I do my thing,
And you do your thing.
I am not in this world
To live up to your expectations,
And you are not in this world
To live up to mine.
You are you,
And I am I,
And if by chance we find
Each other,
It's beautiful.

Homecoming 1973

ROTC Color Guard Performance.

The Junior Varsity led the spirit by stomping the JV Wolves in an easy victory. Later the Varsity team came onto the field after the ROTC Color Guard presentation, and they ran back off again at halftime, leading the game. After the drill team had marched onto the field, and had paved the way, the court was crowned. Following the procession of the Queen and her court, the trucks rolled onto the track with the colorful floats that were more creative than ever before. When the dust had settled, the team returned to the field, and time and the team rushed by for a final victory of 25-6 over the Wuerzburg Wolves. Our success was then culminated at the victory dance, where couples danced away their spirit until midnight.

The German-American Club is a successful organization consisting of both students from Zweibruecken American High School and the Gymnasium in Blieskastel. Its goal? To bring people of different cultures together and to unite them in a band of friendship.

The club meets once a week to discuss and plan its many interesting and educational activities. To become better acquainted with each other, American and German students visited each other's schools. Everyone attended a Bavarian dance at the Zweibruecken Festhalle, and the German members were invited to our Homecoming festivities, at which the club presented a symbolic float of friendship. In November a typical American-style Thanksgiving dinner was held for all. Everyone was caught by the Christmas spirit by December, and members of the club visited the traditional Christkindles Markt in Nürnberg. And to the satisfaction of the members, many such cultural events were carried on throughout the year.

Being Together, Being Alone, Being.

All things must come to an end. Never again will this school be the same as it was before. You-the individual-will remember different places, different people, and different days from all the rest, but as you leave this school and build your castles in the air, do not forget that we, at times, were one.

Marie Kaczynski Editor-in-chief
