Message from the Principal...

It is my pleasure to be part of the Yokosuka Middle School community. I have nothing but praise for the students, faculty and parents of Yokosuka Middle School who continually work with me and strive to have all of our students out perform their stereotype of themselves. This is an excellent school which thrives, in spite enduring the hardships of living overseas and being separated from family and loved ones.

-Mr. Fong

Assistant Principal's Message...

Yokosuka Middle School is a very nurturing place for middle school students. The teachers are very caring and motivated. They set high standards and work with students, parents, and fellow educators to ensure that every child here has an opportunity to grow. Sometimes, the classes are very challenging and our students who make A's and B's drop their grades a bit. What we need to remember is that many times, we learn from the tough classes that we worked HARD in to earn that B or C, than we will ever learn from the class that is the "Easy A".

-Ms. Rodriguez
