MOTIVATION, DEDICATION

Striving For Perfection!

Mr. Will, a CHS graduate, received the honor of having the 1991 Caribbean yearbook dedicated to him because he is not only dedicated in school, but in the community as well.

Mr. Bill Will is known to be a sincere person who is always willing to help others. Not only is he favored by his peers, but by his students.

"Mr. Will has always been real strict with students who misbehave in class or on the field," said Ralph Galarza, "but he's real fun to be around though!"

Along with the serious commitment to teaching, he seems to have a funny and more relaxed side. Mrs. Baitel said, "Mr. Will's hyperactivity is due to his caffeine addiction!"

Mr. Will is known to be a very "good coach" and is very supportive of all Cristobal sports.

"Mr. Will is a great coach," said Bryan Richardson, "He's always there when you need some advice on what to do next!"

Mr. Will is among the many teachers who have brought warmth and great teaching to the students here at CHS.

Millie Nepton, maintaining Mr. Will's attention, smiles at comments said in her History class, as Ruth Benitez looks on.

Mr. Will gives Bryan Richardson advice before the next game, as Wendy Franceschi listens intently.

Mr. Will shows his class some interesting places on a map, while taking time to show his enjoyment of teaching.

A POOL OF REFLECTION

Senior flex-ability is awesome!!

It's hard to say goodbye for the three years I have been in C.H.S., getting to know the students that have made me see the world of friendship. I will always have C.H.S. in my mind in the bad moments and good moments of my life.

-Kaled Saker

As I look back upon the last six years of my life at CHS, I relive the many memories in my mind. When I think about how I'm going to have to say goodbye to them soon, I can feel tears in my eyes. These tears remind me of a night when not only was I, but everyone else, was crying too. It was the night of the Homecoming game in my Junior year. Not only this, but so many other memories are cherished in my heart. "Nothing is waste that makes a memory."

-Adrienne Holmes

I will forever cherish the family unity that C.H.S. has weaved around me. The feelings of closeness, whether it was during a basketball game with only 30 seconds left, or a volleyball match full of tears after beating the undefeated team. Here in this school there has always been a sense of family and for that I thank C.H.S. for being there always when I needed it.

-Jessica Layne

Those smiling faces, that warming hug of acceptance I doubt I'll ever see again. It's brought a change in my life, and I've found something I never thought I had before. I feel as if I've flown through the days without a moment of being alone. I wish I didn't have to leave, but I need to find it again. I will, I know I will, because once you've had something so good, it never totally goes away.

-Deborah Rabago

(above) "Tell me you didn't just take that picture," pleads Lucia Pedersen. (right) Roving reporter Wendy Francheschi pauses to pose while covering a football game.

I'll always remember the unity of the students as far as being a whole. C.H.S. is a school where you are accepted for yourself. I'd like to say good-bye to my friends I have grown to love, and I live for the day when we will reunite as a whole. We leave the families of Panama, Cristobal High School, and friends, but the memories will always exist in our hearts. It's up to us to keep them alive, for that's what will keep us going. Until we meet again ...

-Bev Teal

FREEZE-FRAME! Vicki Seeley, caught in the act, on her most familiar stage.

I will always have a special place in my heart for the laughter and excitement provided from my C.H.S. friends. How could I forget those everlasting moments, from three-second touchdowns to stressful deadlines. I treasure my high school days and haven't regretted a moment. To my friends who I will leave behind; I have one message - "Enjoy life, this is not a dress rehearsal!"

-Vicki Seeley

A memory that I will always have of Cristobal High School is the closeness of the people. All the people are like a family and when you have a problem, everyone is concerned in helping you through the hard times. Along with the kids and my friends, the faculty is great and encourages you to do the best for your future. I feel very fortunate to have gone to this school.

-Ponell Millar

-Faizal Waked

James Howell hides from the masses in the corner, as if he were the public enemy.

-Bryan Richardson

The one thing that I will never forget about Cristobal High School is the friendship. I'll miss going by the hallway greeting people or the opposite. The friendship of Cristobal's students is not one easy to find everywhere. The way I feel about being in Cristobal is of being involved with a big family. Since we are a family, I will never be out of touch with Cristobal. Sometimes when we say, "Cristobal" it feels like if we were talking about a big person, but there is something for sure, and it is that I will come back someday.

Everything today made me want to be with everyone again. I heard a song on the radio that reminded me of a time when we were all together, and I wanted to be with everyone to share it again. I heard a story that made me laugh, and I knew that everyone would think it was funny, too. I wanted so much to tell it to everyone. When I was all alone, I thought how much nicer it would be if everyone was there. All my daydreams were about everyone, about where we'd been and where we're going. I wanted to tell everyone about them because I knew they would make those dreams more real. Every time I thought about everyone today, I thought about how much I missed everyone, and how much I wanted us to be together again.

Fightin' from the bottom of the pile, kickin' and scratchin', and in a rush, like lightning we become the top. The pain, the sweat, and at times blazes of anguish were almost unbearable, but they're nothing compared to the honor, glory, and unity we shared. Yes, we cried at times, hurt at others, and hated in a few, but we re-established our name and set our school back on top. We came together as separate people, ideas, and goals, and became a unit, a group, a team. As Public Enemy said and we found out, "United we stand, divided we fall, and, yes, together we all stand tall."

-James Howell

Wendy Francheschi takes time out from her yearbook layouts to look at some new pictures before a home football game.

"For want of a nail the shoe was lost; for want of a shoe the horse was lost; for want of a horse the rider was lost." Ponell Millar smiles at a Ben Franklin quote while browsing in the library.

(top) Ralph Galarza and James Howell sometimes hung out on the stairs at lunch discussing a wide variety of subjects. We think their conversations ranged from philosophies of early man to applications of nuclear astrophysics. Huh?

Cookie Evans talks football strategy with Mr. Canamas before this year's Jamboree.

Carlos Brown enjoyed his Senior school daze!

Armuelles fattens up in order to face the long, cold winter ahead.

Vicki Seeley, Deborah Rabago, and Erik Jimenez - knights of the square table!

Bored again? It seems there's no place that she'd be, especially during water, power, and telephone outages on Ft. Espinar.

Is Adrienne Holmes cheering her team on, or is she watching that cute #44 on the Green Devils?

Beneath the bright blue sky, I am sitting, surrounded by my thoughts. Slowly drifting away, suddenly a loud noise causes my body to jump. I look up beside me, I see the sparkling blue pool. Reflecting in it are the tall green trees around it. I look up into the sky and see butterflies bouncing around in the air, aimlessly flying nowhere; bees are racing by busily; and birds are perched in the swaying branches of trees, singing melodiously. I look out, beyond the stone wall that encloses my backyard, and see the fuschia, violet, and apricot flowers of the bougainvillea bushes, growing from the thick green grass, I see where the grass meets the jungle of massive palm, mango, and other tropical trees, and as I look past the giant mass of trees, beyond the small poverty stricken towns, I see the Atlantic Ocean and the neverending horizon. It's glistening in the bright morning sun and I think to myself what a gorgeous day it is. You an always tell when it is Christmas time in Panama.

My body jerks suddenly, as I hear the sound again. This time, it pulls me out of the world I have been in. Totally oblivious to my surroundings, I hear the sound again. Looking down at the city almost ten miles away, it looks so peaceful, but once again the shrill sound pierces my heart, and I know that this serene looking city is in a state of disaster. I find it so hard to believe that this quiet place where nothing ever happens is in the middle of a war.

The strong winds blows; chills run down my spine. As I sit down in the green blanket of grass, I hear the sporadic gunfire, but it is in the distance; now there is a louder sound. I look up to see a helicopter flying overhead, and three waving arms, of soldiers saying "Hello," and "Goodbye."

As I blink back my tears, I go inside my house and the image of soldiers saying goodbye flashes on the television screen. Their faces are blurred and gray, but the image is strong. An army soldier and his wife are in a strong embrace, tears streaming from their eyes. They may be saying goodbye for the last time.

As I close my eyes, I can faintly hear the newscaster saying "Soldiers say goodbye before going to Panama to fight in "Operation Just Cause." Feeling as if I had just been injected with poison, rushing through my body, seeping into my blood stream, it takes only a few seconds to realize death will be the only consequence. Looking around me I can only see tranquility, but I know inside of me there is a mad rush of poison; the strong realization of what is happening in my country hits me. As the poison reaches my heart, I gasp for my last breath, and my naivete dies.

I leave the room, but the image is still frozen in my mind. Forever.

For a long time differences of opinions on teenage drinking have been expressed. Some students think it's alright while others are saying no! There are conflicting opinions as to whether students should drink or not.

"I feel drinking among students is a personal choice. If a student wants to drink, he or she may do so," commented Kevin Akers.

On the otherhand, some students feel drinking can cause accidents that may hurt others.

"Drinking can cause good students to loose track of the most important aspect in their life — EDUCATION. Some students tend to drink and drive not realizing the danger. What if someone you love got killed by a drunk? It wouldn't be funny any longer, would it?" replied Jennifer Rankin.

Obviously there is a big difference in opinions, but the only question is who's right and whose wrong?

TREE PAINTING . . .

A Mere Success!

The class of 1992 worked hard to beautify the Cristbal Junior/Senior High school during the month of November. They came up with the idea just before the Homecoming game and dance. Several juniors along with a few seniors worked hard on weekends to help improve the Tiger territory. Students were motivated by their sponsor Mrs. Rozette and were "kicked into action" with her guidance and full encouragement.

"Students were motivated solely by the opportunity to wake up early on a Saturday morning and sweat in the hot sun for the sake of beautifying our beloved school. Working under the orders bellowed by Mrs. Rozette, lazy students were kicked into action by the boots of leadership," replied junior Kevin Akers.

With all of the hard work and determination, both the tree painting and Homecoming were a success.

PRINCIPAL SWITCH

A New Wave Of Authority

Last year, Mr. Charles Renno was re-assigned as principal of Curundu Jr. High School. Mr. Howard E. Perkins, the assistant principal for ten years, is the new principal. Mr. Perkins' first year as principal was a success.

The world's weight on his shoulders.

FOCUS ON ARGELIS

Argelis Rivas, a recreation assistant here at Cristobal for five years, was shot above the knee during Operation "Just Cause." Argelis was attempting to reach Margarita, on December 20, 1989, when she heard someone tell her to stop. When she failed to stop, her car was fired on. One of the bullets went through her left leg. She spent about one and a half months in the hospital and underwent six operations on her leg. Argelis is thankful that she has both of her legs and is able, once again, to play basketball.

LET'S MAKE MUSIC!

Cristobal High had a new music teacher this year. Mr. Hashman, who taught in Mountlake Terrace, Washington, for the last five years, came to Panama because he wanted to live in another country. Mr. Hashman started a show choir called "All That Jazz," which was a big success. Next year's group looks to be as good.

ECOLOGY CLUB-A WAVE OF AWARENESS

"The Ecology Club is a group of people interested in helping the environment. It is organized into project and members work on projects which interest them. Projects include reef preservation, reforestation, energy conservation and education."

—Mrs. Rosalind Baitel

"Ecology Club serves not only as a high school organization, but also as a community awareness project. It offers the chance for people to make a direct change in the world they live in and offers a chance to do things most people only hear about in the news."

—Kevin Akers

DRAMA CLUB-A WAVE OF EXCITEMENT

"Drama Club is a group of students who are interested in the theater and the dramatic arts. Our projects this year include acting and improvisation lessons, scene study, a children's show and one major musical production."

— Mr. Steve Parker, director

"Drama was something I had always wanted to do in my other school, but it was so large I felt intimidated. Here it's so much more personal; we're being taught, and we're displaying what we've learned on the stage. It's an outlet, for me to be someone other than myself."

"It's fun and exciting."

CARIBBEAN STAFF

Waves Of Madness

"Mr. Wright, I need this picture." "Will someone help me come up with a captain for this picture?" "Has anyone seen the cropper?"

Yearbook and chaos; they're one and the same. The most dreaded word to the yearbook staff is "deadline." The mere mention of an upcoming deadline stops all conversation as serious work resumes. As deadlines loom closer, yearbook staffers are seen running to and from Mr. Wright's room, the yearbook room and the computer room with frantic desperation written all over their faces.

"Will I get this done in time?" That is probably the foremost thought in their minds during deadline time. Of course, those deadlines would not be met without the help of certain people: Mr. Wright, for spending hours in the closet developing last-minute pictures; Mrs. Hoffman and Mrs. Mitchler, for double-checking our copy and layouts; Mrs. Grubbs, for taking care of yearbook and ad sales; Mr. Grubbs, for putting up with us in the computer room; Mr. Youkin, for all your advice and help — Thanks!

Sweet Revenge ... Kevin Akers, Tara Norton, Mr. Youkin, Wendy Franceschi and April Grogan prepare to throw Lisa Stike into the water for her long absence.

"Smile!" Mr. Wright focuses the camera for yet another yearbook picture.

Frustration ... So, you write the story and it's too long; now, what do you do? Exactly what Lisa Stike is doing, re-read your literary masterpiece, painstakingly counting characters and cutting sentences, or paragraphs, out.

JAMBOREE . . .

Perceptions, First Impressions,

Final Recollection.

Time seemed to fly by as hundreds of people filled the stands the night of the 41st Jamboree. Nervous football players sat quietly, stretching and pondering on thoughts that would psych their minds before the opening game.

Their perceptions towards the Tigers' success were as varied as the number of people who came through the gates.

"I have to admit," commented Oscar Reyes, "I was a bit concerned on whether or not the team would actually pull together and win a game, especially after our loss to Cougars, but as the night went on, things started to 'click' for all of us."

Jamboree has been a tradition at Cristobal for 41 years, but for many of our new students, it was a "unique experience."

"I was so excited about being able to participate in the Jamboree this year, I guess because in the states, activities such as these weren't very common. It's all been a very cherishable and very unique experience that I'll carry with me for the rest of my life," said Bryan Richardson.

The Tigers started off on a bad note but ended tying for second in the end. To kick off for the Tigers, CHS faced the Curundo Cougars. Despite their loss to the Cougars, the team showed their Tiger pride and determination. During the second and third quarters, the Tigers fought their way to maintain the tied score of 0-0. In the fourth game the Cristobal Tigers triumphed over the Red Machine. James Howell, #34, scored the winning touchdown, leading the Tigers to a 6-0 victory.

"Jamboree for me was a very grand experience. Along with the Cayuco races from the past, and the ladies," commented James Howell, "Jamboree was the greatest part of being a senior!"

"Although I never got into the dirty, roughness of football," said Jennifer Rankin, "as a manager, I, too, saw the strengths and courage build in each of the football players and I'm very proud of all of them!"

A BRIDGE OVER TROUBLED WATERS

The Student Association is made up of four elected officers who address the concerns of the student body. The SA is responsible for part of jamboree, homecoming, powder puff, and financial assistance to other school organizations. The SA oversees organizational plans as well as initiates activities at CHS. The quality of SA reflects the commitment of the dedicated 1990-1991 SA officers.

CRISTOBAL HIGH SCHOOL

Drifting With The Military Tide

Since it's opening, in 1921, Cristobal High School has been mainly a military school; thus, it has always been influenced by military actions throughout the world. When the canal was built and the military was sent to protect the Americans operating the canal, a school system was needed to educate the American youth in the Panama Canal Zone; Cristobal was opened for the Americans on the Atlantic side of the isthmus.

With its role as a DoDDS school, comes the necessary flexibility created by the continual arrival and departure of students. Every student is touched by this whirlpool; if a student has not moved several times, himself, he has at least experienced the pain of losing friends and the bittersweet joy of making new friends, knowing they will move away in a few short years. Teachers are forced to discern the level of schooling each new student has had in the past and adjust to their needs, whether they are great or small.

Throughout the years, political unrest in Panama has often closed school, interrupting finals, sport seasons and schooling, in general. This was true during last year's operation "Just Cause," which brought about the military occupation of the third floor of CHS. Sharing CHS with the soldiers made the deaths of "Just Cause" seem more real to the students; Joce Borsellino said, "We had a chance to get close to the soldiers staying in the school, so it was scary watching the news and thinking maybe one of their names would show up."

This year's operation "Desert Shield/Storm" has touched many of the students at CHS; remembering their friends and family members in the Persian Gulf, causes every student to reconsider their values and ideals. Those students who were a part of operation "Just Cause" cannot forget the deaths, or the soldiers they became friends with, wondering who will die this time.

CHS students cannot ignore military actions and concerns, as they are directly affected by them. Instead, they are faced daily with concerns about the war — "Will someone I know have to go? Will anyone I know die? Will I have to go and fight?" As the war with Iraq continues, CHS will feel it even more — as loved ones go to the gulf and budget cuts are made.

Soldiers from Charlie Company, 4/17 Battalion, Buffaloes, shake hands with students arriving for the assembly the school held in order to say goodbye to these soldiers who had been their "neighbors."

Due to the strong military influence on CHS, the JROTC program is a very important part of the student life.

HOMECOMING . . .

A Night To Be Remembered!

The 1990 Homecoming game, with all of the spirit and strong support of football players, coaches, cheerleaders, and loyal fans was an overall success. The Tigers gave Red the ultimate thrashing as CHS ended the game 19-0. Along with the hustle, determination, and support from the rest of the team, Luigi Armuelles and Bryan Richardson helped to attain the 19-0 win.

During halftime, the senior class with the theme Watch Cristobal's Pride, Fry Balboa High, won the overall hall decoration and parade contest. The Tiger did "fry" Balboa High but before the game the 1990 Homecoming Queen, Vicky Seely, and court were announced. Following the Queen, the homecoming court with Adrienne Holmes, Wendy Franceschi, Beverly Teal, and Manal Shihab entered.

Due to SAT tests the homecoming dance was postponed to November 10 a week after the game. The dance, filled with both students and tentative parents, was a night to be remembered by all who attended.

CAYUCO

For the past 38 years the Cayuco races have been a part of the lives of many. The biggest challenge to most CHS students is the physical, mental, and social aspects. The overall reason for student participation is for the competition.

"I love the sport because of it's unique and binding team effort! I love the great competition," said Beverly Teal.

The enthusiasm was in the air since the first announcement concerning the Cayuco races. All crews, both new and old began to prepare for the races. Crews were seen paddling hard, getting sponsors, and working on their boats. All paddlers agreed that organization, commitment, support and enjoyment before and during the race helped to pull them through the 'rough times.'

"If it wasn't for the great support and commitment from everyone around, I honestly don't believe my crew would have been this successful," said Vicki Seeley.

The 1991 Cayuco races was held on March 22, 23, 24. Although the stress of getting prepared lurked, all students were glad the race was finished.

ALL THAT JAZZ

Sending Soundwaves Across Panama.

When school began, we were just nine students who loved music, many of whom had never received any previous choral training. Mr. Hashman, full of enthusiasm, who not daunted by this; he jumped in and began to teach us the music and the art of performing, forcing us to overcome our stage fright. After many hours of repetition, frustration and perspiration, Mr. Hashman succeeded, transforming group. Bev Teal's statement, "His confidence in us, as a new group, has made us dedicated to him and to ALL THAT JAZZ," does not even begin to describe the support, encouragement and instruction he's given us.

It has not been all work and no play; it has been an adventure as well as a learning experience. Luiggi Armuelles said, "ALL THAT JAZZ makes me come alive," and he's right; it makes us all come alive. Laurie Wyrick, confident in the group's success, says, "Just wait till next year; we're going to knock everyone's socks off!"

During the Winter Choral and Drama Fest, Bev Teal imagines the beauty of a white Christmas as she sings of "mango and palm trees" swaying in Panama.

ALL THE JAZZ's rhythm section — (left to right) David Miller, Ron Bruhn and Kevin Akers — pausing in their musical excellence to pose for the camera, wonder impatiently how long it will be until they return to their instruments.

Mr. Hashman, rather than making faces at Marion and trying to get her to smile, maybe you should wake Jennifer up instead. After all, this is a performance, not nap time.

The Tigers take a moment to celebrate their win against the P.C.C. Green Devils.

Intensity and fierce determination rocked C.H.S. Tiger Stadium throughout the 1990 football season. For the second year the Tigers continued a winning tradition with a five and three season.

Inexperience was to be the Tiger's greatest weakness, but time and time again the team exhibited character and composure. Quarterback Ricky Alvarez led the team in yards passing while senior running back Bryan Richardson ran for a spectacular 1,000 yards this season. In the three losses the Tiger defense only gave up a total of twenty-one points. In essence the Tigers were kept from going undefeated by three touchdowns.

The team worked together as a unit and improved themselves as players as well as individuals. This year's football team withstood the stormy seas, and it was smooth sailing to another victorious season.

Eagerly awaiting the kick-off, team captains Angel Keith, Cookie Evans, Bryan Richardson, and James Howell meet with the officials.

Taking It To The Hoop

The 1990 girls' basketball team rode high on the waves of success this season. For the sixth consecutive year, the Cristobal girls have remained undefeated. The players continuously exhibited grace and agility on the court, while remaining tough and aggressive. The team's skillful ball handling and guidance from coaches Gayle Rankin and Rico Atherly made the ultimate winning combination.

At the end of the season, the varsity team's record remained unblemished and the junior varsity went seven and one. The girls captured both the first place team trophy and the tournament trophy. Three players on the Tiger team were also chosen as All-Isthmian players: Wendy Franceschi, Megan Gibbons, and Jessica Layne. As a result of this team's hard work and determination, the girls consistently took it to the hoop!

BOYS' TENNIS . . .

MAKIN' A RACKET!

The 1991 CHS boy's tennis season was full of learning experiences for both players and coach alike. With only three players returning from last year, the majority of the Tiger tennis team had yet to play the sport at the beginning of the season. Even the coach, Kenneth Youkin, hailing from Daytona, Florida, was new to coaching the sport. Youkin, head of the art department at Cristobal, describes the group as, "overall, a young team, with some individuals with lots of potential and talent who will be with us for a few more years to come." Kent Grubbs, seeded first, and Kenneth Palumbo, seeded second, were the dominant players, leading the team through match after match. With Kent, a freshman, and Kenneth, a sophomore, we can look forward in future years to Isthmian domination by the boy's Tiger tennis team.

GIRLS' TENNIS

KEEPING A GRIP ON THINGS . . .

Variety . . . Involvement . . . Companionship . . . FOOD!

These words all come to mind when attempting to describe the girls' tennis team this past year.

(from L) Coach Troy "The Fly" Oliver, Jennifer Light, Lutcia Pedersen, Jessica Layne, Lori Vega, Jennifer Rankin, Bev Teal, Manager Colleen Wall, Jana Swords, Debbie Price, Jenny Price, Ana Pedersen, Manager Dayra Chinasing.

Through wins and losses alike, these girls have continually shown the Tiger mentality that winning isn't everything, and that having fun is one of the most important parts of the game. With players like Bev Teal, the captain of the "eating team," and Lutcia Pedersen, who moved especially well with firecrackers tied to her shoes, laughs were never far behind. "The girls were always very involved, not only in tennis, but other things like boyfriends and the cayuco race," said coach Troy Oliver. In fact, eight out of the ten players were in the race, tightening up their schedule considerably. "Even though we haven't had a winning season, it's been fun having a fly for a coach!" remarked Bev Teal.

Jessica Layne shows with her forehand return why she was the top player on the team.

A KICKIN' SEASON

Tara Norton manuevers around a Devil's defensive player to score.

In 1989 Operation Just Cause brought a halt to our quest for the championship. This year we set out to complete that quest in a full season. Our defense remained aggressive while the offense raised their goal per game from one to two. Once again we dominated the league going undefeated.

WITHSTANDING THE STORM

The 1991 Tiger basketball team faced a very difficult conference this year. Each and every game came down to the wire; the last two minutes were crucial. Despite their 2-6 record the Tigers saw outstanding performances from Steve Keffer, Mike Machado, Jon Lu, Roberto Rook and Derek Smith. This year's team showed a great deal of determination and ambition. A big thanks goes out to all those who came out and supported the Tigers this season.

E. Botello, K. Dawson, M. Johnson, R. Rook, M. Machado, Coach Elliott, D. Smith, C. Hern, M. Williams, N. Acosta, T. Chinasing, R. Alvarez, L. Armuellas, J. Lu, S. Keefer

Coming into the 1991 season as a new coach and with few returning players, Coach Grubbs hopes for a winning season but more importantly for everyone to improve and enjoy themselves.

And it's outta here. A Tiger knocks one over the fence against Red.

VOLLEYBALL

AM I DOING THIS RIGHT?
Kent Grubbs practices his setting during warm up.

The 1990-91 boys' Volleyball team, like that of the girls, lost several seniors last year. This year, according to Mr. Oliver, has been a year of rebuilding but the Tigers still maintained their pride and determination.

"I only have two letterman coming back from last year. This year has been a year of rebuilding but the building material has been excellent," said Mr. Oliver.

The knowledge and perfection of the basic fundamentals has been the goal for the 1990-91 boys' volleyball team.

VOLLEYBALL

The 1990-91 Volleyball team under the coaching of Gayle Rankin, has set goals for themselves for the upcoming season. Even before the season started, dedicated athletes were seen practicing the basic skills they needed for the new season.

"I know lots of girls are already excited for tryouts and the new season. With that enthusiasm, we're already ahead of the game," said Mrs. Rankin.

As all coaches, Mrs. Rankin had her own expectations for the returning letterman. The knowledge and perfection of the basic fundamentals seemed to be greatly stressed. Being more accurate on spikes, jumping higher, quick feet and hands, and setting were only a few of the aspects stressed.

"Lots of team encouragement as well as high self esteem will help to maintain a strong and successful season. It doesn't matter if we have a young team because we will remain winners and strive to be the best that we can be. Teamwork, hustle, ride will prevail," said Mrs. Rankin.

"I'VE GOT IT!"

Jenny Price carefully bumps the ball and helps to set up the attack.

DIG IT!

Wendy Franceschi works hard to make a good pass, while Jessica Layne backs her up.

CHEERING . . .

It's Not Just For Girls!

Devotion, pain-staking work, and undying dedication were just part of the Cristobal High cheerleading criteria.

At the games students saw the cheerleaders up front, maintaining a captive and very spirited crowd, while carefully producing Ringling Brothers-like-gymnastics. The squad was a bit different this year because the girls unanimously voted in the idea of having a yell leader. Erik Jimenez decided that he had what it took and willingly stepped forward to fill the position. Together they made the entire year of sports a fulfilled one for everyone.

Cheerleading was more than high spirits and short skirts. It was more than that. It was ambitious drive and determination, and these individuals had what it took.

In Memoriam Oscar Reyes

Rain, Rain, come now in our darkest hour
and lift the grief and guilt that many of us
have of the tragedy of our dear friend
Oscar Reyes. May you rest in peace, my
friend.

- Dan Howell

May you always lie down in green pas-
tures, Oscar. Fear no evil, Oscar, for we
art with you, as you remain with us.
Memories are in great demand.

- Bev Teal

Don't let his death separate Oscar from
us. In his memory we will always know
that he is up there looking down at us and
saying, "I will never forget you guys, you
who are my friends forever."

- Ricky Alvarez

Nature's first green is gold,
Her hardest hue to hold.
Her early leaf's a flower,
But only so an hour.
Then leaf subsides to leaf,
So Eden sank to grief.
So dawn goes to day,
Nothing gold can stay.

- Robert Frost

Oscar was a great friend who always
found a reason to laugh. He always made
me feel so much better, even when he
cracked on me. I will deeply miss him, like
everyone else will. There was *NOBODY*
like Oscar!

- Jennifer Stike

A thousand words can't say what has
been lost. We all share the same feelings
in remembering Oscar; the way he said
and did things. His action will always be in
our hearts. Maybe now the peace will
come.

- Ron Bruhn

Precious and simple is what life is
Hard times and sad times come and go
Strength is the bond that keeps us here
Tears are shed and smiles rise
Life is looking through your eyes.

- Jennifer Rankin

Que Dios te tenga en la gloria.

FOOTPRINTS

One night a man had a dream. He dreamed he was walking along the beach with the LORD. Across the sky flashed scenes from his life. For each scene, he noticed two sets of footprints in the sand; one belonged to him, and the other to the LORD.

When the last scene of his life flashed before him, he looked back at the footprints in the sand. He noticed that many times along the path of his life there was only one set of footprints. He also noticed that it happened at the very lowest and saddest times in his life.

This really bothered him and he questioned the LORD about it. "LORD, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during the most troublesome times in my life, there is only one set of footprints. I don't understand why when I needed you most you would leave me."

The LORD replied, "My precious, precious child, I love you and I would never leave you. During your times of trial and suffering, when you only see one set of footprints, it was then that I carried you."
