Aukamm cover photo
by Mallory Libby

As is often the case with worthwhile endeavors, the school yearbook takes the talent and efforts of many. The Photography Club members have taken a lot of the pictures in this book, and designed pages which they signed.

We have had help from several parents and teachers as well. Thanks to all who contributed time, energy, photos and advice. It is all greatly appreciated.

There is one person who merits a special thank you, however. If not for Tiffanie Journey's amazing skills with our online yearbook program, this yearbook would, at best, have taken much longer. I don't want to think about "at worst." Thanks Tiffanie!

We bid Auf Wiedersehen to two of our faculty members at the end of this school year. They will be missed.

Dr. Sue Gurley

We wish our principal a fond farewell as she retires from education. Dr. Gurley has been an amazing asset to our school. She is loved by students, faculty, and the community and will be sorely missed.

While at Aukamm, Dr. Gurley initiated the Golden Bear Award and championed the school improvement process, all while maintaining a climate of respect and professionalism.

We wish her the best in all of her future endeavors.

Deanna Rogers

We have been very fortunate to have Mrs. Rogers at Aukamm for the past few years. In addition to what her students refer to as her "amazing teaching skills" she has sponsored Homework Club and served on several committees. We know her next school will benefit from her expertise.
