Admiral Richard E. Byrd 1888-1957

After graduating from the U.S. Naval Academy in 1912, Admiral Richard E. Byrd became one of the most famous navigational aviators in history. Admiral Byrd pioneered the technique for night-time landings on seaplanes on the ocean, lobbied and won the fight for the first post-war-raise for military personnel, and helped establish the Bureau of Aeronautics. Although he accomplished many tasks on the ground, he is more famous for his expeditions in the air.

In 1926, Admiral Byrd took leave from the Navy to organize a privately financed expedition to the Arctic. Supported by Edsel Ford, John D. Rockefeller, Jr. and others, Admiral Byrd reached the North Pole with his co-pilot, Floyd Bennet, on May 9, 1926, which earned them both a Medal of Honor upon their return to the U.S. In addition, with commercial sponsorship, Admiral Byrd was the first to complete a multi-engine airplane flight across the Atlantic Ocean to France, and then turned his sights toward Antarctica, which led to five expeditions down south.

During these expeditions, Admiral Byrd discovered hundreds of thousands of square miles of territory that were claimed for the United States. He flew over the South Pole in November 1929, and he spent most of the winter of 1934 alone in a hut to conduct research some 100 miles into the interior, which was a first for this type of research. He later became the commanding officer of the U.S. Antarctic Service and earned two decorations as the Chief of Naval Operations. He has been one of the most influential figures in polar research.

Coming to an elementary school after years of working at middle school, high school, and university levels was frightening. I began my year with great anticipation. I learned immediately, though, that there is much I could offer and learn from our students.

Patience and understanding immediately come to mind when I think of what I have learned so far this year.

I am proud to be the principal of R. E. Byrd Elementary School. Our students are well behaved, we have excellent teachers, and we have a strong, supportive community. With such an environment, we achieve great things in our school.

I have high expectations for our students. For them to learn well takes all of the above variables. In addition, we must maintain a balance between learning through serious efforts and learning through fun. We also do that very well here at R. E. Byrd Elementary School. Please come and join us!

Ms. Diana VinZant

Art Class

美術

Students in Kindergarten through Sixth Grade attend art class with Ms. Vin Zant twice a week. They explore art in a variety of fields that range from drawing, painting, and ceramics to making their own puppets for a puppet show that is presented in front of the entire school. The artwork is then displayed throughout the hallways leading to the art room. Come take a look!

Ms. Penny Carson

Physical Education

体育

Students in Kindergarten through Sixth Grade visit Ms. Carson twice a week for their physical education class. During this time, students engage in physical activity to get warmed up, learn a new skill, and apply that skill by playing a game. Some of those games are throwing a ball to a partner, playing with a huge parachute as a class, badminton, climbing a huge net, and basketball.

Ms. Mizue Nakayama

Japanese Culture Class

日本文化
のクラス

All students at Byrd School visit Ms. Nakayama's class twice a week to learn more about the Japanese language and culture. The students learn about the Japanese culture by making origami figures and turning them into a picture that relates to a Japanese holiday or ceremony. Depending on the grade level, the students learn the Japanese language through story mapping by coloring pictures, flashcards, or studying formal Japanese conversation in-depth. All students in 3-6th grade also learn how to use an abacus, and they practice using it with written exercises during each class.

1st Day of School

On August 28, 2000, students wearing new clothes and carrying bags of supplies gathered on the playground for the first time along with the staff to kick off a new school year at R.E. Byrd Elementary School. Before heading to the classrooms for the first time, the beginning of a great school year began with a warm welcome from Ms. Porter and the pledge of allegiance.

Assemblies

Once or twice a quarter, Byrd students and staff members gather in the multi-purpose room to participate in the Assembly program at Byrd School. Programs include puppet shows, music presentations by students, spirit assemblies, and recognition of individual student achievements. All are welcome to attend the assemblies, which are usually held on Wednesday afternoons.

Undokai

Undokai, "Sports Day", is a culturally enriching experience for Byrd's 4th-6th grade students. Our sister school, Nakamura Elementary, hosts this annual event. Byrd School participants are each paired with a Japanese student. Two huge teams, both comprised of Byrd and Nakamura students, enjoy healthy competition in a variety of athletic events, and they have a great time!

Cake Auction

At the beginning of each school year the PTO hosts a cake auction to raise funds that will support projects or activities at Byrd School. On September 29, 2000, students brought their own cake to the school to creatively decorate and name for the auction block. Mr. Randy Dupea, the auctioneer, successfully auctioned off every cake for \$15 to parents and Byrd staff members!

Family Reading Night

On the evening of October 20, 2000, students, parents, and teachers arrived at Byrd School showing off their favorite pajamas and slippers for the Annual Family Reading Night. During this event, several volunteers read a story aloud to the entire group, and then the participants broke up into little groups to read their own favorite books to each other. Prizes were awarded to the classrooms with the highest percentage of class participation. Mrs. Ferry's class took 1st Place!

Halloween

Since Nakamura Elementary School shows us such great hospitality for Undokai (Sports Day), we reciprocate at Halloween. This year, 110 students from Nakamura visited our school. They rotated in groups to a variety of activities. Before leaving, they participated in our Annual Halloween Parade, the final event of the day, where everyone had a chance to show off their costume.

Students from Nakamura School had a great time visiting Byrd School.

❄️ ❄️ ❄️ Winter Concert ❄️ ❄️ ❄️

Donning festive hand-made and cultural costumes, students from Pre-Kindergarten through Sixth Grade presented a tremendous singing concert for their families and Byrd School staff on the evening of December 6, 2000. The bright smiles, costumes, sounds of jingle bells, and enthusiastic singing put everyone into the holiday spirit by the end of this very festive concert!

Halfway Party

Students and parents celebrated the half-way point of the school year in the gymnasium on February 10, 2001 at the Halfway Party that was sponsored by the PTO. The students earned tickets to purchase prizes through a variety of games including a basketball toss, bowling, scooter race, bean bag toss, and relay race. Everyone also enjoyed the free popcorn and drinks!

Student Dance

The Student Council organized and sponsored the first dance at Byrd School for those students in 5th and 6th grade on February 16, 2001 in the school's gymnasium. Several students attended and enjoyed the food, music, dancing, "DJ", and time of socializing. With the Student Council's hard work, the participation of many students, and the help of several chaperones, the dance was a success.

Artwork by Audrey Wang, Grade 6

Student Council

Under the direction of Ms. Carson, the Student Council is in charge of planning activities for the student body as well as participating in good-will events for the student body and the community. This year they organized the school walks, school dance, spirit days and Wednesday's popcorn sales. They also collected and delivered food to a local orphanage during the holiday season.

Officers: Michael Lavin—Secretary; Arscenio Morgan—President; Jessica Traufler—Vice President; Michelle Metz—Treasurer

Children at an orphanage enjoyed a visit from Student Council.

Safety Patrol

Under the direction of Mrs. Ignacia and PC1 Mike Ferguson of CFAY Security, some of the 4th-6th grade students, who have good academic standing and display good citizenship, serve on the Safety Patrol. These students are outside, whether rain or shine, before and after school to ensure that all traffic in front of the school is orderly and safe for both pedestrians and vehicles. They hold club meetings after school every other Wednesday to discuss new safety procedures and issues that occasionally arise. All of these responsible and trustworthy students were rewarded with a trip to Disneyland in April for their hard work and dedication.

D.A.R.E.

Under the direction of Mrs. Okada and PC1 Mike Ferguson, the D.A.R.E. officer, students in the fifth grade participate in the D.A.R.E., Drug Abuse Resistance Education, Program for 17 class sessions. The students are educated about drug abuse prevention as well as the effects of various drugs to our bodies including alcohol and tobacco. The students have workbooks, homework, and write an essay in relation to the subject matter. Each Spring, upon the completion of this course, each student participates in the D.A.R.E. graduation.

Computer Club

One of the most popular clubs at Byrd School is the Computer Club, which is directed by Mr. Moisen, the school's Information Specialist. Each Thursday after school, the students gather in the Information Center to learn more about computers as they play educational games on them. Not only is this an opportunity for increased computer education, these students have lots of fun!

Art Club

Under the direction of Ms. Vin Zant, several students in 4th-6th grade gather after school on Tuesdays for Art Club to further develop the artist within themselves. The students engage in an in-depth exploration of art that goes beyond the regular classroom lesson. They work on their own incredible projects, which include giant paper mâché dinosaurs and working with oil and acrylic paints.

Choir

Under the direction of Mrs. Maria Stevens, each Monday, many students in 1st-6th grade gather after school to learn about music and to practice singing together as a group. The choir members have performed in front of their peers, parents, and school staff at various school assemblies as well as at the Winter Concert! Their practice pays off because when they sing, they shine!

Friendships *Girl Scouts* Community

Girl Scouts gather together to have fun learning, experimenting, exploring, and growing. This year, there were three Girl Scout troops in Negishi. Daisies (Kindergartners), Brownies (1st-3rd graders), and Juniors (4th-6th graders). The younger girls met every other week while the older scouts met 3-4 times a month. Regular meetings took place in a classroom at the school or at a leader's home, and field trips and activities included strawberry picking, a visit to the zoo, father-daughter bowling, Girl Scouts Thinking Day, a Girl Scout 5K Walk/Run, a Doll Festival celebration sponsored by our sister troop, as well as numerous other activities. All girls at Byrd Elementary School are invited to join Girl Scouts!
