Principals' Welcome :)

Boys and Girls,

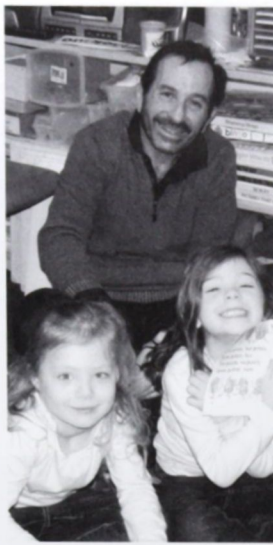

Thank you for making our first year at West Point Elementary School a fun and exciting one!! We have learned so much from each of you and hope that you have learned a lot from us too. We had fun reading with you as we kicked off our Reading Challenge in the Fall. Our winter Sing-a-Long had us humming and smiling during the entire holiday season. We accepted the President's Fitness Challenge and were so proud when we became a model demonstration site, "Healthy Bodies, Healthy Minds!" The class projects you shared with us proved how much you have learned and grown this year. Thank you also for including us in all of your wonderful celebrations. Your parents and the community have been our partners in helping you learn and grow and we truly appreciate every one of them. The teachers and staff at West Point Elementary School are superb and really are extraordinary educators. Being the administrators at your school has been an honor. Thank you for a great year!

from Their Childhood

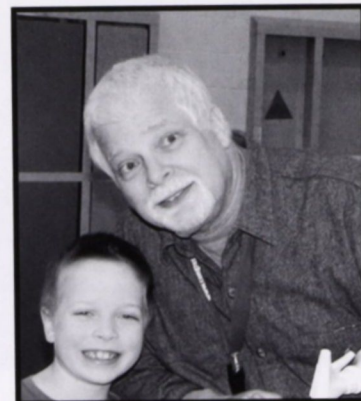

Mrs. Edgar Joshua's Song **Synopsis:**

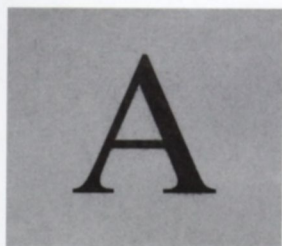

This story is about a boy who has to drop out of school to get a job so he can help his mom now that times are rough. He gets picked on at school and he feels like he doesn't fit in anywhere, a concept we all could have probably related to at one point in our lives.

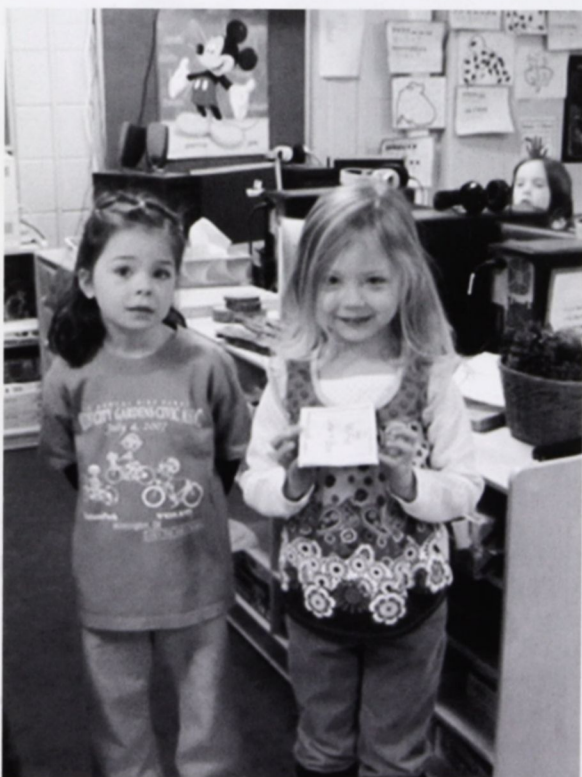

Mr. Ricci The Talking Eggs **Synopsis:**

Rose has always been a mommy's girl. Rose does whatever she wants to while Blanche has to do all the hard work. One day after being nice to an old witch-woman she is put into a magical world where cows have two heads and eggs talk!

Elementary Clubs

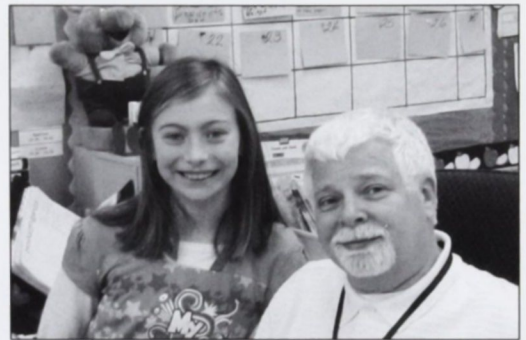

West Point Elementary School offers a variety of clubs and after school organizations. Each of these activities are built to stimulate young students' minds and let them enjoy themselves at the same time. For example, Math Olympiad, music, morning news, and PEP pals. These are the few clubs we would like to highlight out of the many great opportunities taking place at WPES!

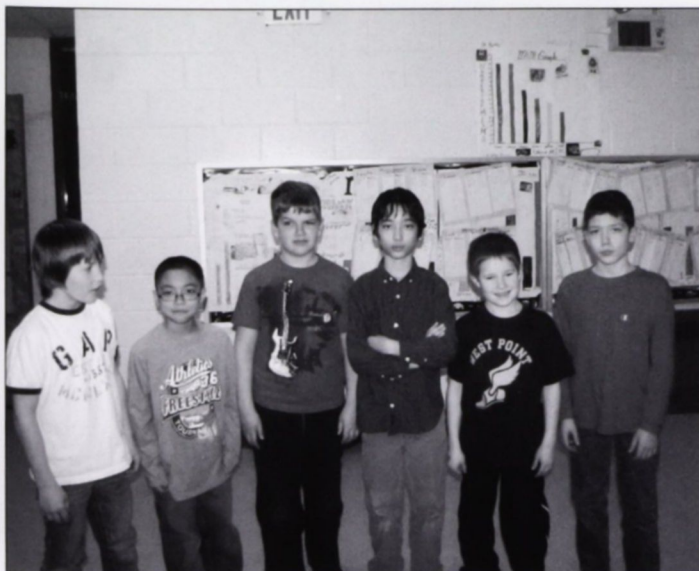

$$A^2 + B^2 = C^2$$

Math Olympiad

There are things which seem incredible to most men who have not studied Mathematics

Math Olympiad is a goal setting extra curricular activity. It helps kids to excel in their mathematic skills. These kids are at the top of the class in math and they are continuing to exceed in their proficiency. This club lets these children pursue their love of math. They get to work with more difficult problems than their regular class and the students get to have fun at the same time!

Morning News

The WPES morning news delivers special information to the students in an interesting way. Third and fourth grade students in groups of 4-6 get the chance to report school wide news to their classmates on a daily bases on a closed circuit cable.

Electrifying Tunes

Elem's swingin' sounds

Music class!

Here are two kids practicing the xylophone. Music to my ears! They get to learn how to play new instruments everyday. We just might have the next American Idol!

Winter Wonderland Concert

Can't you hear the jingles the kids were singing? 'Rudolph the Red Nose Reindeer had a very shiny nose...Jingle bells Jingle bells Jingle all the way...' all of those winter songs everyone loves to hear. The music teacher, Ms. Storey, of the WPES students did an amazing job putting this musical masterpiece together. The children had so much fun learning these songs and then performing them for their friends and family members. The decorations were beautiful and they really tied together the theme of the performance. It was a great treat that everyone enjoyed.

Solo time!

These kids went up on stage in front of everybody and had to remember their lines. Talk about stage fright, but they still pulled it off. Way to go kids!

Energetic Fellows

Pep Pals

Yoga Moves

Yoga helps to regulate the heart beat after working out. It is also a way to relax. It helps to stretch the students' muscles after using them so they don't tighten up and end up hurting.

Rock Wall Climbing

This helps to strengthen arm muscles and strategy to maneuver around the wall without falling. It is also a way to build trust as you can see the kids are helping to make sure one does not fall so the kids that are climbing have to trust the one on the ground will not let them fall.

READY, SET, GO!

On your mark! Get set! GO! These kids are having a blast doing relay races. They also learn new ways to stretch and do some yoga moves. Learning what muscles they use and how it helps them is the key. This is why this after school activity really helps these kids. They get to learn and have fun at the same time. Isn't that every kid's dream? Who knew learning could be fun! It isn't all about running back and forth. Mrs. Woodworth teaches Pep Pals, it is really great that she takes her time to help these kids to develop their skills and strengths.

MIDDLE SCHOOL

Principal Welcome Letter

The pages of this yearbook capture great memories made with friends and teachers this school year. Contained within its pages are also snapshots of sports and activities in actions, at which students rounded out their educational experience at WPMS in endeavors of particular interest to them. As the years go by and middle school is replaced by high school and then college, military, or the world of work; it is my sincere hope that you open the pages of this annual from time to time and cherish the days you spent at our fantastic school.

The challenges of growing up as the child of an American service member serving our great Nation in a time of war are shaping your character as you grow into young adulthood. Attending West Point Middle has provided you an opportunity to face these challenges with friends and classmates that are going through them as well. Look to the example of selfless service provided by your parents and other community members as the blueprint for a meaningful life of purpose and direction. Whether moving on to another new adventure or returning to WPMS in the fall, congratulations on a successful school year and best wishes for a restful summer break!

-Mr. Rudy

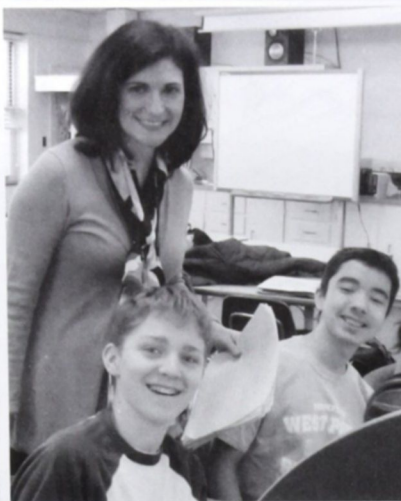

Mr. Rudy has set off on another outstanding year of making middle schoolers into responsible adults. In order to ensure the learning is excelling, he roams about the classrooms checking on his students and faculty members. We appreciate his unwavering and sincere concern for our well-being. Thank you, Mr. Rudy.

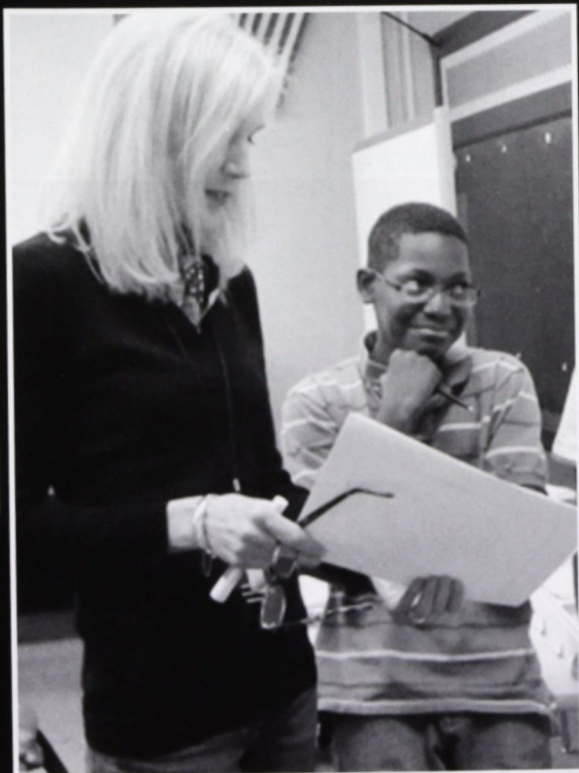

Look back and remember the outstanding faculty and staff. They've helped you gain the knowledge you need to know throughout your lifetime.

WPMS Faculty

The faculty members are just as important to this school as the principal and students. Without them, the whole purpose of school would not be accomplished.

The faculty of WPMS works so hard every day to try and teach students to the maximum capacity. They always have a big smile on their faces. We appreciate the hard work that they do everyday for us.

EMBARRASSING

TEACHER

MOMENTS!

Yes they have had them 2! From falling in front of their classmates 2 sporting a stylish shirt covered in spaghetti these teachers know where we are coming from!

I went to lunch and apparently my co-worker innocently set a lost kick ball on my chair. I came back and unknowingly plopped down onto the ball only to bounce painfully out of my chair and under my desk. My tail bone aching and my chair toppled over against the wall.

Mrs. Fisch

While I was teaching my 5th grade class one year I was very focused and not really paying attention to where I was walking and I tripped over the trash can finding my kids doubling over in laughter; my face turning beet red!

Mrs. Thirey

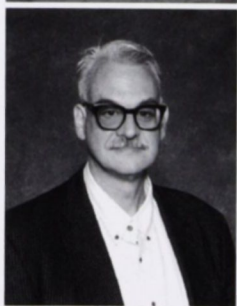

I was in the 7th grade and I had backstage passes to see Osmond in concert! With a new dress and high heels I was waltzing down the steps to meet him when I crashed all the way down sprawling on the floor. Osmond laughed hysterically. My only saving grace, he helped me up!

Divine Appetites

My favorite restaurant is definitely a good night out at Olive Garden.

But if just grabbing a bite to eat a white pizza can do the trick.

Mrs. Pellet

My favorite dish is any type of seafood entree and it's superb when broiled. Anytime I have the opportunity to stop by Queens I always head to the famous Italian restaurant.

Ms. Williams

If I am ever in the mood for food I dine at Cosimos Restaurant in Newburgh. Once there, I order thin crust vegetarian pizza.

Mrs. Marstellar

Entrees, appetizers, and those delicious desserts! These teachers know the works! Pizza is unquestionably in style with this faculty!

NJHS is all about 5 pillars. These pillars are Scholarship, Leadership, Service, Character, and Citizenship. NJHS members must maintain a grade point average of 3.5 or better as well as show good character and commitment. A required ten hours of community service also comes with the honor of being in this fine society. NJHS service projects have received several appreciation awards from organizations such as The West Point Women's Club and many others.

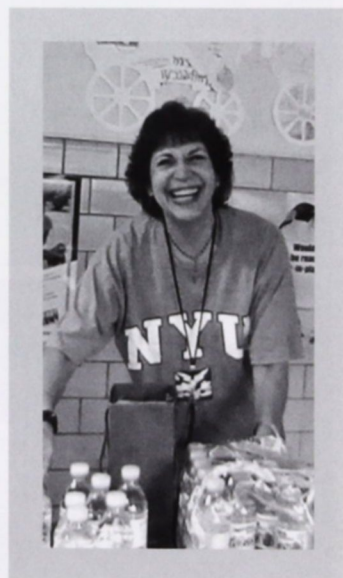

Spanish Club

Voy al club de español.
(I am going to Spanish club.)

¿a dónde vas?
(Where are you going?)

Imponente! hasta luego.
(Awesome! See you later.)

Spanish Club celebrates holidays and Latin traditions. We learn about sports such as: bullfighting and jai-alai. We have guest speakers teach us about their experiences in Spanish speaking countries and sometimes we watch movies like Zorro.

Intramurals

Posing for the camera and having a great time along the way.

Kicking the ball for a great victory, hurray!

Having some fun laughing and getting to play,

The team setting up for a pic, what a beautiful day!

Look at all the kids with smiles, it's almost fall,

There goes Avery kicking the ball

Pitching the ball for a homerun!

A team looking at the camera... and now we are done!

WPMS SPORTS

Every year enthusiastic athletes join in all kinds of sports including basketball, cross-country, and track.

The sports teams this year were amazing with many wins and a great overall turnout. All the athletes this year were phenomenal participants and had a great attitude, win or lose. This year was truly outstanding!

Ashton, Nyya, Nadia, and Tinia hanging out after basketball! :)

Below- The West Point Cross Country Team ran to Trophy Point to take a few team pictures on beautiful sunny day. They took two pictures, one with the Hudson River in the background and one with the Great Chain behind them. This chain helped the Thirteen Colonies to win when the British attacked. After the photo session, the team ran back.

Below- Zach and Ricky are celebrating after a hard fought race in which they both won medals.

Right- The West Point Middle School boys' cross country team gets ready for the big race. The team makes their last regards to their teammates before they compete against each other.

Above- Nadia Augustus is sprinting out the homestretch of the race. She can see the finish line and the people waiting and cheering for her behind it.

CROSS COUNTRY

BOOM! The gun goes off and the race begins and so does the excitement!

Cross Country is both fun and makes you physically fit. It involves both endurance and technique. Cross country can be difficult at times, but in the end when you beat your old records it definitely pays off. In the middle of a race, you are always fatigued but do not give up because your adrenaline will shoot you to the finish line.

Cross Country Running

Too sunny for soccer.
Too foggy for football.
This is a shocker!
Will there be any games at all?

Yes, come put your body to the test!
The master of stunning.
With a sly smile, suggest.

ABOVE IS BRADEN CONFIDENT THAT HE WILL GET TO THE END OF THE RACE.

Above- Ali Whittle is turning a corner and preparing to pass up the person leading her.

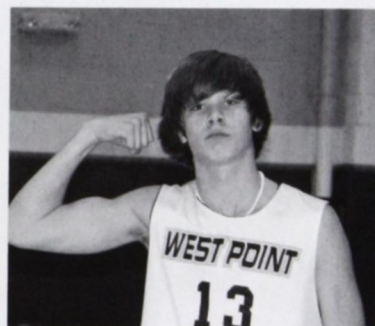

Boys' Basketball

"Good, better, best. Never let it rest. Until your good is better and your better is best." - Tim Duncan

"Ask not what your teammates can do for you. Ask what you can do for your teammates." - Magic Johnson

"It is not how big you are, it is how big you play." --Author Unknown

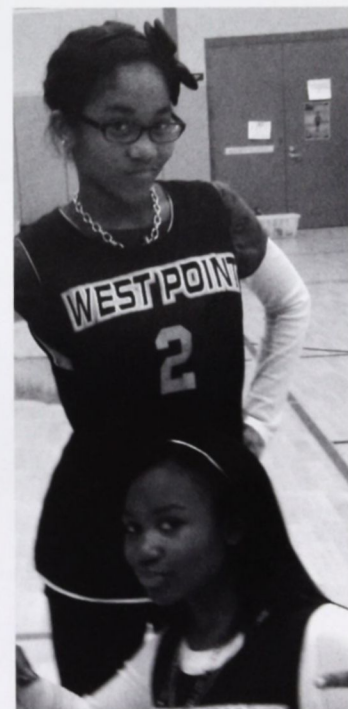

Above- Kyle, Kaleb, Thomas, Sheldon, are giving thumbs up for an awesome year. Great job guys! Lets go Bulldogs!

"Basketball doesn't build character, it reveals it." - Author Unknown

Right- The team is making the game plan for the game. They are reviewing the plays and giving the starters their positions.

Girls' Basketball

"Goals determine what you are going to be"-
Julius Erving

Track 2010

Coaches

Mrs. Rogers

"Looking forward to the season, and we have a great group of kids. A new large group of girls mixed with a small group of boys. I think the competitions will go well and they seem eager to compete."

Mrs. Waters

"Run fast, run hard, run smart. You are a great, talented, group of students/athletes! Thanks for a fun season."

Mrs. Wilmer

"Working with the 7th and 8th grade track team has revived my youthful spirit. They have been a breath of fresh air."

Mr. Cox

"Rabbits are fast, turtles are slow. Put them together and you get flow. That's what I want my runners to know."
