## THE THEME

This yearbook is dedicated in memory of those lost on September 11, 2001. The world was shocked by the terrorist attacks on the two World Trade Center buildings and the Pentagon. Seoul American High School rose to the occasion and raised money for the families who lost their loved ones in the attack. Organized by Ms. Pell and the Renaissance Committee, the walk-a-thon raised over \$20,000. Congratulations SAHS! After the attacks many people did a little "soul" searching and hopefully the yearbook will help you do a little "Seoul" searching of your own.

### Why this theme?

The job of this year's theme is to unify the entire yearbook under one idea however corny it may be. We also decided to make the letters in titles, S. A. and H. in blue.

-Editor in Chief,  
Susan Page

# FALCONS WALK FOR THE EAGLE

## PRESIDENTIAL VISIT- timeline of events

SAHS, SAMS, and SAES, wait outside Seoul American for the President to shake their hands.

THERE HE GOES!

What was thought to be a presidential hand shaking would become "the presidential drive by".

Following the drive by, President Bush enters one of his many helicopters.

He then returns later on that day and gets up close and personal with the crowd. So close, that Ms. Bean was able to take this once in a lifetime shot.

# Student Life

---

Dun dun dun....Senior Crystal Gransback sneaks into Mr. Boyd's chair before class. No one but "Coach Boyd" is allowed to sit in the chair. Left Junior Robert Boyles.

The student store pagoda is a popular place to eat and chill with friends.

Junior Eddie Rozzi "poses" and pretends he is actually doing his studies.

Senior Jenny Stikeleather needs no music to bust a move outside the JROTC building during lunch.

Junior Cassi Anderson and Senior Kelli Fuzy smile at Senora Lozano's "cute" little chunky doll.

Freshman Vanessa Finney watches her figure by eating her raisin lunch in Mr. Calabro's room.

Sophomore Lisa DeNio brings her guitar with her while waiting in line to buy her lunch from the student store.

Senior Eddie Carreon demonstrates the art of ZEN to Junior Mike Pines. Yellow shirts are, of course, a part of the path to enlightenment.

Freshmen Brenda Capo, Sara McCracken, Susie Wiles, and Jane Chai chat outside the school gym.

Watch out for Senior Jaye Moreau! She apologizes after giving Senior Justin Hunter a beat down in the foyer of the school gym.

Junior Victor Chon "Big Ballin".

# LET'S GO BLUE!

The competition this year was high and tension between Juniors and Seniors dominated the year's Pep Rallies.

Bring that Falcon spirit to the max! Cheers for homecoming court, basketball, volleyball, and other sports helped raise student morale. With a variety of games and spirit week, all students, whether freshmen or senior, were united as Seoul American High School Falcons.

The class colors purple, freshmen; green, sophomores; red, juniors; and black, seniors were abolished this year for a more unified school wide color system. The idea to have white and blue adopted (was all thanks to SCA.)

Some look dumb and some look scary, either way Juniors is a class to be reckoned with!

Seniors Jenny Stikleather and Diana Kinker. Don't they look enthusiastic at their senior year's first pep rally?

Seniors revert back to their kindergarten years by wearing Burger King hats that say Seniors on them. The pep rally makes everyone happy, you'd think they just got called down for the Price is Right.

One tradition that will never change...the band that plays as the rest of us yell GO BIG BLUE!

Freshmen stare, wide-eyed, at the entertainment produced during by the first pep rally of their high school careers.

Juniors rock da house when their screams echo throughout the gym. "JUNIORS JUNIORS JUNIORS!"

Seniors Daniel Werho and Stephen Lee are dressed up in white and blue, complimented by the customary BK crown.

Look at that muscle! Sophomores try as hard as they can to win the tug of war contest.

The fall athletics form a large huddle in the middle of the gym, just as the pep rally begins.

The deli at Dragon Hill Lodge is the only place to eat if you want terryaki chicken, donuts or coffee.

Burger King. Students eat here frequently because of cheap prices and good eats.

Over the years, students at SAHS have found numerous places to chill during their lunch hour. With an off campus lunch, students found it convenient to retreat to a spot away from the school to enjoy their meals. Burger King, Popeyes, Dragon Hill Lodge, and the Mini-Mall seemed to be the students' choice of where to purchase their lunches. They then return to school to eat in the classrooms. On days when the weather was fair, students took the opportunity to enjoy their lunch break outdoors. When the sun wasn't out and the weather was a bit nippy, most students chose to purchase their meals at the Student Store, which served everything from ramen noodles to soul food. With such a wide variety of outdoor and off campus places to eat, students seemed to enjoy the picnic area outside of Burger King the most. On campus there are pagodas where the students can sit with friends and enjoy a little quality time away from their busy school schedule. With nearly one hour for lunch, some students who lived near the school were able to run home and enjoy some home cooking with just enough time to be back at school for their next class.

Popeyes and BK can be seen from the school windows. Right around 12:25 students have their faces pressed against the glass in anticipation for lunchtime.

Lines are long but the wait is worth it. Once you smell the food you start craving the um umm good taste of Popeye's chicken.

Need a tan or fresh air? Eat your lunch at the shaded tables outside Dragon Hill Lodge.

For a little deeper tasting flavorfull fast food cookin' students take a seat at Popeye's.

Beautiful green landscaping makes the student store not only a peaceful place to eat, but an affordable one too.

## *Heaven on Earth* **Homecoming 2001**

If ticket sales are any indication of the success of an event, then Homecoming 2001 was clearly a standout event. Students eagerly anticipated the first dance of the year as the tickets were sold out before the end of the week. On November 3<sup>rd</sup>, 2001, the highly anticipated Student Council sponsored event took place from 7 pm to 11 pm on the Mezzanine level of the Dragon Hill Lodge.

Homecoming displayed balloons and other glamorous decorations to match the year's theme which was Heaven on Earth. "Homecoming was an extremely well organized event, and it was tremendous fun... For my first school dance (not including the Halloween one in the cafeteria in sixth grade) I thought it was a blast!" said Junior class president Kenny Wright.

Some found the crowded floors to be advantageous. "I thought Homecoming this year was better because there were a lot more different people to dance with," commented Junior Kristina Stewart.

Later on that evening the 2001 Homecoming Court was announced: King Markell Porter and Queen Michelle Bessette, Junior Prince Brian Chase and Princess Vita Chang, Sophomore Prince Leo Nierowski and Princess Jessica Berdine, and finally Freshmen Prince Joey Markham and Princess Stephanie Cho.

Overall, Homecoming 2001 was considered a success by many.

# JROTC

“PRE-PARE FOR IN-SPECTION!” With these words echoing through the Falcon Gym, the Far East JROTC competitions officially started on a cold December 6th. Seoul American High School hosted the competitions, which included three days of fierce rivalry among the schools and cadets. Schools from all over the Pacific came to put each other to the test. Eleven schools participated in all, which included schools from the Republic of Korea, mainland Japan, Okinawa, and a new member this year, Guam. Starting with small things such as the Inspection and Regulation Drill, and moving on to more exciting events such as Exhibition Drill and the Physical Fitness, the Falcons were successful in bringing home a handful of awards. While starting off a bit on the “slow” with the Inspection Phase and the morale of the Falcon team on the low side, when it came to the Rifle Competitions, they were unstoppable! When the competition and heat started to pump, it was evident that the Falcons were “IN THE HOUSE”! They placed 1st in Rifle and Physical Fitness events. Do not underestimate the cadets. These awards were not just “spoon-fed” to the cadets. While starting off early this year, due to the change in schedule of the Far East competitions, the cadets had very meager time to prepare. Working long and hard for several hours after school and even on weekends perfecting drill routines and movements, and firing on the range, the cadets had no time to waste. When they met for practice, they meant business! Although winning various medals and awards, the JROTC cadets’ most important accomplishment was the learning of high moral values such as integrity, pride, and responsibility, not through books or lectures, but rather through hands-on experience. The competitions turned out to be a great success!

# FAR EAST Drama

Actors and actresses are truly a breed of their own. With only three months of practice, the team pulled together their talent and brought home 10 gold medals and four silver medals, including the gold medals for Readers Theater and for the One-Act Plays. The long and grueling after school rehearsals were well worth the effort when the team competed with 12 other schools from throughout the Pacific. Before traveling to compete in Misawa, Japan, the group was no longer a team but a family. Together they endured tramping through snow and ice, endless plane trips, sleeping in freezing gyms, and brushing their teeth in the hallway of the youth hostel. To get through the hard times and add excitement to their lives, the group was often found creating raps, participating in sing-a-longs, telling stories, acting out skits from "Whose Line Is It Anyway?" and playing noisy games with pilfered plastic cups. After the competition the team hopped four planes back to Seoul. Once home, they performed a show for the community which included their gold medal winning Readers Theater and One-Act Play, as well as several individual performances.

## Falcons walk for the Eagle

By Lora Cheatham

Tired but loudly chanting "Go USA", approximately 600 students and community members walked for the Eagle on October 20.

Renaissance students at Seoul American High School sponsored the walk-a-thon to raise money and honor the victims of the World Trade Center and Pentagon tragedies. The walk-a-thon started in the Seoul American High School parking lot at 9:00am. Each walker selected three names from a list of victims to make the walk more personal in order for them to know for whom they were walking.

Junior Robert Hudson said, "We walked the whole way..." Senior Jerry Hayden finished his sentence by saying, "...to walk in memory of the terrorist attack victims."

Postcards were made by the Renaissance Committee to be sent to the victim's families with Seoul American High School's condolences. Freshman Zach Moulden said, "It was really cool for what we did it for; it was long and hard. I hurt my ankle but I'm proud to be an American." The walk was hard for most people due to Yongsan's rolling hills. Many people wore colorful clothes that had U.S.A. printed on them and carried American flags.

said, "I think it's great for our community to come together for a good cause." The walk-a-thon began with everyone gathered at the SAHS parking lot while Mrs. Lee's band members played the "National Anthem" and "God Bless America." The songs were followed by speeches from Ms. Marshall, General Schwartz, Ms. Pell, Jonathan Kim and Salina Bliss the Co-Presidents of the Renaissance Committee.

Junior Jake Whitney said, "We walked to liberate the lives of the lost." Many people were moved by the number of walkers who participated and also by the \$21,000 raised due to donations. General Shwartz said, "Thank you to everyone who participated."

# EXPRESS

The SAHS EXPRESS staff has strived to give the students of Seoul American High School a quality paper. The staff which consisted of: Juniors Brittany Adderly, Mike Pines, Chris Glasser, Kim Janes, Lora Cheatham and others worked tirelessly on their projects.

For the majority of the staff, newspaper was a first time experience. Newspaper advisor Ms. Wasson, tried to create a look of absolute perfection for this years edition.

Every current event from homecoming to September 11 to the presidential visit was covered by the paper.

This year's paper surpassed the excellence of any others. Newcomers Mike Pines, Lora Cheatham, Chris Glasser, and returnee Brittany Adderly attended the Far East Journalism Conference in Japan. At the conference, the staff received constructive criticism on newspapers they had completed earlier in the school year.

Read the paper. If you didn't like it this year, join next year and make it even better.

Sports writer Dave Orenaur gives Junior Mike Pines some pointers.

# = Stress

Senior Hailey Grandy complains to Junior Donna Sawyer about what a hard time she's having finding all the information for her page.

The yearbook was made by students for the people involved with Seoul American High School. Students and parents can look back at this book and remember the good times in Korea.

Yearbook club members sought out the information, and then the editors turned it into what you now see before you. Enjoy.

Sophomore Susan Anderson, purses her lips and thinks about what she should do for the sophomore superlative pictures.

Senior Christine Alequin checks over the information for the Homecoming page.

"Yearbook was a good experience because it gave me responsibility."

-Junior Donna Sawyer

"Yearbook was pretty fun and I met a lot of new people. Although it was kind of hard I had fun."

-Junior Jennifer Parrish

"Yearbook was stressful. But I was gone fishin' most of the time."

# JSHS

This year, students had an opportunity to put their knowledge of science to the test. The Regional Junior Science and Humanities Symposium took place March 25 through the 29, in Tsukuba City, Japan. Eighteen students, sponsored by David Cullen, picked a science project to do research on under the supervision of a mentor. After writing a paper on their subject, they sent them to a group of professors to be analyzed. Five students, Matt Chang, Vita Chang, Brian Chase, Jessica Lee, and Kristine Johnson, were chosen to give oral presentations on their topic. Thirteen students, Minji Lim, Karen Martinez, Terry Green, Susan Duggan, Hannah Kim, Jennifer Mundy, MaRee Park, Shirley Chase, Christina Gleaves, Kimberly McDaniel, Yeun Kim, Gina DeWalt, and Chris Choi were chosen to present their projects on a poster. The winners of the Regional Symposium would present their paper to a National Symposium in Washington, D.C., while the second and third place winners would receive scholarships. "The symposium sounded like a lot of fun since it was in Japan," said freshman Christina Gleaves, "and finding a project was interesting."

## ¿Habla Español?

“The Spanish Club is fun to be in because we get involved with the community. It also helps me work on my Spanish.”

-Junior Jorge Perez

The Spanish Club does a lot more than most people think. The members of this club participate in many activities to help students learn about Spanish heritage. This year the Spanish club sponsored a pageant during Spanish Heritage Month. The female members of the club dressed in traditional clothing while being escorted across the stage. Freshman Luis Feliciano and Senior Monica Ortman performed a traditional dance for a celebration of a girl's 15<sup>th</sup> birthday. They had also tried to raise money for a trip to Spain. The club planned a trip to the DMZ to give cookies to the soldiers. Every Friday after a meeting Ms. Myriam Lorenzo, a native of Puerto Rico and sponsor of the club, would give a phrase of the week in español. Juniors Mamello Mokhesi, Karen Foote, Kristina Stewart, Joseph Ellis, Holly Bellone, Elizabeth Hyucke, Mike Barry, Nino Etienne, and Christe Brickey are all members of Spanish Club, among others.

Spanish club members are from all walks of life and nationalities.

Junior Holly Bellone is escorted by Sophomore Emanuel Mercado.

Senior Daniel Robledo stands at attention while Senior Diana Kinker inspects a student.

Model United Nations members, Juniors Charles Hogle and Mimi Chang, Seniors Deborah Crabtree, Eddie Carreon, and Sara Coker are dressed up to meet the Ambassador of South Africa.

Sophomore Samantha Kleckner is inspected by Mr. Lee who is escorted by Junior Matt Chang.

Sophomore Leo Nierowierski leans out the student store window to take an order from a student to raise money for the SCA.

Eddie will protect her! Seniors Eddie Carreon, Will Nichols, and Undra Robinson all fight for the chance to help Diana Kinker with her work at an NHS meeting.

## Say What?

“NHS has been very successful this year. We have been able to buy books for children who can't afford them and give homeless clothes and shoes. I am proud to say that I am a part of the National Honor Society.”

- Senior Undre Robinson

“A lot of people complain that there are too many members in NHS, but I think it's 'A-OK' because I know Seoul American produces great students.”

-Senior Eddie Carreon

“NHS is good because we have so many opportunities to do things for the community.”

-Senior Katherine Foston

Senior Jennifer Bresnahan explains the intricate task of poking a straw through a Minute Maid juice cup.

Senior Eddie Carreon takes time to help Senior Diana Kinker with her work during NHS.

# NHS

The National Honor Society is an organization opened to students in grades 10-12 with a grade point average of 3.5 or above who have displayed good character, selfless service to their community and leadership skills. Future NHS members must fill out applications at a meeting with Mr. John Toomey. The NHS promotes community service as well as pushing its members for excellence in academics and leadership.

The NHS organized and planned many events in the school, Yongsan and Seoul community. The NHS has exhibited their devotion to the school by offering tutoring programs for all students, sponsoring school clean-ups, trimming the rose bushes, as well as having clothing drives. They provided English tutoring to Mongolian children by volunteering at a Mongolian School off base. NHS members have displayed their countless hours of service by being involved in Habitat for Humanity and a church building project. The NHS was involved in the annual Read Across America in honor of Dr. Suess' birthday. NHS members read books by Dr. Suess to elementary school students. This year the NHS is under the leadership of President, Senior Jennifer Bresnahan; Vice President, Senior Michelle Bessette; Secretary, Senior Theresa Park; Treasurer, Senior Hana Kim. Mr. Toomey is the NHS sponsor.

# Student Council Association

Improving student life and voicing the students' concerns is the sole reason why the Student Council Association is here. SCA members serve the students. This year SCA devoted numerous hours, after school and on weekends, to give the students the greatest Homecoming in SAHS history. "These are the Times," said it all because this year's Homecoming set the record for the biggest turn out of students, who were so satisfied, they hated to leave. The students could not stop talking about the beautiful decorations and the astounding DJ. This year SCA did something different, unifying the diverse school, by dedicating this year to multi-cultural awareness.

SCA set up assemblies for the students, dealing with the history of minorities, to educate the students' acceptance of one another, for the person they are inside. SCA, for the first time in SAHS history, made it possible to have a Field Day where everyone took a break from school to play in the sun, eat and have fun. The pep rallies this year were the best without a doubt. Each class had a great deal of spirit making class chants very competitive, but the seniors always came out on top.

The most important detail about SCA is that they are available everyday for any student that has a concern or a comment. SCA is the middleman between the administration and the students; they are always around whenever they are needed, to assist the students. This years SCA brought new ideas and events to the school and was the best SCA by far.

How do you

Secretary, Sophomore Jio Bruce is careful to listen to what everyone is saying and take good notes.

Senior Ester Hwang looks around because she hopes no one will see her talking to Senior Undra Robinson, the boy with the spoon dangling from his mouth.

Senior Eddie Carreon says, "Oh no you didn't..." when one of the other association members has an outrageous suggestion, after noticing something strange on his paper.

Junior Kathy Bradham tries to decide whether she should eat her chicken or biscuit first. Junior Elizabeth Hyucke prays that she can quickly steal a chicken leg from Kathy when shes not looking.

"Mrs. Wilkins...Undra...What else can I say! I'm gonna miss Eddie and his crazy self."

# MUN

The Model United Nations at Seoul American is revered not only by its students, but also by the member schools of the Far East conference. The 2002 Far East Model United Nations Conference was held in Seoul from the 20-22 of March. This year, Model U.N. celebrates a "Decade of Excellence" here in the DoDDS Pacific Region. The Far East Secretariat and staff members were all appointed from Seoul American. They are, Secretary General Senior Deborah Crabtree, Assistant Secretary General Junior Charles Hogle, Security Council President Senior Eddie J. Carreon, Security Council Director Senior Sara L. Coker, Economic and Social Council President Senior Cindy Perez, Economic and Social Council Director Junior Mimi Chang, and Press Secretary Junior Patricia Mayer.

To prepare the delegates for the spring conference the Model U.N. held six "mock sessions," one to debate each of the topics and to become competent in parliamentary procedure. These "mock sessions" began immediately after school and often ended five hours later, their longevity solely attributed to extensive research and accurate representation of a country done on the delegates' part. The two most prestigious positions for any school sending delegates to the Far East Conference are the Head of Mission and Deputy Head of Mission of a delegation in the Security Council. This year Seoul American represented the Republic of France and appointed Senior Undra Robinson II as Head of Mission and Sophomore Rebecca Wellons as Deputy Head of Mission.

This year was extremely successful and the returning delegates are preparing for new and challenging international confrontations for another year ahead. The Seoul American High School Model United Nations is an elite organization that develops the skills of writing, articulation, research, and knowledge of world events...attributes of the *future* leaders of both our national and international community.

Sophomore Leo Niewierowski and Senior Eileen Ley discuss the future interests of France.

Senior Eddie Carreon sits patiently as a peer discusses changes that need to be made on behalf of his country.

## Say What?

“MUN was a lot of fun this year. Difficult sometimes, but we survived and had a lot of fun. Go France.”

-Sophomore Leo Niewierowski

Senior Undra Robinson, Sophomore Elizabeth White and others help to set up the MUN mock session.

Freshman Donald Lee presents future plans he has for his country.

# Say What?

"It was nice how the whole school worked together for the Walk-a-thon. It opened my eyes more.

-Senior Latoya Dozier

"I had a lot of fun in Renaissance this year. This Walk-a-thon was an event that has had an enormous impact on me, as well as the entire school."

-Senior Hana Kim

"It's very fun to do and Ms. Pell is very nice and funny. Everyone participates so I enjoy being in Renaissance."

-Sophomore Michelle Park

Junior Robert Boyles is attacked by a little green monkey he won as a raffle prize.

Junior Ron Park raps during the Renaissance assembly.

# Renaissance

Renaissance assemblies are held every quarter to award students who have done academically well in the school's eyes. The Renaissance Committee dedicates themselves to encouraging students to exceed their own expectations. Students participate in a raffle that gives them an opportunity to win certificates, stuffed animals, or electronic items. Students wait excitedly for the possibility of winning a phone card to call the states!

Students with a grade point average of 3.0 or higher receive blue, gold or platinum cards. Students who achieve an improvement in their grades from the previous quarters of .5 or higher receive a white card.

Many people enjoy attending the assemblies because of the entertainment provided by their peers. Students are honored during the assembly for different achievements along with teachers who are chosen each month by the student body.

Renaissance committee also organized the walk-a-thon to help raise money for the victims' families after September 11. Students from SAHS, SAMS, SAES, and other members of the community walked 10 miles for donations to families. Over \$20,000 was raised in honor of people who lost family members to The World Trade Center and Pentagon tragedies.

Mr. Rozzi presents an award to Junior Victor Chon that he will cherish and sleep with every night.

General Schwartz presents checks to the Renaissance committee members, Seniors Salina Bliss and Jonathan Kim.

Seniors Jenny Stikeleather and Miji Dalton applaud Senior Undra Robinson and Junior Cherie Bessette after the completion of their duet.

# THE FACULTY

The staff and controlling hands of Seoul American High School.

Surprise surprise....!librarian Ms. Rigor is reading a book!

Mr. Toomey gives one of his AP English students a chance to experience one of his infamous looks.

Ms. Marshall promotes reading with a smile. Pick up a Harry Potter book at your local library or PX today.

Mr. Rozzi, mild mannered principal or superman? You decide.

If only all teachers could be this FINE. Long beautiful blonde hair atop the heads of Ms. Massengill and Ms. Clark as they demonstrate one of the spirit days, Costume Day.

The stunning Mr. Behr and tuff Ms. Wasson display a tennis skirt and football uniform, not because they are cross dressers, but because they are dressed up for sports day.

The Science Department. Mr. Camerud, Mr. Sidoff, Ms. Martz, Ms. Dix, Mr. Cullen, Mr. Martin and Ms. Powell.

**NEW FACE ON CAMPUS!**  
Mr. White flashes his pearly whites, excited to be at his new school.

Ms. Diggs, Junior Susan Page, and Junior Victor Chon work on the yearbook over one of their many tiring weekends.

Ms. Jeter is even more organized than the average Superintendent's wife. She's new to SAHS this year and keeps her student records in order.

**Hear no evil, see no evil, and speak no evil.** Ms. Martz, Mr. Kirby, and Mr. Gregg pose on a tank.

**BLAST FROM THE PAST!** Mr. Kim (2002) Left, Mr. Kim (1995) Right

**\*WINTER SPORTS: BASKETBALL, WRESTLING, AND CHEERLEADING.\***

**\*SPRING SPORTS: SOCCER\***

Freshman Ben Infanti waits for the rebound as Freshman Phillipe Anglade takes a shot.

Freshman Kris Stadler jumps in front of an opponents' shot.

The team prepares for a penalty shot, they calmly stand with hands on their hips.

Falcons spread their wings in defense as SFS attempts to pass by them.

### Season scored 2001-2001

When playing SIS, OSAN, Taegu, Pusan, SFS, ICS-U, ICS-S, and TCIS, falcon's record was 17-0. When playing adults from CRC, Taegu, Humphreys, Alumni, and Kamaka falcon's record was 0-5.

# Boys BBall

The 2001-2002 boys basketball team had another successful season. With no returning players, the team dominated the KAIAC championship. Although the boys did not win the Far East championship, the team showed determination and great sportsmanship throughout the competition.

Team member Robert Hudson (11) said, "The season went well, but we could have worked a little harder at the end. We played pretty well as a team." This years varsity team measured up to the previous teams, by showing their dedication and determination on the court.

With managers and a coach who would not give up on the team, the boys varsity proved to be one the best in SAHS history. Returning coach Boyd said, "It was a very successful season, considering we won the KAIAC championship, and I wish they had done better at our Far East tournament. The players tried hard and gave it their all and as coach, that's all I can ask."

Junior Nino Etienne's dunks wipe out the competition.

How did it feel to dunk the last point of the SFS game?  
"It was like any other dunk."

-Junior Nino Etienne

"My 360 alley up dunk between the legs over the 7 ft. dunk was definitely the most memorable part of the season."

- Junior Chris Glasser

Senior Olivia Anglade attempts to make a penalty shot as the rival school prays the ball doesn't reach the net.

Freshman Shaquia dribbles the ball past her slow opponents. Sophomore Jio Bruce has her back and Senior Olivia Anglade is ready for the pass to her left.

Lady Falcons rush to block their opponent's weak attempt to score.

Sophomore Cinnamon Middleton prepares to pass the ball as she looks over the court for an open player.

# Girls BBall

"The season was very successful. I was very proud of our team making 3<sup>rd</sup> place in Fareast."

- Senior Erika Taylor

"I'm really proud of what we accomplished this year; finishing the season with 3<sup>rd</sup> place Fareast tournament."

- Senior Jennifer Pettiford

If there is one thing that has to be said about girls basketball it is that, "coming together is a beginning, working together is a progress, and keeping together is success." This is what the girls basketball team successfully realized, this season. In the beginning the Lady Falcons came together as a team. Each member had something unique to contribute. Throughout the season the team had their ups and downs but in the end they pulled through it all. The Lady Falcon's season was 13-1 and achieved 1st place in the KAIAC conference season.

The Falcons then traveled to Far East in Okinawa, Japan. Throughout the course of the week, the Falcons sought the true meaning of teamwork and sisterhood. The Falcons proudly took 3rd Place in the Pacific and had two members named to the All Far East Team, Seniors Olivia Anglade and Erika Taylor. In their hearts, they felt the true meaning of basketball, and what it is like to be a "balla". All in all, the SAHS Lady Falcons had a truly awesome season.

# Lady's Volleyball

Those who play sports know that this year was a rebuilding year for many teams. Among those teams was girls' volleyball. With only one returnee, Erika Taylor, the team knew that they would have to struggle. The team consisted of 5 JV bump-ups, 1 returnee, 2 athletes completely new to the sport, and 1 new student.

The girls were given the opportunity to travel to Hong Kong. The team experienced volleyball at a new level. Giovanna Bruce was named to the All-Star team. Although, the team did not do as well as planned, they were given a little taste of the intensity they would soon feel at Far East.

When the ladies returned to SAHS, they were ready for whatever challenge was next. Although the team did not have the best season, they still gave it their all.

Prior to Far East, the ladies played in the KAIAC tournament. They ladies regained the respect they deserved by taking 3<sup>rd</sup> place. Erika Taylor was named to the KAIAC All-Conference team and Jio Bruce and Kathy Bradham were named to KAIAC All-Tournament team.

Upon the arrival at Far East, no one knew what to expect from the team. When the ladies beat CAJ and Seisen, all the other attending teams were surprised. They had an awesome Far East tournament even though they did not place. The team is ready for next year with four players coming back.

Junior Ashley Mounts bounces the ball to warm up before the game begins.

"Volleyball has been a great experience. No one knew what to expect from us, but we were always ready for the unexpected."

-Junior Kathy Bradham

"We were a new team. We had our ups and downs but by the end we all bonded... including Coach Hilgar."

# Guys Volleyball

It is truly a feat when a team with hardly any experience in a sport can come together and do well. The boys' varsity volleyball team did just that. With only one returning player, and one with some previous volleyball experience, the team did extremely well, surpassing the expectations of their coach, Lori Cannon.

As is the case with any rookie team, they experienced some ups and downs throughout the season, which not only frustrated the coach, but the players as well. As one player stated, "Every match we came out strong and unstoppable." For 90% of the season, that intense start was all guys volleyball needed. But Seoul Foreign School had their number; they knew how to pick them apart as a team. "As a result, we lost 0-3 against them," said Senior Stephen Lee.

The Falcons received 2<sup>nd</sup> place at the conference. In the KAIAC tournament, they went undefeated until losing to SFS in the final month.

All in all, it was a successful season. WAY TO GO FALCONS!

Senior Stephen Lee fiercely returns the ball as Senior Doug Howard watches in disbelief.

Senior Daniel Werho sets the ball with perfect skills to his team mates.

Seniors Daniel Werho and Nathan Han prepare for a serve for the opposing team.

Junior Mike Pines is ready for anything that might come his way.

"Being the only returnee, I was disappointed in the beginning but we came together as a team in the end and did very well. Thanks a lot, Julian Harden."

-Senior Doug Howard

"Blocking every single one of Jonathan Kim's spikes was the highlight of my season."

## COACHES CORNER

Coach Lori Cannon

"I was very impressed with the results of our season because of the fact that our team was made up of soccer players, a cheerleader, H.O.T. wannabes, and two actual volleyball players, but in the end they were all volleyball players."

# Cross Country

Cross-country is an individual sport. The only opponent is your own physical and psychological limitations. Among runners it is said, "You are not a real runner until you vomit and collapse at the finish line." Pushing your body to the very brink of collapse everyday in practice; discovering what your body is capable of doing; fighting through the pain; and then having the mental stamina to return the following day- this is cross-country.

The fire was lit on the night you were born.  
There's a light in you that's meant to move through  
the wind, and the rain, and the heat, under the sun,  
under the stars, forever.

There's a place where everything flows and no one  
can tell you how to get there but,  
You stretch, you shine, you breathe, go where you  
want to go. The light's already in you-

Let it burn.

# tennis

The 2001 tennis team worked hard for the team's 2<sup>nd</sup> place title at the Far East competition. The team has grown together over the past couple of years and will be together for one last season. They push each other very hard and for the most part, get along. With four returning seniors the team was looking forward to a great year. Also, two pleasant surprises came from other seniors, one a transfer and the other a newcomer to the tennis team. As intended, the team trained extremely hard. Falcons tied for first place in the conference and took second at Far East in Okinawa, Japan for overall team standings. These standings included the boys finishing in 1st place along with a girl's fourth place title in singles and fourth place title in doubles. The Falcons had an enjoyable experience this year that ended on a positive note.

Spectator Junior Josh Kim and the rest of the tennis team quietly watch Josh Pierson win his first match of the season.

"We had a successful season this year but I wish I could have done better than 3<sup>rd</sup> at Far East. I have next year's Kanto Plain's tournament so look out Japan."

-Junior Josh Pierson

"Tennis was great, excellent, superb, outstanding, magnificent, hardcore, ddak ddak hae."

-Junior Sam An

"If better is possible, then good is not enough...ahem...Coach Harden."

-Senior Olivia Anglade

"Although practices were long and hard, all was worth it. Getting 2nd place at Far East was awesome. If better is possible good is not enough. Anyone want sausages....?"

# wrestling

For the wrestling team, this year has been a major disappointment. With experienced leaders leaving and new comers arriving, this sure was a surprising year. Without the leadership of Ray Lamb or Randall Hull, Kellen Bean and Mike Pines took charge. The wrestling team worked harder and harder day after day. With the team spirit of each individual and the pride to be on the Falcon wrestling team, they were yet to have another undefeated season.

Competing against Osan and Teagu American High Schools is not enough for these talented young men. While they completed 50 push ups at the beginning and end of practice, 50 sit ups at the beginning and end, and wrestling for 2.5 hours at practice, these young men never thought of giving up. Coach Harden provides support and encouragement. If someone lost a match, can not make the weight, or the intensity level is high, he likes to say, "Don't cry because it is over, be happy because it happened!"

Although this year was a building year for the Scoul American High School falcons, this was undoubtedly a year to remember.

Senior Kellen Bean presses his rival to the mat.

"Wrestling has helped me to increase my physical attributes, to the point where my clothes don't fit any more, it's surprising really."

-Junior Eddie Rozzi

"We had a new team this year, with only a few returning wrestlers, but we pulled off a successful season."

-Junior Mike Pines

"If you always do what you've always done, you'll always get what you've always got!"

# YES FOOTBALL

If there was one word to describe the 2001 Falcon Football season, it would be "changes". The long heated rivalry between the Yongsan Dragons and the Yongsan Raiders was hosed down this season with the integration of both teams to form the Yongsan Falcons. The Falcons, lead by the All-Korea captains, Markell Porter and Robert Boyles, finished the season 6-0 to be the Varsity League Champions. Like the tenacious bull with its ferocious power, the Falcons tore dreams and slashed hopes of their opponents and made them think about next season from the very beginning. The running back trio of Markell Porter, Robert Boyles and Donnie Hollis anchored the offense. But you can't leave out the people who were there to help the Falcons up when they slipped, people like Chris Glasser, Herald Ortwig, Chaun Williams, Jaquell Triplett and Jonathan Miller. The Falcons racked up more than 2000 yards and put terror into the souls of their opponents. The motto the Falcons stood on was "you mess with the bull, you get the horns." The defense was described as "the best seen in Korea." They only gave up 60 points said head coach LaRoy Slaughter. Although the football team isn't a school affiliated sport the players still represent Seoul American High School Falcons and they did their best by playing their hearts out throughout the season.

Sophomore Leo Niewieroski and Senior Markell Porter take a break on the bench before their game.

"My last year of playing football was a life changing experience it made me look further into my future."

-Senior Markell Porter

"I enjoyed playing football. Last year was my best year because we went undefeated and we were undefeated and went to Singapore to play in the World Bowl."

-Junior Chaun Williams

"Football is a game for the strong. You must play with honor, courage, bravery, and confidence...you must be a warrior. FO SHO!"

-Junior Josh Kim

Senior Markell Porter glides past fallen rivals.

Number 22 is taken down by the Falcon's airtight defense.

Number nine shuffles around the opposing team leaving them in his dust.

The newly created Falcon's team walks into the sunset, or the fence, which ever comes first.

Players, coaches, and the ladies that cheer for them take a minute to pose on the Falcon Field.

# Cheerleading

To the G- To the O-Yell Go-FAL-CONS-GO! The Varsity Falcon Cheerleaders start off the season by attending the Cheerleading Camp in Yokota, Japan. This brand new squad with only two returning squad members really hit it off and came together to win 3<sup>rd</sup> place at the end of camp competition. Winning 3<sup>rd</sup> was quite an accomplishment for these girls because they were competing against squads that had been together all year and the Falcons were missing two of its members. Through hard-working days, many bruises, and pain these girls made sure they always had smiles on their faces. They won the spirit stick

Juniors Christe Brickey and Victor Chon. His hand seems to have disappeared.

"Cheerleading was fun because we got to get closer to each other and I learned how to STOMP!"

- Senior Cindy Perez

"The most enjoyable thing about cheerleading was getting all pepped up for pep rallies"

- Senior Miji Dalton

-Senior Ashley Diefendorf

# Boys SOCCER

“WHAT TIME IS IT? GAME TIME!” -

These were the words that echoed throughout the pitch during the Falcon Boys' Soccer season. With the burning sun rolling high, the taste of sweat, a little bloodshed, and a dose of adrenaline was exactly what the Falcons experienced this year. The Falcons returned with Seniors Jonathan Kim, Daniel Werho, Glen Miyamura, Josh Martz, Carleton Smith, Juniors Victor Chon, Steve Vasconcellos, Scotty Brennan, and Sophomores Zack Miller, and Will Parker. They proved to be an unstoppable force of pure soccer skill.

The Falcons exploded onto the pitch once again, annihilating their opponents with ease, defeating their arch rivals, the SFS Crusaiders. The Falcons successfully finished the KAIAC season as the champions with no losses and two ties. Pride, knowledge, winning spirit, and unity were the key aspects that created and upheld the Falcon Boys Soccer team. With Mr. Boyd's second year of coaching the team, he knew exactly what was expected to always end up on top. Whether it is physically or mentally the Falcons have what it takes to be the champions.

“Its all in the native power! When you feel the drum beat pounding inside you, you know that there is nothing else in the world except football.”

-Sophomore Zack Miller

“Soccer is not about scoring, it's about winning.”

-Senior Glen Miyamura

“Soccer is something more than just plain old running or individual skill. It requires exquisite and perfect team compatibility as it is a game of passion and straight forward fun.”

-Junior Steve Vasconcellos

# Girls Soccer

“We are the champions my friends...” The impact of the leather ball, the scream of the whistle at the start of the game, and the crowd cheering at the top of their lungs, “Go Falcons!”

The team worked together because they had a common goal; be the best of the best, and they have been for the past 4 years. Soccer is a strenuous sport, constant running back and forth isn't enough. You must sacrifice your body for the team. Bruises, blood, and injuries are a common occurrence during a soccer season.

Falcons may be tired during games, but they are determined. Pride in the Falcon name and an adrenaline rush during the game, fueled the girl's need to win. The Lady Falcons were victorious from the start. The team edded the season with their fourth consecutive first place KAIAC Conference Championship title.

“Soccer does the body good.”

# Latoya Dozier

Latoya,

I'm so proud of you! You've grown into such a beautiful young lady. I knew the moment they placed you in my arms, that you were going to be a joy.

Latoya, I know it was hard moving to Korea in your senior year. But you hung in there & accomplished so much. You work, take care of Tangeria, go to school, and still have the time for after school activities. Latoya you still maintain an A to B average. I couldn't ask for more.

Latoya you are my best friend, my lawyer, my doctor, and my mom. You have been beside me thru everything. You cheer me up when I'm down.

Your dad and I along with William, Andre, Tanya, Michelle and Sonya. Your 8 nieces and your nephew are so proud of you and love you very much! "You are truly our Princess!"

Love You,  
Mom, Dad, sisters, and brothers!

You can't be all things to all people.

You can't do all things at once.

You can't do all things equally well.

You can't do all things better than everyone else.

Your humanity is showing just like everyone else's.

So:

You have to find out who you are, and be that.

You have to decide what comes first, and do that.

You have to discover your strengths, and use them.

You have to learn not to compete with others,

Because no one else is in the contest of \*being you\*.

Then:

You will have learned to accept your own uniqueness.

You will have learned to set priorities and make decisions.

You will have learned to live with your limitations.

You will have learned to give yourself the respect that is due.

And you'll be a most vital mortal.

Dare To Believe:

That you are a wonderful, unique person.

That you are a once-in-all-history event.

That it's more than a right, it's your duty, to be who you are.

That life is not a problem to solve, but a gift to cherish.

And you'll be able to stay one up on what used to get you down.

Stephen,

We have watched you grow and mature into a wonderful young man. While we send you off with sadness in our hearts, we know you are ready for the new and exciting adventures college will bring. As you look back on the first part of your life, cherish those moments and the memories of the family, and your friends. Remember the history we experienced in Berlin, Germany, the times we all spent on the ball fields of Arizona and Virginia and the concern we all shared on the move to Korea. Through it all you have been strong, positive and a joy to be around.

Love, Mom and Dad

# We Love you Miji!!!!

To a very special daughter who brings happiness to all around her! You'll do great in college and in life!  
 We miss you already!!  
 Love Mom and Dad

*We are very proud of you. We love you and God bless.*

*Mom, Dad, Samantha, & Jerry*

It has been a joy observing your growth into a very handsome, intelligent, talented and humble young man. God blessed you with all of the above and more. A family could not ask for a better son, brother and a friend. As you complete this phase of life's journey, remember that there will be trials and tribulations along the way. Do not be discouraged because you're never alone and you can do all things through Him that comforts you. We will always be there for you; just like your sister.

Always remember that your successes and accomplishments are not solely due to your hard work but to God and others. Always give Him, His due because "Man" never does it alone. Success is also measured through the support you provide others so don't forget to always help your fellow man without the thought of personal gain or reward.

Lastly, God did not give you the courage of fear. Courage comes from within so follow your heart, which will lead you to the "unreachable stars" as the song "Climb Every Mountain" eludes!!!!

We are very proud of you. God's speed and Blessings in everything you do. Love you!

**Mom and Dad**

*Undra, I wanted to write you a pretty poem or a song with lovely words.*

*Something saying just how great you are which is something I'm sure you've heard.*

*I wanted to say how smart and intelligent you are with the soul of an angel, as well as his heart.*

*I wanted to make it all mushy, and gushy and say how you are my best friend.*

*But this is all I could come up with in the end!*

*So, I'll save the pretty poem, and the lovely song. And tell you 4 things, that in life will help you along:*

1. Party Hard
2. Stay Out Late
3. Take Chances
4. Only follow rules 1-3 after you've taken care of ALL RESPONSIBILITIES!!!!

*I love you, and go make our money,*

# SHOW CHOIR

**SAHS Show Choir** members' sing and dance performance at the Officer's Wives' Club Christmas Party. The performance was a great success. The Choir members wore red and green outfits that embellished the Christmas spirit. The party attendees were greatly satisfied and amused with the Choir's professionalism. Show Choir was then invited to many more events to celebrate the Holiday Season of the year.

**SAHS Show Choir** members of SY 2001-2002 pose with General Schwartz at the DHL Mezzanine after a successful performance.

# A message from the Editors...

Editor in Chief,  
Susan Page

Working on yearbook has changed the meaning of Stress. At first I wanted things to be perfect, but the more I worked on it and realized that most of you wont notice, has changed the way I want things now. I had lots of fun working with the editors and i'll always keep all of the memories...
