Troy

I like art because
it had neat things
in it.

Troy

I like playing and
I like reading.

Jenny

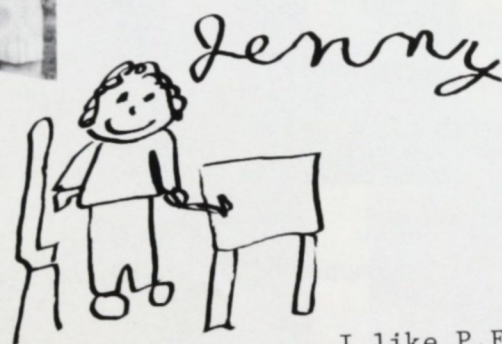

I like to play
P.E.

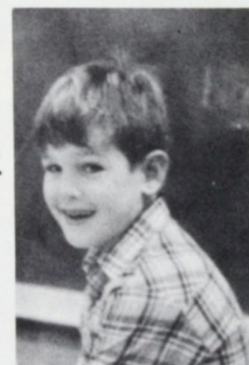

Melissa

I like art.
Mike

Jenny

I like P.E. and
Metra.
Ronnie

Richie

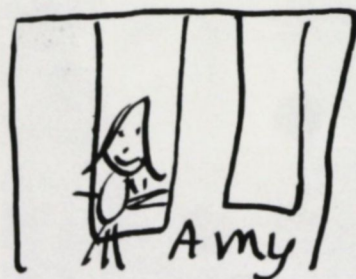

I like P.E. and
jumping rope.

I like school because we know how to do math. I like gym because we have fun with the parachute.

Constance

I made a puzzle of the U.S.. I hate homework (excuse me) and I like art, gym and recess.

John

There was a bunny. His name was Funny. He looked in the water and saw a bunny named Funny.

Shara

I like math sometimes I get 100 and I like hand writing, I am good at it.

William

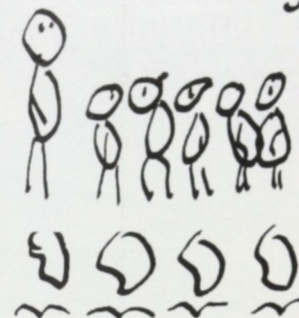

The school has many things that I like to do like playing in our doghouse and reading.

Karen

we are going to Gym

It is my birthday and I am going to be 8, I like library because I listen to films and records.

Colleen

When I get lost I feel sad and lonely. I get lonely when I don't have any friends.

Eboni

I hate homework because it takes me all day to do it. My mom still said do it. After I get it finished I have to clean my room.

Conrad

I like school because it is fun to play games like leap-frog. We have hard problems in math.

Shawna

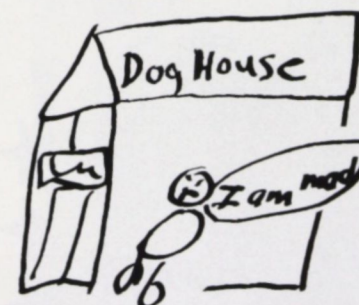

I like my cat. It is a soft one. I like to pat my cat. She likes milk and cat food.

Jenny

I like video tapes in the library. We get to put the tapes in the video machine.

Chris

I am the only person in my class who is in Cub Scouts. I like everything about Scouts.

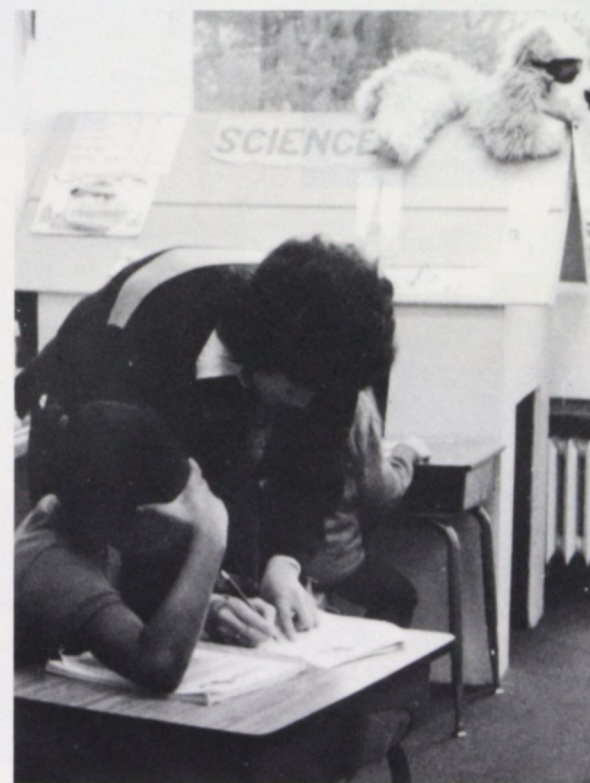

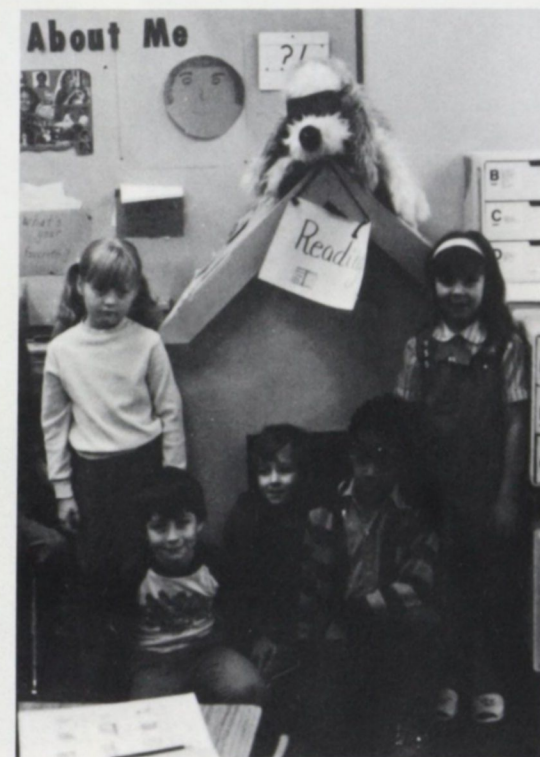

Robby

I like swimming because it is my best sport. I like splashing and getting underwater and grabbing legs.

Eric

A few of us are working to get a play finished. The kids are practicing and practicing. In social studies we are studying all around the world.

Rickie

I am new in this school and it is very different. The other school was a lot bigger. I like this school as much as I like the other school.

Thad

My favorite things in school are art and P.E. Those are my best subjects. My favorite drawing is of big buildings.

Jimmy

I like school. It gives you more things to do. Monday is a relaxing day for me. We have an hour of art and P.E. Friday is an up-tight day you're always thinking about the weekend.

Noël

Shelly

Gia

We have a little school. We have math everyday. In music we learn new songs.

Shelly

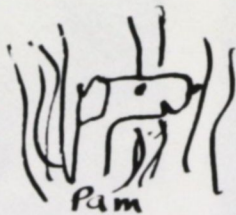

Shonda

School is fun you can learn more this year. In school you can watch video, you can read to the teacher and we have music.

Gia

I like math because I want to be a pharmacist. A pharmacist works with chemicals and medicine.

Steve

Pam

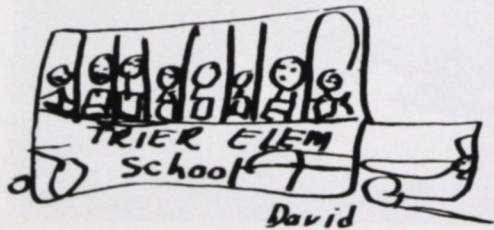

I like working together with my friends. We went swimming with the school. Then Christy went back with us.

Shonda

In Media we have books to read. We have records, t.v., magazines and puzzles. In class we have German, math, P.E., art and spelling.

I live Germany because it is so pretty.
I wish I could live here all my life
and have my grandparents, aunts, uncles,
and cousins come over here too.

Tina

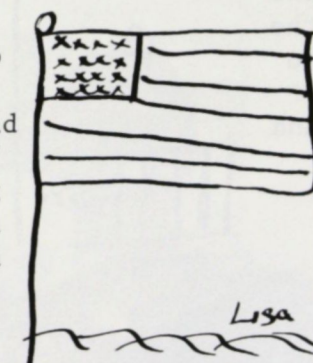

The big Media Monster;
Quite a scare is he.
He has yellow hair
And is as mean as a bear.
He is very ugly to me.

The big Media Monster
Has a nose as long as me.
He sits in a chair
In a blue suit of animal hair
And reads everything from A to Z.
Christy

When I hear the roads are too
icy and there is no school I
say "Yeh!" When it gets around
9 or 10 a.m. I go get some of
my friends and we go sledding
down the big hill. It is fun
going down but coming up is a
problem.

Cynthia

April Fool's Day was not good
this year because everyone
knew about it. Last year it
was very good now this year we
could fool the teachers but
not the kids. It was just so
hard to fool them.

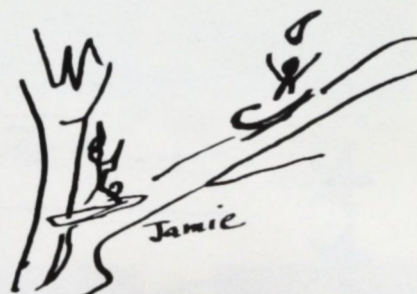

Lisa

The kite flying contest is coming up and I can't wait. I really like the challenge that it gives. The challenge is that we have to make our own kites. We also are having an airplane contest. Steve

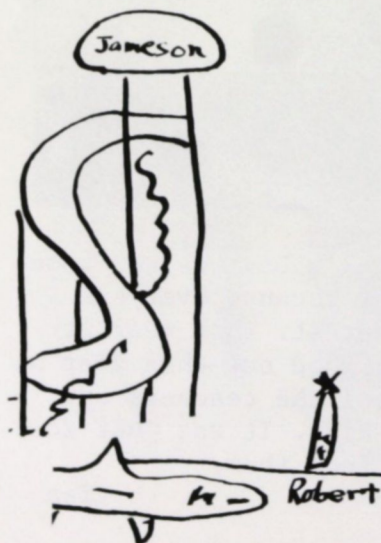

The best school days are snow-days. You get your friends and from 9:30-10:00 you get your sleds waxed down. Then you sled, eat lunch and sled for the next 4 hours. Then you go home and get warm. Jamie

Getting ready for a play is hard work. First you have to learn the words, then you have to paint the background, and then you have to work on your words again. The name of our play is Snow White and the Six Dwarves. Frankie

I like German if is fun. I like reading and Mr. W. and I like math and everything. Vicky

I can not wait till we have the airplane contest because I have a good idea that will make mine fly the longest distance. Today we have our pizza party because we were the class with the least checks. Jameson

Our class went on a walk with our sleds and then came back to eat hot dogs and cocoa. When we were done my friends and I went back. We were going so fast we hit a tree and I got hurt. I went home and all my friends came with me. Eric

Eric

I just could not wait to have our party. The 6th grade decided to have a pizza party. But if it wasn't for being quiet we probably wouldn't have had a party. Jork B. came to visit our class. Before lunch he gave us a fraction problem which gave us a hard time figuring it out. Wayne

I can't wait till the Carnival comes. There are fun rides and fun things to do for three days. They even throw pies. I have a good time. The money from the carnival is used to buy things for the school. Christine

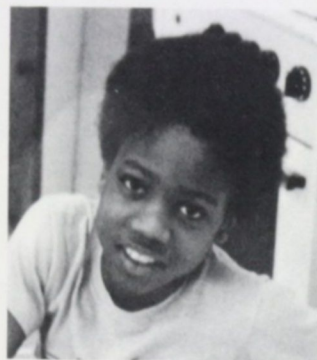

In a couple of weeks I'm going to be an expert on bowling--cause in Media we have to become an expert on something. Now when I grow up I'm going to be a probowler. Chris

I like when we had a Spelling Bee. I was sitting there that night and my bones were shaking when it was my turn. I was so scared. Christy was the winner and got to go to Italy. I liked going swimming. Brian

Brian

School is full of ideas about jobs. School helps you to learn about things around the world. When I learn new things about the books and people and how they live, learning makes me proud.

Donte

I like drawing trees and houses. They are fun to make. I like trees a lot. They can be straight or crooked or in knots. I like swimming too.

Robert

I like Germany and I like going on field trips at school. The Roman Baths were fun. I want to go see Castles and other things. Our school is a good one and I like Trier a lot.

Tammy

It was neat when we went downtown. We ran down in the tunnels of the Roman Baths. We went to the Amphitheater and climbed hills. At the Cathedral, I sneaked away and got an ice cream. Then we went to Burger King.

Joe

One of my favorite subjects of the day is Media. We not only have books like any other library but we have all sorts of things. I like the typewriter. I also like my speech class.

Suzanne

I remember when I made a homerun in P.E.

Cherie

I remember when we went to sled in the woods. Mr. W. took us there. We went on a steep hill. We had fun. Donte pulled the sled for us a little. We sledged all day-it was so much fun.
