OUTDOOR EDUCATION

Once again this has been a year of uncertainty. Last year it was the uncertainty of war. This year has brought the uncertainty of peace. The military drawdown has many families unsure of their futures. Many students at Wiesbaden Middle School find themselves even less sure than usual of where they will be next year. This situation has placed added stress on both school and community, but by and large our students have handled it well. To all the students, parents, and faculty who have just kept trying to do their best, I would like to dedicate this book.

I wish to offer special thanks to Mr. Alan Bowen and the photography club for their contributions. But most of all I want to thank the loyal members of the yearbook staff who were always there, from beginning to end. Producing a yearbook is not all fun, as they well know. Still, some students never stopped working, and for this we can be truly grateful.

Robert R. Dawson
Advisor
