YEARBOOK

The 1991 Yearbook was a bit more difficult to put together than others in recent years. We seem to have been beset by more than the usual number of problems normally incurred in producing a yearbook. Camera and film processing failures have taken their toll. Deadlines have had to be moved up due to shipping dates affected by uncertainty in the Gulf. As a result I deeply regret that a few groups are not represented.

Still, we have done our best to produce a book you will enjoy. To those staff members who loyally stuck with it throughout the year I want to express my gratitude. To those who are willing to make a long-term commitment I invite you to join the staff next year. After all, it is ultimately *your* book, and the final product is the direct result of the hard work which goes into it.

Robert Dawson, Adviser
