## DODEA VISION

To be among the World's leaders in education, enriching the lives of military-connected students and the communities in which they live.

## DODEA MISSION

Educate, Engage, and Empower each student to succeed in a dynamic world.

## SHAPE Elementary School's Vision

Educate and inspire, every day, in every way!

### A MESSAGE FROM YOUR PRINCIPAL, DR. MARIO VANHEUCKELOM

Dear SHAPE Knights,

What a fantastic year we had! As we get ready to move into our new school, we say good-bye to our 6th grade students who will be joining the Middle School next year. You are part of this historical moment, and I hope you will have fond memories of the times you had here. This book will certainly help remembering the friends you made, the teachers you had, and all the adults at the school that were here this year to help you. I believe that we are maintaining our Blue Ribbon School status, thanks to you. As you look to the future, think about the role you play in this world and how you can make it an even better place than it is today. After all, you will one day be in charge of running the place. I am so proud of my students (all of you) at the school. Never in my career, have I seen such motivated students with an eagerness to learn, making the right choices, and more important your growth into a contributing member of our diverse world. Everything you experience today, good or bad, will create the person you will be when you grow up. A great teacher from my past once told me "From Adversity Comes Steel". He meant that it is not how hard you fall or how bad a situation brings you down; it is how you get up from it that makes you stronger and turns you into steel. In today's world, you are faced with many challenges that may get you down, but you must get back up and grow from it. Do not give up.

I also want to thank the staff and community for your commitment to our students, they are the leaders of tomorrow, and it takes our entire village to raise them. I am confident that this book carries many memories that will put a smile on your face now and in the future. Have a wonderful summer.

Sincerely,  
Dr. Vanheuckelom

### A MESSAGE FROM MS. MONICA M. J. HARVEY, Assistant Principal

As I reflect on memories and events over the last 2 1/2 years here at SHAPE Elementary, I focus fondly, on the remembrances of all students; their skills, characteristics, potentials, arts, talents and abilities. We, as a school, have so much to celebrate because of our students' unique traits. Our students' traits assist me, as Assistant Principal, to keep my perspective and to remember the things that makes school and life worthwhile... building a positive, successful foundation for each and every student and ensuring that each day nurtures all students to achieve by accomplishing short and long term goals... do this, and the rest will follow!

I am proud of our students, parents, teachers and staff members for their hard work, dedication, accomplishments from formal skills to social skills and from creative skills to academic skills! Our students continue to excel because of our partnership! Children are naturally inquisitive; we capitalize on this and enhance it through appropriate assignments, projects and activities. It is an honor for me to be a part of the growth process here at SHAPE Elementary School. I hope that I have given at least one positive memory to each student, each family, each teacher and each staff member here at SHAPE (or was here at SHAPE) that will make them smile in knowing that I love and care for them, greatly!

Dream, Dedication and Determination... SUCCESS!

All My Love,  
Ms. Harvey

## Working with the pictures

Marta Flores, Lalasa Glenn, Jessie McLaren, Ilah Perez-Johnson, Haley Swanson, and Sara Zarco-Lens all worked hard to learn how a yearbook is put together. They were Ms Egbert's yearbook staff. Great job, girls!

Raising the flag!

Mr. Helfenstein taught the 6th grade students proper flag etiquette!

Nolan, Kostas, and Cate fold the flag properly.
