienced students and adults. - White Falcon.

Band held other concerts as well, among them a Christmas concert, and they plan to embark on a trip to Norfolk this May.

DRAMA

Drama Troupe Captures Dragon Awards

Mahan High School students Jena Blessing, Steve Campbell, Cecilia Enblom, Trond Jensen, Joe Laurenzi, and Speech/Drama teacher Pat Laurenzi attended the annual DODDS Atlantic Region Speech and Drama Festival held March 28-April 2 at Croughton High School, Croughton, England. The students resided with host families and performed, received judges' critiques, and attended workshops with 120 students from England, Belgium, Cuba, and Bermuda schools in the categories: Duet and solo acting, dramatic and humorous interpretation; extemporaneous and public speaking; classical drama scene, and one act play presentation.

This year's one act presented by A. T. Mahan was a children's theatre play called *The Reluctant Dragon*. The cast won one of the three OUTSTANDING AWARDS in the play presentation competition. STEVE CAMPBELL AND JOE LAURENZI received OUTSTANDING PERFORMERS awards. Prop-making commendations went to Ernie Laurenzi and colorful costume commendation to Jacquie Neuharth, Art Teacher at Mahan High School. A preview presentation was given on April 21 at Mahan Elementary School. *Reluctant Dragon* with its full cast of 14 performed to the base community on May 14.

ART

The DODDS-A, Young-at-Arts Festival was held at London Central High School, High Wycombe, England, from April 3-8. Attending from Iceland were students, Robin Allee and Robin Curcuru, with the elementary art teacher, Mr. John Foley, and the high School art teachers, Mrs. Jacquelyn Neuharth. Students and art teachers from the Atlantic region high schools, made up the attendance in the various workshops. The workshops were presented by both professional artist and the art teachers. It was a rewarding few days of creativity for the students and the teachers.

MUN

On January 26, 1992, eleven students from A.T. Mahan High School boarded the base P-3 and headed off to the Hague in the Netherlands for the annual Model United Nations. The eleven had been preparing for this trip since the beginning of the school year, by studying the United Nations and how it works, by studying their committee topics and resolutions from both the United Nations and Model United Nations, and by researching Togo, the country they were to represent at the MUN.

The Conference was held from 27 January to 1 February in the huge conference hall known as the Congresgebouw. There, students from about 200 schools convened daily from 9 am to 5 pm to discuss pertinent world issues on such topics as refugees, terrorism, and the environment.

Although the students worked hard to get resolutions passed, the week was not all work and no play. After hours, the A.T. Mahan students had the opportunity to explore the city of the Hague and to go shopping, an experience often missed here in Iceland. At the end of the week, a dance was held for all of the delegates, and it was definitely an explosive ending to a terrific week.

Although Togo's delegation seemed at times intimidated, and was not always given the opportunity to present its points, the delegation still placed in the top ten out of all the delegations. All in all, it was a very exciting and rewarding week in Holland, and all involved wished that it could have lasted longer.

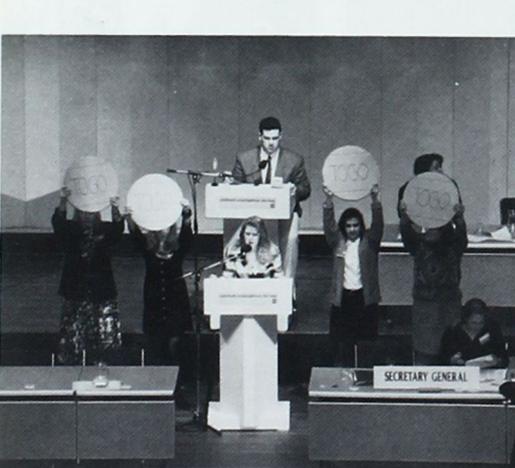

Isn't Dan the lucky man! The delegation from Iceland (Togo) was (left to right) Robin Curcuru, Sandy Yearty, Angela Romero, Elizabeth Serna, Rachel Rice, Dan Kissenger, Emily Allen, Temeca Lard, Andrea Metzler (with sign), Macie Mabry, and Rebecca Rayburg.

were passed in order to determine the hopefully peaceful course of our world.

1991-1992 OUTDOOR SOCCER

There's nothing like the smell of fresh, clean grass on a warm, spring day. That's a little hard to enjoy here in Iceland, but the 1992 A. T. Mahan Outdoor Soccer Team made good with what they had. The team enjoyed two seasons of harsh competition with various teams their own age.

Among the teams played were Keflavik, Grindavik, and Valur. The team went into every game with high spirits and good attitudes. Their last game ended with the score of 3-4. Although they did not win the game, the outdoor team was a great guest. We look forward to another year of tough competition and friendly games.

VOLLEYBALL

This year, there were five volleyball teams at our school, and they were Men's team one and team two, Women's team one and team two, and the Coed team. They competed in the base-wide competition against teams from different groups on base. In many cases, their competitors were very tough, but the High School teams usually had the advantage of regular practices, so the games were often quite close. By the end of the season, four of the five teams had placed in their leagues: Women's team one was the base champion and Women's team two was in third place in the Women's league; Men's team one took second place in their league; and the Coed team took second place in the Coed league. It was definitely a terrific season for the A.T. Mahan volleyball teams.

Its members were, however, in alphabetical order: Emily Allen, Valerie Bergeron, Barbara Cohn, Nicloe Miller, Erin Munsterman, Rebecca Rayburg, Rachel Rice, Sandra Schmaus, and Sandy Yearty. Their manager was Samantha Schmaus. With several newcomers to the sport on the team, they showed vast improvement over the season. Together they grew to be a very spirited team. 1-2-3 VIKINGS!!!

SPORTS BANQUET

This year's Sports Awards Banquet was held Thursday May 28, in the High School MPR. The banquet was held to honor those athletes who had accomplished any of a number of feats. Awards were given in the areas of most improved, MVP's, and academics. Also, Coach's Awards were given and in this manner a coach could show his/her appreciation for the efforts of a single athlete. Each team had a Coach's Award recipient. The male Athlete of the Year was Matt Allen. The candidates for this award were those athletes who were participating in two or more sports and demonstrated good sportsmanship and leadership skills. Female Athlete of the Year was Macie Mabry, and the necessary qualifications for this award are the same as those which precede. Scholar Athlete of the Year was Emily Allen. The qualifying criteria for this award was to participate in two sports and have the highest grade point average.

Jeremiah Perez shows off the Coach's Award he received for his participation in Outdoor Soccer.

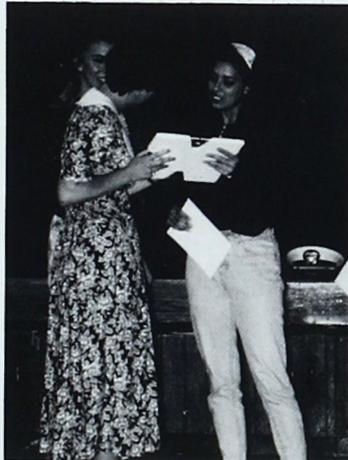

Emily and Matt Allen took home two of the more prestigious awards. Matt was male Athlete of the Year and Emily was Scholar Athlete of the Year.

Dream On

This year's prom was held May 30th at the Blue Lagoon. The Junior Class wanted to make it a real night to remember for the Seniors. This was the first prom to ever be held off-base.

The festivities at the Blue Lagoon lasted until midnight. The evening started with dinner, then a little dancing. Senior Wills were read along with the Prophecies and then the court was announced. The dance continued on and lead into Post-Prom activities.

Post-Prom activities were held at Black Beach. Everyone had a blast. They were dune jumping, playing tackle, roasting hot dogs. Many people took advantage of the situation and went for romantic strolls along the beach.

Finally, the Prom moved to the Teen Center for breakfast; everyone was exhausted. Maybe there is such a thing as too much fun, but hey, it was a great Prom.

Mike Cash asks Shane Souh what he thinks the Prophecies will be. If you knew, Twinkle toes!!! If you only knew.

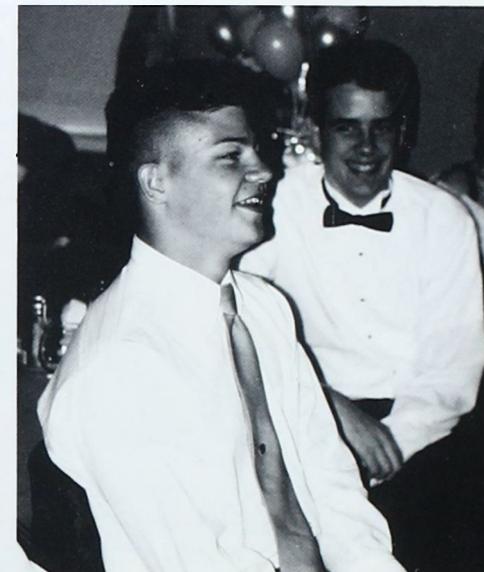

Hey Chris ... What's this about hairy legs!!!

BACCALAUREATE

The Baccalaureate Service held at the Chapel of Light on May 31, 1992, was in honor of the seniors who graduated with the senior class on June 5, 1992. Several of the seniors took part in the ceremony by presenting inspirational readings about such things as looking back, holding on to friendships and dreams, growing up, virtue, success, and just being there for the people around you. This ceremony took a lot of effort to make it such a special occasion for the very special class of 1992.

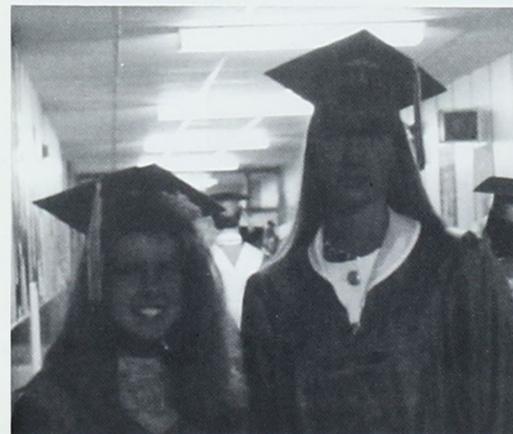

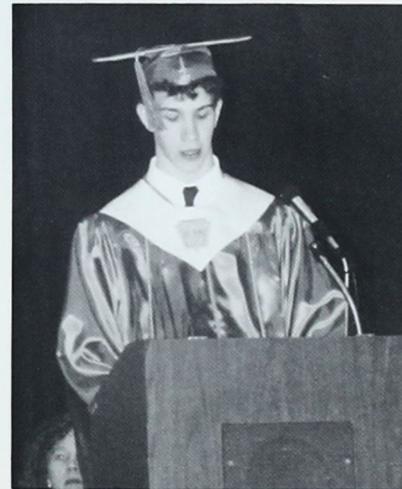

GRADUATION

Graduation was held on June 5, 1992 at A. T. Mahan High School at 7 p.m. in the Gymnasium.

The Graduating class of 1992 was well prepared for this occasion. The pledge of allegiance was lead by Temeca Lard as well as the welcome. Joseph Laurenzi opened with the salutary address and also made the opening speech for the acknowledgement of scholarships. Kristen Curcuru gave the introduction of the honorary speaker, who was Rear Admiral Thomas Hall. Richard Rynearson gave the presentation of the rose. Leanne Kissinger led the recognition of faculty and Christine Taylor the inspirational valedictory address. Diplomas were presented by Captain James Munsterman. Captain Munsterman was assisted by Ms. Debra Jennings who represented DODDS Island Schools. The A. T. Mahan Band led the graduation ceremony with music that touched the hearts of many.

Graduation is a time of remembering, and looking back on our younger days, and it is also a time to look ahead to what our future may bring.

CONGRATULATIONS

Leanne: You made it through your senior year. Life will be busy and exciting for you. Best of luck in college. From Lois Sharkey, Leanne's kindergarten teacher at Howard AFB Elementary School, Panama.

Joe: "Death — Spike" "Ya Done Good" From a multitude of fans

Charles: Always listen to your parents. They wouldn't purposely steer you wrong. Lots of people are not fortunate enough to have such loving, caring parents. Love, Us

Leanne: Best of luck sweetie! We think you're terrific. Love Mom and Dad

Jennifer: Dare to dream, Jennifer; follow your heart, guided by your conscience and the good Lord will show you the way. Mom and Dad

Rick: You've set your goals high and we know you'll succeed at whatever you do. We're very proud of you. Rick and Cathy Rynerson

Dear Rich: We are extremely proud of you, and glad that you are our son. We love you and wish you the best in life. Love Mom and Dad

YEARBOOK WINNER

We, the sophomore class of A.T. Mahan High School, thought and thought of how to make use of our winning page, but had yet to come up with any overwhelming ideas. We started to think of all the fundraisers we did to make the money that won us this page, and soon come to realize that if it hadn't been for one person, none of this would have gotten done. This person who got us motivated and organized, put up with our whining and some people's unwillingness to participate. This person helped us come up with ideas for fundraisers, spent valuable time, which probably would have been spent elsewhere, helping us get things together. We know we were a difficult class to put up with and we'd like to thank this person for all the time and patience throughout the school year.

Mrs. Laurenzi, our most sincere thanks goes out to you, and we'd like to dedicate this poem along with this page to you.

SPECIAL THANKS

To a very special lady
The sponsor of our class
Whose tireless dedication
We'll treasure till the last

Our successful car wash
Without her would have flopped
Giving freely of her time
She put us over the top

Her skillful motivation
Taught us to make do
When many hands were needed
We made it with a few

A store room for our bakesales
Copying Easter Grams
Managing our money
Always there to understand

Ms. Laurenzi you're the greatest
We sophomores have been blessed
Just get us through the next two years
And you'll have earned a rest

THANK YOU

The following organizations on and off the base made donations throughout the school year for the 1992 Yearbook. Without their assistance, the cost per book paid by the students would have been higher. The students of A. T. Mahan High School thank you for your time, effort, and involvement with our school publication.
