Welcome to Yokosuka Middle

D-Building
8th Grade

Deep down in the core of Yokosuka Middle School you'll discover the exhilarating spirit and energy of the YMS dragons. Despite the many differences among us students, we all come together to form one of the most diverse and easy-going schools. It's a wild assortment of kids, ranging from age to height, ethnic to religion and somehow we are all able to establish the strong friendships and bonding found everywhere on-campus and off.

Pictured here are our current middle school buildings, which will no longer be used due to the completion of our new middle school located on the old Briggs Bay. Students will be attending the new school next year in August.

B-Building
7th Grade

Students find various activities to do during recess at Berkey Field.

Our students and staff at Yokosuka Middle School are formed into teams, which help us all to learn, teach, and help one another as we prepare for the future and all that lays before us. Together, we are able to accomplish all sorts of things. Take a look around, and you'll see that teamwork's brought the best out of all of us. By working together, we bring our differences, our views, and our camaraderie and make this a year that we certainly will never forget.
