Homecoming 2009

Blue and yellow balloons covered the floor, and Christmas lights hung from the ceiling. Girls in heels were accompanied by boys looking classy in button-down shirts and nice slacks. "Take it To the Limit" was the theme for this year's Homecoming Dance, held October 10.

Between disco lights and pounding basses, the party was alive. Chips, cookies, and chicken wings were available to keep the student's appetites satisfied. The school sold 120 tickets, which meant that almost the whole student body participated.

"The fact that we sold that many tickets

was great," Teresa Urquilla, faculty sponsor, said. "It was my first dance and I learned a lot. The kids who wanted to have a good time did."

Halfway into the party, the Homecoming Court slow danced to the song "Take It to the Limit." The song was the inspiration for the theme of the night. "It was awkward because we had to dance in a half-moon with the rest of the high school watching us," Joseph Coleman, voted freshman Lord, said.

Twelve volunteers took the time out of their night to chaperone the dance.

Courtney, Tianna and Elizabeth give the dance a thumbs up.

Darrion and Haliegh dance the night away.

Sigonella NJROTC Cadets participated in a number of exciting activities this school year, including the All European Air Force-Navy Drill competition, in which they won 8 trophies. They also participated in various school function ceremonies, Air Rifle competitions, and a cruise aboard the USS Mount Whitney. These students learn leadership, honor, and precision by participating in this program. Cadet Jordon Rettie reports to the U.S. Naval Academy in June of this year.

A Game of Strategy

The Sigonella M/HS Chess Club was organized to offer a range of personal challenges to our strategically and tactically minded students. Students focused on building skills rather than entering into a classification structure. We had fifteen members who enjoyed the twice weekly competition. The field of honor met on Tuesdays and Thursdays during lunch in Mr. Waddell's room.

Lunchtime at Sigonella

Commradery starts here- the Sigonella lunch room. Lunch is the time of day when students can take a break from their schoolwork, hang out, and be themselves. The cafeteria offers many delicious and healthy choices, but students aren't just limited to the school cafeteria. Many high schoolers, with a GPA of 3.0 or higher, enjoy eating and having fun at the base food court. Some students, like Gabby Kesterson think the food in the cafeteria is "first class and better quality" than most schools.

Others, like Leiny Ramirez look for a "greater variety at the food court and commissary." Because Sigonella is an integrated Middle/ High School, people like Hailey Flanagan like spending their lunchtime off campus because "it separates us from the middle schoolers and gives us a bigger break from the school environment." Both are great options for students to relax and refuel for the rest of the day. So no matter what kind of lunch you like, buon appetito!

What's in your locker?

Isabella Mullen has got the locker thing all figured out.

Lockers are one of the many things that elementary school kids look forward to in middle school. It's a very good idea to have them for storing bags and books too heavy to carry around all day. They serve a very good purpose as well as saving our backs from the weight. They are fun to customize and it makes us feel as if we really belong in middle school.

Signonella Middle/High School information center has been the corner stone for our education since the first day of school. Both teachers and students have used its many resources to assist them. From its shelves filled with frequently updated books and videos, to the computers and laptops available with Internet access, our library is a wonderful place to learn. There is one person to thank for helping us and caring for the library, Mr. Brown. Mr. Brown has not only been our librarian for many years, he is also a caring teacher who cares about our education.

Mrs. Andrews reads with Trenten James in Spanish.

Mr. Iozza has a unique perspective, as Italian is his first language.

Ms. Urquilla answers questions for her student, Cyara Meza.

"Ciao!" or "Hola!"

You have the choice between two foreign language classes here at Sigonella; Spanish and Italian.

Ms. Urquilla teaches Spanish I and Spanish II. She's been a teacher for ten years. When asked what she liked about teaching, she said, "I like it when the students want to be there, learning a new language. I get to practice with it, because it's not my first language, and because I get to see how much the students have improved."

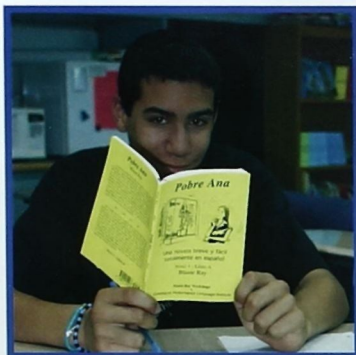

Mr. Iozzia teaches the Italian classes. He has been teaching Italian

for twelve years. When asked what he liked most about teaching, he responded, "Going to the exchanges and trips, that's the best part, so the students can experience the culture and language."

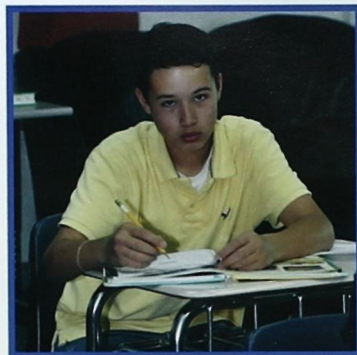

Mrs. Andrews teaches Spanish I, II, and III, and IV. She has been teaching Spanish for fifteen years. When asked what she liked most about teaching she replied, "Playing with the language. The world is shrinking. The more languages you know the more people you can converse with."

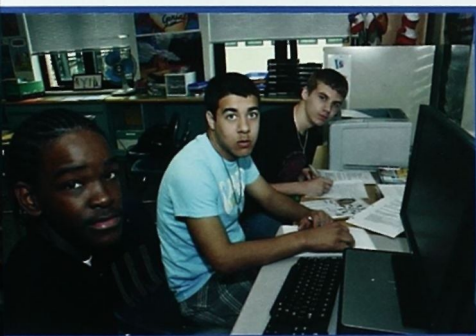

Deanna Brown loves Spanish with Ms. Urquilla!

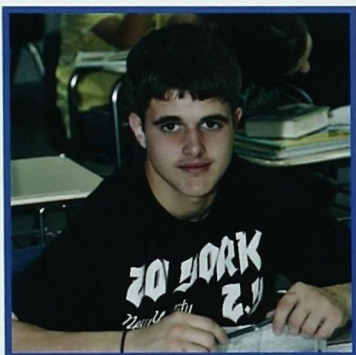

Garcia asks: "Who is Ana and why is she poor?"

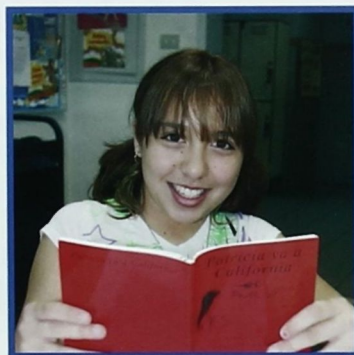

Kalani looks forward to class every day.

Larry, Tony, and Michael are working hard on their "Ideal Date" project. NOT!

Albert Brandon studies for the next test.

AVID About Learning

Joe, Gabe, and Anthony ask questions during the Socratic Seminar

The AVID class at Sigonella offers students opportunities to learn leadership, organization, self-advocacy, and study skills. This year in AVID, we have learned how to identify and use our talents and we have also learned how to keep our shortcomings from being barriers to success. Here is what AVID students said about the program this year:

"It's a great stepping stone towards college."

- Anthony Belicena, 12th grade

"It's fun and keeps me organized and on track for school and going to college."

- Deeanna Brown, 9th Grade

Discovery in the Lab

Mixing chemicals, measuring, studying results, and all the other things that happen in science lab, it all comes down to discovery. We

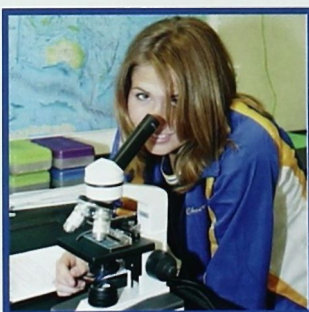

learn how to attain knowledge by studying, and by hands on practice. You can't just read about the laws of chemistry, you have to roll up your sleeves, put on your goggles, and get in there and investigate. Who knows, one of us may someday be the next Albert Einstein.

Distance Learning

At the end of this school year seven students will have together logged over 700 hours on a school computer completing a distance learning (DL) class, a course offered online for school credit.

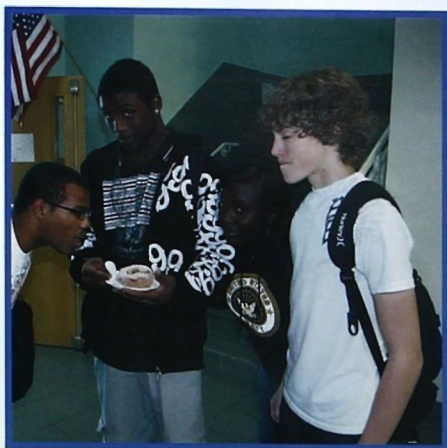

Junior Amanda Bay described a popular sentiment toward DL courses saying, "Only take a DL class if you can't take the actual class in school."

As a Senior, Nate Niemann uses DL classes to meet graduation requirements.

"Nutrition Break"

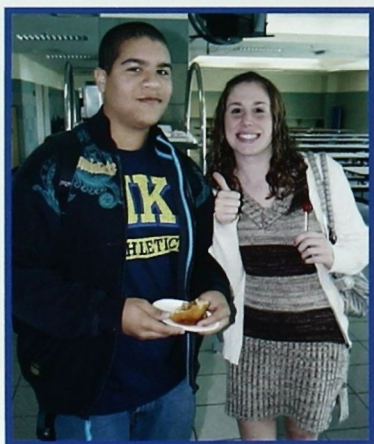

Manning the Jaguar snack bar

Nutrition break is an essential part in the day of a middle or high school student. It is a ten minute break for snack between periods one and two. The most common place to buy a snack is in the Booster room, a solely-nutrition break room where the Booster Club sells food. Rotating through the weeks, school organizations help the Booster club and get half the profits. Halfway through the year the middle school student council opened a snack room. Motivated by the principal's wishes, the room sells only healthy foods.

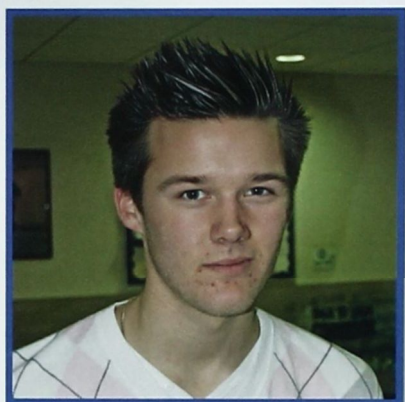

Marco enjoys a tasty sugar doughnut

The Snack Shack

Connor Quinn - "Senioritis is just basically slacking off at the end of the year. You're excited for summer and you're ready to get out of school. It happens to everybody, every grade level."

Dylan Blomgren- "Pure lazyness. Lazyness in it's purest form. It can be overcome with determination and hard work."

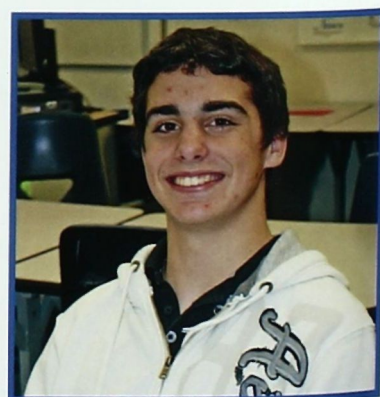

Nathon Vaught - "I think Senioritis is lazyness. I'm going to graduate, why do I have to do anything? It's in the bag. But I don't think it's only seniors. It could be any grade towards the end of the year."

"Senioritis"

Denice Patron - "Senioritis is when all the seniors in school get real lazy and don't want to do anymore work. We are ready to graduate."

Jaquinen Swisshelm - "Senioritis is when seniors get lazy at the end of the year. It can happen in college also."

Patrick Burke - "Wanting to graduate. Needing to graduate. Getting out of Sigonella. Senioritis only exists on the island of Sicily. It's the isolation here."

Artistic Creations

Gregg and Bretton sketch pencil drawings outside.

Getting your hands dirty is just part of the routine when you get to create things in art class. There is nothing better than being able to create a piece of art on your own. Your creation is part of you. Your creation comes from inside. Whether it's drawing with pastels, getting your hands full of clay, or working with other materials, art is anything you want it to be. Art lets your creative inner self come out for everyone to see and appreciate.

"The Sport of the Art"

Escorting our Jaguar football team at Homecoming

Raven and Jordyn on the sidelines getting ready

Flagline is an outdoor flag activity that is commonly part of marching band or drum corps. Unlike sports teams, the entertainment factor makes this program unique. It can be likened to theater with elements of a drama, or a musical. This added dimension provides the students with an exposure BEYOND that offered through other programs. Thus, the Flagline opportunity is a blend that produces "THE SPORT OF THE ART."

The flagline performs without a marching band by instead using prerecorded music from many different genres, and during their 2009 season they had multiple opportunities to perform their shows for Sigonella football games, pep rallies, and community parades. The Sigonella Middle School Flagline is coached by Kristina Munoz.

6th Grade Field Trip

6th Grade Class in Taormina, Sicily

A view down to the Mediterranean Sea.

The 6th graders' first study trip of the year was to the lovely city of Taormina. Taormina has remnants of the Greeks and Romans, a medieval quarter and castle ruins, and modern shops and restaurants. Perched on the side of Monte Tauro, the town offered fantastic views of the coast and our favorite volcano, Mt. Etna. A fun and informative day was had by all students as they completed their science scavenger hunt questions about different aspects of the city.

"The Jag"

The Jag, our wonderful gymnasium, is quite a hot spot. The Jag gives students a place to do almost any school activity like athletic practices or games, awards assemblies, pep rallies, team building events, a place to have fun during lunch, and many others. With visitors from other schools all over Europe,

The Jag is one of the best locations for our high school to display the great Jaguar spirit and morale of Sigonella students. Memories have been made this year within the gym that will be remembered by all of our students and teachers.

Seminar and Advisory Helps Students

Andrew and Brett get some assistance from Mr. Andre.

Seminar or Advisory is a period on B days that allows students to work on homework, projects, study for tests, talk to teachers, hold class meetings, or participate in school functions. "Seminar is a good way to catch up on your work," Erica Cartwright, freshmen, said. "If you're absent during a test, you can make it up in seminar. If you need a teacher's help, this is a good time to talk with them."

"Seminar gives me an extra period to do math and refresh and have teachers help me on my quizzes," Amy Shattuck, sophomore, said. "It saves me from being up till midnight doing my homework."

Jacob, Breann, and Andrew enjoy a chance to read during Advisory.

Your chariots await....

Riding the Bus

From Mineo to Marini, Motta to Acireale, getting to and from school every day is not your normal every day bus ride like in the States. Instead of your standard yellow school bus with the cute yellow flashing lights, students get to ride on Coach Tour busses. And the trip can take anywhere from 15 minutes to almost an hour. Some students don't like riding the bus, however, most students don't mind. They spend their time either visiting with friends, or listening to their iPods. Some catch up on their reading or start their homework. Additionally, at 5pm there are activity busses available to take those who have after school activities safely home as well.

Choir is new this year! It teaches basic music theory, breathing techniques and vocal skills. All work and rehearsals build towards the three concerts throughout the year. At semester, the Choir class changed to a Musical Theatre class and the focus was not only on singing, but acting and dancing as well. Choir does more than teach students how to sing and use their talents- it also gives them an opportunity to teach each other, gain confidence, make friends, and be creative.

Being able to be part of a group playing music together is a wonderful experience. In every class, things are different. That is one thing great about being in band. The daily routine, well, it isn't routine. Time goes by fast when you have to play and practice new things each class. It's not all work though. We have a great time together, playing and learning about other instruments. All in all, band is a great place to be.

"Arsenic and Old Lace"

Curtain went up on March 4th - 6th on the Sigonella M/HS production of Joseph Kesserling's three-act comedy, "Arsenic and Old Lace". A cast and crew of Sigonella thespians and community volunteers worked onstage and behind the scenes for 9 weeks to bring the production to life.

Set in the 1940's it featured

two sweet and lovable spinster sisters, Martha and Abby Brewster (Amanda Bay and Samantha Niemann). For years, they, with the help of their deranged nephew Teddy (Adam Byers) performed an odd type of community service, putting lonely old men out of their misery by plying them with elderberry wine laced with poison. All

was discovered when their nephew, Mortimer (Ken Burgess), started spending more time with his aunts to be near his lady friend, Elaine (Amy Shattuck). The plot thickened when their other nephew, Jonathan (Trevor Arcand), an escaped criminal, and his bumbling sidekick, Dr. Einstein (Will Shelton), showed up on the scene.

We finally get to go shopping!

On February 2nd to the 5th, students and the members of FEA, Hailey Flanagan (11th), Asia McGee (11th), Denice Patron (12th), and Krystian Urquilla (8th) headed off with sponsor Ms. Giles to the annual Future Educators of America conference in Germany. The conventions were held in the conference rooms of the Edelweiss Lodge and Resort in Garmisch. Everyday of the conference would begin with all the FEA members in Europe meeting in the resort's biggest conference room for activities and lessons by the Ohio group, a highly known FEA group from a high school in Ohio. The members would then go to the 3 classes they had prescheduled themselves for. Each of the classes offered gave information on different types of teaching methods, activities, or technology to benefit the future educators and at the end of the day there was always a closing ceremony. The girls competed in events such as the public service announcement, the name tag competition, and the impromptu speaking. In the end, Sigonella brought home the award for winning the name tag competition. In less than a week, these FEA members attended 9 fun classes and learned large amounts of beneficial information to help them for college classes and their future careers as teachers.

PTSO and Boosters

Parent Volunteers make all the difference

Sigonella MS/HS wouldn't be what it is without the help of parent volunteers. The PTSO and Boosters provide all kinds of support and programs that support and enhance the quality of life for all Jaguars, teachers, and staff.

The PTSO was responsible for providing awards for students who made honor roll, recognized teachers on their birthdays, organized the taking of student pictures, put on College Night, assist with Back to School night, provide snacks during Terra Nova testing, support the Community Scholarship, supported the Junior class Prom, as well as the Senior Class graduation, among other things.

The Boosters directly supported the athletic programs at Sigonella. They cooked all the food at the home games, as well as stocked the Nutrition Break room for organizations to use for fund raising. They also provided help with equipment and referee support when needed for home events.

Many Hands Make a Yearbook

It takes a lot of time and a lot of different contributors to make the yearbook. It starts with a concept, a theme. And then you move to ideas and layouts. The staff has to ask itself, what do you want it to look like? What do you want it to say about the school year? Brainstorming for article ideas, and ideas for the kinds of pictures you want to be taken. And after all the planning, the work begins. Mr. Waldbillig heads up photography, but we had a lot of other contributors; from moms who were at games and meets, to students who were handed a camera and given an event to cover. Our student Yearbook Editor, Cameron Bay, took a lot of photos, as well as designed the yearbook cover. And then Mr. Waldbillig had to sift through the thousands of pictures taken to choose just the right ones

that will document the year.

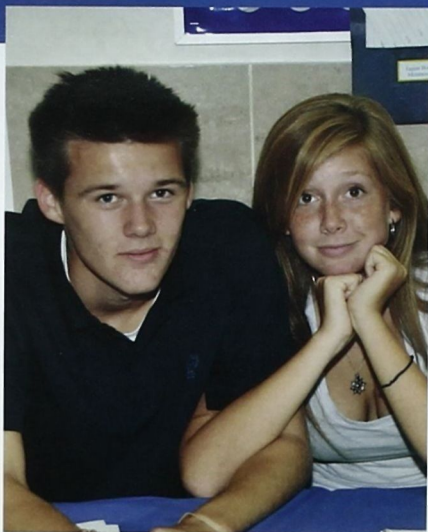

Computer technology made creating the actual yearbook pages slick and professional looking. Mr. Waldbillig and Jennifer Bay, a parent volunteer, worked with two different programs to create layouts and build pages that made this yearbook what you hold in your hands.

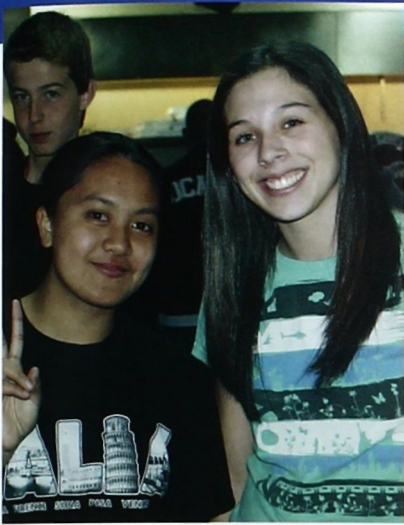

Articles covering topics from Library and Lockers to Senioritis and Strings were written by a myriad of contributors, both students and staff. While those articles might seem like fluff right now, these yearbooks serve as a time capsule. They will be pulled out at class reunions, and thumbed through by children and grandchildren who will have a glimpse into the lives of the Jaguars in 2010. The mighty, mighty Jaguars.

Game, Set, Match

The Jaguar Tennis team started off the season with solid performances in Naples, and in a home meet against AOSR. Although the team did not win against AOSR, they won three matches against Naples. Team members who won in Naples are sophomores Amy Kayes and Tianna Klaput, and freshman Mitchell Wegman. "It was a great match!" Kayes said, who played doubles with Klaput.

The team, coached by Mark Gillette, presently has ten players, but continues to grow.

Malcolm Niemann, freshman, said, "I'm excited for what's in store for me

this year in tennis. Playing on the team will expand my sports skills. I will be able to play and challenge my friends who also play."

Tabitha Niemann, freshman, is looking forward to the trips. "I think the team will give us the chance to get to know the players better, and will be very enjoyable when we get to travel," Niemann said.

Gillette has been a tennis coach in Germany, and coached a boy who went on to win the DoDDs European Championships. He is currently a psychologist for Stephen Decatur School.

The Mighty Jaguars

The Sigonella Jaguars had the most successful season in the history of their Football program. The Jaguars had their first undefeated regular season and hosted a home playoff game. The Jags rolled through the regular season vanquishing all other Division III opponents- Menwith Hill, Brussels, Alconbury and Rota. The Jaguars placed seven players on the all conference team (Brett Gilbert, Tyron Andrews, Greg Nichols, Jeff Lastrella, James Campbell and Tyler Reed), the

most in school history. Another accolade bestowed upon the Jags was the "Male Athlete of the Week" award given by Stars and Stripes to quarterback Brett Gilbert for his playoff clinching performance against rivals Menwith Hill. Unfortunately, come playoff time the Jags win streak came to end, as the Alconbury Dragons defeated Sigonella with a heartbreaking defeat that denied the Jags a chance to play in their first ever football championship game.

The boy's volleyball team showed their school spirit and skills with a record of 2-5 this fall. Coach Ross Brand said the team did well all season, but like all teams, it had its ups and downs. The team consisted of Cameron Bay, Jay Bulan, Ken Burgess, Gabe Gage, Jack Johnson, Jeofrey Lucero, Chris McKissick, Michael Mink, Niko Rosal, Darrion Sands, William Shelton, and Jack Wegman. The boys worked hard,

playing to win in games against Milan, MMI, AOSR, Aviano, Vicenza, Florence, and Naples. In Milan they lost to MMI, but they picked themselves up and won against AOSR. They suffered a defeat by Aviano and Vicenza, but won the match against Florence. In their last game against Naples, the Boy's Volleyball team unfortunately lost. Win or lose, the boys worked hard, and that is all that matters.

With more than half of this year's girl's volleyball team being freshmen, the chances of placing second in the tournament were slim. Despite this, though, our Jaguars fought their way to earn a spot in the Division III Championship game.

The Lady Jags lost only three games this season, two of which depended on the fifth and final match to determine the winner. Because of their hard work and determination, the Jaguars seeded fourth out of eight tournament teams.

During tournament, the Jaguars were defeated by Brussels in a close final match, but went on to beat Rota, Encirilik, and Florence. These wins took the Lady Jaguars to the semifinals

against Alconbury. Once again, Sigonella came out victorious and for the first time in Sigonella history, went on to play in the Championship game. The Jaguars were up against Brussels and lost in straight sets.

At the end of Championships, Emily Cartwright and Tracy Ewert were rewarded All-Tournament honors. Both of these talented players, along with Liz Frost, earned Second-Team All Conference for the ASIL.

Cartwright, Ewert, and Adrienne Moore, were rewarded once again at the end of the season's sports banquet. Cartwright was voted "MVP", Ewert was given the Coaches Award, and Moore received Most Improved Player.

The men's team, competing in a very strong division three race, finished third. Aww. That's a lucky Jaguar!

Six returning cheerleaders and two new cheerleaders made up the squad.

The fall cheerleading squad of 2009 was "very successful" according to Prentiss, head coach.

"I wouldn't change anything about the season," she said. "They worked hard and picked up on their routines quickly."

Ms. Prentiss is a dedicated coach and worked to make the cheerleading squad exceed expectations and gain more abilities in the sport.

Winter Cheerleading

Though the air dropped in temperature, the spirits of the Sigonella Jaguar Cheer Squad were still soaring high when winter season came around. They prepared for Competition in early December through late February, when the girls and their coaches packed their bags and headed out to Germany. The ladies endured long practices and difficult routines. "We knew it was going to be worth it." Said Olivia Mullen, and she was right. The Jags came in second overall in the third division category and won the Spirit Award. Along with the team winnings, individual awards were appointed to Rachel Sherrick, senior and Captain of the Cheer squad, and Olivia Mullen, a junior and returning cheerleader.

Look at those skills!

Wrestling Champs!

The Sigonella grapplers had another successful season on the mats. The Jags produced a winning record during the regular season and roared into the championships with 12 wrestlers representing the royal blue and gold. At championships the team crushed all other Division III teams and brought home the Division III team championship trophy to Sigonella. Four grapplers

medaled in their respective weight class (Brett Gilbert, 2nd, 130lbs, Marco Montero, 3rd, 119 lbs, Tyler Reed, 3rd, 171 lbs and Ryan Lastrella, 5th, 135 lbs). The Sigonella Wrestling program also said a fond farewell to its two military coaches, William Hicks and James Buck, who helped guide the wrestlers onto success the previous four years.

Team Scores Big!

This season we have played well against teams in our league. We had a good ball handler in Larry Stevenson who could penetrate most defenses with his style of play. He was our top scorer this season with 20.7 points per game. Tyron Andrews added an offensive presence in the middle with 14.5 points per game but was

sidelined for a few games with an ankle injury. James Campbell rounded out our top three offensive players with 11.9 points per game. We had 12 on the team with 3 freshman, 2 sophomores, 4 juniors, and our 2 seniors. We hope to repeat taking the Division III European Championship this season in Germany.

A Solid Team

The Sigonella Girl's Basketball season was akin to life itself; in that the only thing that was constant was change. Through various complexities and challenges, this team solidified and became a force to be reckoned with as AOSR, Vicenza, and the local team from Catania soon learned. As a young team with no seniors they began their season with several defeats. But the inner strength, drive and determination that each girl possessed blossomed as they claimed their victory over Vicenza in the last minute and twenty-eight seconds of the game. In their last huddle, against Rota, these girls summoned up a spirit, strength, and fortitude to display their full potential to the world as they walked away with victory during overtime at the European tournament with a score of 36 to 34, taking third place!

Distance and Endurance

Our track and field team for 2010 is relatively small compared to past years. Most of the runners from last year's team have since graduated, leaving much of the work for this season up to those few runners who are back again this year. Our returners from last year include James Campbell, Adassa Allen, Kahlil Bowan, Marco Montero, Michael Mink and Elexa McCracken. With their past years of experience, we are anticipating their leadership will bring the team progress and impact the league in a very positive way.

A Championship Team

Straight from the final whistle 11 months ago, the team had one goal- to be on the celebrating side of the field in May 2010. The preseason preview couldn't have looked better, with twelve returners, nine of them seniors, ready to lead the team to a third consecutive European title

game. This strong core of returners created an ideal structure for the new players, who were extremely versatile, and able to fit into an already functioning system, led by coaches Phillip Andre and Jim Burke. The 2010 season should bring nothing less than a title come tournament.

A Competitive Season

The 2010 girl's soccer season kicked off to a great start. Despite key players leaving, this year's team was full of talent. Captain Denice Patron had great things to say about the team.

"This season went really well. The team worked together as a family on and off the field."

Patron and Co-Captain, Kendra Coates, say the new

talent was great and contributed to the season immensely.

The team looked forward to all of the season's competition with eagerness. At the beginning of the season, the end of practice scrimmages went from good to better. With such a talented team this year, it was no surprise that the Lady Jags did well.

The Lady Jags

The Jaguars look really strong this season with several returners and a few new, experienced players joining the team. They are looking really strong in practice and games both offensively and

defensively. We have some real power hitters this season who should produce some RBI's and with three strong and consistent pitchers, the Lady Jaguars should have a very successful season.

Energetic and Spirited

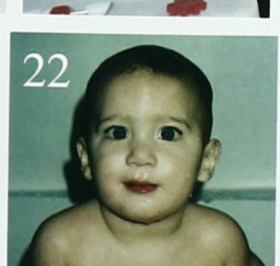

In the second season of DoDDs Baseball the Sigonella Jaguars fielded a spirited and energetic squad. Forced to play above their division against much bigger Division II Goliaths (Naples, Aviano and Vicenza) the Jags fought valiantly and battled the other Italian schools tooth and nail. Led by juniors, Marco Summerfield and Tyler Cornell, the team

improved steadily as the season progressed. Key contributors included short stop Bobby Lazenby, pitcher Brandon Albert, third baseman Franco Garcia, first baseman Chris McKissick, second baseman Chase Berryhill, and the outfield made up of Jeff Lastrella, Tyron Andrews and Greg Nichols.

If there are gods and they are just, then they will not care how devout you have been, but will welcome you based on the virtues you have lived by. If there are gods, but unjust, then you should not want to worship them. If there are no gods, then you will be gone, but will have lived a noble life that will live on in the memories of your loved ones.-Marcus Aurelius///Everything is subject to change.-Niemann family motto///Everybody lies. -House///"That's blasphemy," said the vampire. He gasped as Vimes shot him a glance like sunlight. 'That's what people say when the voiceless speak.' -Feet of Clay///Who watches the watchmen? -Watchmen///Don't ever take sides with anyone against the Family/I'm going to make him an offer he can't refuse.-The Godfather///Say "what" again. Say "what" again! I dare you! I double-dare you!-Pulp Fiction///Never tell me the odds./Do or do not. There is no try.-Star Wars///A ship at harbor is safe, but that's not what ships are for.-Anonymous///What time is it when you're out of ice cream?Time to die! -Dylan Blomgren///Life begins where your comfort zone ends. Anonymous///"I wish it need not have happened in my time," said Frodo. "So do I," said Gandalf, "and so do all who live to see such times. But that is not for them to decide. All we have to decide is what to do with the time that is given us."//Many that live deserve death. And some that die deserve life. Can you give it to them? Then do not be too eager to deal out death in judgment. For even the very wise cannot see all ends. -The Lord of the Rings///There's always money in the banana stand!//Illusions, dad! You don't have time for my illusions!//I've made a huge mistake...-Arrested Development///To study and not think is a waste. To think and not study is dangerous. -Confucius ///Winged potatoes!/Like Hell, more food./Look, its Coily's army of darkness!//In the future there is no shame.-Mystery Science Theater 3000///Never memorize what you can look up in books. -Albert Einstein///Nuke it from orbit, it's the only way to be sure./Game over, man, game over!-Aliens///There are no rules. I lived as few men dare to dream! -Red vs Blue///All things of grace and beauty such that one holds them to one's heart have a common provenance in pain. Their birth in grief and ashes. -The Road///With hope and virtue let us brave once more the icy currents, and endure what storms may come. Let it be said by our children's children that when we were tested we refused to let this journey end, that we did not turn back nor did we falter; and with eyes fixed on the horizon and God's grace upon us, we carried forth that great gift of freedom and delivered it safely to future generations. -Barack Obama///Why should we be in such desperate haste to succeed and in such desperate enterprises? If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured or far away. -Henry Thoreau///Education is an admirable thing. But it is well to remember from time to time that nothing that is worth knowing can be taught. -Oscar Wilde///Pimpin' ain't easy, but it's necessary. -Eazy-E///I know what you're thinking. "Did he fire six shots or only five?" Well, to tell you the truth, in all this excitement I kind of lost track myself. But being as this is a .44 Magnum, the most powerful handgun in the world, and would blow your head clean off, you've got to ask yourself one question: Do I feel lucky? Well, do ya, punk? -Dirty Harry///The cake is a lie.-Portal///Plot twist, Kevin Bacon, plot twist!-George Corey and Trevor Arcand/ "You can't direct the wind, but you can adjust your sails."- Unknown ///"True glory consists in doing what deserves to be written; in writing what deserves to be read."- Pliny the Elder ///"All the world's a stage, And all the men and women merely players. Honor, Courage, Commitment

The transformation I have made from boy to young man here at Sigonella has been made possible by the Sigonella community. For that I am forever grateful, and as I graduate, know that a part of me will always be Sigonella.

Life of the Party

A Great Year

Eighth grade is the turning point in Middle School. You walk in as a 6th grade student in Middle school and leave as an eighth grader, ready for High School. The teachers are much harder on you, but it is only for the good; to prepare you for High School. As a whole, many things have been accomplished by our Eighth Grade.

Many students have made it on the honor roll, and some became class officers in student council. Eighth grade was full of fun and will be missed. Friends will be leaving, and eighth grade will be replaced with hard work and the need for dedication to be successful in High school.

7th Grade Class

Class of 2015

The seventh grade class is filled with many unique and amazing boys and girls. They, as a class, have achieved many things this year. Some of those things include, completing most of their standards and getting almost everyone on honor roll. Some students participated in student council and NJHS. The kids that are a part of this have helped plan/set up

dances, organize a snack room for the middle school, and raised money for charity. Some seventh graders practiced with the high school sports teams. These students got a little taste of what a high school athletic experience will be like. Every student makes this seventh grade class a what it is as a whole... involved, cooperative, and energetic.

A Whole New World

The fabulous elementary graduates were convinced on their first day of sixth grade that middle school was complete and total torture. However, it only took about one week for everyone to realize that sixth grade can be great fun if you choose to make it that way. Even though it can be fun, middle school isn't play. In fact, stepping into middle school is like crossing the border between play (elementary) and responsibility (middle school). Every teacher pushes their new students to learn responsibility, time management, and independence to

survive in the life that lies ahead of every child.

Middle schoolers are encouraged to participate in sports (swimming, running, basketball, soccer, etc.) and school activities (chorus, band, math counts, student council, etc.). You'd think that middle school would be a place to let go of your friendships, due to the overload of work, but, surprisingly, it's a place to strengthen your friendships. Every teacher is proud to see the growth of their sixth grade students.

Ms. Alice Berard, Principal

2009-2010

School year 2009/2010 has been an exciting year for the Jaguars. New staff and students have added to the unique characteristics of Sigonella MS/HS. Our sports teams had a record year with many of the teams making placing in the European championships. The Jaguar teams have been great contenders and have displayed Jaguar pride and spirit on every occasion. Students, staff, and community members continues to make Sigonella MS/HS a special place to be. As students and staff move on to new schools and new adventures, I hope you can take fond memories of people and events of Sigonella MS/HS School. A sincere thank you goes to the staff of Sigonella HS for their continued dedication to our students. A mound of gratitude goes to PTSO, Booster, and SAC members who continue to make Sigonella a great place to be for students. To the seniors of the class of 2010, best to you in all your future endeavors, you will be missed. To those who will return next school year, we look forward to a new and exciting year.

Go Jaguars!

I am very fortunate to be the assistant principal of Sigonella Middle High School. It is an exciting challenge to help create the best possible education for great students in a positive learning culture. We want our students to be respectful, responsible, contributing members in our global society. I enjoy working with the students and staff; there is never a dull moment in my daily routine. School is more than formal learning. When students look back at their Sigonella experience, I hope they will have memories of challenges that made them grow, and moments of joy and laughter.

One of my favorite quotes is "A winner never quits and a quitter never wins!"

Thank you Sigonella Jaguars for allowing me to serve you with pride.

"You have brains
in your head.
You have feet in
your shoes.
You can steer
yourself in any
direction you
choose.
You're on your
own.
And you know
what you know.
You are the guy
who'll decide
where to go."

Dr. Seuss

Congratulations
Cameron!
We are so proud
of you.

Mom and Dad

**I would like to personally
thank Mrs. Jennifer Bay
for her assistance in
creating the Jaguars
2009 - 2010 Sigonella
Yearbook. Mrs. Bay's
creativity was
instrumental in the
design of our yearbook. I
would also like to thank
Cameron Bay for his
assistance as the Chief
Editor of our yearbook,
and for his artistic talent
in designing our
yearbook cover. Again,
thanks to both of you for
your talent and hard
work. Mr. Waldbillig**

Danielle, Our joy and heart, You have reached the end only to find a new beginning. The World sees the young woman that you have become, with your great personality and beautiful smile, but behind that woman we will always see our Baby Girl. From the time you were born, your first day of school and now your graduation day, we are so very proud of you. Love Always and Forever, Mom and Dad.

Danielle, You have been a great Big Sister to me, I love you and admire you, I hope all your dreams come true. love your Lil' Sister

Adam,

It is often said that High School is the best time of your life. You will discover that High School is actually the beginning of the best time of the rest of your life. Everything is now yours...your life, your choices, your decisions, your successes. We pray that as you reach for the stars, you keep your feet firmly planted so that you never loose your way. Always seek God's voice in everything you do. He won't let you down. We are so proud of you and hope you will always remember how much we love you.

Mom & Dad

PS Sometimes...you just have to jump off the cliff and take that chance!

"Class of 2010"

*We are so Very Proud of you Denice!
Love always
Dad, Mommy, Jenny and Daniel*

**Sincerely congratulate all the graduates
and families of the Sigonella High School
Class 2010**

May you all be successful in your future endeavors

JR,

We'd take ourselves back to the day we first laid eyes on you. It was at that very moment as you lay there so small we knew within an instant, we were in for one long haul.

Willful and determined you marched to your own beat, you are confident, devoted, you are handsome, dignified you have filled our hearts with pride.

Greatness lies within you, Gregg in time, sweet son, you will see and if you ever need us you know that, there we will be. Always seek God in whatever you do. We are so proud of you and hope you will always remember how much we love you.

Mom & Dad

Jiki,

We are so proud of you!

GO AND PAINT THE WORLD WITH YOUR HEART, YOUR MIND, AND YOUR HANDS! God bless you Son, Grandson, Big Brother. Remember, we will always be there when you need us, and even when you don't ...

WE LOVE YOU VERY, VERY MUCH!!!

Love,
Dad, Mom, Téa & Lola

Congratulations

NIKO ROSAL
