DEDICATION

The yearbook staff is proud to dedicate the 1961 ROCKET to Mr. Milton A. Leavitt.

In his six years at Harmon, Mr. Leavitt has proved himself a most versatile teacher. Groups ranging from fourth graders to twelfth graders have been instructed capably by him.

Whatever Mr. Leavitt does, in or out of the classroom, he does with a distinctive flair. Whether discoursing on the secret life of a fossil, illuminating a passage from Shakespeare, parsing Latin sentences, or using his Ford to tow our principal's automobile from a snowbank, Mr. Leavitt carries out his assignment with enthusiasm and dispatch.

We hold Mr. Leavitt in high regard. Both as a teacher and as an individual he has left his mark on our school.

Although many of us will soon leave Harmon, our thoughts will often return to our stay here - to the hours of toil, to our moments of personal success, and to the fun and laughter we shared.

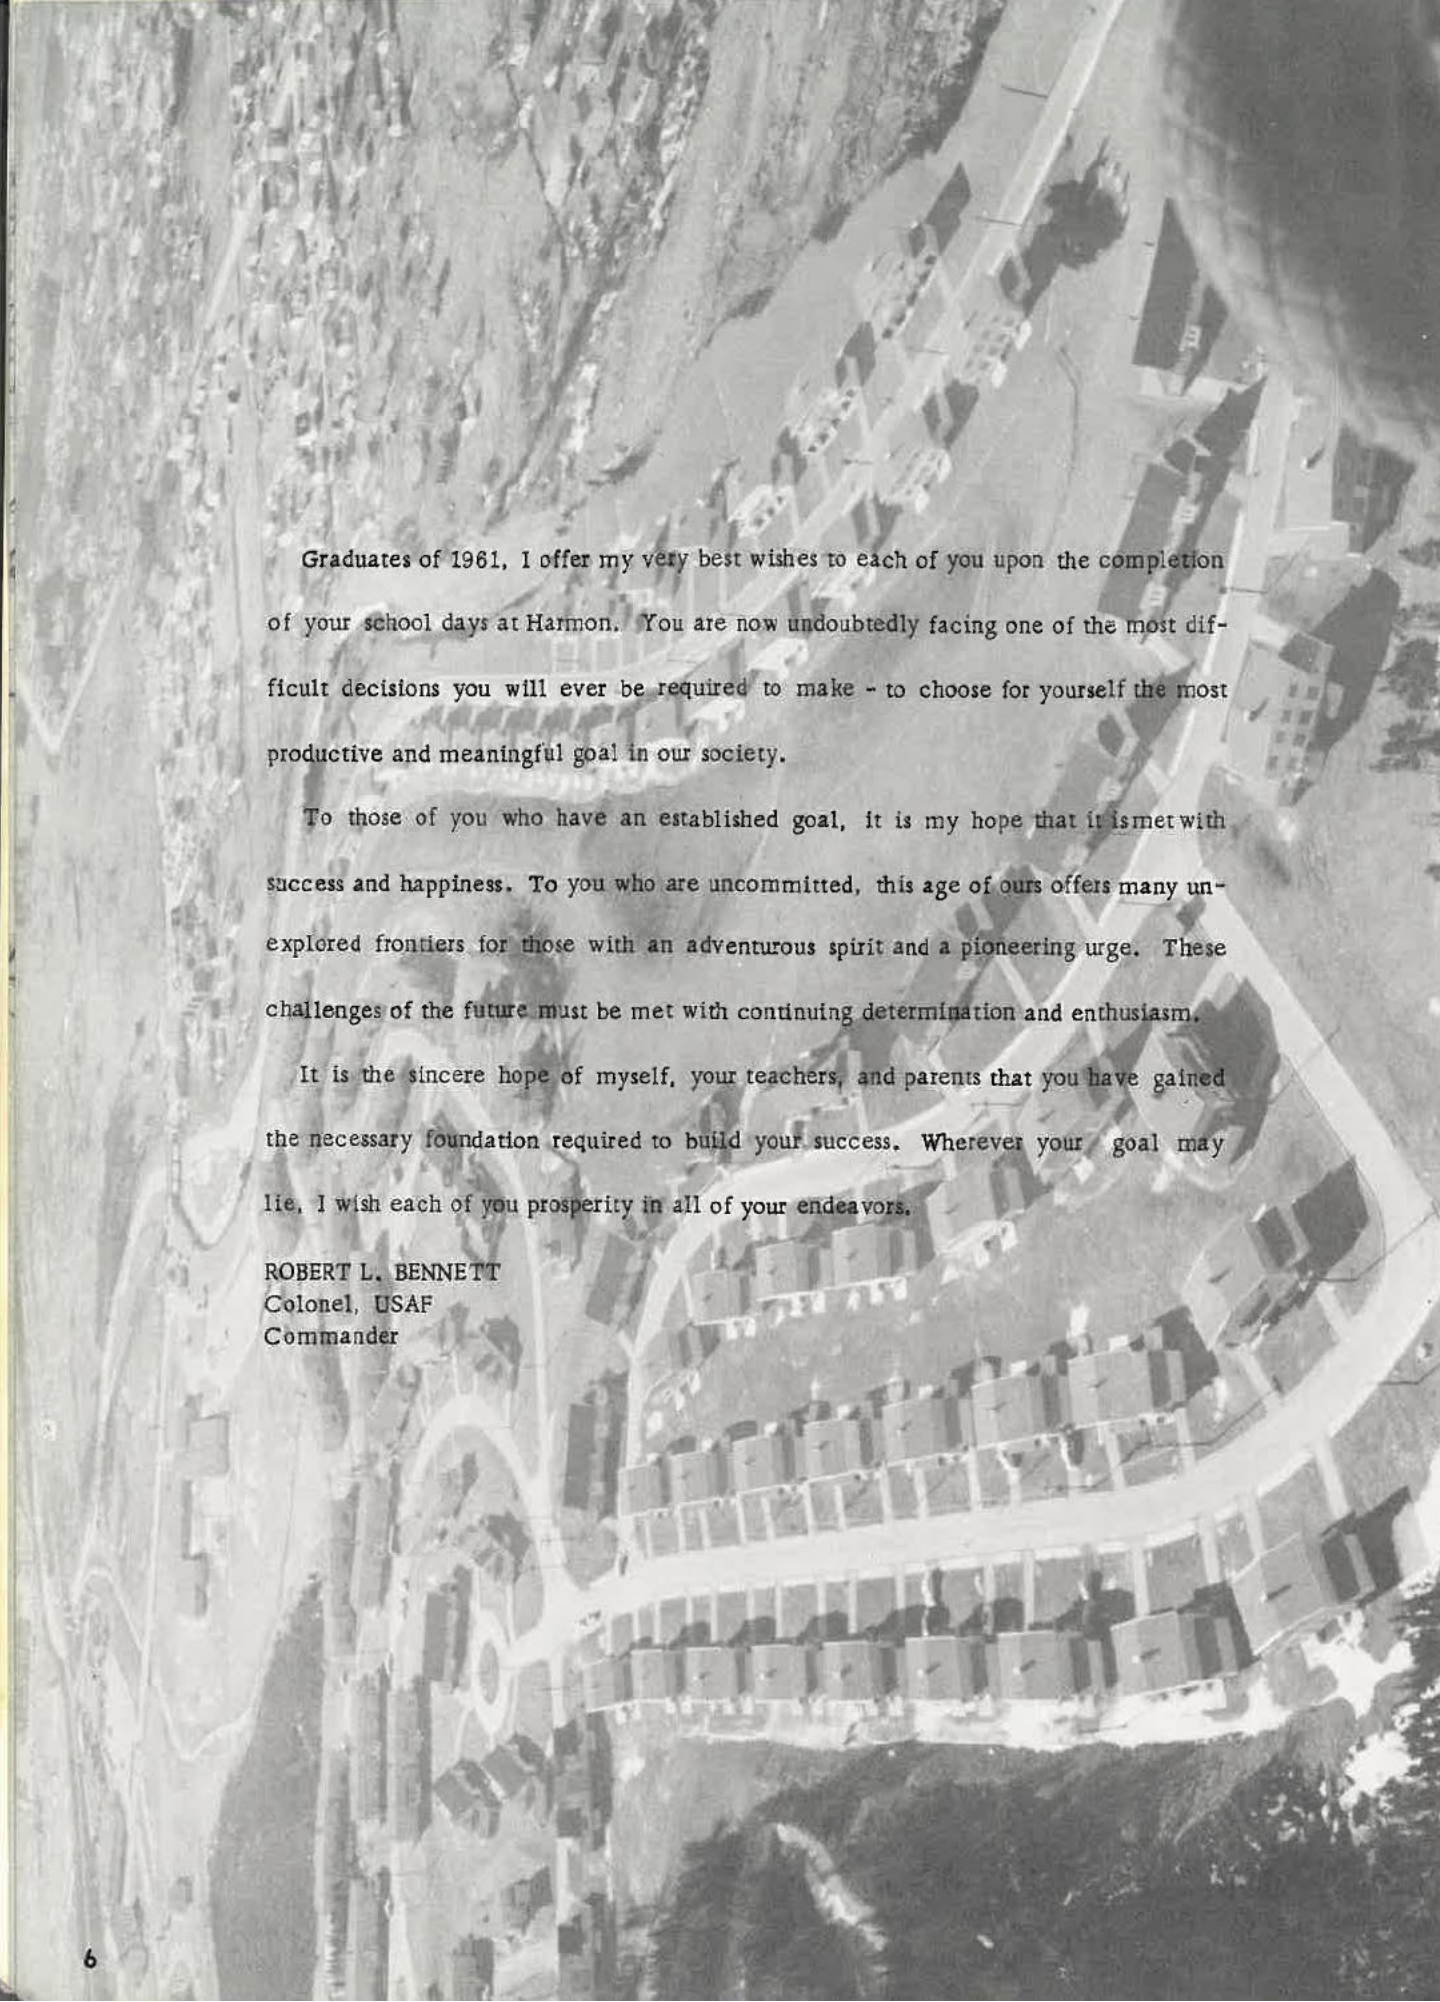

If in years to come the pages that follow awaken a pleasant memory or two, then the *Rock* will have achieved its purpose.

THE EDITOR

ADMINISTRATION

LABRADOR POND

Graduates of 1961, I offer my very best wishes to each of you upon the completion of your school days at Harmon. You are now undoubtedly facing one of the most difficult decisions you will ever be required to make - to choose for yourself the most productive and meaningful goal in our society.

To those of you who have an established goal, it is my hope that it is met with success and happiness. To you who are uncommitted, this age of ours offers many unexplored frontiers for those with an adventurous spirit and a pioneering urge. These challenges of the future must be met with continuing determination and enthusiasm.

It is the sincere hope of myself, your teachers, and parents that you have gained the necessary foundation required to build your success. Wherever your goal may lie, I wish each of you prosperity in all of your endeavors.

PRINCIPAL'S MESSAGE

The yearbook staff has served well. In its pages the Rocket retains a bit of the school activity that has been a part of our lives during the past year. In time to come, we can many times have the pleasure of looking backward and glimpsing ourselves as we once were.

For me, as for many whose association with Harmon will soon end, the Rocket is a welcome memento. The realization that I shall leave Harmon this summer to take up my new position has been difficult for me to accept. It will seem strange to me to be away from Harmon High School, for I have been its principal four of the five years of its existence. Its problems have been so much a part of me that they will be difficult to thrust aside. But I feel much as did Pericles when he said, "My task is finished, I have performed it to the best of my ability. . ." Yet wherever my work may take me, my abiding interest in Harmon High School will remain.

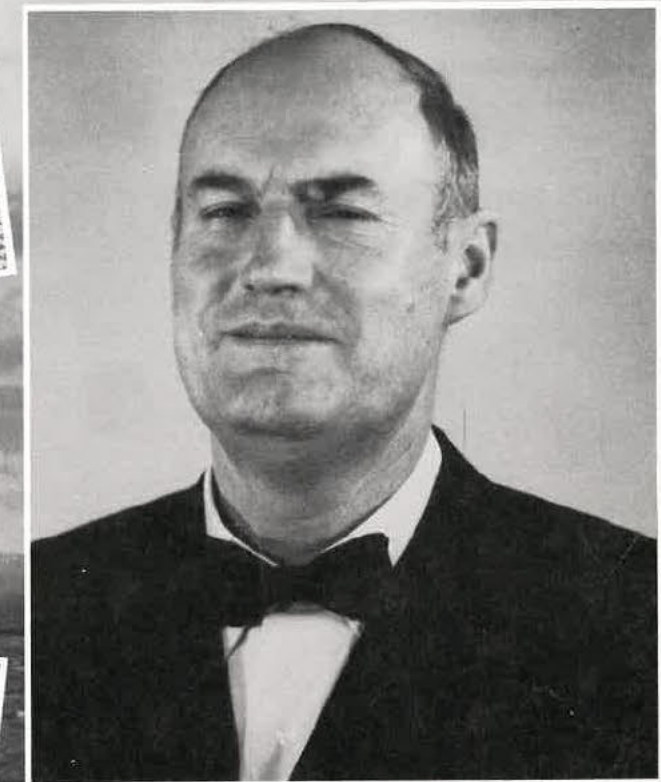

The friendships, pleasant associations, and the labors of four years cannot be lightly forgotten.

To all of you, I convey my heartfelt wishes for a bright future.

SCHOOL HISTORY

Ernest Harmon High School was established in 1956. Previously, dependents who had completed the eighth grade enrolled as tuition students in St. Stephen's School, Stephenville. By 1955, prompted by rising enrollments, the decision had been reached to open a base high school to include grades seven through twelve. No building was available until the spring of 1956, when the new elementary school was completed and the former school on Maine Drive became vacant.

Mr. McCormack and eight teachers greeted 110 students at the opening of school in August. The first high school building, was a rambling structure constructed of old contractors' and military barracks that dated from the early days of the base. The tar-papered structure, soon nicknamed the "Silver Slipper" from the aluminum paint that had been applied in a vain attempt to brighten its appearance, was ill-suited for school purposes. Narrow classrooms, poor laboratory equipment, inadequate heating facilities were handicaps, but both students and teachers refused to feel discouraged. "School spirit will have to make up for the deficiencies of our school plant," Mr. McCormack noted at an assembly on opening day. The student response was enthusiastic. Despite the severity of the winter, during which ice formed on the school corridors, and snow sifted onto desks through chinks in the walls, both attendance and morale remained high.

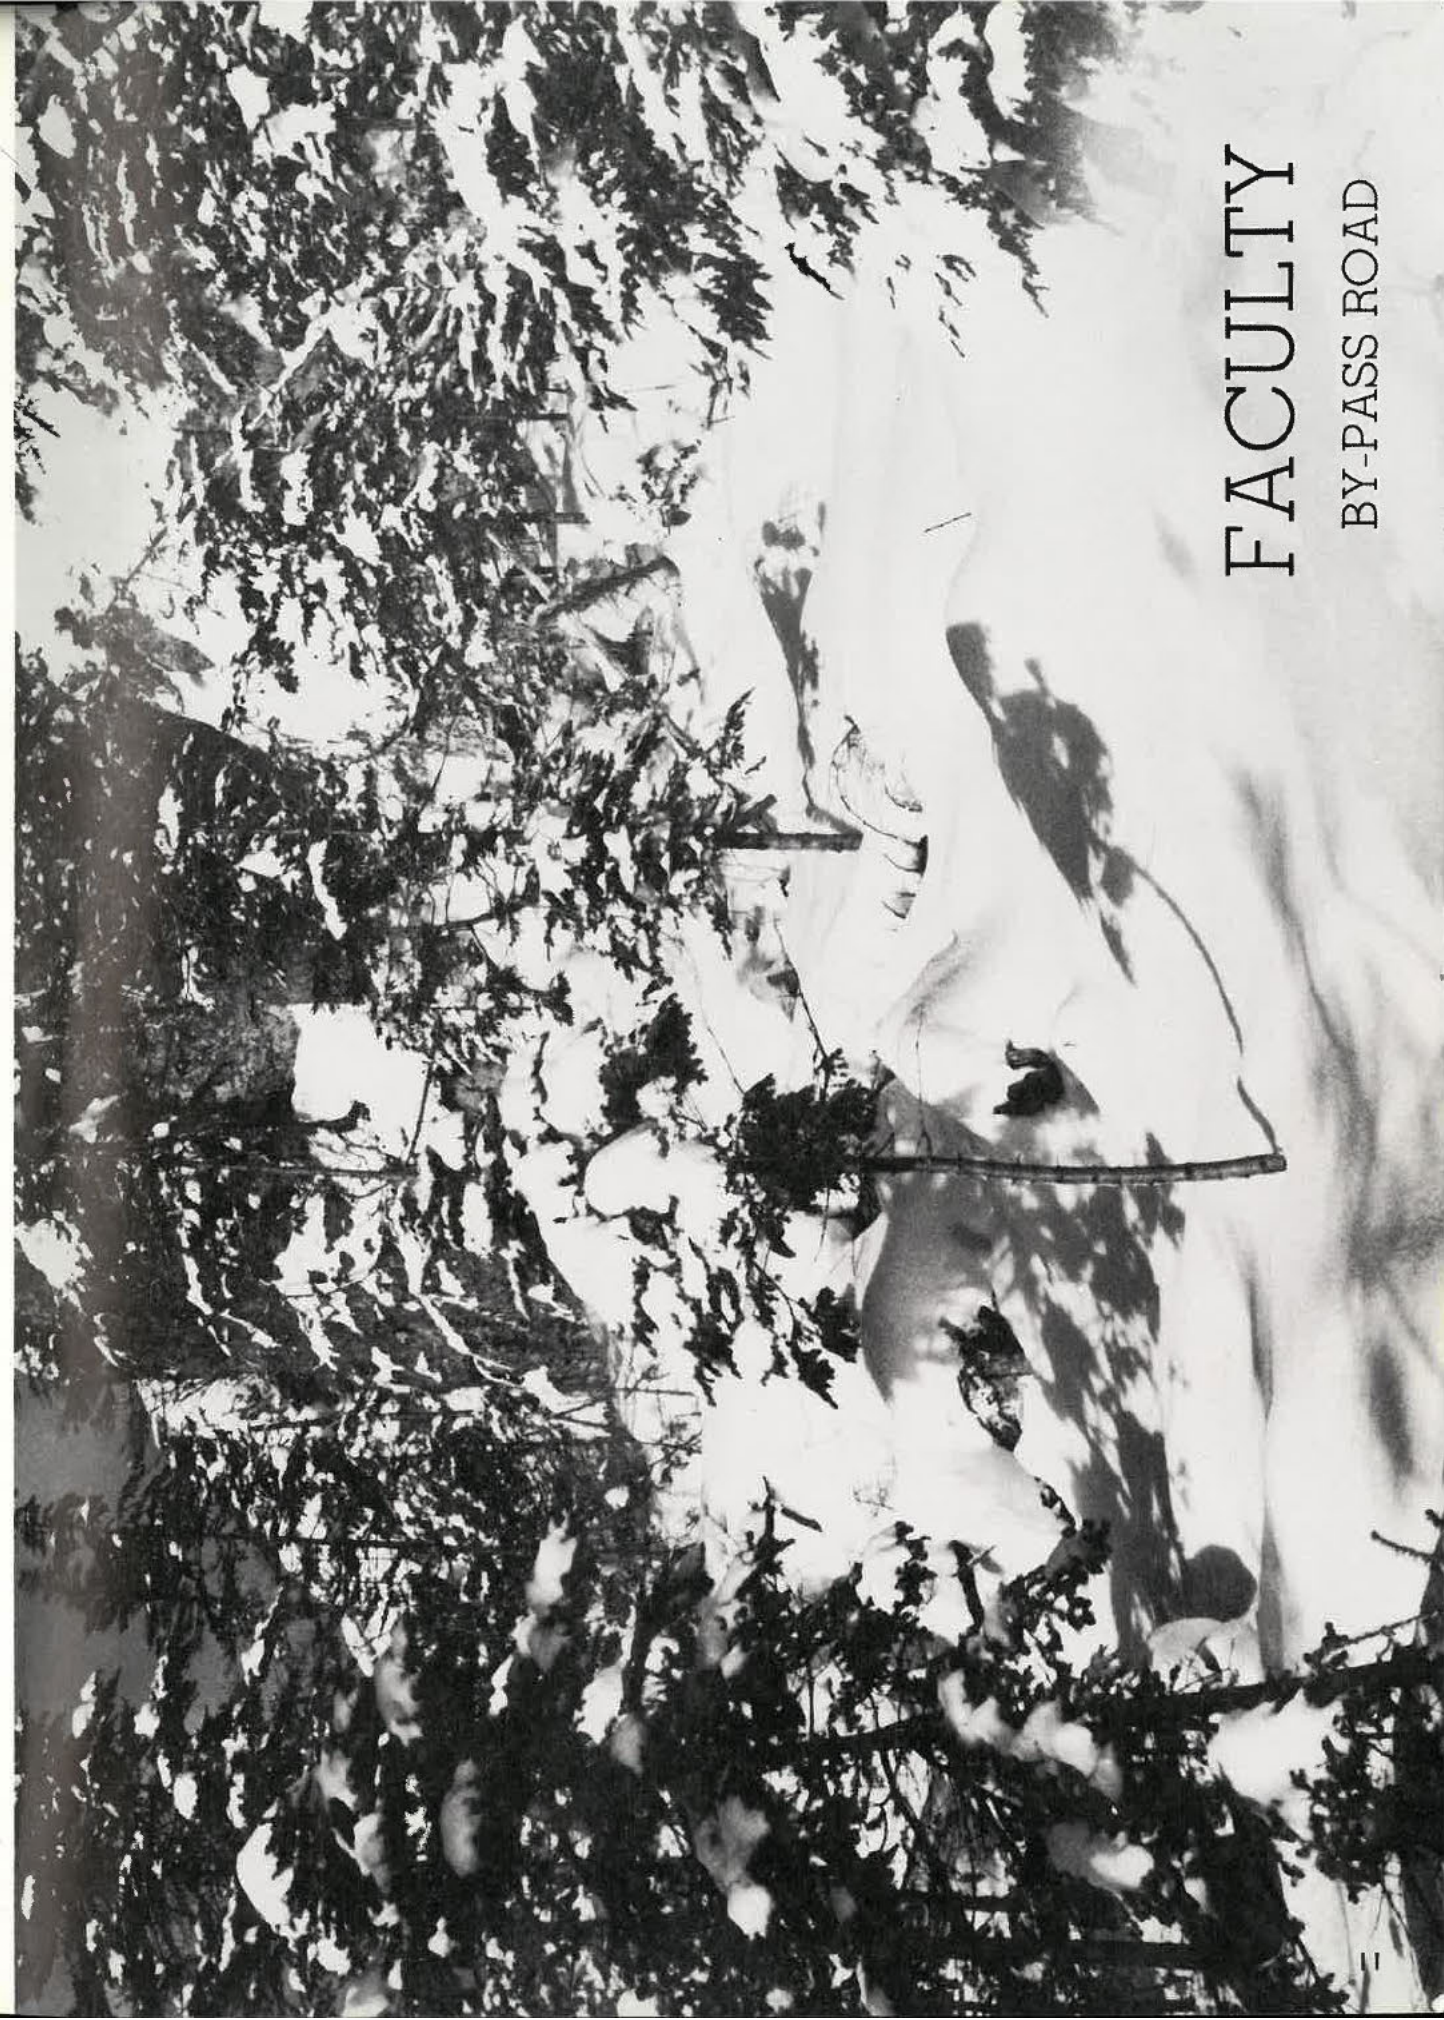

In Harmon High's second year, Mr. Loren Anderson, the school superintendent, served as principal while Mr. McCormack was in Spain to establish a new high school in Zaragossa. The pressing need for better school facilities, prompted base officials to renovate Building 203, a permanent barracks, to house the high school. Upon his return to Harmon in the summer of 1958, Mr. McCormack was on hand to supervise the move from the "Silver Slipper."

Recognition of the rapid progress of the school was received in the Spring of 1959 when Harmon High School was accredited by the North Central Association of Schools and Colleges.

Space problems continued to plague school officials in 1959. Building 203 soon had to be supplemented by an annex, Building 155, to house grades seven and eight.

The outlook for Harmon High School is bright. Within the next two years, the school will be relocated in a new building on a site near the television station. Then, for the first time in its brief history, Harmon High will have a building specifically designed for school needs.

I, SCHARRE ANDERSON, leave my cow-eyes and acting ability to the Juniors to aid them in pleading for Senior privileges.

We, HOWARD BARRY and LINDA HOWARD, leave our outstanding ability to get along with each other, together with our locker to Mark Riegel and Pat Reedy. We hope they will find as many uses for it as we did.

I, KIM BRUBAKER, will my toothpaste smile to next year's Boreas editor in hopes that he, or she, or it can learn to "grin and bear it" as I did.

I, IZELLA CANADY, entrust my blood curdling scream to anyone who wishes to curdle blood.

I, MILLIE CARTER, leave to next years varsity team my 5'9" stature, to be divided equally among the players.

I, ANSEL CRISP, cede to Jude Bonvie my original Georgia accent so that she may be understood by her teachers and fellow students.

I, J. L. DICKSON, hoping feverently that the Freshmen may become less obnoxious with the passage of time; leave them my long legs and my uncanny ability to catch the 3:30 bus outside the school.

I, PENNY DUNCAN, leave my rosy cheeks to anyone who thinks the only way to get them is to go outdoors.

I, JOAN FORD, cede my title as "Hair Spray Champ" to Sherry Slaughter. Fire away!!

I, GORDON GIBBS, recognizing Roger Hall's desperate need for alibis, bestow upon him my private ambulance, my stretcher and my crutches.

I, NANCY GOEBEL, will my ability to fall up and down stairs to Freddy Roberts in order that he might get to classes on time.

I, FRASER HODDER, surrender all claim to the two dozen pairs of moldy socks in locker 117. May they serve their next owner as faithfully as they have me.

I, EARL KELLOW, do will my amazing ability to argue with Mrs. Neppel and get away with it to any Junior who wants to flunk typing next year.

I, DEEDE LEMAK, sympathizing with the efforts of Evette Love to improve her giggle, do hereby present to her, my maniacal laugh.

I, QUINIS LONG, bestow upon Judy Sommers my typing speed, in hope that she will have better luck next year.

I, JANIE LOWTHER, as President of the Senior Class, relinquish my ability to maintain order and promote good will among the Seniors to the future Senior Class president.

I, SANDI McCABE, sacrifice my locker (no. 535) to Eddie Fulcher as he uses it anyway. I also hope that he is not annoyed by "midnight raiders" the way I was!

I, MICHAEL McFEELY, entrust to Bob Gibbs my wing in hope that he can grow another one and fly out of here.

I, GERI MAYO, leave my bottle of hair dye to the next principal to dye his gray hairs (I would have given it to Mr. McCormack but . . .)

I, SAM NELSON, present to Richard Emery my great ability to "rebound."

I, JO PAINE, sacrifice my "shaggy dog" haircut to Tom Martin to help him look more like President Kennedy.

I, MARSHA RIEGEL, endow my splintered tail-bone to Science.

I, FLO SNOW, SACRIFICE my freckles to anyone who wants them.

I, CHRIS SORENSEN, contribute my piercing soprano as a melodious substitute for the Alert Claxon.

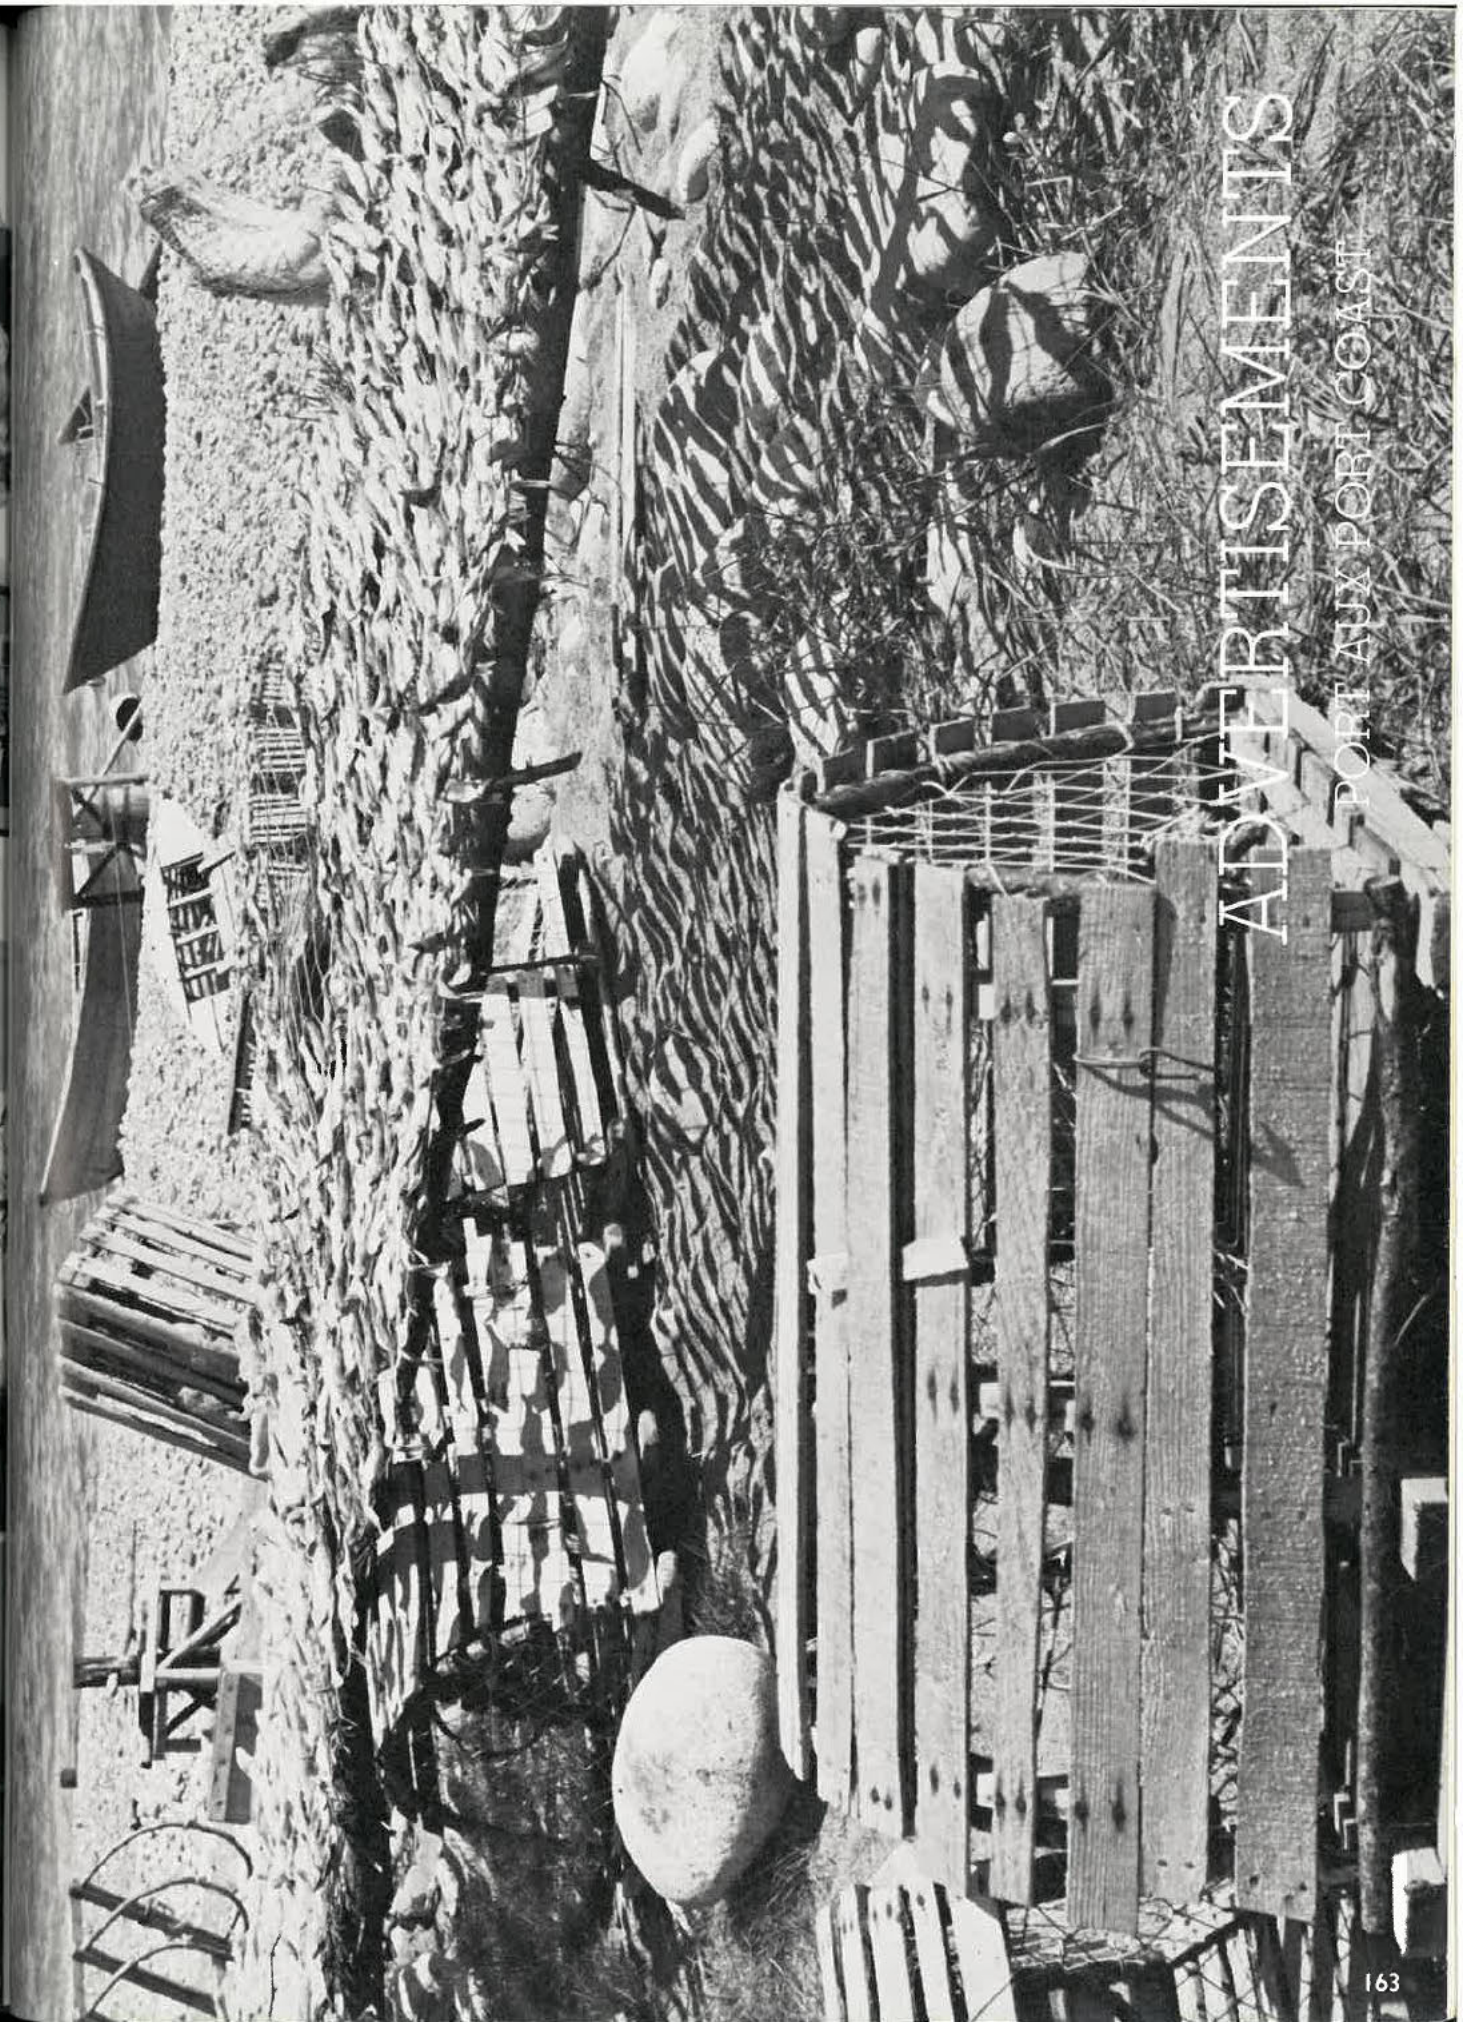

I, JACK SPEAR, bequeath my box of Rambler's Finest Quality Road Apples, to the class of 1962, that the they may never know the pain of hunger.

I, TRIS WATKINS, bestow my share of Newfoundland on anyone who will take it.

I, BOB WILSON, surrender my Converse All-Star basketball shoes with the elevator soles to Craig Collins so that he may play center on the team next year.

I, LEE QUICK, entrust my naturally curly red hair to Sherry Swearingin if she promises to wear pink.

Effective: June 2, 1961
