

WIESBADEN MIDDLE SCHOOL
WIESBADEN, GERMANY

**Dr. M. Scott Hendrick,
Principal, Wiesbaden American Middle School
Germany**

1997-98

Mr. Bert Kroon, Assistant Principal

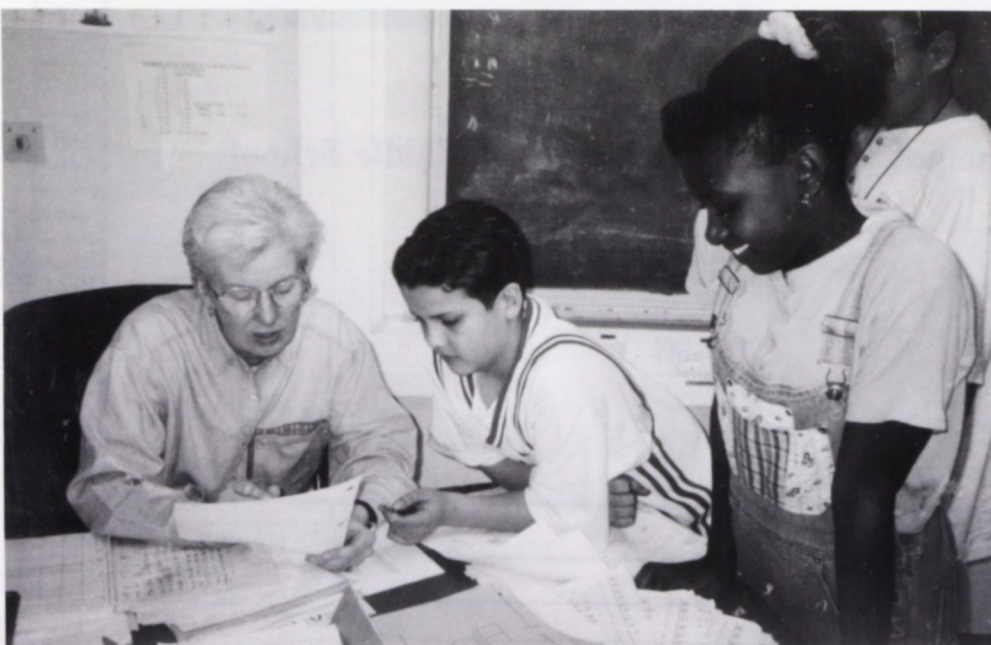

All of us have met Mr. Kroon. He maintains the peace and quiet we enjoy at Wiesbaden American Middle School. He always has a friendly side first. Cross the line and he is still there to pick you up! Our school is a better place because of his efforts. Some of his quotes:

"The buck stops here!"

"There is nothing to fear but fear itself!"

Ms. Synder gives extra help to 6th grade math students at lunch and after school. Do they have a choice? NO!

**Ms. Tammy Martz
Admin Assistant**

PEOPLE TO APPRECIATE

FOREVER!

**Mr. Randy LaRose
Supply Specialist**

Whether we like it or not, we have entered a new era of the space age with computers at WAMS!

8 T H G R A D E R S

"Who wants to teach smilers like these?" wondered Dr. Hendriks as he prepared for the next school year.

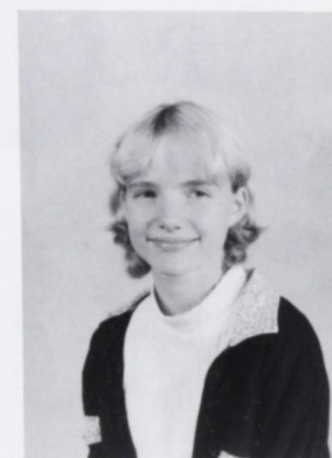

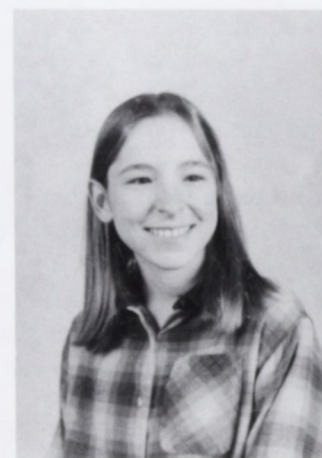

"I do, I do!" screamed Ms. Downham and Ms. Baird. "This has been a wonderful year and our hearts are filled with wonderful hopes for tomorrow."

**AFTER ALL, LOOK AT ALL THE WONDERFUL
TEACHERS WE'VE HAD. ALSO, OUR PARENTS
HAVE BEEN WITH US ALL THE TIME.**

IT JUST HAPPENS!
But how long does it last? Mr. Bob Jenkins

SPORTS, HEALTH, OR PE!

Ms. Leslie Walden

Ms. Tillman is a big hit with the 8th graders in social studies. Witty, demanding, and interesting!

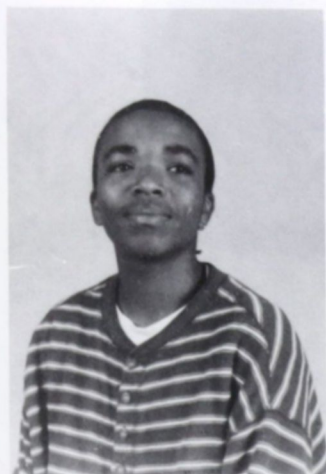

Future stars of the NBA! Ms. Walden has WAMS students after school each day for a few lessons in basketball. Nothing mandatory, just a little practice and then scheduling a few games with local schools to test the competition. No school is much match for our wildcats though, part because of our strength and part because of the excellent coaching!

MS. WALDEN.**

**BUT SERIOUSLY, WHO IS GOING TO MISS
WHOM? THINGS WILL NEVER BE THE SAME.**

TRIPPING WITH CROSS COUNTRY!

READY

SET

GO

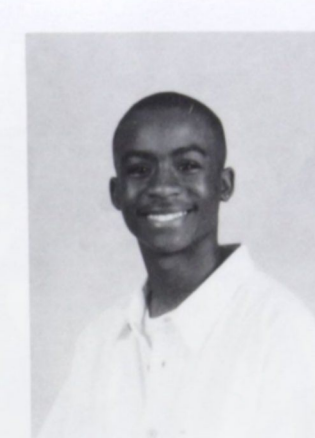

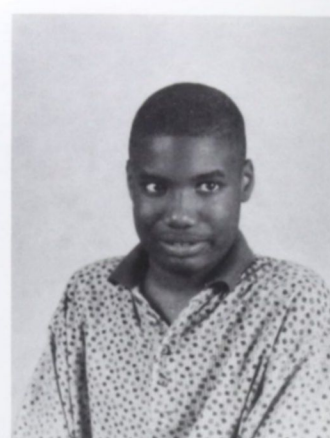

Rain, sleet, snow, mud, or heat will not stop us from running cross country. Most people simply don't enjoy running, but if you do, then grab some running clothes, throw on some old shoes, go to the woods, and just run. It's a great way to stay in shape and it's a lot of fun.

Ms. Walden sponsors the running and the competition is great. Anybody who can beat her in the three miles of winding countryside can get a free movie pass!

....and I've been lecturing for years that all of this century's great generals have been cross country stars....

Above Ms. Scott takes time out for a picture as she tries the new computer programs. Ms. Scott is the business teacher and FBLA advisor.

Below is everybody's substitute and ex-intern Kelly Shaffner. Then we have been lucky to get Ms. Monica Richardson to learn her trade with Ms. Thompson. We are all lucky!

"I want everybody in this school to be on-line and I want these computers used! DODDS has spent a lot of money and I want them used!" Dr. Hendrick stated as he heard the sound of a switch.

Here are a few more friendly 8th grade faces!

Have you ever just wanted to get away from it all? Have you ever just wanted to do your own cooking, try your own recipes, wash your own clothes, just hang out and climb around rocks, cliffs, and then take a very cold dip in a river? Well, unless you've tried outdoor education with Mr. Gothia and Ms. Walden, you haven't had the ultimate middle school experience. Sign up next year!

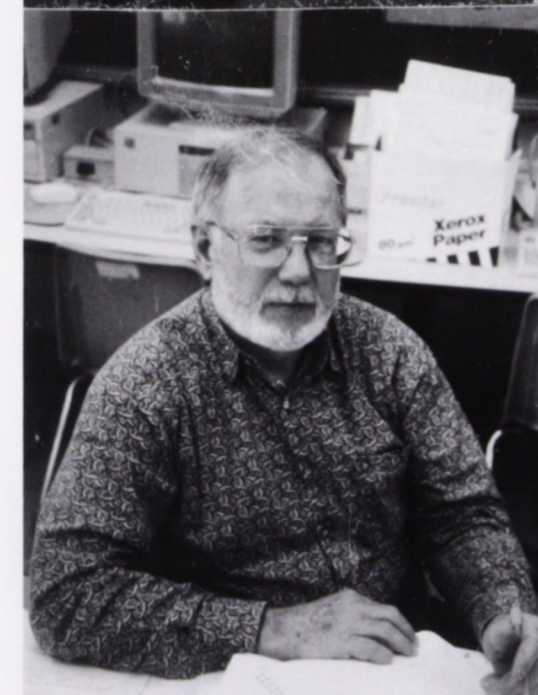

O U T D O O R

E D U C A T I O N

Now the group is getting ready to leave. They had a great week in a place listed as "Nowhere." Guess who shows up for the final photo of the week? Look and you'll see!

TERRIFIC!

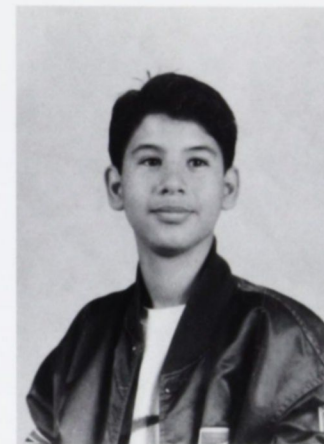

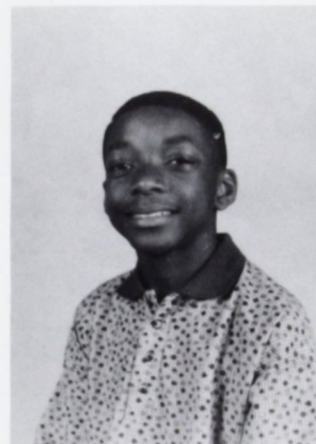

One of our school nurses, Ms. Van Camp, Ms. Brinn examining a new communicative, Mr. Synder thinking about fishing, and Ms. Bergmann getting ready for the 6th grade playtime!

OFF TO THE 8TH GRADE!

STUDENT COUNCIL

The Student Council of WAMS met every Monday and Friday with the world's greatest orator, Mr. Tom Gothia. It was fun, entertaining, and serious. Many school issues were discussed and students had the chance to make input into school decisions that affected student life. Parliamentary procedures were learned by all those involved. Each prime time had a representative. President Jason Brown did a great job this school year!

Mr. Gothia often thinks about his students' varied opportunities in life as he strives to bring them into the 21st century.

PEER MEDIATION!

Dr. Frankie Nielsen poses very proudly with her peer mediators. She seems to be hoping it will make her job easier if only she could get all WAMS students to think before they act!

Ms. Bernie Steele is the school computer teacher. She is the mastermind behind the scenes bringing you tomorrow's technology. Probably everyone has noticed that all classrooms have a lot of electrical sockets, plugs, and connectors. She and DODDS will soon bring you the INTERNET!

No doubt that Ms. Jan Thompson has brought joy to all sixth graders. Her exciting hands-on science projects and gentle approach has won the hearts of all her students.

SIXTH GRADE

These are but a few of the wonderful sixth graders. The sad thing is that teachers must watch them go to a higher grade after they've grown one whole year. Above left are most of the kids in Mr. Jude's prime time. Marnicia seems to be enjoying school.

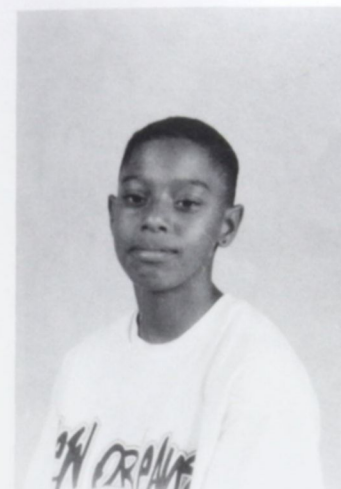

Below are Carissa, Shannon, and Chris begging to climb the wall!

It's great to be a sixth grader but we're ready to
move on!

So for those of you who think teaching takes a lot of
patience, what about being a student?

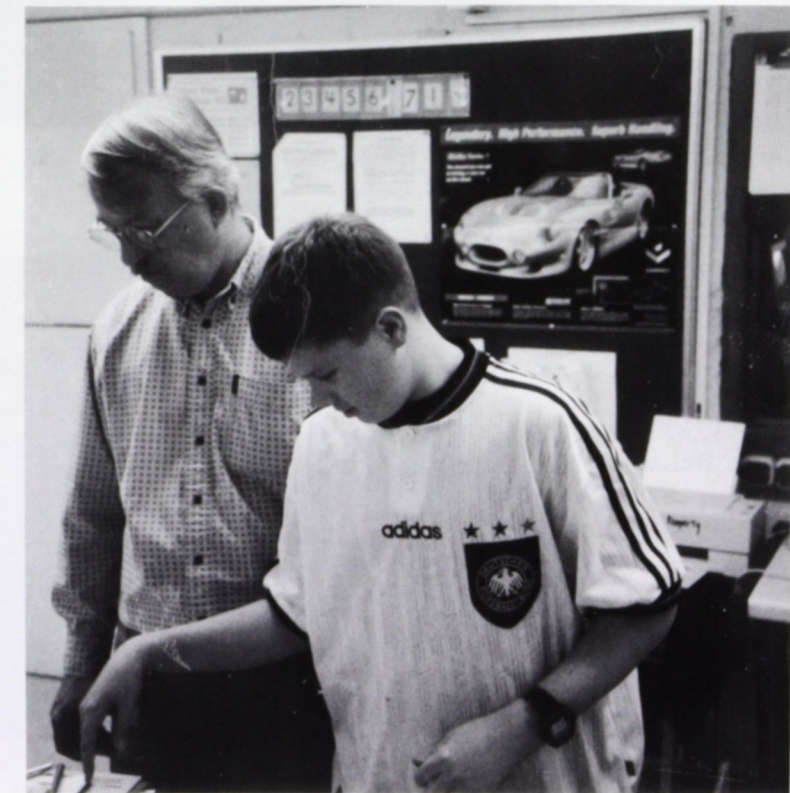

P I N T O U R E N C E
O F E

Mr. Chuck McCarter really gets involved with his students. Art, drawing, or just making "objects" make his class a favorite among many kids. Then, his extra work in drama productions shows where his heart really is! Ms. Pat Schiener has been a very pleasant addition to the 6th grade team.

Ms. Mary McGinn teaches reading to the 6th graders and does a fantastic job on the telephone as well! Get your work done.

"No, Freddy, push that button and the whole project will be messed up!" stated Mr. Cox very calmly as the hands-on project was presented.

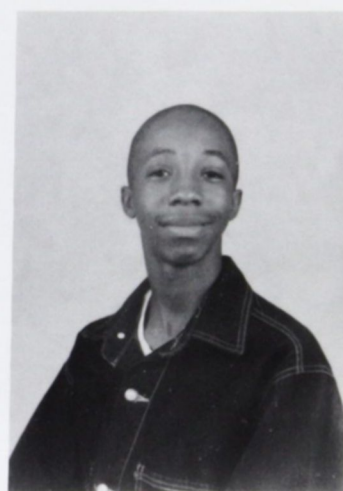

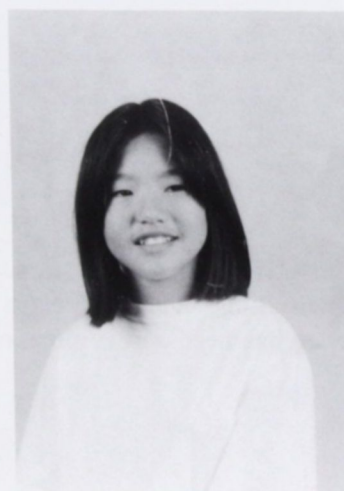

" But I just want to see if it works," blurted Freddy as he flipped the switch! This is just another one of the many projects students do in industrial arts.

For example, in math we learned that if there are twelve years of school, we are now half finished!

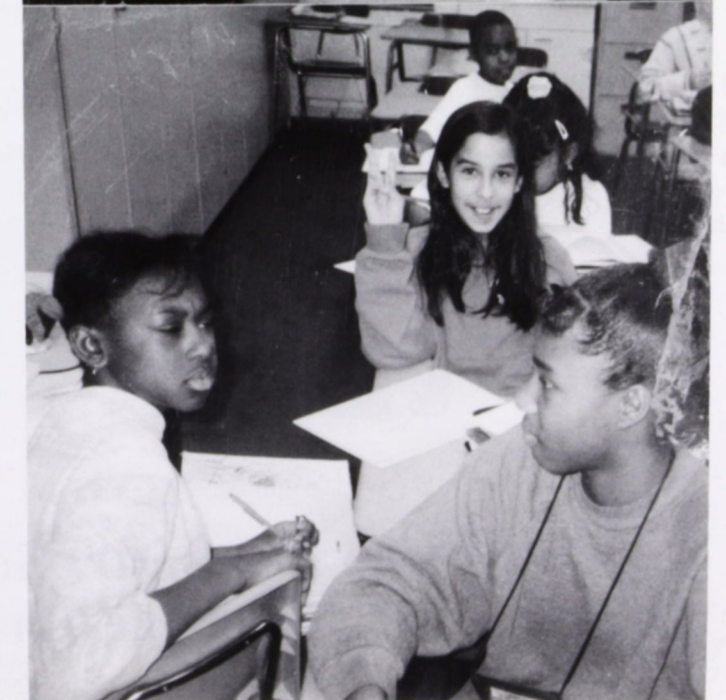

But what about kindergarten? Doesn't that count for a year? Then, we have gone 7/13!

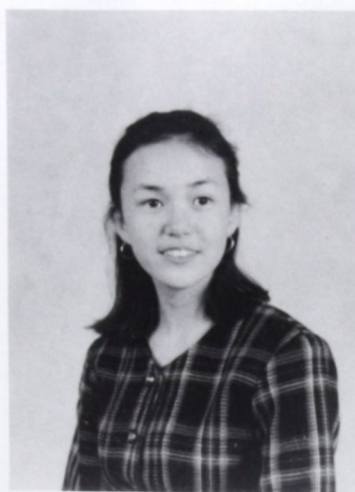

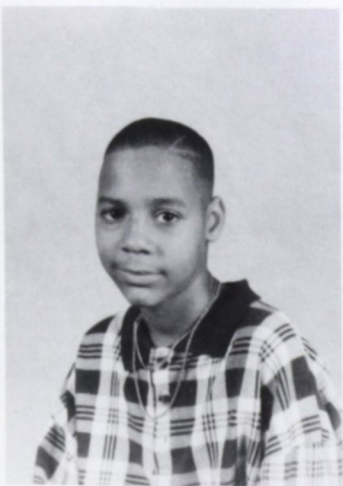

So Ryan, what did you do in school today?
Krystal waited for ten minutes to have her picture taken.
Below are some of the 6th grade finest students.
"I was framed!" exclaimed Jeremy.

We're giving Marissa advice on proper behavior!
Brittany seems to be saying "Achy Breaky Heart" or something like that! Natacha is into finger tattoo.
Tiffany is thinking about somebody and the three musketeers below are waiting for a signal to go into action. The seventh grade teachers are going to be lucky next year!
