Aey,

I'm the first one to sign on this page. I'm going to be the only one too hehehe!! Well you've made me read more books than I ever thought I would but thank you. And thank you for not sending Josh and me to the office. I know you didn't because your afraid of Josh's dad! That's ok though he is a scary guy. (Don't tell Josh I said that). Well your one month is coming up, with DAVID, so you guys will probably have "personal relations". I'm just messing with you. Well I hope that he treats you good!! You seem like a really amazing mom, I just want to tell you that, your kids are really lucky. I hope you have a great sommer.

Taegu American School's staff comes from a wide variety of backgrounds and are offered many opportunities that most teachers are not accessible to. Through their travels and higher education we, the students, learn. Not to our surprise the staff at TAS does not fit your typical "teacher" profile. They actually know how to have a little fun from time to time. They even won the Spirit Stick several times, therefore almost making it a permanent wall decor in the faculty lounge. Either way we choose to remember our teachers from this year and the past, one thing is for sure they are surely appreciated and deserve all the red apples of the world.

Remembrance

*I've seen you laugh
I've seen you cry
And now we have
To say good-bye
I've seen you walk,
I've seen you fall
And that makes me
Love you even more*

*So I will sing this song
In remembrance
Of our gladness
Of our sadness
So I will sing this song
For you, for you-*

*I know that we
Will touch our dreams
But first we must go
Through many paths alone
Through these roads
Think of the love
And memories of
Our youth and beautiful home*

*Looking back on these years
Makes me cry
Makes me shed tears
Of happiness and joy
Because I was honored to
Spend it with you- with you
Each and everyone of you-ohhh*

*And I will sing this song
In remembrance
Of our gladness
Of our sadness
And I will sing this song
For you for you!*

Senior

This year, the Seniors, class of 2003, wanted to do something special, something unlike all the previous years. The Senior class president, Christina Phillips, along with the rest of the class representatives, decided to dedicate one day of every month just for the Seniors. A number of activities took place almost every month, including a Senior BBQ, where all the Seniors (and teachers) got together to barbeque up some fun at Camp Walker. The menu included all the originals: hamburgers, hotdogs, and many various side options provided by everyone's generous contributions. The day was completed by a scary movie at the theater before everyone went his or her own ways once again. Another Senior activity that took place was the bowl-a-thon, which not only let the Seniors have some fun, but was also a way to raise money for graduation. In March, it just happened to be 4 Seniors' birthdays around the same time, so the most of the Senior class decided to get together to throw them a party at a famous buffet restaurant near downtown Taegu. These Senior activities helped to bring the class of 2003 closer

together and formed life-long friendships with each other. Each and every Senior will carry on these memories with them in their minds and hearts through whatever obstacles they may come to face in the future, and remember their friends that they will always have.

(3) Danielle, Kim, Christina, Jennie, and JR take a minute out of stuffing their faces to pose for the camera. (4) The birthday boys show how happy they are to turn 18. (5) Group hug at the barbecue! (6) Count on Seniors Shawnta, Angela, Tasha, Lorenzo, Ericka, and Shawntail to show you how real bowling is done. There's going to be a big part missing within me left in Taegu, once I notice that everything is beyond my reach to grasp. What I have learned from everyone I've known in Taegu is that, it is not the place that makes life enthusiastic, but it's the people you've encountered that makes life so interesting. To you, what does it take to succeed in life?

To me, it takes a good mind and a good attitude to succeed in life.
-Bennie Stone

To work hard at what it is you are striving for and try to achieve it.
-Donnie Jackson

I think that the things that it would take for me to succeed in life are my family, friends, God, money, confidence, education, and struggle. Without all of those factors I would be helpless.
-Lee Manalisay

You have to set goals for yourself so that you can have something to work for. You also have to believe in yourself and believe, that you can do it.
-Mairim Martinez

I don't really know. I think when you enjoy living, then you're successful in life.
-Carolyn Choi

Money.
-Lorenzo Griffin

A good education and gricultural things.
Jay Griffin

Life is funny, you really don't have to study hard or finish school, but a person has to know how the world works. If a person wants money or wants to become a successful music artist then they have to know how the money flow works and know how other peoples' minds work. Anybody can be smart in school but school doesn't have anything to do with life after school or as some people like to call: the real world."

To succeed it takes determination at whatever you are doing, whether it be music, teaching, or hustling. I'm just sayin that you have to be determined that you are going to live your dream, you have to believe that you are the best at what you do. No matter what you do, you don't have to be the best, but give your all.

Go, Donnie, Go!! The runners run the corner and head for the finish line.

The 2002-2003 cross-country season was great. Due to most of last year's team having graduated, the team only had a couple of returnees; luckily, many younger classmen came out and ran. With the help of the coaches, Mr. Kacmarski and Ms. Pope, and the manager, Jessica Stone, the season went pretty well. Practices were grueling, but everyone worked hard and still had fun. The team concentrated on training for KALAC and used the weekend races to see how well they'd do against other teams. KALAC was held in Seoul. Andrea Paulson was selected for the All-Conference team. The 2003 Far East Tournament was held in Guam. The Far East girls' team consisted of Andrea Paulson, Angela Preston, Mary Hesser, Christina Sewell, and Angela Cho. The Far East boys' team consisted of Donnie Jackson, Josh Till, Chris Gloss, Aamed Noormohamed, and James Bradley. They had a blast. The team stayed at the Pacific Islands Club and enjoyed the hotel's pool and leisure activities. The evening of the second day, part of the team got to participate in a luau. Many had fun shopping at Micronesia Mall. It was almost like being in the States. Guam was not all play and no work. In fact, the runners had to wake up at four in the morning and race at six. Though the Warriors did not place, they still enjoyed their trip and brought home cherishable memories.

Can you see the effort on her face? Angela is determined to pass the Osan girl in front of her.

Hurry, you've almost got her!! Mary passing an opponent during the Far East girls' race.

Tennis Season 2002

Tennis got off to a great start this year, with returning Seniors J.R. Holmes, Scott Yu, Ouri Balat, Kim Hildenbrand, and Sonja Choi. Added on to our Senior team this year was Jennie Harwood, so the class of 2003 basically rocked the tennis team all over again. The boys were joined by Junior Jacob Cochran and Freshman Daniel Brooks, Sung Am Kim, Sung June Park, while the girls were joined by Junior Mairim Martinez, Carolyn Choi, Kortney Dailey, and Sophomore returnee Jin McBride and Eun Mi O'Connor. Kelly Dolan coached the team, and Dr. Sullivan provided a lot of help. After several weeks of vigorous practice with the coach and Dr. Sullivan, our team was finally ready for our first games and soon would be ready for KAIAC. Although we did not place in the KAIAC tournaments, we had many single wins against numerous schools throughout Korea. You could see it physically and you knew it mentally—we all worked together to create the real definition of a "team."

A TEAM

Striving to rebuild...

rebuild /rE-'bild/ verb: to make extensive repairs to or to restore to a previous state.

This year the Taegu Warriors Volleyball team started out with more players than we needed. Returning from last year, Jeff and Jerald Chau, Pedro Arocho, and Chase Bradley helped to teach the new players how to play. Mr. Robinson coached us throughout the season and worked on us rigorously through his progressive practice schedules. The drills that he would make us perform greatly enhanced our game strategies and practices. We could play an international 4-2, a 5-1, or an offensive 6-2. Pedro Arocho, Scotty Brennan, Kevin Done, Duri Balat, Sean Smith, and Chase Bradley pulled off some amazing spikes due to the precise formation of our team. The two main setters for the team were Jeffrey and Jerald. In the line up for our team, the setters had to be adroit and swift in running up to the front line and setting up the ball. Teaching us all about progression and reaching towards a desired goal. Mr. Robinson coached the Warriors volleyball in such a unique and demanding style. Our team improved greatly as the season progressed. The drills and games he made us endure disciplined us and emphasized on mental preparation. Although Jeffrey received surgery on his right shoulder, he still managed to play after the operation. We hope that the strength of the Warriors Varsity Boys Volleyball team will grow next as it has this year—we cannot thank how much Mr. Robinson has helped us this year. We disappointed him for our last game in the KAIAC tournament and we hope that the returning players next year will assume the leadership and lead the team next season when seniors Jeffrey, Jerald, Pedro, and Scotty graduate. During the KAIAC tournament the Warriors played a tiebreaker game and lost to ICS-Pyongtaek; a team that we slaughtered during conference season. Bickering and arguing against one another on the court, teammates realized why we lost that game when Mr. Robinson lectured us on our poor attitudes. Overall, it has been a great and exciting year and all the players have learned a lot from their mistakes and successes. Pedro joined early this season and received his All-Conference award. Finally, the Warriors volleyball team would also like to thank Coach Gabe, a friend of Mr. Robinson who helped us throughout the season.

ringing back the Warrior pride, the Taegu 2002-2003 JV Volleyball team, Grace-C McGriff, Kelli Cox, Michelle Weal, Tamorra Satcher, Sarah Satcher, Susan Nard, Amber Surrency, Sarah Spinelli, Crystal Anguay, Melody Thompson, and Heather Anderson, won all their games, but lost one to SAHS. With almost all returning players, this year's team worked very hard due to the changes and absences of players every single game. Our season started out with a home game against Osan. Michelle Weal as our setter, Gracie McGriff and Tamorra Satcher as our hitters, and Sarah Satcher, Sarah Spinelli and Susan Nard as our defensive players, we were able to defeat the Cougars. However, the following game against the Seoul Falcons was very challenging. We gave it our all, but it wasn't enough.

Unfortunately, two of our starting players, Michelle Weal and Kelli Cox moved up to varsity but that did not stop us. We practiced harder and longer for the rest of the season. Our hard work paid off; we went through the rest of the season without any losses. For the first time ever, there was a JV tournament. For this event, we had a new addition to our team, Crystal Anguay. Though the season was successful, to our surprise, the tournament didn't go well for us. We ended up placing 5th. This being our last game, we ended our season with a record of all wins and one loss.

WARRIOR FOOTBALL

tackle (noun) /ták'II/: to make a physical challenge on an opposing player

The Warriors returned this season with a renewed determination to win and a new team. Only seven returning players, Ronald Beltran, Aaron Eiehorst, Leif Johnson, Jared Griffin, Nick Howard Jared McCloud, and Steven Knighton. The rest of the team were promising newcomers, Edward Hollbrook, Aaron Dick, Lawrence Ranches, Peter Milburn, Kevin Presly, and David Pearson. Along with the new team we had a new coaching staff, the head coach Capt. Hopping was on a mission to end Seoul's ten year winning streak to help him with his mission were the assistant coaches Staff Sgt. Mannard and Sgt. Stroud. Even with the renewed determination of the team it was plagued with the same problems of seasons before. The lack of players almost ended the season before it started. After the grueling practices only ten players remained. Then two newcomers arrived just as the season began; Kevin Presley (WR), and Cory Grammer (WR) who drove from Osan ever week just to practice with us. In game one of the season the Taegu Warriors set out to gain their first victory over Seoul. Twelve Warriors set out to defeat thirty-eight Seoul Falcons. Unfortunately the Warriors suffered a humiliating defeat due to the overwhelming numbers of the Seoul Falcons. The captains and the coaches set out to solve their internal problems to prevent this

from happening again. Practices after this became increasingly difficult. In the second game the Warriors once again faced defeat. This was very disheartening to the team. The team had two weeks until the next game. The warriors once again, attempted to adapt their team to deal with the shortage of people. This time in success the team traveled to Osan and won a close game against the Osan Cougars. This win gave the team the inspiration to finish the season off strong. The season ended with Taegu defeating Osan 3 times and losing to Seoul 3 times. The warriors had 7 players chosen to attend the 2002 all-star game held in Seoul against the Singapore Falcons. Running back Nick Howard, who ran for a season total of 946 Rushing yards, a league record, and 7 touchdowns. Also very impressive was Kevin Presley with 200 receiving yards and 2 touchdowns, on defense he also had 42 tackles. Linebacker Aaron Eiehorst had 173 yards on offense and 6 sacks, 40 tackles, and 1 interception. David Pearson led the team in tackles with 52 tackles and 2 interceptions. Another defensive all-star player was Ronnie Beltran who had 6 sacks and 12 tackles. Quarterback Aaron dick also was elected for all-stars, he had 2 touchdowns rushing and 1 sack on defense. Leif Johnson came to all-star with 37 tackles and 5 sacks.

The 2002-2003 Basketball season was predicted to be a "Rebuilding Year", but ended up being successful. With the loss of Donald Holmes, Jay O'Connor, John O'Connor, David Pearson, and Shawon Watson, the starting five of the previous year, it was understandable how TAS was expected to struggle. But, with freshman, Kenny Randle and sophomore, Kevin Presley as newcomers to the varsity team, they helped lead the Varsity Basketball Warrior season into a successful one. The pre-season KAIAC tournament gave a rocky start to the season. The only high point of the tournament was when Kevin Presley was voted to become part of the Pre-Season All KAIAC Tournament Team: the only person from the warrior team to be chosen. The Warriors finished 6th in the tournament leaving doubts in the minds of the team before starting the regular season. When the season started the Warriors were without some of their key figures of the team. However, as the season went on the players returned to play. Throughout the season, players turned in a few outstanding performances for the team. Kenny Randle had two 30 point and one 29 point scoring game. The constant clutch shots dropped in by Kevin Pressley were always a great asset to the team. Despite playing on a severely injured hip, the last second buzzer beater put up by Kevin Presley, against Seoul International School to ice the game for the Warriors was a very memorable point of the season. The team could have never produced as much as they did without great rebounding by junior, Chase Bradley, excellent defense hustling done by junior, Jared McCloud, hard play by freshman, Duri Balat, a positive basket

ball attitude and consonance team play by sophomore, Richard Oberle, along with the excellent three point and free throw shooting by junior, Donnie Jackson. Even with these outstanding players the warriors only ended up getting 5th place in their division. The season ended with Kenny Randle getting All KAIAC for the season. With the start of the Far East Tournament, the warriors were determined to succeed. Along with the lead of Kenny Randle and Kevin Presley the Warriors looked destined to go far in the tournament. During the week long schedule of games there were great performances put up by Kenny Randle and Kevin Presley. Both players were averaging above 20 points a game and Chase Bradley was averaging a double number in rebounds and points. The trio seemed as if losing was not an option. In the Warrior's last game of the season, they went down with a fight. Despite a total of 53 points just between Kenny and Kevin, the Warrior still came up six points shy. The warriors ended up getting 4th in the tournament. Donnie Jackson represented the Warriors well by winning second place in the Free Throw shooting contest. After the tourney was over awards were given out to both Kenny Randle and Kevin Presley who were selected to the Far East All Tournament Team, voted to the Far East All Star Team, and invited to play in the Small Schools and Big Schools All Star Game in Seoul, Korea. Unfortunately, only Kenny Randle went up to Seoul. He did well in the game and was invited to play in an AAU National Tournament in Detroit, Michigan later in the year. All in all, it was a good season led by Coach James Dolan and Assistant Coach Oberle.

Courage

To Rule the Court

courage (kûr 'ej, ku'r-ij) *n.* : The state or quality of mind or spirit that enables one to face danger, fear, or vicissitudes with self-possession, confidence, and resolution; bravery.

This year, the girls' varsity basketball team had to struggle with the lack of returning players. The majority of the team last year was made up of Seniors, and this year the only returners were Ashely Gooch and Kim Hildenbrand. Siobhan Adkins missed the beginning half of the season due to personal choices, but later joined the girls and was a great asset to the team. The girls came out in 4th place in the Pre-Season tournament, and had a great season with a fairly even number of wins and losses. They placed 3rd overall in the KALAC tournament, and when the Far East tournament rolled around, the girls were eager and ready to win. With harder teams in the competition this year, it was more of a challenge to stay up in the winner's bracket for everyone. Coach Michelle Chandler did her best to keep all the girls ready for the next challenge--we came out of the tournament with blood, sweat, and tears; but it just wasn't enough. Each of the girls gave it their all, and ended up in 6th place overall for Far East.

This season for the JV Boys Basketball team was a year to remember. Due to grades there was a shortage of players at games and the team struggled. With hard effort the team came through in the season. The team had many brilliant moments to remember and many disappointing moments to forget. With team player Daniel Brooks leading the points, the Warriors came through. The team usually had 6 players or less at games and with those hard working basketball players, the team came through at moments when it counted. The team players consisted of Delashon Atkins, Jonathon Wehr, Charlie Woo, Daniel Brooks, Quintalis Hill, Junior Brown, Michael McGee, Rick Jordan, and Wendell Espy. With this year to look upon, we can improve and achieve for the better in the 2004 JV basketball season.

Coached by Mr. Ron Lavelle with some help from Mr. And Mrs. Chandler, the girls' junior varsity basketball team of 2002-2003 in unexaggerated terms...ROCKED!!! Our team consisted of the "twinizie captains"; Tamara and Sarah Satcher both in 8th grade, 9th graders Michelle Lavelle, Michelle Weal, Melody Thompson, Whitney Dalton, 8th graders Betsy Lubuag, Meghan Bowlin, and 7th graders Taisha Brown, Kendra Washington, Nicole Sweet and Shaneeka Hill. Oh, and we can not forget our great manager, Keveisha Presley. Overall, we had an awesome season. We won all of our games except for the two games against Seoul American High School, but being Warriors, we did not give up without a fight. On February 15th, we had our last game of the season against Seoul American High School, and lost by one shot. Only two points! It was overwhelming to watch the last few minutes of the game because it was so close. The plan was for Tamara to purposely miss her final free throw so that our best rebounder, Tasha Brown (the tallest on the team) could

catch the rebound and shoot the ball for an easy two points which would allow us to go into overtime, when we would finally pluck the Falcons and go out as true Warriors!! Unfortunately, the ball aired when Tamara shot it, and we lost. It was all good though. The girls Junior Varsity Basketball team proved that the Falcons couldn't kill us, and left them terrified about challenging us next year. Just wait! Ohhh Yeahhh!

The 2002-2003 cheerleading season was full of excitement and fun. After a rigorous three-day tryout camp, eight girls stood out from the rest and were chosen for the Varsity Cheerleading squad. These girls were: Captain Andrea Paulson (sophomore), juniors Kortney Dailey and Katherine Meyer, sophomores Christina Sewell and Angela Cho, and freshmen Meghan Ormita, Crystal Anguay, and Grace-C McGriff. They were coached by Mrs. Lisa Dolan. Before the season had even begun, the girls were already practicing and traveling for competitions. Having only one week of practice as a team, the Warrior cheerleaders headed to Yokota, Japan for the 2002 Far East Cheerleading Camp. The National Cheerleading Association sponsored and taught this year's camp. The girls had a week full of cheerleading and fun; they learned to work as a team and developed new useful skills. Throughout the week, Grace-C (for tumbling), Meghan (for jumps), and Andrea (for leadership) were nominated for the All-American team. After seven days of hard work and late-night practices, it was time for the competition to begin. The girls put their hearts into the routine and were named the 2002 Far East Champions for small schools. Grace-C made the All-American team and received 2nd place for her tumbling skills. The Warrior cheerleaders brought home not only a 1st place trophy and spirit stick but also a bid in the NCAA High School Cheerleading Championships. It was only the beginning of the season, but already the girls had accomplished more than they had ever dreamed of. The girls were really surprised when Mrs. Dolan told them that they would be going to Dallas, Texas over Christmas break because they had not expected that they would be going. She had gotten together with the parents and they had agreed to send the girls to Nationals. The cheerleaders were both very excited and nervous about going to Dallas, Texas to attend the National Cheerleading Association Championship. They had never before been to such a competition and were nervous about how they would do against cheerleaders who had been cheering all of their lives. No one could sleep on the plane. Everyone was also daydreaming about the malls they'd be

2002 FAR EAST CHAMPIONS!

raiding soon. Haha!) The day of the competition, the girls woke up extra early to do their hair and make-up with the help of relatives who had come to cheer the girls on. Alas, the girls were ready to step out onto the blue carpet. The blue carpet is a really big thing for cheerleaders. The girls did their best but did not make it to Finals. However, they still competed in the Cup Challenge and got 13th place. The girls were a little disappointed, but their spirits lifted with the thought of shopping and eating at a Mexican restaurant. Nationals was an enjoyable experience for everyone. The 2003 Cheerleading KAIAC was hosted by the Taegu Warriors and held at the Camp Walker Kelly Gym. Eight teams from around the peninsula had been practicing all season towards this competition. Unfortunately, the Warrior cheerleaders only had about two weeks to practice their KAIAC routine because of the Nationals competition. The day of the competition finally arrived and the girls were really nervous. They had accomplished so much throughout the season, but the girls had their hearts set on that first place trophy. This motivated the Warrior cheerleaders to hit all of their stunts and complete the dances with attitude and smiles all around. All of the teams had great routines, but according to the judges, the Warrior cheerleaders were the best!!! Grace-C and Meghan were selected for the All-Star team. For the first time ever in Warrior cheerleading history the squad had taken home the Far East Championship, a bid to the NCA Nationals, and the KALAC Championship. The 2002-2003 cheerleading season was truly successful and made many lasting memories for the girls to remember. Sadly, two members of the squad and our wonderful coach will be moving over the summer. A great loss for the Warriors, but a tremendous gain for the cities they move to. We will miss you guys!!! Mrs. Dolan, thank you so much for all that you've done for us these past two years. We will never forget you and hope you never forget us. Hopefully, with the help of Mrs. Tonya Hagander, next year's team will be just as successful and fun.

teamwork (noun) /'tEm-'w&rk/ cooperative effort by the members of a group or team to achieve a common goal.

This 2002 – 2003 JV cheerleading season started off with a great competition. The tryouts were three days long and over 25 girls tried out, but a total of 16 girls made the squads. The eight motivated and determined girls who made the JV squad were, Jin McBride (Captain), June Struder (Co-Captain), Nikki Dailey, (the squad's choreographer), Megan Smith (our flyer), Tia Perry (who spirited), and Tenicia Beaulieu who had fun laughs to the squad. Platten was not able to which left seven girls to remainder of it. inconvenience, the girls build an amazing assistance of two (Mrs. Robinson and squad got a full which is a difficult stunt. The Taegu Warriors baseball team consists of 11 players. The players are Aaron Eichhorst, Pedro Arocho, David Arocho, Daniel Brooks, Aamed Normohamed, Zack Huber, Sean Smith, Brian Seward, Chase Bradley, Eddie Holbrook, and Chris Bright. With these players the Warriors came through and brought a memorable year of baseball.

This school year had something new for students in Taegu. Varsity baseball came out for the first time in Taegu American School and what a season it was. With the new sport come new players. The Taegu Warriors baseball team looked forward to the season. They started practice in high hopes of becoming a competitive baseball team. With Coach Robinson leading the baseball team, the team came out to a record of 2-4. With weather problems the team missed many games and thus cut the season short. As captains, Aaron Eichhorst and Pedro Arocho led the team to play hard and most of all have fun.

The unknown and unpredictable element in happenings attributes and effort

Unlike the past three years, it was a fresh new start for this year's Boy's Varsity Soccer Team. With a new coach and several new players the team had a lot to prove to fulfill expectations last year's team had brought upon other teams. Coach Hagander had taken care of the disordered situation very well. Being aware of the importance of fundamentals, Coach Hagander worked the team with simple but demanding drills. It quickly enhanced the players' skill level, and was obviously noticed on the home ground of the Taegu American School Warriors. Soon, the Warriors rose as a threat in the league's top teams. Unfortunately, the boys couldn't avoid the downfall of their season. During the middle of the season, Coach Hagander noticed a vital part of the team's play missing. It was communication. Although the team had much talent and potential to display on the field, the lack of communication seized the progress of the team. It was well noticed to the veteran players from last year, including John O'Connor, Jay O'Connor, and Junior Morehouse. "You guys are a better team, but its chemistry that the team lacks," John made an input to encourage the team to communicate. Revealing the truth of the team's flaw helped them to rise again to be considered a threat once again. Coach Hagander claims that it was a great season to learn from, and that he already has plans for next year's squad. The confidence in the coach's voice already has the school eager to watch the successful outcome of the Taegu American School Boys Varsity Soccer Warriors in 2004.

"IT WAS MY LAST SOCCER SEASON, GAME, TOURNAMENT IN HIGH SCHOOL...IT'S A GREAT EXPERIENCE I COULD LOOK BACK AND LEARN FROM WHEN I STEP UP ANOTHER LEVEL OF THE GAME."

Far East was a bitter experience for the Varsity Boys. With the loss of 5 starters and no substitutions, the Warriors had to run 350 straight minutes (5 games) in two days. The players were not only physically fatigued, but mentally weakened as well. The lack of penetrating plays and the misunderstanding of signs gradually directed the

the players to fall upon their own game. It was frustrating for the players to struggle against teams that they have easily overcome during the regular season. However, the players were recognized for their intensity and efforts to maintain their reputation they earned during the season. For the All-Tournament team, which consists of 13 players, two of the Warriors were voted. Captains, Ouri Balat and Scotty Brennan, stood aligned with eleven other players representing Taegu American School at the awards ceremony.

"THE SEASON WAS COMPLETELY DIFFERENT FROM WHAT I EXPECTED. I NEVER KNEW WE'D ACTUALLY GET THROUGH THIS FAR."

During half time against ICS-P, Mrs. Pope gathers the team for a little group discussion and strategy to play "aggressive."

Progression (noun): /pr&-'gre-sh&n/: to develop to a higher, better, or more advanced stage.

This year, the girls' soccer team lost a big chunk of their players. To our surprise, there were only four returnees: Senior Diane Sullivan, Junior Melissa Lee, Sophomore Andrea Paulson, and Sophomore Ashley Gooch as well as Junior Patricia Brennon, who played for Seoul American High School. It was a major struggle in the beginning of the season trying to coach all the new players basic drills and dribbling. The girls truly improved throughout the season. TAS's girls' soccer team kept their heads up no matter what and really put their hearts into the sport, even though we weren't even near the level of being a professional team. With the help of the coach, Mrs. Heather Pope, the group even pulled together to win a couple of games. This year's game schedule was short, but the weekends were still packed with games. Because of the short season, Far East arrived earlier than the year before. The Far East Soccer Tournament was once again held in Iwakuni, Japan. The girls went to Far East not to win, but to have fun; They didn't come back empty handed either. The team won many of the individual competitions as well as best sportsmanship on and off the field. Though the season was not as successful as they had hoped, the girls still learned a lot and had tons of fun. Hopefully, the girls returning next year will carryout a successful season.

Friends come and go throughout our entire lifetime. However for those few lucky people the friendships they develop in high school will last an eternity. As teenagers there are a multitude of things we must endure and the people that we turn to for support, comfort and whatnot are our friends. With them we share our laughs, tears, difficulties and joy. Whatever the friendship is based on or how long it lasts, we cherish them and eventually realize what an impact they actually leave in our lives.

Relationship (noun): /re`la--sh&n-"ship/; a state of affairs existing between those having relations or dealings; a romantic or passionate attachment

During High School you are able to capture many memories. These memories being full of class time, friends, hardships and of course the memories of sharing something with another. You go through life looking back at many things that happened during your high school years, and next to the bonds that you make with your friends, the love that you build with someone is also significant. Take a look at some of the couples here at Taegu American School who have been able to endure the tribulations of relationship hang-ups and grow beyond to these captured moments.

Gadget (noun): /'gɑːdʒɪt/: an often small mechanical or electronic device with a practical use but often thought of as a novelty

Technologically speaking, we are the most blessed people to ever live on the face of this earth. We have come a far way from the calculator that was the size of a desk. It has now become hard to find a household without a personal computer let alone a calculator that fits in our back pocket. Nowadays, digital cameras, palm pilots nor those little MP3s that store 300 songs on them faze us. Over time we have become so attached to our gadgets to the point where our lives rely on them. Here are some of the sweet gadgets that we love to spoil ourselves with.

David Arocho really does like to let people know he's around. With his back-pack boombox this does not become a big difficulty.

Trinkets (noun): /'tri[n]g-j-k&t/: a small ornament, a small article of equipment or a thing of little value

Boys, yes, not only girls carry some of their most interesting belongings with them in their bags. You can actually tell a lot about a person by just simply peeking into their bag or purse. Quite frequently, people find some trinkets that they thought were long lost or that were even forgotten over time. Although organizational skills are a habit we must develop soon it is always nice finding that little something that's hidden at the bottom of your bag. Here are some of the sweet little surprises or not so surprising treats that we found in peoples' bags.

Some people are organized and some aren't. A bag can say a lot about a person.

Hangout (noun): /'ha[ng]-'aut/: favorite place for spending time; a place frequented for entertainment or for socializing

People here know that hanging out with friends in certain places always gets old and dreary. Even if we get tired of going to the same spots over and over again, we can't seem to stop ourselves from going there. From playing counterstrike at Lifezone, to going to the movies on the weekends, and even going to Happy Potter for some tasty coffee, we have completely adjusted to this lifestyle. Many of the places that we go to are second homes to us. Being in Korea, we have to be very thankful that we have places to turn to whether it is on or off base.

Fad (noun): /ˈfɑd/; a practice or interest followed for a time with exaggerated zeal.

Fashion in Taegu American School is something different from other places. Everyone here has their own unique style whether it's their hair, clothes, jewelry, or shoes. When it comes to fashion in Taegu people don't judge how you dress. If you dress scrubby, preppy, dorky, miss match it doesn't really matter it's your own style. Style is not what other people think about your clothes but what you feel comfortable in and what you think looks good on you.

Hair styles are just one more thing that completes the outfit. Some styles go wild some go plain.

After the Homecoming Game against Osan, the gentlemen cleaned themselves up and put on their best attire, while the ladies spent hours getting their hair done, putting on makeup and doing their nails. The Homecoming Court began the evening with a formal first dance. After that the dance floor was dead, but not to our surprise people eventually danced. The dance brought out a lot of smiles, laughter, and even some new dance moves that were carried out throughout the year. It was definitely a great way to kick off the new school year.

The Show

By the picture, it is needless to say that the crowd surely enjoyed the show.

Two Time Champ, Jonathan Ko, once again put on a great show but was put up against tough competition.

Chrissy sang a duo with Andrea Paulson. It was a great performance.

The Talent Show this year was absolutely amazing! The show took place on April 3rd 2003. It was filled with great vocals, instrumentals, original lyrics, and even songs produced by the contestants themselves. Johnathan Ko's two year championship holding was broken by the Ranches brothers, who blessed us with their skit, rap and life lessons. Other acts such as the Kim siblings, Ouri, and Grace-C were trully delightful. The show was certainly one of the best in years and was more than worth the \$1 entrance fee.

Law Day once again continued its traditional series of mock trials this year. The case was on the Von Bulow Affair. The prosecution progressed through the trial with demanding eye witnesses, who testified vital information of what they saw, heard, and felt. However, the defense countered the prosecution's case with hard evidence and scientific opinion. The lists of doctor witnesses questioned by the defense portrayed the inevitable truth. The trial was simply opinions versus facts. In result the jury stood with the defense stating the victim, Mr. Claus Von Bulow, not guilty.

Student Council

Debate (verb): /di-bât'/: to engage in a formal discussion or argument.

Model United Nations had a few changes this year with a new location, two new councils, new date, new coordinator, and a new team. This year we had the conference at Kadena A.F.B. in Okinawa, Japan. It was held in a chapel for three days with serving delegates sandwiches with kool-aid. Having two new councils added this year; didn't stop the delegates from holding intense debates. Kadena provided us with night activities such as; ice skating, bowling, video games, batting range, karaoke, shopping, and a luau. On the last day of the conference, the M.U.N was attacked by JROTC cadets. Delegates made allies with other countries and gained friendships at the conference.

Top: (left to right top row) Ouri, Jeff, Jerald, Stephanie, Aaron, Mrs. Krauss, Judith, Carolyn, Tasha, Scotty, and Diane; delegates taking a time to pose for the camera.

Right: A few delegates relaxing at the airport waiting for our flight.

Council Adviorsy

More, more, and more is what the Student Council Association (SCA) shot for. The SCA this year was successful in fulfilling all of its goals, even more goals than any other SCA. Students will probably remember Field Day and the snacks in Mrs. Bishop's room best. The SCA hopes the students enjoy the improvements and appreciate the work. This year's SCA made it all happen, but struggled with the pep rallies due to the school's weird lack of spirit. Many great pep games and dances from KAIAC Champion cheerleaders were ruined. Students need to show spirit in order to make it a great year. We hope Field Day boosted the spirit for students next year, because without spirit,

would anything for them be worth doing? Last year, SCA Representatives never really worked, but this year they played a vital role. We sincerely thank Mrs. Bishop for her work and dedication to the SCA. We firmly believe she has been the best sponsor the SCA has ever had. With that, the SCA President has proved to the school through not only his words, but also his actions.

At a pep rally put on by the SCA.

Yearbook

Deadline (noun): /s-'pOr-tiv/: date or time before which something must be done

Yearbook: many relentlessly overlook this "extra-activity". Except for a limited few, many do not believe the constant battle that we go through with people to simply GET THINGS DONE. This year, one other obstacle was put in our way. Since, we were in the hole from the previous year and never quite recovered from it, the number of pages were cut and we were in constant need of financial support. However, we were able to work around it and in the end we produced a yearbook that we are all proud of. We hope, our hard work has paid off and each and everyone of you enjoy this year's Taegu American School Windsong. "Thank-you everybody! I couldn't have done it without you all!"-Sonja

Performance (noun): /pər-fōrmns/: a presentation, especially a theatrical one, before an audience.

This year's Drama Far East team consisted of seniors: Daniel McBride, Danielle Koke, and Shawntail Hack; junior: Leon Carpenter; sophomores: Christina Sewell, and Jin McBride; and freshmen: Michelle Lavelle, and Matthew Lamunyun. The location of this year's drama was held in Zama, Japan. With our instructors, Mrs. Gonzales and Mrs. Antel, we were able to have total of 8 gold medals and 4 silver medals. This year's drama team really exceeded the school's expectations. However, due to the lack of commitment, there could be no spring play this year, but all in all, the drama team really had a lot of fun rehearsing together and bringing out their "dramatic" side. The show must go on!

Humanity / hyū-'ma-n&-tEI noun: the branches of learning (as philosophy, arts, or languages) that investigate human constructs and concerns as opposed to natural processes (as in physics or chemistry) and social relations (as in anthropology or economics)

The Junior Science and Humanities Symposium is a program that encourages students to explore the different aspects of the sciences and present their projects at regional symposia. Winners in the two types of presentations, poster and formal presentations, win savings bonds. The first three top competitors in the formal sessions win savings bonds as well as trips to the national symposium. The first place winners compete against each other and the second place winners get to present their projects. This year's regional JSHS was held in Tsukuba, Japan; it was the center of action. Monica Flitcraft and Hana Aultman, both grade 10, presented in the poster sections. Monica, with her project on the amount of bacteria in bottled water, placed first in this category, her very first competition. Judith Krauss, grade 11, was the only one from TAS to make it to the formal presentations but managed to place third. This was the first time in the last twenty years (that we know of) that somebody from our school placed in formal presentations. This earned her a trip to the national symposium held in Colorado Springs, Colorado, where she was able to see the best from all over the nation, DoDDS Europe and DoDDs Pacific. All three of the students had fun and plan to participate in the program next year.

J.R.O.T.C.

LEADERSHIP: THE WARRIOR BATTALION

Chain Of Command

Battalion Commander: C/LTC Jeffrey Chau
Executive Commander: C/MAJ Jerald Chau
Command Sergeant Major: C/CSM Sean Smith
Adjutant S-1: C/CPT Melissa Lee
Public Affairs S-2: C/CPT Christina Sewell
Training/Operations S-3: C/MAJ David Arocho
Supply S-4: C/MAJ Christina Phillips
Inspector General: C/CPT Candice Graham
Foxtrot Commander: C/CPT Bradley Kang
Golf Commander: C/CPT Quintalis Hill
Hotel Commander: C/CPT Sabrina Parsons

This is the 16th year of the J.R.O.T.C. program at Taegu American High School. The Warrior Battalion consists of 117 cadets in three companies. The three companies are Foxtrot, Golf, and the Hotel Company. Foxtrot and Golf are from Taegu, and Hotel is from Pusan and cross-enrolled with Taegu. Foxtrot and Golf companies have a total of 79 cadets. Hotel company itself has a total of 38 cadets. The J.R.O.T.C. cadets are taught leadership and teamwork throughout the school year, so that they will be prepared for A.F.I., the Annual Formal Inspection. However, this year, there could not be an A.F.I. unfortunately. The J.R.O.T.C. program has passed the A.F.I. for the last 15 years, and has held on to its title, "Honor Unit With Distinction." Throughout the year, the cadets learned how to apply a map, prepare and do an oral presentation, drill and ceremony and learn, understand, and use all the different military customs and traditions. The Cadre consists of the Senior Army Instructor Major Bruce Flagg, Taegu Army Instructor Sergeant First Class Jesse D. Rookard, and Pusan's Army Instructor First Class Robert Horton. The Color Guard, Drill Team, and Sabre Team all had the opportunity to take part in many activities that were held for the community and school. This year, the Color Guard performed a few times for the community. These performances were held at J.R.O.T.C. Far East, and the September 11th Remembrance Ceremony. The Color Guard consisted of: David Arocho (commander), Edward Kang, Bradley Kang, Sean Smith, Chris Bright, and Scotty Brennan. The Drill Team also performed at the J.R.O.T.C. Far East Tournament. They competed in two drill categories, regulation and exhibition. Their exhibition routine earned them second place at J.R.O.T.C. Far East in Okinawa, Japan.

The Drill Team consisted of Pedro Arocho (commander), Andrea Paulson, Melissa Lee, Jennifer Jones, Crystal Anguay, Jeffrey Chau, Jerald Chau, David Pearson, and Christina Phillips. Jerald and Jeffrey Chau won first place for the land navigation (orienteering) contest at Far East. Our two teams competed against many other J.R.O.T.C. teams from 10 other schools located in Japan, Korea, and Guam. The cadets had to pass a uniform inspection, regulation drill, exhibition drill, marksmanship competition, and a Cadet Challenge. The Saber Team also performed at many events in the community. They showed off their skilled sword handiwork at the J.R.O.T.C. Military Ball and Taegu American School's graduation event.

The Drill Team

The team consisted of Jerald Chau (commander), Quintalis Hill (co-commander), Kortney Dailey, Luke Unger, Dalshon Atkins, Louie Fuertes, James Bradley, Sam Choi, Michael ClClenning, Jason Holbrook, Ahna Hughes, Zack Huber, Chase Bradley, Daniel Brooks, Steven Pears, and Crystal Anguay. The Saber Team also performed a difficult sword routine on February 11th at the Camp Walker Commissary. It was for a special celebration due to the commissary's nomination for the Best Commissary Overseas Award.

Military Ball...

The J.R.O.T.C. Military Ball was on February 16th at the Evergreen. This is a formal event, to which guests and parents are invited to. The night begins with the Receiving Line. This is where the Senior Army Instructor, Army Instructor, the Guest Speaker, and the Battalion Commander stand in a line and welcome everyone to the ball. The evening began with the posting of the colors. Dinner was served after the toasts were given. The Guest Speaker, Col. Drummer, gave his speech on life and how to make the best choices in life. The Military Ball always has a J.R.O.T.C. Queen and two princesses. After Col. Drummer's speech, the Warrior Battalion's Queen and court were announced. The Warrior Battalion Queen was Christina Phillips, and the two princesses were Andrea Paulson, and Inna Woo from Pusan. The Queen and Princess did the annual cutting of the cake, and after it was served, the colors were cased. This ended the formal part of the evening. Afterwards, begins the informal part. This part of the Ball includes dancing, talking, and picture taking. The Military Ball was a fun event. Everyone had a good time, and it left lasting memories for everyone.

PLDC...

Every year during Spring Break, those who will be selected for leadership positions the following year are chosen to attend the Primary Leadership Development Course. This year, these cadets included Crystal Anguay, James Bradley, Daniel Brooks, Melody Thompson, Michelle Weal, and Candice Graham. They spent the whole Spring Break practicing leadership skills, and learning standard military knowledge. They got to experience how military life is really like, and all the cadets agreed that it was a memorable and worthwhile experience.

The cadets enjoy their MREs after a long hard day at work.

Sergeant Rookard assists Cadet Graham with her equipment. Doesn't Candice look so excited to start their adventure in the woods with all that luggage on her back?

Sonja,

I should tell you that I hope not to embarrass you with this dedication, but I'm sure you know me better than that. It is hard to imagine that you are graduating from high school. I can remember the day you were born and we were all gathered at the hospital for your birth. The years that followed were so much fun. It was so great to have you close by so you and your cousins could spend those early years together. We missed you when you moved to Korea but looked forward to every summer when you would visit. We enjoyed the trips to the coast at Johnson's cabin, a swim in Crater Lake after a day on Wizard Island and all the family reunions. The few Christmases when you did not come were never the same as the ones when you were here.

Sonja, Lori and I are so proud of all that you have done and more importantly, of the person you have become. We wish you only the best as you graduate and move on to new adventures.

Love, Peter & Lori

My Dearest Sonja,
I guess in the true sense I don't know you all that well because of your living most of your youth in Korea. And yet you remain one of my favorites. I believe this to be true because of my love and affection for your mother. I realize how much you have learned and experienced, thus gaining a broader view of your life. You share, with all my grandchildren, a place in my heart and mind. I have great pride in you and who you are.

Love, Grandpa

~ Sonja Elaine ~

Dearest Sonja,

In The Prophet, Kahlil Gibran wrote,
"Your children are not your children
They are the sons and daughters of
Life's longing for itself..."

For life goes not backward nor tarries
With yesterday,

You are the bows from which your children
As living arrows are sent forth"

We have been together as a bow and an arrow. Now it is time for you to go forth. I release you with joy and thanks for our adventure. I have great faith that you can go forth with joy, confidence, and self-awareness to find and define your place in the world!

With love,
Your mother,
Kari Kugler

Sonja,

To my "twin cousin" - I've been looking at old pictures of us. We were always together, always playing. In the last 12 years we haven't been physically close where it counts.

Congratulations on getting done with high school - I know it will be bittersweet for you, but you have so much to look forward to. I can't wait till we live in the same town again!

I love you, Saxa

Dear Sonja,
Although distance has made it a long-distance event for us, watching you grow up to the young woman you've become has always been a delight. We look forward now to watching you grow into young adulthood - something you're sure to be grand at! - closer at hand. Congratulations on your graduation.

With our love,
Rob, Mitzi, Hillary, Ben, and Nathan

Your Graduation has a very special meaning for you.

*Others may be aware of the difficulties
and some of the triumphs, but only you know
how you've changed and grown...Only you can look
back and see how your confidence has increased,
your thinking has matured, and each accomplishment
along the way has made you better able to meet
a greater challenge ahead...Although no one else can
know everything this Graduation means to you,
those of us who have known and loved you since
you were small experience a very special joy
of our own. And you can be sure that each one
of us is not only happy for you,
but very, very proud of you as well.*

New Friends and Old Friends

What is real endures. It is as true of friendship as of other kinds of love.

*Make new friends, but keep the old:
Those are silver, these are gold.
New-made friendships, like new wine,
Age will mellow and refine.
Friendships that have stood the test—
Time and change—are surely best:
Brow may wrinkle, hair grow gray;
Friendship never knows decay.
For 'mid old friends, tried and true,
Once more we our youth renew.
But old friends, alas! May die;
New friends must their place supply.
Cherish friendship in your breast—
New is good, but old is best:
Make new friends, but keep the old:
Those are silver, these are gold.*

I dedicate this page and verse to you, the Class of 2003. Students have come and gone in my life, but your class will be forever in my mind. You are all friends in your own way and I know that all of you will make a positive impact on the lives of others in the future. Always be proud!

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;
Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,
And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.
I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I-
I took the one less traveled by,
And that has made all the difference.

-Robert Frost

May your future endeavors be promising and fulfilling.
