The year passed quickly
Each day
Like every other day

And yet,
Each day different
and special.

The day begins . . .

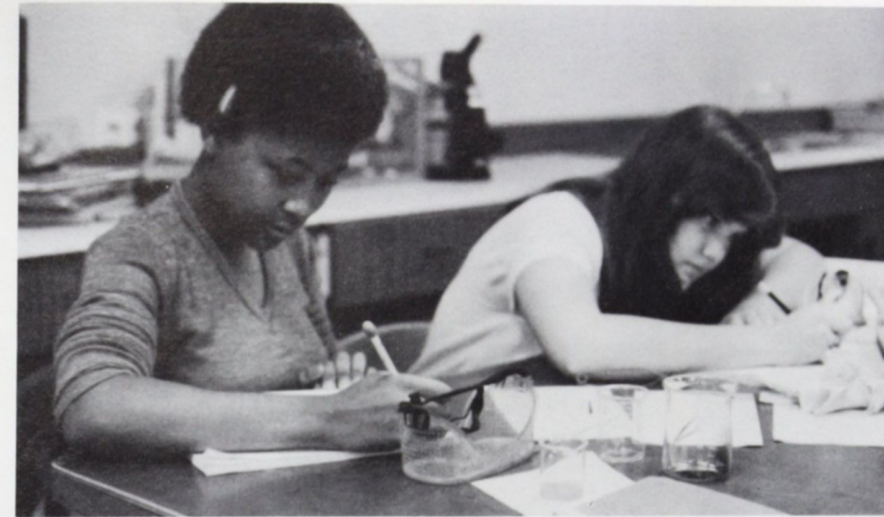

with lots of activities . . .

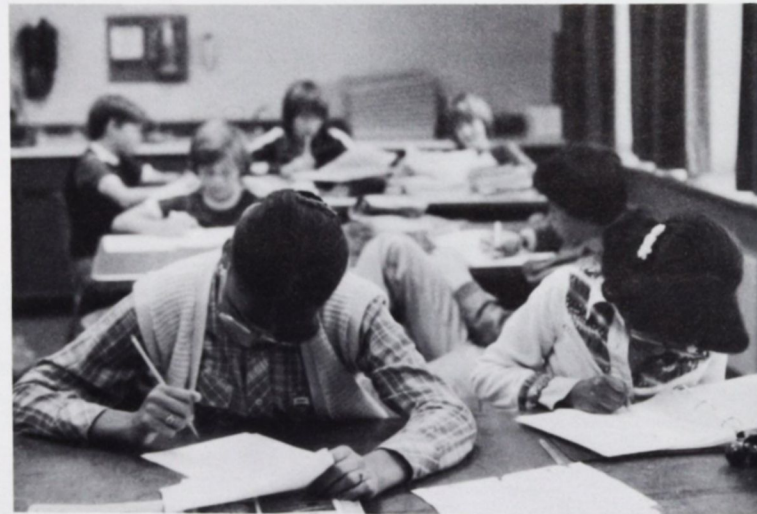

from painting to playing:

and, of course,
there's lots
of classes . . .

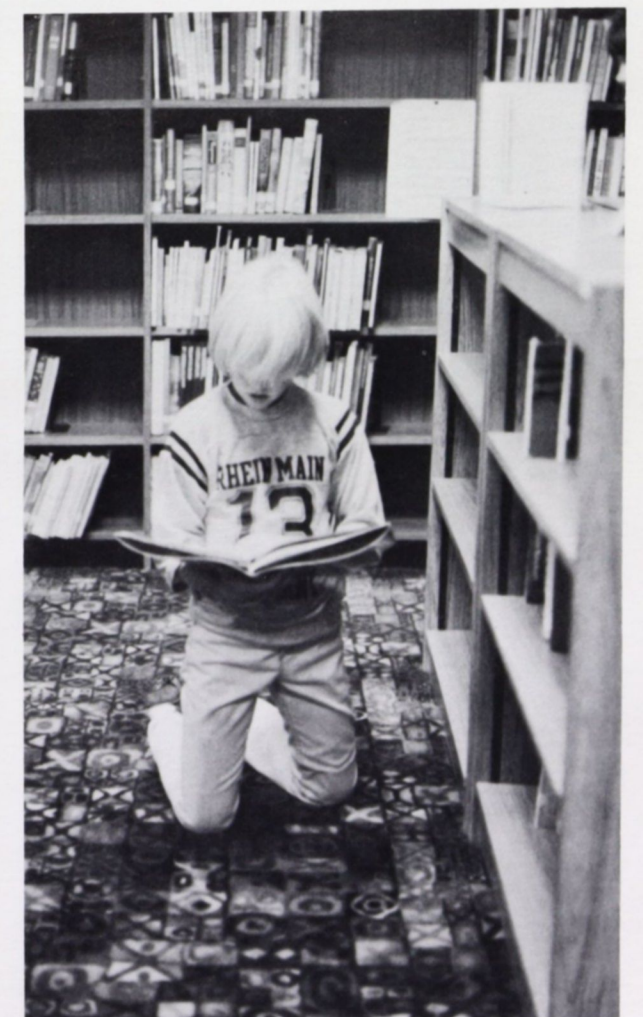

— a break

for lunch —

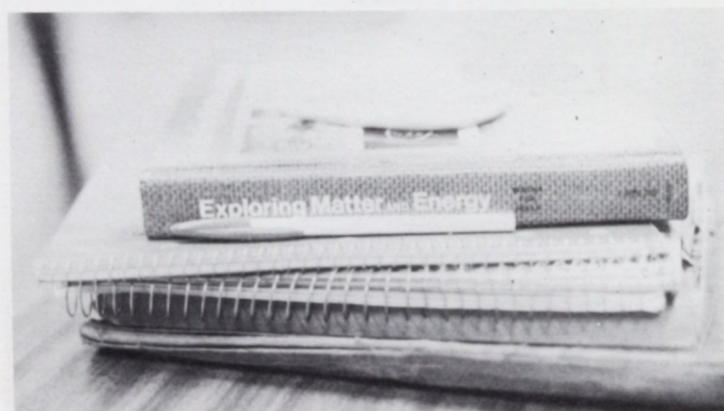

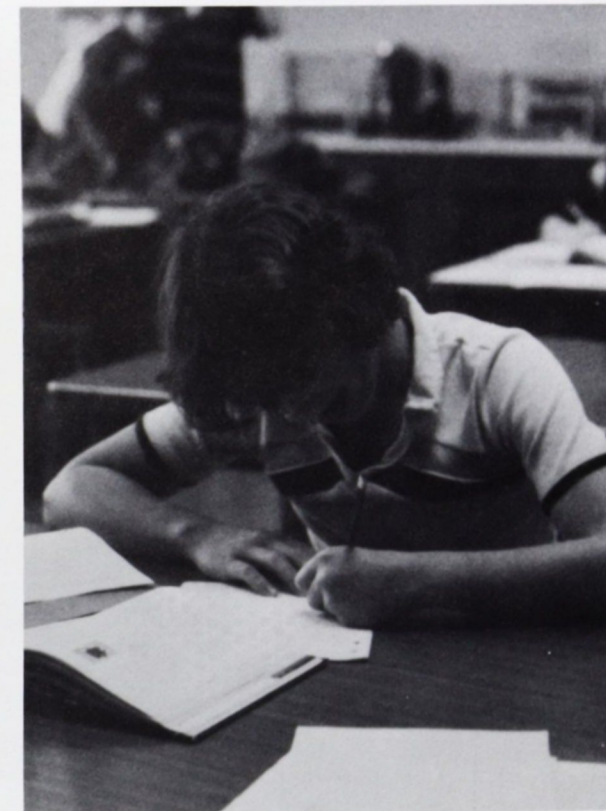

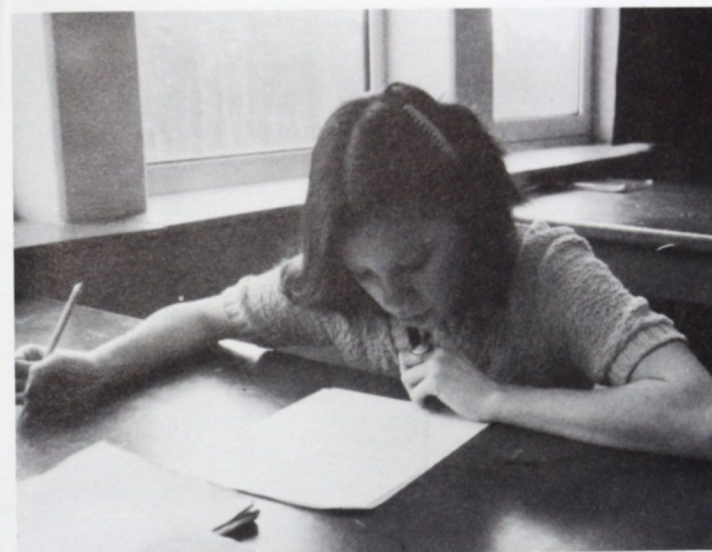

— recess time . . .
time for
study, time
for play.

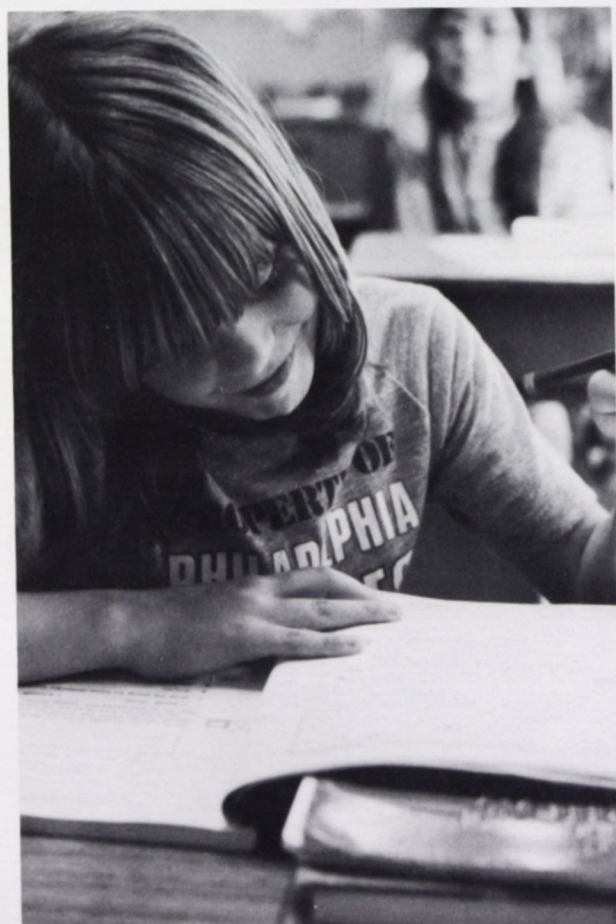

Then it's back
to more work,

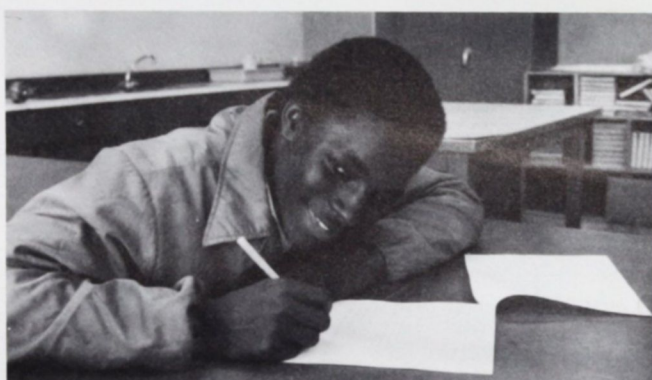

more classes
and more study . . .

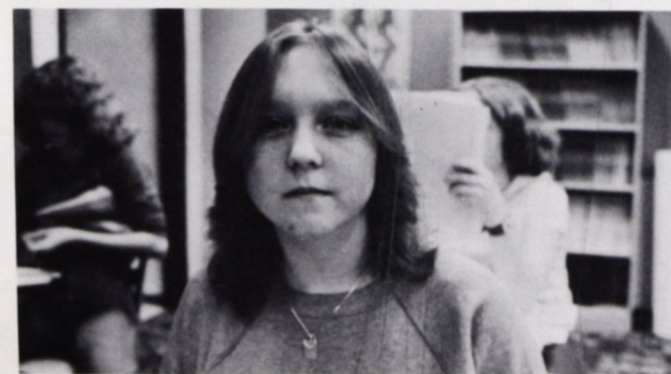

... and,

candidly speaking,

we're putting our

best face forward!
