Can you find

your way
to school ?

A Day in the Life of _____

6:45 a.m. Wake up to AFN radio. Go take a 1 shower.

7:00 a.m. Get out of shower. Start doing 2.

7:10 a.m. Throw 3 all around the room while rummaging for clean clothes.

7:15 a.m. Consume a light breakfast of 4.

7:17 a.m. Brush 5 hard.

7:20 a.m. Watch 6.

7:30 a.m. Leave house and head towards school, picking up 7 on the way.

7:50 a.m. Arrive at school and begin 8 and 9 with friends.

7:55 a.m. First bell rings but continue 10 with friends.

7:58 a.m. desperate Dash to locker and commence slinging 11 around in a search for the morning's books.

8:00 a.m. Race up 12 flights of steep, never-ending stairs in a futile attempt to get to STAR time before the tardy bell rings.

8:05 a.m. The teacher informs the class that today you get the gym for STAR time, and you wore your 13.

8:35 a.m. Your first period teacher, 14, assigns a major report due in one week which you realize will definitely require 15 hours of exhausting labor to complete.

9:20 a.m. Second period, and it's 16, your 17 class. Please, let that homework paper be in your 18 notebook.

10:05 a.m. It's a fact--you've survived half the morning because it's now third period. Today maybe you will be learning 19.

10:10 a.m. You were wrong. You're learning 20.

10:50 a.m. At last, fourth period--only forty minutes until lunch! Meanwhile, you still have 21 to do.

11:30 a.m. 22! It's lunch!

11:32 a.m. You're now situated in the 23, anticipating your upcoming moments of freedom to 24 with your friends.

12:15 p.m. The bell announces the beginning of fifth period, your 25 class. No longer hungry, you're now just 26.

1:00 p.m. Sixth period looms before you in the form of 27.

1:50 p.m. FINALLY, the last class of the day, 28. You have 29 for a teacher . . . again.

2:25 p.m. There rings the bell for the 30.

2:30 p.m. It's conclusive; everyone is officially released from SMS 31.

2:32 p.m. Having fought your way to your locker, heave and your books inside and 32 the locker shut.

2:33 p.m. Leave the building with 33 and 34 all the way home.

2:55 p.m. Devour an enormous snack of 35.

3:00 p.m. Sprawled on the 36 and watch cartoons.

4:00 p.m. Although the brain remains 37, pull out the endless stacks of homework.

4:30 p.m. Take a break to watch the Cosby show on AFN.

5:00 p.m. Feeling intellectually competitive, challenge your intelligence by watching Jeopardy.

5:30 p.m. Return to the still 38 piles of homework.

6:00 p.m. For a five-minute dinner, inhale 37.

6:15 p.m. Depart for 40 practice.

8:45 p.m. dinner. Home again to shower before dining on 41 for a second

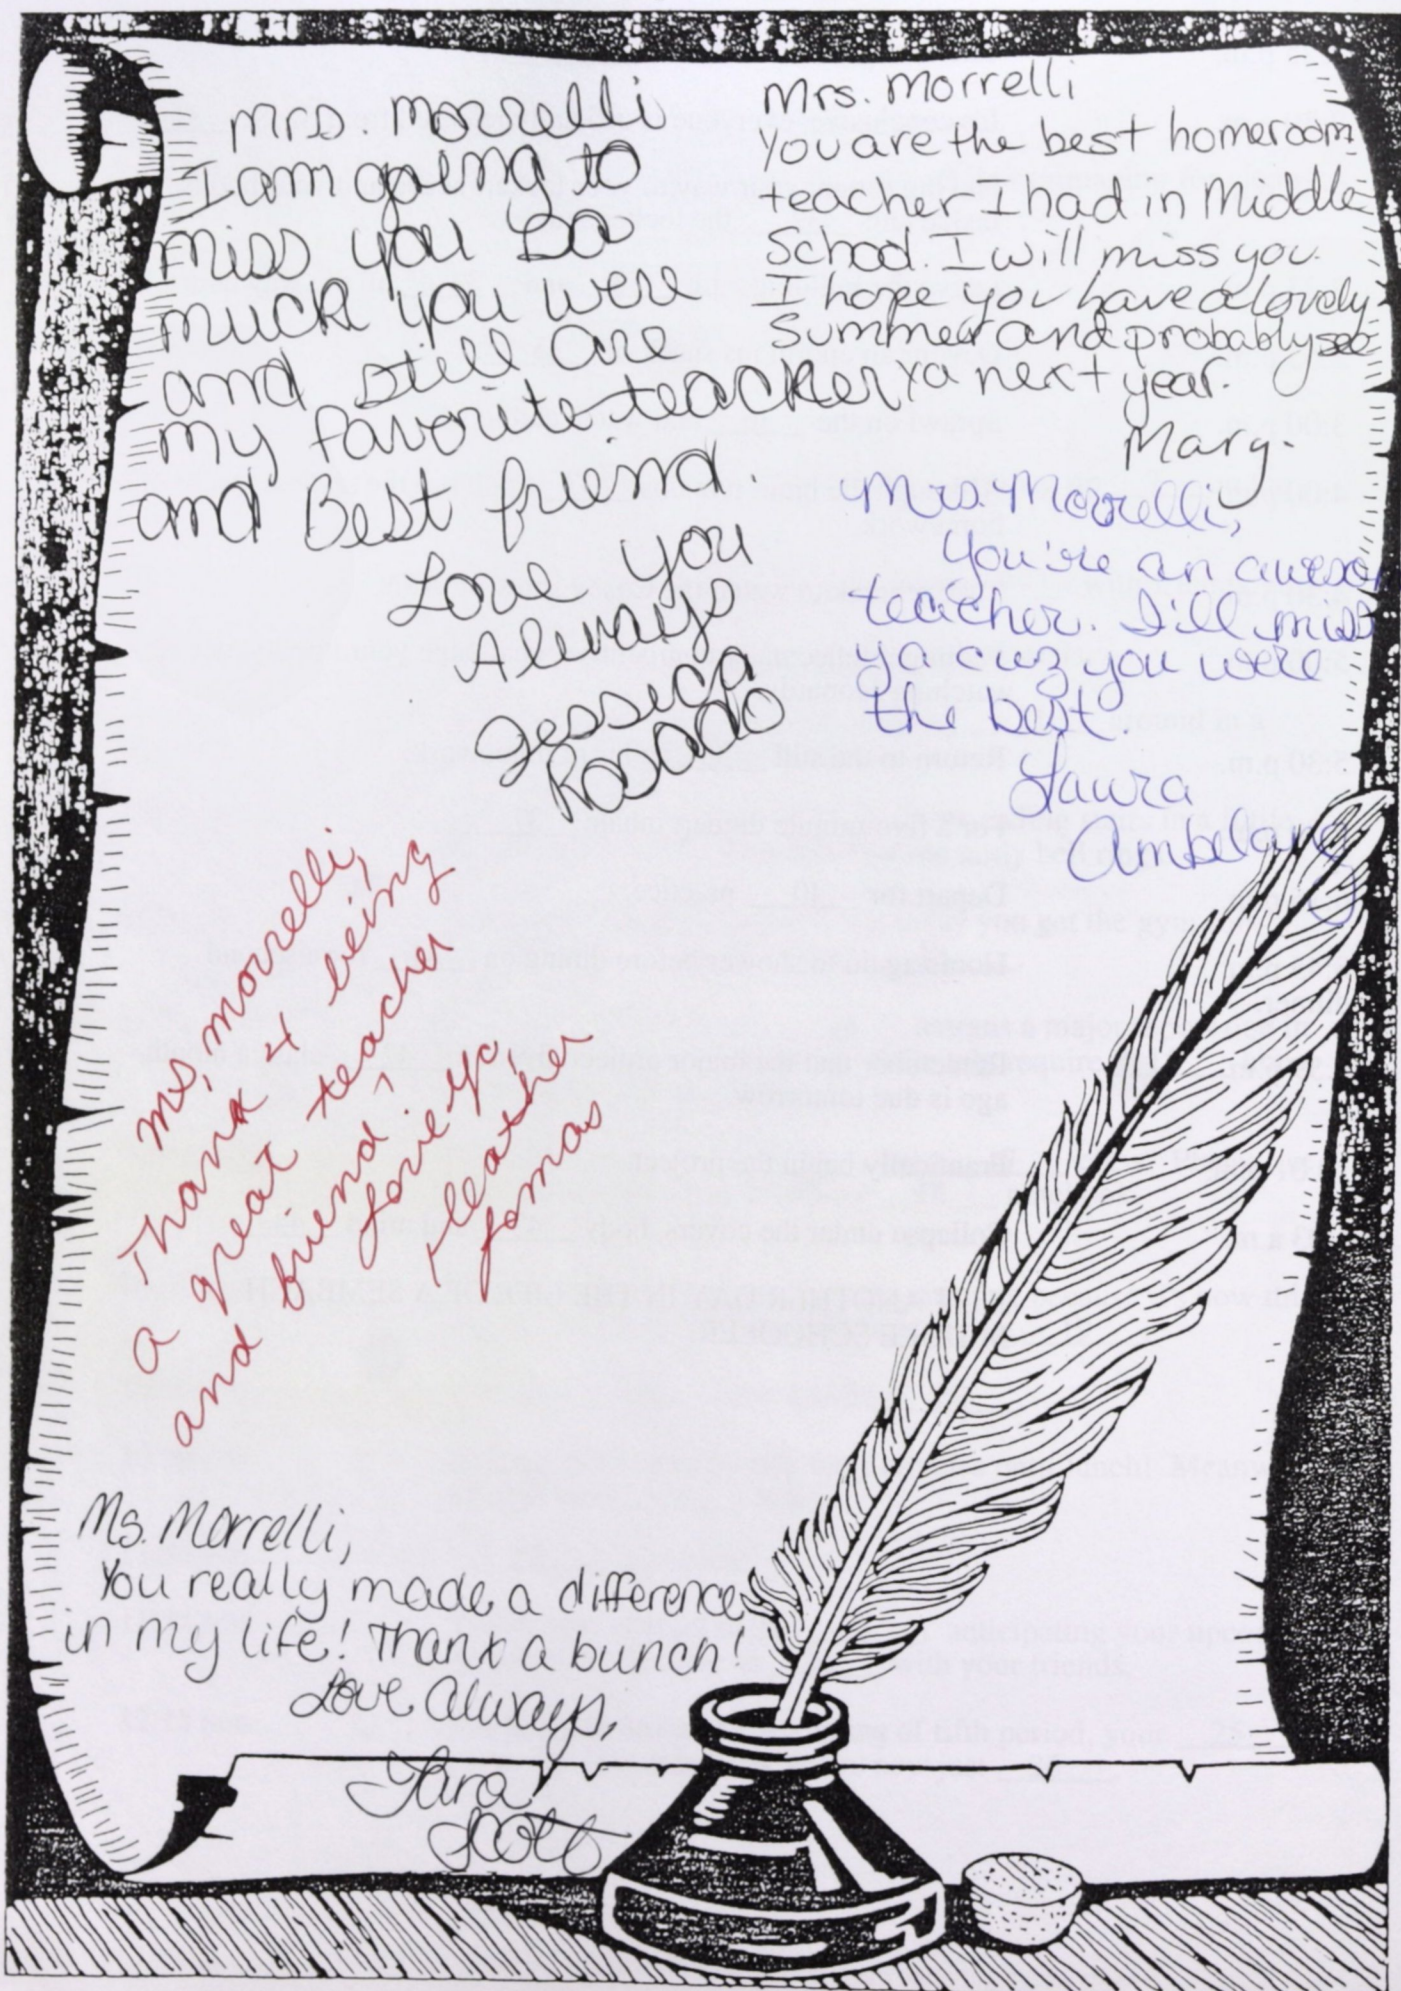

9:59 p.m. Remember that the major project given in 42 class a month ago is due tomorrow.

10:01 p.m. Frantically begin the project.

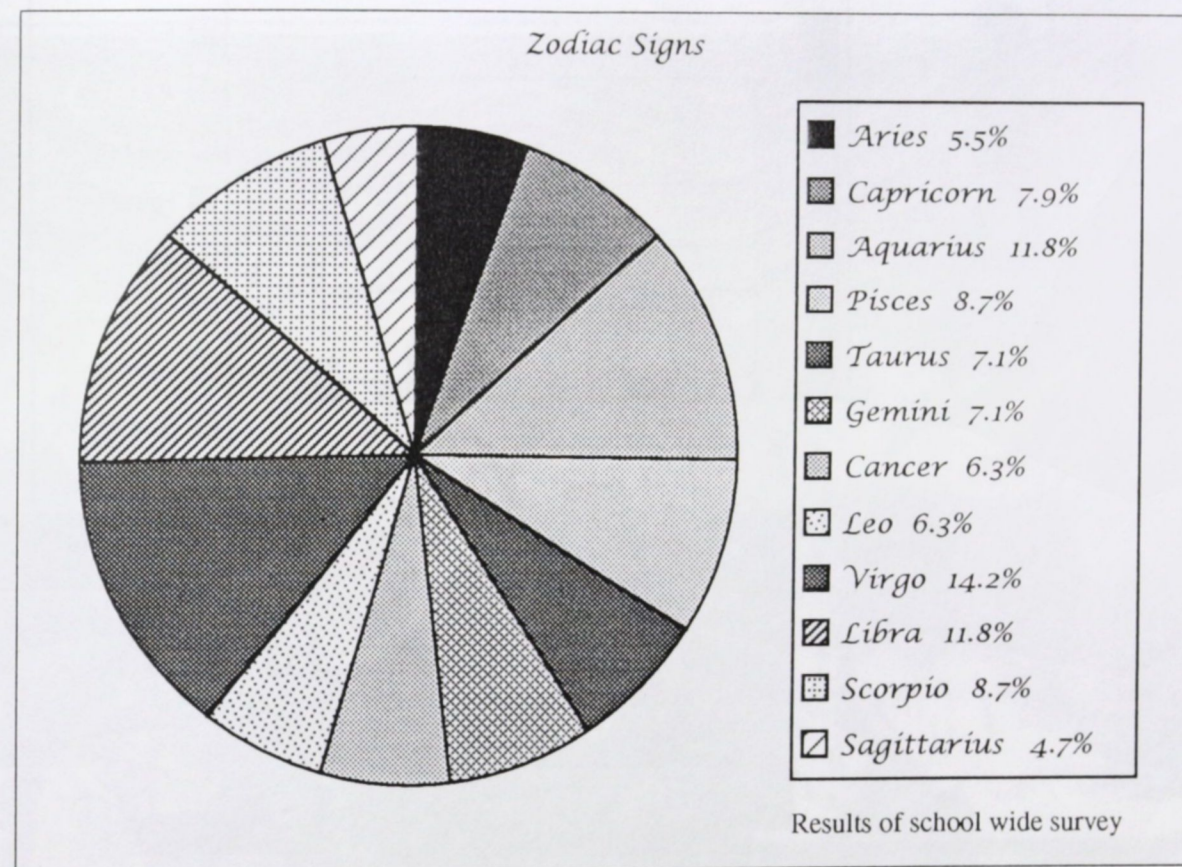

1:03 a.m. Collapse under the covers, body 43 and mind 44.
