

**WILDCATS**

# WILDCATS

Wiesbaden American Middle School  
Wiesbaden, West Germany

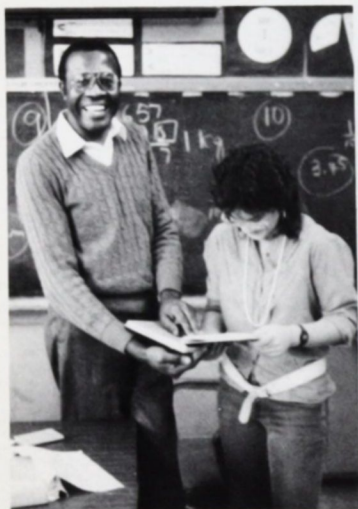

1985-86

*We'd like to thank Kent  
Robertson & Associates  
for their support, which  
helped make this book  
possible.*

# Recipe for an Action Cat . . .

*Take 900-plus 10-13 year olds  
brimming with energy and  
topped off with a little mischief.  
Add several dozen "adults"  
(teachers, specialists, support  
staffers, administrators, and  
parents) . . .*

## Mix well in a large, brick schoolhouse.

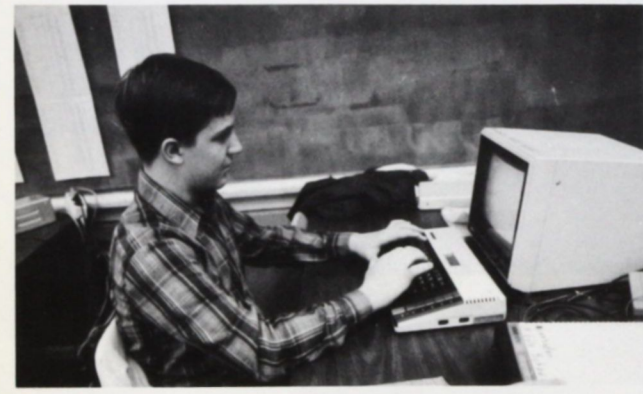

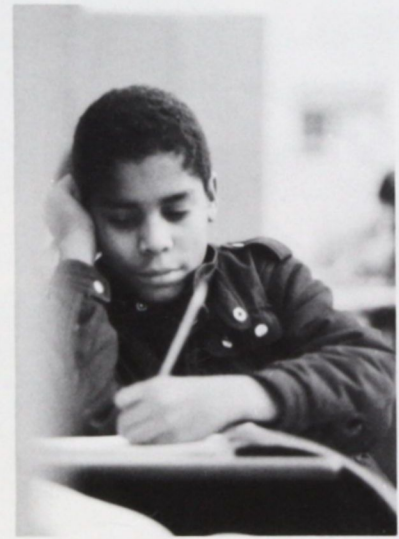

*Toss with a pinch of creativity and a smattering of discipline. Add equal amounts of enthusiasm, practice, and homework.*

**Chill remainder until next September.**

*Knead in a hefty portion of afternoon hobbies, personal interests, and, yes, detention. Bake at 64-68° F for nine months. Slice into classes, and serve one-third to the high school.*

*A smorgasbord of student  
singers, musicians, and clowns served  
to a hungry crowd of gourmets . . .*

*Expo '85 . . . A satisfying,  
multi-course tour of the  
Action Cats' many talents*

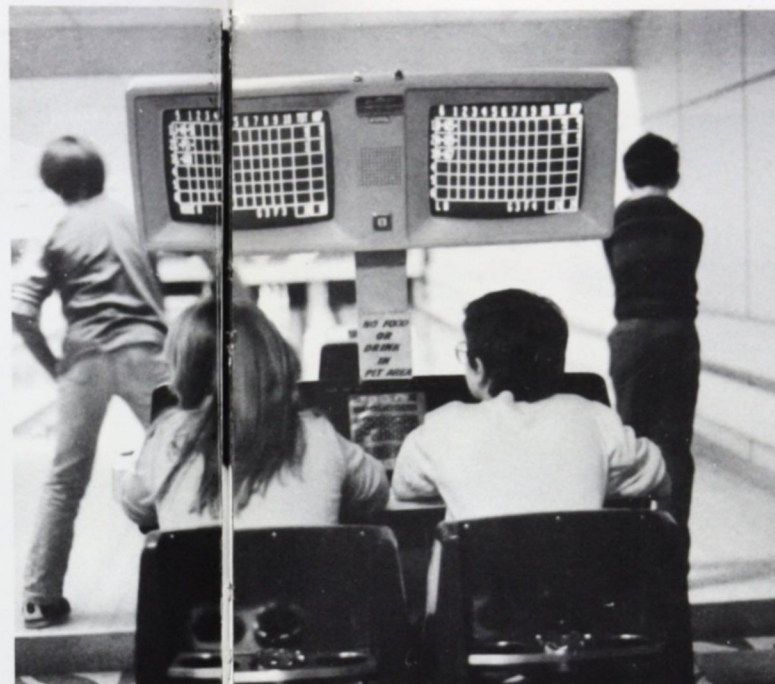

*that provoked a  
richly deserved ovation!*

*Activities  
add spice  
to our daily  
school  
lives.  
Without  
them,  
education is  
nourishing,  
but a little  
bland.*

## ***Bowling Club***

## **Statue of Liberty Club**

## ***Math Club***

## **Stamp Club**

**A wintry whistle-stop in snowy Vienna**

**National Junior Honor Society**

**Student Council**

**Wildcat Staffers**

And sometimes, when you don't expect it at all, the din of classes changing gives way to music in the halls.

A true feast for the ears!

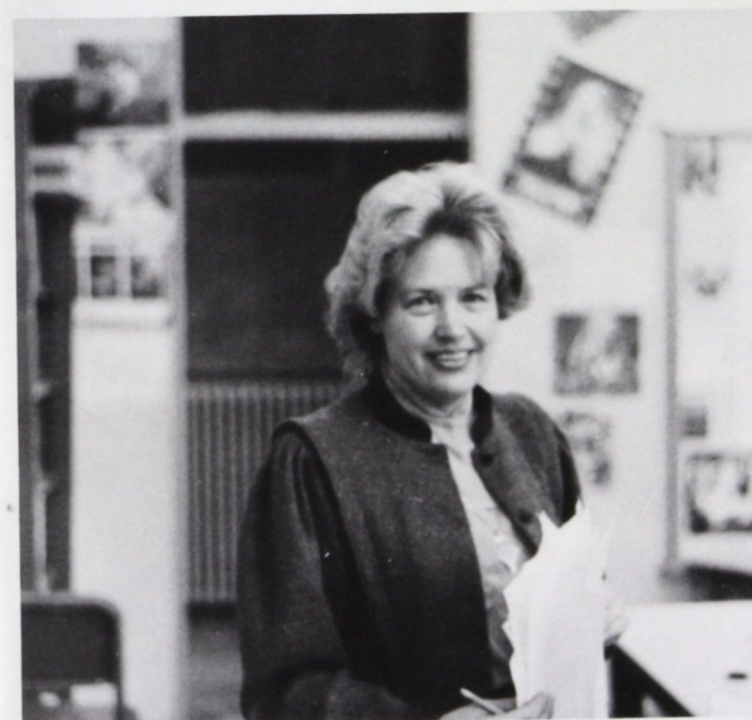

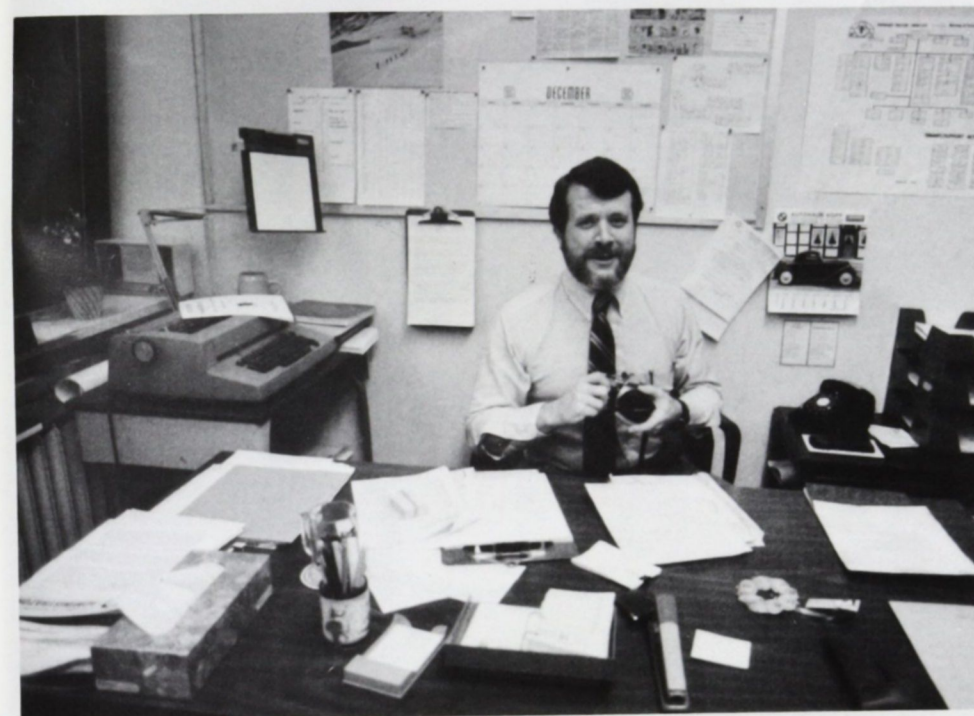

# Faculty, Staff, and Administration

## Glimpses

A Look at the Creative Side of  
Wiesbaden Middle School

### **The Oak**

It stubbornly stood; the tree  
Fiercely swaying its branches,  
Savagely flaring,  
In the gusts of wind.  
Bravely ignoring the most powerful drafts  
With a backbone of iron,  
and skin of cement  
Gentle, still gentle,  
Ever so handsome,  
Aggressive in no way,  
The old tree was  
*Franklin Cooper*

Why do I stand here,  
Hoping and waiting,  
When I know that this hour,  
Is my glorious last?

Why is there sunlight,  
Here in my box,  
Are they teasing me,  
Is this a new game?

Why do I tell them,  
Of dreams so unreal,  
When I know they will laugh,  
At my innocent cover?

I know not what to do,  
I know not what to say,  
All I know is that my reality  
Is slowly slipping away.  
*Terri Yanchar*

A mountain range covered with a white blanket  
Skilifts standing out like tatoos all over it  
Skiers, dotting the sloping hillsides like ants rushing in all directions.  
Some descending, others ascending  
Some go to the left, others to the right  
"Hotdogs" whipping past beginners like twigs in a storm  
Leaving behind a gush of wind and snow.  
*Steven Davids*

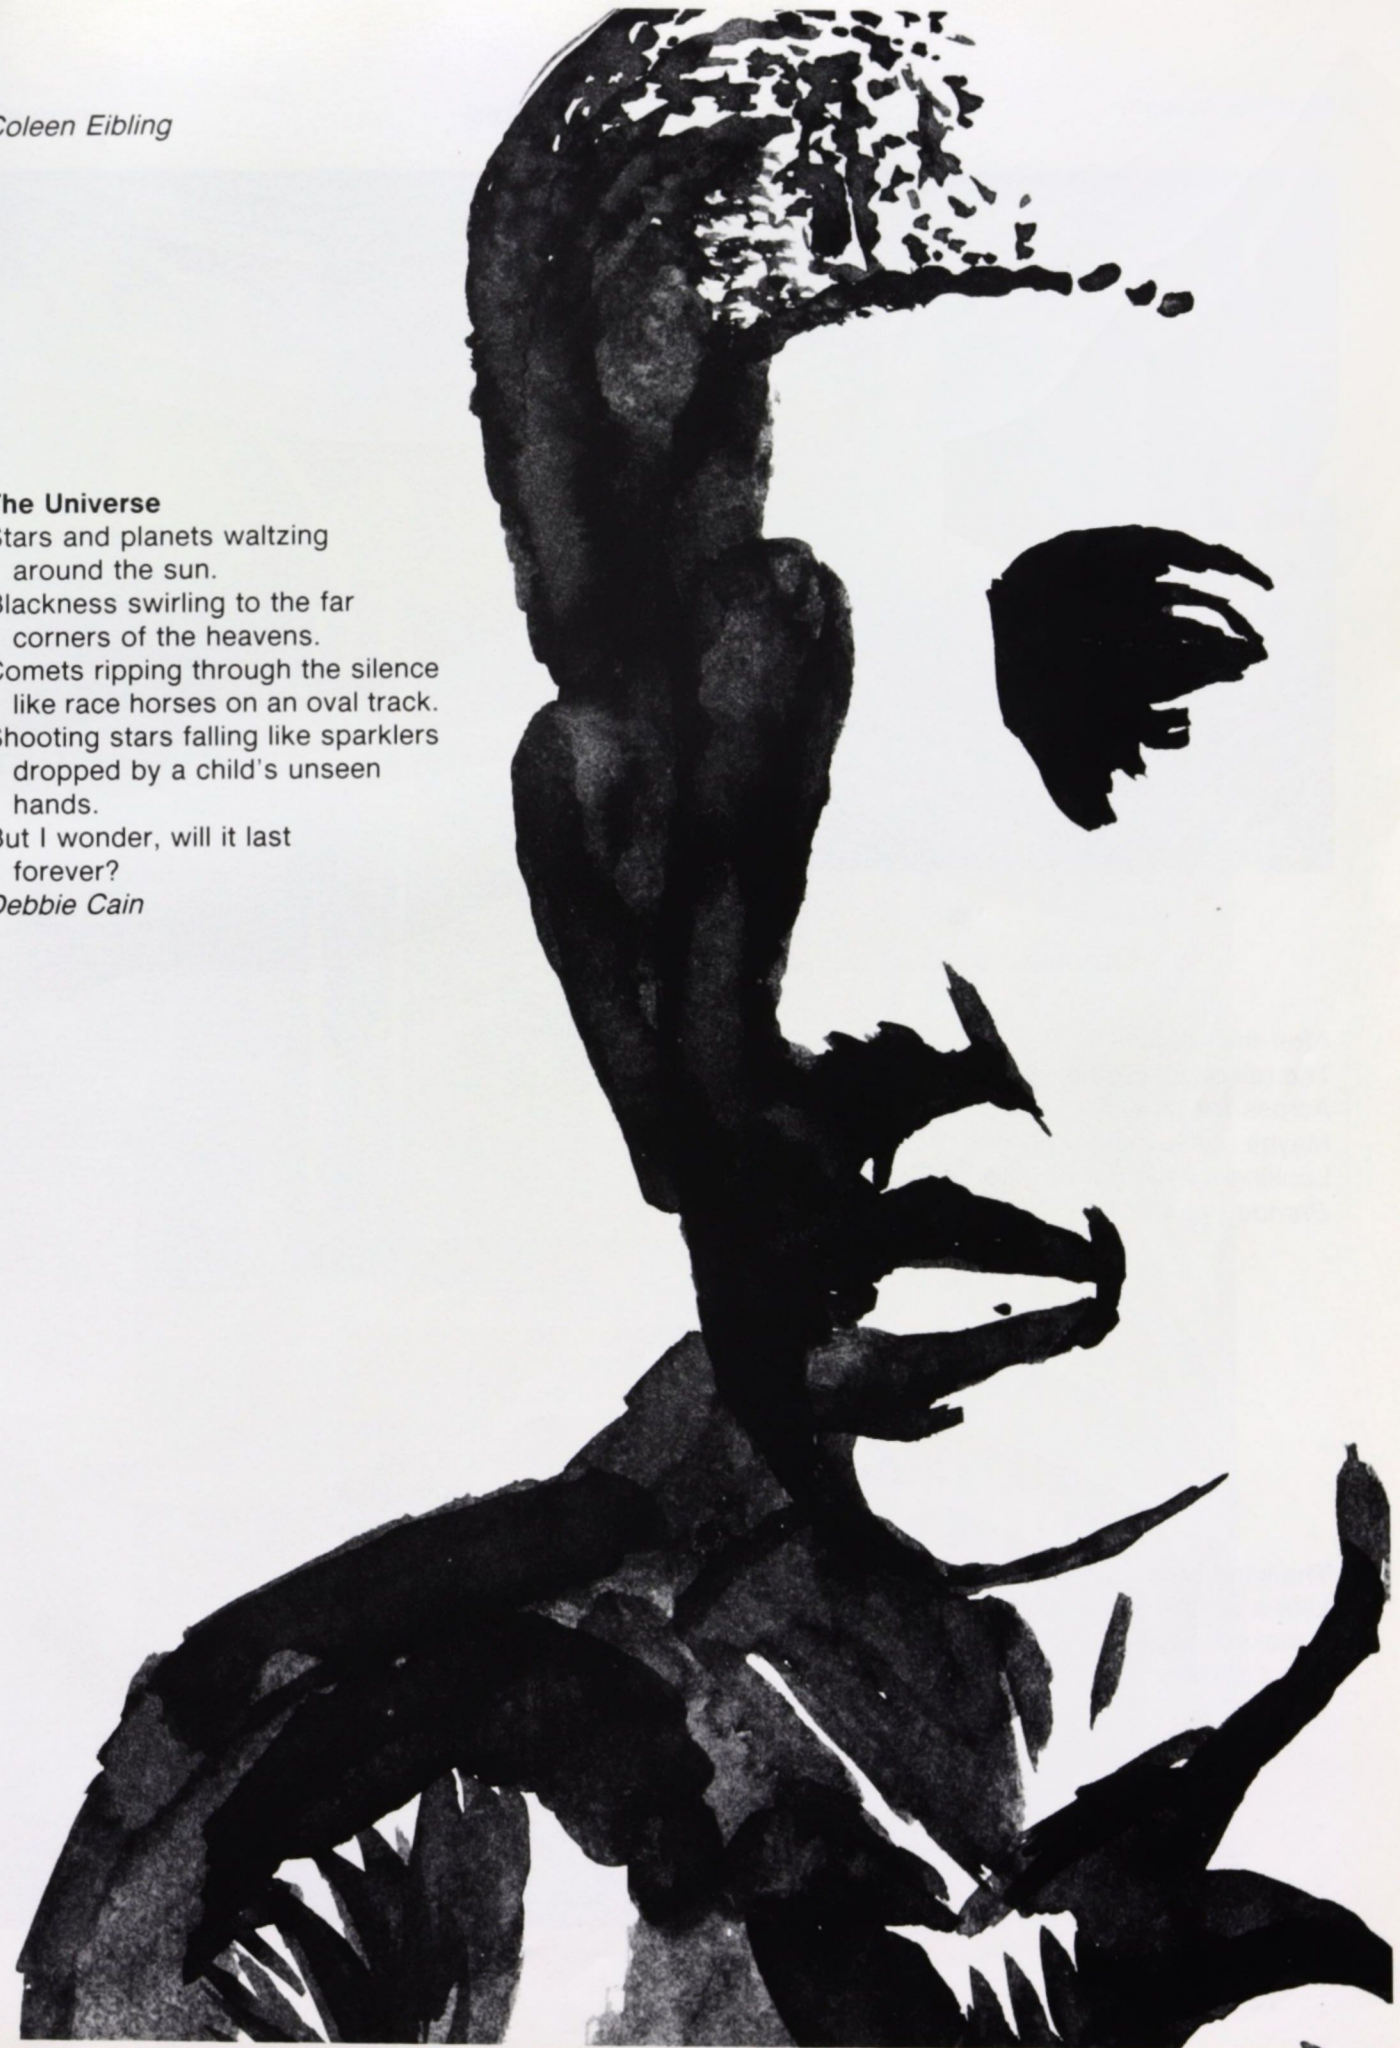

### **A Restless Night's Sleep**

In the dark, I lie awake,  
It's so quiet, my bones shake.  
I shouldn't have read that scary book,  
Hiding under the covers, I'm afraid to look.  
What monster may appear at my door?  
Frankenstein, Dracula, maybe more.  
Something creeping up the stairs,  
I can't spy to see what's there.  
It's getting closer to my bed,  
It must be something quite undead.  
The beast ready to drop the bomb,  
The cover's pulled back . . . I find it's Mom.  
"You woke me!" I yell with an irritated look.  
I can't wait til tomorrow to finish the book.  
*Christin Ouly*

*Coleen Eibling*

### **The Universe**

Stars and planets waltzing  
around the sun.  
Blackness swirling to the far  
corners of the heavens.  
Comets ripping through the silence  
like race horses on an oval track.  
Shooting stars falling like sparklers  
dropped by a child's unseen hands.  
But I wonder, will it last  
forever?  
*Debbie Cain*

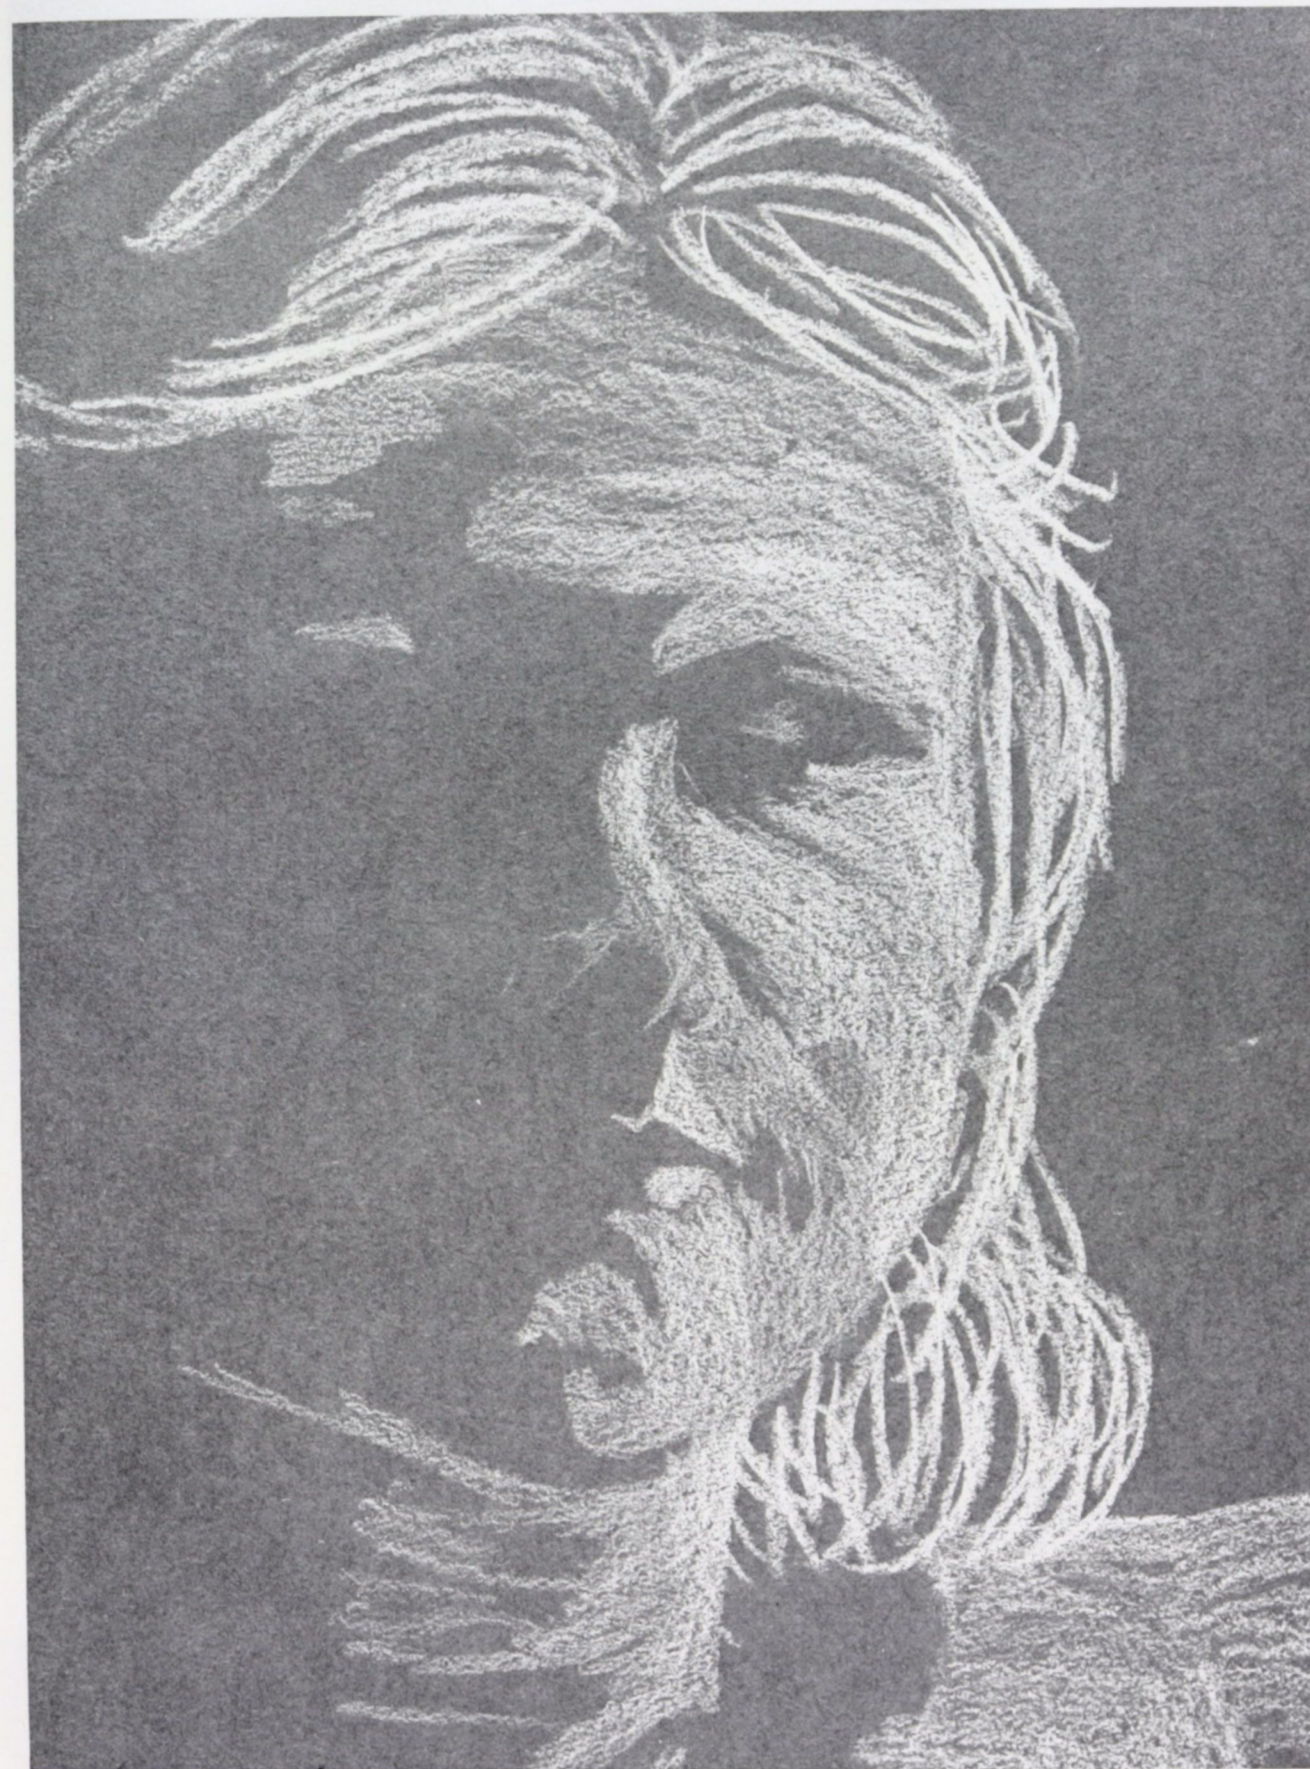

After the rainfall  
The rainbow spreads silently  
Across the blue sky.  
Maybe somewhere a child is  
Looking for the pot of gold.  
*Brenda Proskocil*

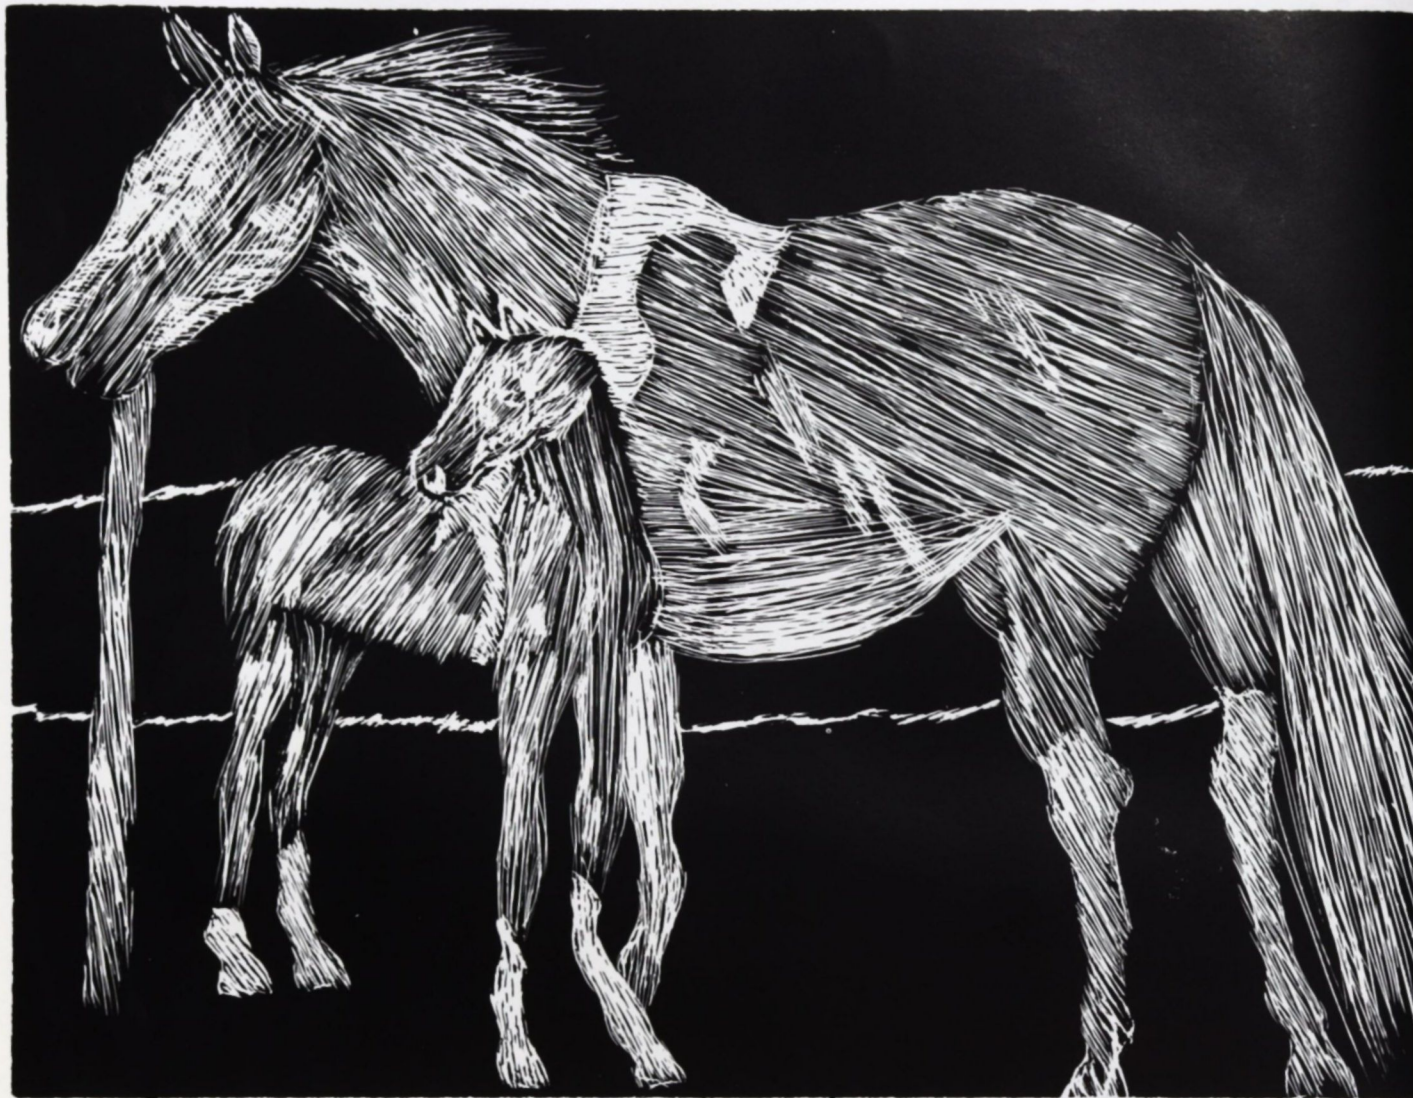

The wind blows slowly  
Like a whistle in the night  
It makes me shiver  
*Kim Littlefield*

I am  
War and peace  
Love and hate  
Victory and defeat  
Friend and enemy  
A contradiction  
Never ending, always continuing  
I am only human.  
*Michael LaBonte*

### Let the Year Die

This is '86, not '85 anymore.  
 So what are we crying for?  
 That all happened way back then,  
 So let's forget it and try again!  
 Let's not think of what's been done,  
 Because on your shoulders  
 That can weigh a ton!!  
 Let's be happy  
 And think of joyful things,  
 Because who knows  
 What the new year brings?  
*Michelle Porter*

### The Unicorn

The unicorn was once plentiful,  
 In the days of King Arthur.  
 It was a magical creature,  
 Appearing when you least expected it.  
 It used to run in herds,  
 But now it walks alone.  
 What happened to them all?  
 Was it the cruelty of mankind  
 That brought them to extinction,  
 Or did they just leave?  
*Theodora Eggleston*

### Poems

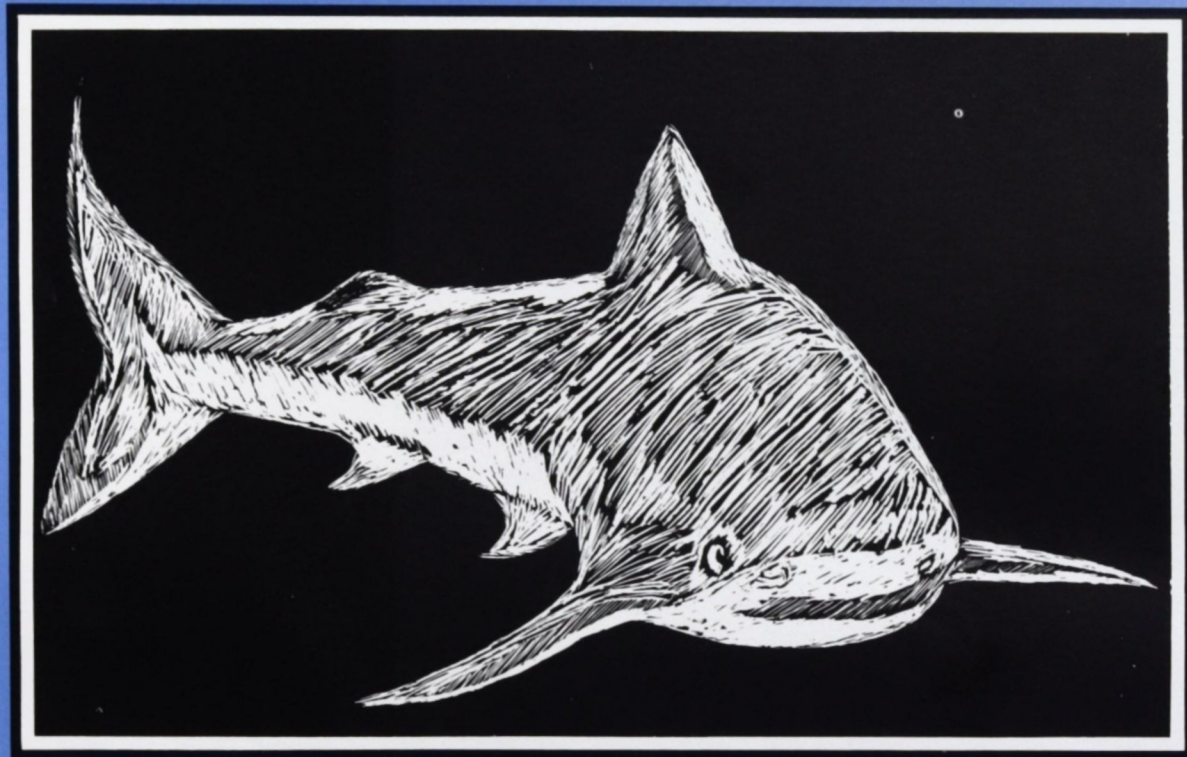

Poems  
 Never say what I want them to.  
 Instead  
     they tangle  
     like  
     fine  
     silk  
     thread.  
 Becoming more entwined  
 with each attempt  
 I make  
 to write them.  
*Mary Huerta Nunez*

### A New Saying

If an orchard could speak,  
 would it boast of its beauty?  
 Likewise to an Emerald  
 Would it proclaim its exquisiteness?  
 So why should a mere  
 human, brag of his feats?  
*Franklin Cooper*

Marco Sullivan

### Dragons

Some people wonder why there aren't any dragons today.

In olden times they were guardians of Dark Regions.

Identified with Satan.

Carved on the prows of Norse ships.

Beowulf slayed the one that ravaged the countryside.

Symbol of China.

King Arthur's father once saw one.

Siegfried did one in at Worms.

St. George, St. Martha, and Michael the Arch-angel

Were all dragon killers.

So that's why there aren't any dragons today.

Michael J. Stone

Special thanks to Carolyn Smith and Calvin Bohner for their assistance with the student literature and art in this section.
