*Things That
Make
You Go
Hmmm...*

Senior Nbiyeas Mullins jumps in support of his team, the Zweibrücken women teachers. The teachers played against the girls' basketball teams in February, with six Zwei boys acting as their cheerleaders. And Nbiyeas wondered why everyone was whistling at him! Hmmm ...

It was a strange, different year at Zwei High; a year that made us wonder ...
Angela Montero: If we have half the number of kids as last year, why is it just as crowded in the halls?
Will Hatzel: Why is the Valentine's Day dance in March?
Laura Lovell: Why do they open the Student Store when they don't have any food?
Darrol Walker: Why does Darrell Banning wear shorts in the winter and pants in the summer?
Sheena Lowe: Why does Ms. Berdal have a story for everything?
Michelle Foisset: Why are the egg rolls in the cafeteria the same size as the burritos?
Darrel Banning: Who came first, Dwayne Wayne or Darrol Walker?
Sheila Bowen: Why do seventh graders use bottom lockers when there are empty top lockers right above them?
Brandi Marlin: When you push the Sprite button on the soda machine, why do you always get 7-up?

Welcome To The Jungle

Student Life

Friends And Lovers

What would a high school be without couples and best friends? We have them in abundance here at Zwei. Let's start with best friends: the two, three, four or more people who just can't seem to do anything alone. Some even manage to have nearly identical class schedules, like Tish Lopez and Amy Harbison; Tania Bouillet, Lee Gustaferro, and Michelle Foisset; Steve Martin and Sam Polek; and Amberlee Crowe, Sara Slocum, and Tanya Baker. Some friends didn't start out that way, like Sean Evans and Kevin Dyal. At first, Kev couldn't stand Sean, and Sean thought Kevin was a "wannabe, rapper, white boy". Now they lift weights, shop, and just hang out together!

Then there are the boy-girl

friendships that become a lot more. Geoff Gick was spotted giving Amberlee Crowe flowers one day for no apparent reason, while Stephanie Jones and Jason Jeremiah recently hit the two year mark. Other couples frequently seen pushing the limits of the PDA rule are Nikki Copeland and Darrell Banning, Ryan Gholson and Courtney Hale, and Kevin Martin and Alli Pagliarello. We don't see much of Deltra Green since he graduated early, but Cherika Craver does. And how could you miss seeing Eric Schulze and Leslie Hayenga, who were once mistaken for Siamese twins because they never seem to be apart? Whether it's friendship or love, these are the people you'll remember the most.

Jackie Melton and Terrence Denmark have seventh hour Computers together, but most of the time they manage to keep their minds on their work.

Freshman Emily Grossheusch and Sophomores Lyn Gustaferro and Tania Medina spent a lot of time together at basketball games.

Mike Young, Kareen Carlton, and James King got to goof off together during their seventh hour Video class.

The hallway outside the cafeteria was a popular hangout for couples like Senior David Voorhees and Freshman Kim Fox.

These three friends, David Dortch, Rich Jamison, and John Harris can be seen hanging out together in class and out.

Seniors Natalie Bates and Will Richards at lunch, talking about their upcoming plans for the weekends.

You Can Leave Your Hat On

Do you remember walking down the hall and seeing X'Zavion Arnold in an inside-out Starter jacket? Or Senior Terrence Denmark with his backpack on both shoulders, overalls backwards, and a pair of boots? Along with Malcolm X hats, price tags on clothes, and print shirts, these were some of the more daring styles of 1991-92.

Mike Sorrell, senior, represented a different style: black jeans, a concert t-shirt, leather jacket, and combat boots. The laid back guys of Zwei sported jeans, a hooded jacket and a blazer like Will Richards.

Fashion wear for girls took an extreme change for the better. Some of the popular looks were sheer shirts with jeans, body suits, (think Michelle Morales) and trapeze dresses with leggings, Junior Tania Meneses could be seen in cut off jeans with the edges frayed, while Junior Amy Harbison broke the fashion barriers by

wearing a hooded shirt, blazer, cut off shorts, and Doc Martins.

Hairstyles accented the outfits.

Dreadlocks became popular this year, with John Harris and Kareen Carlton leading the look. High top fades/boxes became obsolete and were replaced with the slope. Charles James and Simon Walbruch, Juniors, unveiled a new haircut for wrestling season: shaved sides with the top kept long. At the opposite extreme was Brandon Russ, Junior, who caught anyone's eye with his long brown hair. Senior Mike Corsar was well known for his bullet proof hair achieved with a half hour of hairspray.

Girls in Zwei spent many hours in the beauty salon to come up with their styles. Tiffany Rand discovered a hairstyle called a wrap after a trip to the States. Another popular style among girls was a bob with the back shaved close. Thanks to Zwei's daring souls, '92 stands out with style.

Darrell Banning was one of many wrestlers who shaved the sides of their heads this year.

Mercedes Boy

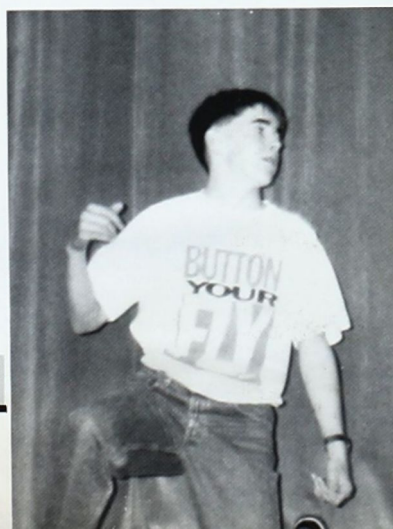

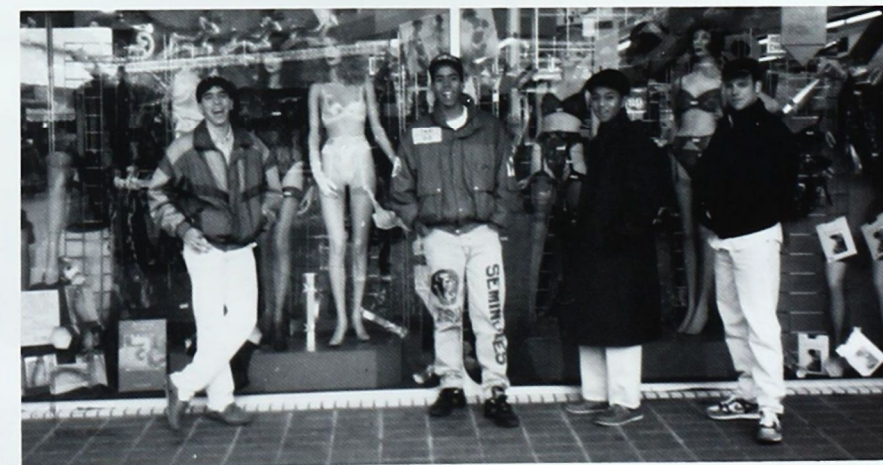

In Germany, you have to be seventeen to get your license, so few students at Zwei drive. Those who do mostly drive "beater" cars, like Chris Shields. Some students enjoy working on their cars too, like Danilo Serrano and Frank Kessler. Although only Seniors are supposed to be allowed to drive to school, there were a few underclassmen here and there who managed to sneak by. Those with cars were pretty generous about giving rides to their friends, making it easier for everyone to get around the area.

The overall crew: Mike Young, Kevin Webb, Darrol Walker, Tiffany Rand, Martina Snowden, Tausha Mitchell, and Nbiyeas Mullins.

Jenny Harbison and Brigitte Yoesting sport two popular hairstyles: the bob and long curls.

"Button Your Fly" shirts were popular even though they were frowned on by some.

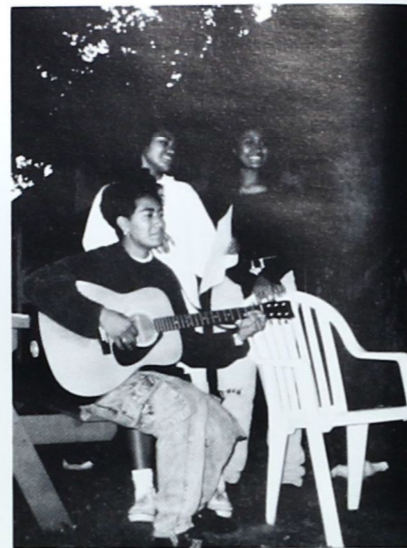

Knocking On Heaven's Door

There are many Youth groups that students from Zweibrücken attend and they attend for varied reasons. "It's a lot of fun and I like seeing my friends," said Junior Mark Lane. Whitney Smith, also a Junior, says "It's a time to kick back, relax, and act stupid", while Senior Laura Volkers likes "learning more about God and being with others who want to learn about God." Kevin Martin and Dan Green both go because Buddy Rathmell goes. Senior Christi Wikenheiser likes the fact that "you can just be yourself and you don't have to try and impress anybody." When asked about Youth Group Senior Chris Shields just said, "Dude!"

Pirm is by far the largest Youth Group with nearly one tenth of Zwei

Senior High students attending. Stephanie Thrall and Randy Bonser's favorite aspect about Youth Group is "learning about life while having the time of our lives." Junior Courtney Hale says that it is the time of her life because Ryan Gholson is there, and she is looking forward to Ibiza. Both Zwei and Pirm Protestant Youth Groups are going to Ibiza, Spain this spring. There is also a Catholic Youth Organization at Kreuzberg that meets after Sunday mass. They are planning a ski trip in March. Nathan George has a Bible study with German and American Christians every Friday night. Senior Ray Nacino sums up everyone's feelings about youth group. "It's really fun and a time to grow closer to the Lord."

Tusi, June, and Jane Paogofie perform a song for the rest of the Youth Group.

Only these truly faithful dared to jump off this cliff in Ibiza!

Volleyball on the beach was just one of the fun-in-the-sun activities enjoyed by Youth Group members in Ibiza.

Alli Pagliarello, Trasa Robertson, Jennifer Dunkle, Christi Wikenheiser and Buddy Rathmell having a pre-Youth Group meeting sing along.

I'll Do It My Way

Baseball, hockey, swimming ... what do you do if your sport is not offered by Zwei High? Some students get around the problem by joining German or YA teams. Chris and David Voorhees, Chad Dauphin, Roger Davis, Joe Baker, Jimmy Ringsaker, and Frank Kessler play baseball with the YA.

Dan Green and Chris Matthews pursue their hockey dreams with the Zweibrücken Hornets (EHC), a German team. Their team took first place in Rheinland Pfalz and will go to the Tournament in Luxembourg in the spring.

Nikki Copeland spends a lot of time on ice too, but her passion is figure skating. "I don't like the German coaching style, so I practice three times a week with just my mom to yell at me", says Nikki.

Bryan Cooley and Jeff and Andy

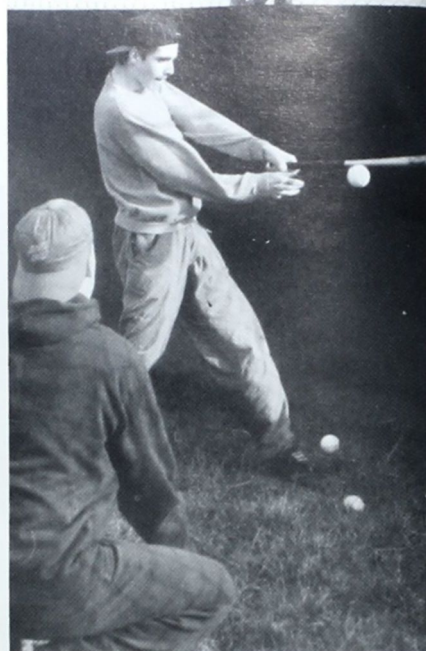

Freshman Bryan Cooley and his teammates on the K-Town EFSL team accept their medals for the relay.

Pfannes have been swimming for the Kaiserslautern European Forces Swim League team for some time. The team has been EFSL champions for two years running, with these guys winning several medals along the way.

How about those dark blue letter jackets that you see on certain Zwei students? The Zwei Free Spirits, whose record was 21-0, are a YA girls' softball team. Team members included Ebony Ellerbe, Vickie Lopez, and Tanysha Legister, among others. The Zwei Rebels YA boys' basketball team went 17-0 last year and were the 21st TAACOM and USAREUR Champs. This year's team didn't fare as well, but still took fourth place. Many of this year's Trojan players were Rebels, such as Karen and Dwight Carlton, Telly Roy, Toshawnka Walker and Michael Johnson.

Bryan puts in a lot of hard hours of practice in the pool that all pay off in races like this one.

Joe Baker throws balls to Chris Voorhees as they warm up during baseball practice

The camera catches Nikki Copeland just moments before she tucks her head into the final position of this spin, called a "bullet".

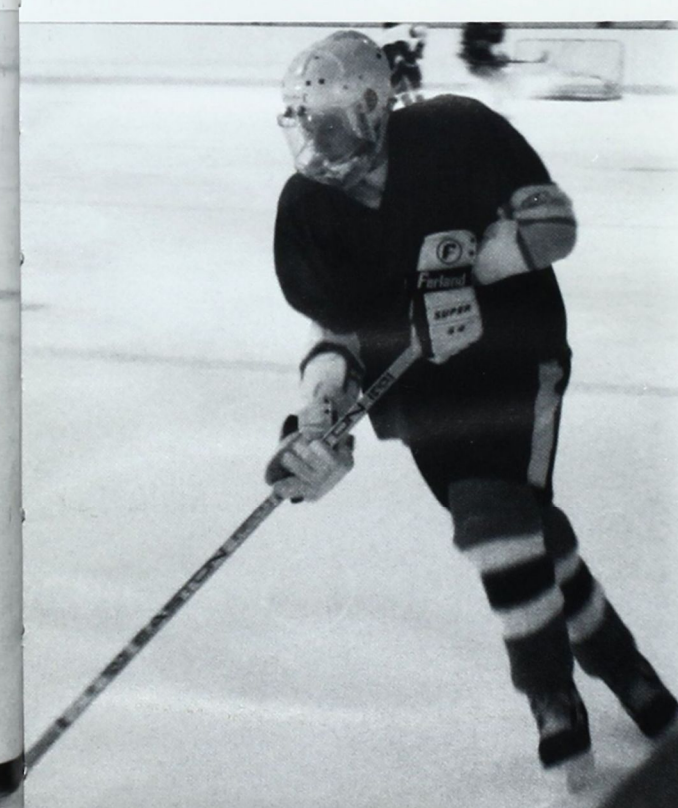

Andy Pfannes proudly displays his medals from the EFSL 1991 Championships.

Chilling at the football game, these Zwei Rebels wear the dark blue and white letterjackets with their record of 17-0 on the back.

Here's Tanysha Legister in her Zwei Free Spirits jacket. The Free Spirits took the 1991 USAREUR Championships.

Chris Matthews passes the puck to his teammate, then skates on.

The K-town EFSL swim team celebrates their second championship. Bryan Cooley, Jeff Pfannes, and Andy Pfannes are at the right.

Hold On To The Nights

Living in Germany has its share of ups and downs. On the positive side, you can start going to the clubs at age 16. Some of the clubs often visited by Zwei High students are the Atlantis, the Laser, the Kitch, the Flash, the Image, and the Way Up. Amanda Simmons, a frequent club-goer, enjoys Atlantis the most. "It's pretty cool that we can go to adult clubs. We don't have to go to any stupid teen clubs."

Other popular nighttime hangouts are The Destille, Paramount, Schloss, and the Ghetto Bar. If you're not a

dancer, these spots provide just the right amount of music and comfortable atmosphere. If you want to just talk to your friends and drink hot chocolate every weekend, they're perfect for that too. One other popular weekend hangout was the Ice Arena, where along with about a thousand Germans, you could hit the ice until midnight, then head elsewhere. That might include a party at Nikki Copeland's or Nbiyeas Mullins', or maybe an outdoor bash at Camp Dahn. Wherever, Zwei partied hard!

At the Destille: Charles, Kevin, Kiki, Chad, Dan and Micah

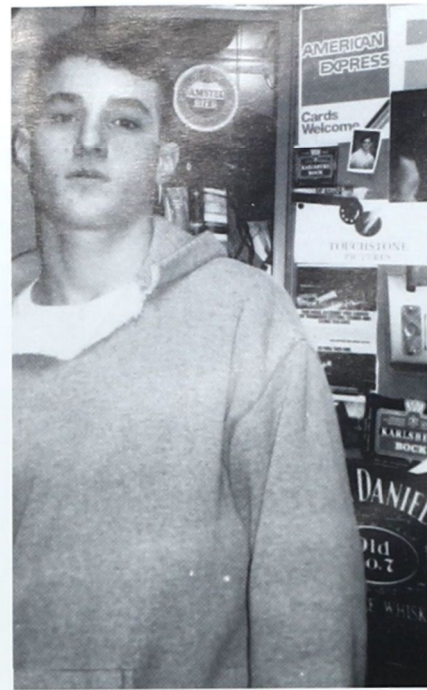

These guys do a little male bonding before they leave this party.

Frank Kessler lets a sleepy Karrie Cebula take a little nap on his lap.

Happy New Year! Becky Morehouse and Brigitte Yoesting rang in 1992 together at Nikki Copeland's

If you know what Koren Lentz is doing in this picture, please let us know because we have no clue. Must have been a wild party!

While My Guitar Gently Weeps

"EMESIS" is the name of the death metal group to which Zwei High's Mike Sorell and Geoff Gick belong. Geoff, a Junior, is the band vocalist while Senior Mike plays the guitar and helps with the vocal backing. They hope to continue after high school, since Mike believes "death metal, now, isn't very popular, but it's gonna eventually wipe out bands like Metallica and Poison."

We also have a one man band at our school. Brad Brimhall, Junior, writes and sings all of his folk or 60's style music. Brad is inspired as a musician

by Jimi Hendrix, Jim Morrison, Tracy Chapman, and Lenny Kravitz among others. He and fellow Junior Bill Baer performed his song "Make It Real" for Mrs. Carter's History class.

Kevin Webb enjoys creating a totally different form of music: rap. When Kevin lived in Brooklyn, he was a lyricist for his band the Ave Boys. His musical influences are EPMD and Big Daddy Kane. He always seems to be working on a new rap, although he says "it's just something to do." Who knows, maybe someday we'll be able to say we knew these guys when!

Maybe it's this kind of unique perspective on life that helps inspire Brad Brimhall's music.

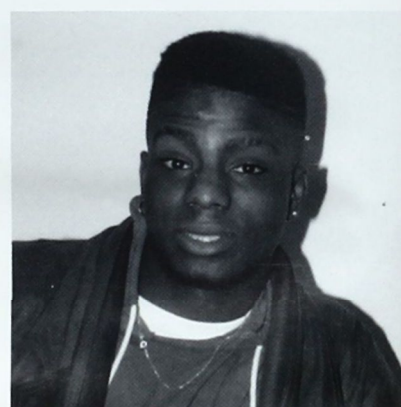

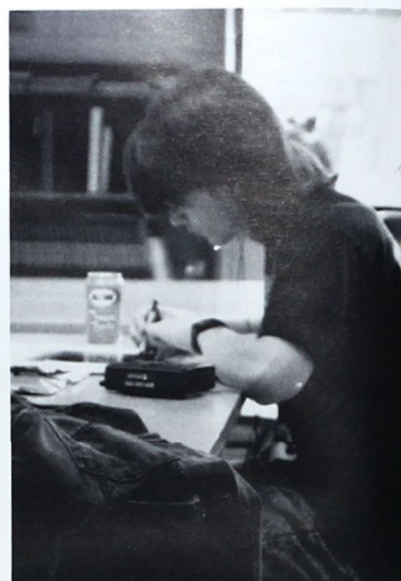

Kevin Webb is just one of several rap musicians at Zwei High. Maybe they should all get together!

When I'm President

1991-92 Student Government

"Good morning, Zweibrucken, this is your student bulletin for ..." is why our teachers make us shut up and listen every morning. Who are those sometimes funny, sometimes musical, always unintelligible voices that come to us each day during second period? They are Student council members, trying their best to make sure their fellow students stay informed about what's going on. "We really try to spice it up, so people will listen," says Senior class president Darrol Walker. To keep it lively, Tusi Paogofie lends her singing talents and tells a joke every once in a while. How do

students react? Amberlee Crowe says "sometimes I listen, but I think they need some better jokes."

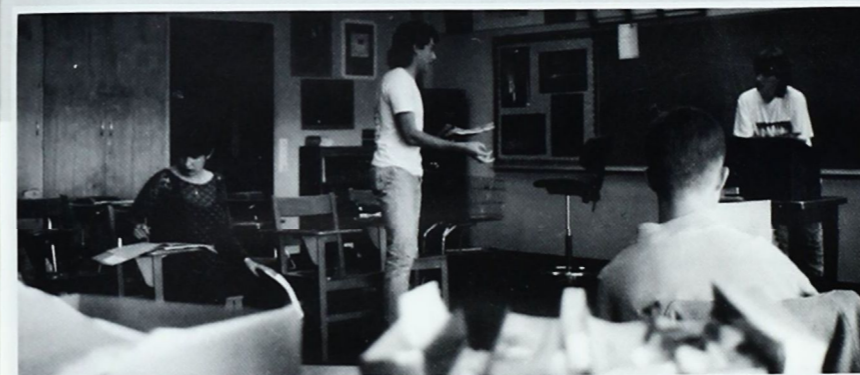

The bulletin is one of the more obvious tasks of Student Council, but "it's more work than just talking on the announcements" says President Nbiyeas Mullins. This year the Student Government organized Spirit Week and March Madness, and started the Very Important Teacher and Outstanding Student awards. Vice President Brigitte Yoesting sums it up when she says "I really enjoyed being in student government this year. Love, peace, and hair grease."

"Oooooowl!" Brigitte Yoesting, Christi Wikenheiser, Darrol Walker, Will Richards, and Nbiyeas-Mullins read the daily announcements.

We Are The World

Model United Nations

Ask almost any student what MUN is and the questioner will invariably be answered with a blank stare or "Huh?" Yes, Zweig High has MUN, or Model United Nations. Students who take MUN Spend the semester preparing for the week long trip to the Hague, the Netherlands, where students from around the world gather to discuss pressing world matters and solutions to the problems. In the words of Carolyn Scholten, MUN director, "the skills learned in the class; oral and

written communication, diplomacy, cooperation, and critical thinking, are beneficial for any future occupation.

THIMUN (The Hague International Model United Nations) is the educational experience of a lifetime - participating with 2,000 students from 60 countries in the world gives the student a perspective that would be impossible to duplicate in the classroom."

Honor Societies Bring Out The Best

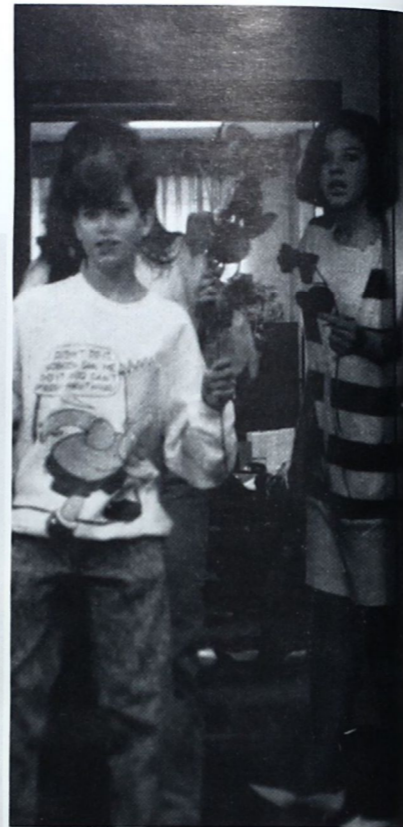

The National Honor Society entails exactly what the initials NHS stand for: honor. For students in grades 10-12 earning at least a 3.4 GPA every quarter, this elite group of people holds regular meetings with their sponsor, Mrs. Pfister, in order to discuss community or school service projects and fundraising plans. Have you seen the recycling boxes in your classrooms? Paper recycling is this year's NHS project. "It's important to

raise people's awareness about recycling," says Junior Dan Goodman. Those students in grades 7-9 can take solace in the fact that there is a National Junior Honor Society, sponsored by Mrs. Owen. The NJHS was responsible for the Valentine's flower sales this year, and many members competed in the Junior Brain Bowl. Eighth grader Damon Dimmick says "it's a little added incentive to keep your grade up."

Senior Nbiyeas Mullins stops to buy a Valentine's Carnation from NJHS members Tania Medina and Brady Finch.

NJHS members Noah Carlson, Jessica Franklin, and Laurissa Parochka deliver Valentine's Carnations during seventh hour.

Phillip Grissom takes a breather during the Fall sports pep assembly

"From A Distance" wasn't the liveliest song for a pep rally, but the band performed it well.

Pep Rallies And Concerts

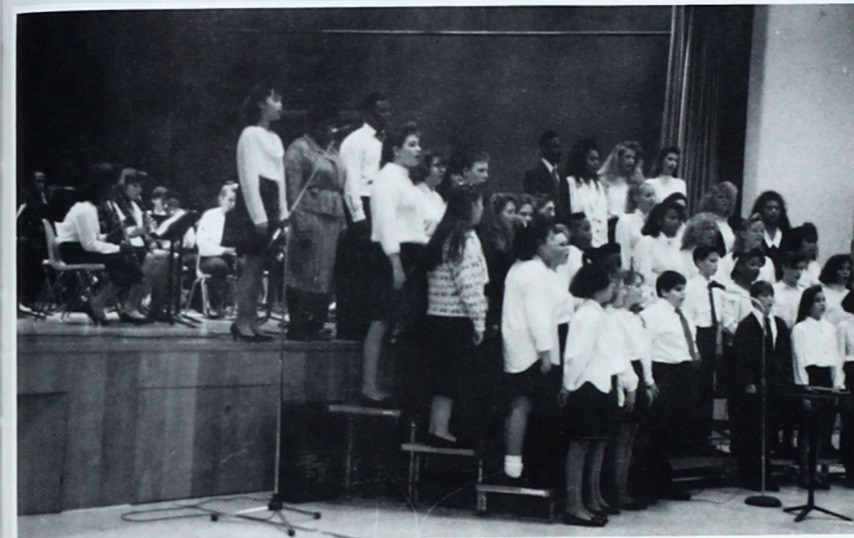

The band and chorus, led by Mr. Bogdan, provided accompaniment to our time at Zwei during pep rallies and concerts. Chorus members Katie Luster, Leslie Hayenga, Nikki Copeland and Stephanie Jones sang the national anthem at Zwei sporting events.

The band was smaller than last year, but they still made big sound. The flute section dominated, with players like Jennifer Dunkle and Cheri Winn. Lorenzo Garza and Monica Lester shined on trumpet, while Jon George led on drums. Favorite music included "From A Distance" and "Bordercrossing".

The Christmas season would not have been complete without a concert. Selections included classics like "Silent Night", and a foot-tapping jazz number, "Santa Does Dixie".

In the Spring, French horn player Brady Finch distinguished himself by being invited to play with the USAFE band. The year ended with a final performance by the band and chorus.

The combined band and chorus sang "A Jubilant Christmas" to end their concert on December 7.

The Trojan Edition

Formerly the "Trojan Times", now "The Edition", the school newspaper is enjoyed by both students and faculty. With a group of hardworking and creative individuals, this year's journalism staff is one of the best in years. Trasa Robertson, managing editor, says, "This year is the hardest year I've faced yet in my three years on the staff. It's not the work that's gotten harder, but we had a lot of

problems with relationships among the staff. But I think we got through that, and thanks to Mrs. Gussenhoven and to the awesome journalism staff, we've turned out a quality paper."

Articles in the paper this year have ranged from fashion to music to current politics. Often bringing about the finished paper is difficult, but with such a talented staff and sponsor, "The Edition" was successful.

Editor Lee Gustaferro leads a discussion of the topics to be covered in the next issue of "The Edition".

Future Business Leaders Of America

FBLA - Future Business Leaders of America - is appropriately named. Students in grades 9-12 can join this educational group. FBLA currently has about 15 members. You may ask what is FBLA? In the words of Ms. Hardin, FBLA is an organization that "is for

students majoring in business. It helps create and build leadership skills. It helps develop healthy competitiveness because students in FBLA are involved in competition of business skills. It develops responsibility." The members put these good qualities into practice

Theater Of Pain

Thespians

For the dramatic people at Zwei High, there exists the famed Thespian society. Those involved take great pride in their acting ability and thus tend to be seen in the hall acting, shall we say, a bit . . . strange. As for the actors themselves, "there's something about being onstage together which makes even your worst

enemy your friend. As far as I know, there are no conflicts among the Thespians. I'd say we're all pretty infatuated with each other", says Lee Gustafarro, a Senior and veteran Thespian. Students in the Thespian society perform at the DODDS Drama Festival and also in school and class plays.

Near Perfect Record In '91

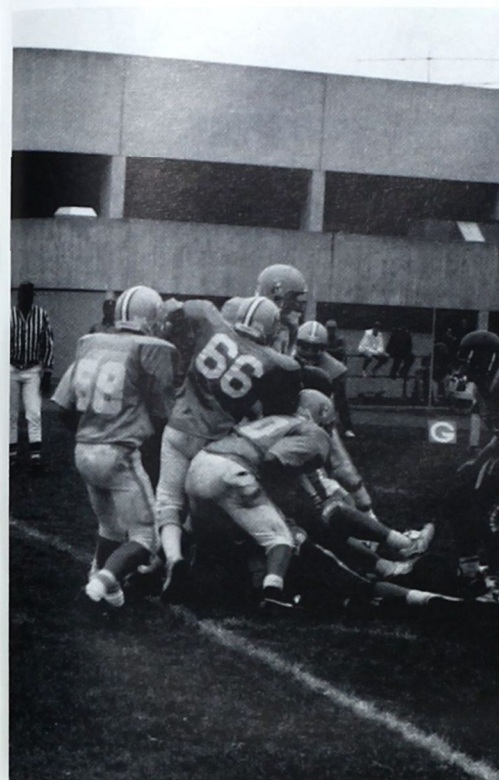

The 1991 Zweibrücken Trojan football team had a very disappointing season. Their final record for this year was 1-7, where their only victory was the result of an ineligible player on the Vilseck team. "The trips were fun, games were painful, and the record was disgraceful," was how Senior Terrence Denmark described it. Junior John Harris said, "I enjoyed the playing time." Running back Rich Jamison stated, "Everything happens for a reason but this season won't stop my career." When asked about the record, Darrell Banning said, "We started out as a team, but we wanted to win so bad that we played individually."

Even though the team had a very upsetting season, there were still a

lot of fans that came to watch the games. Seventh grader Jennifer Fox stated, "I think they played well, and they put up a good fight." Logan Smith thought they did good considering their competition, which included Osterholz, Baumholder, Berlin, Vilseck, SHAPE, Hanau, and Giessen. This year's Trojans were not very experienced to begin with. Coach Green believes the important thing to remember was not the scores or record, but the improvements made, which were considerable. With many of the players returning next year, he is looking forward to another season.

Certainly the players never lost their faith. As Senior Darrell Banning said, "we were champions at heart, but not by name."

Cheerleaders Boost Trojan Spirit

This year's fall cheerleaders started off the season by attending the National Cheerleading Association camp in Frankfurt. Once there they competed with other cheerleading squads from Germany. For their great teamwork and wonderful attitudes, they were awarded a "Spirit Stick". Good job Zwei!

Only one member of the squad tried out and made the NCA team. Becky Morehouse, a Senior, was chosen to perform with NCA in the Macy's Thanksgiving Parade. Becky added, "the hours of practice were grueling but I had the time of my life."

During the fall, cheerleaders made signs for athletes, cheered at football games and pep rallies, and attended other Zwei sporting events to cheer on the teams.

Zwei Golf Team Small But Talented

The 1991 Zweibruecken golf team (coached by Lt. Col. Jowett) had only one returning player from 1990 (Ben Zychalski), but the five beginners rose to the occasion, as the boys team took 2nd place for single-A schools. Jennifer Rowland, of the girls team, had a good enough record to go to the championship tournament, and took 4th place. Even with one-day-a-week practice, everyone on the team had greatly improved their game by the end of the season. "We did well, and I really think we all tried to improve each other's game," said Matt Conner.

Cross Country Races To Victory

You wake up after sleeping an unsound sleep, manage to get down a tiny bit of breakfast into your nervous stomach, and head out to the course where you proceed to walk the 3.2 mile course yelling Zwei cheers all the way. After all that, you still have to have the energy to actually run the race.

Although this may not be the typical form of entertainment for your basic high school teenager, Cross Country has many great qualities that cause runners to come out for the team year after year. Sophomore Doug Carlson says, "It's a good way to work

out and socialize at the same time."

And work out they do. The team practiced four days a week, where Coach Paul Harbison had them run anywhere from two to eight miles.

The Zwei boys' team was extremely successful, taking seven runners to finals and ending the season as European Champs. The girls' team wasn't so lucky, with only Leslie Hayenga to represent them at finals. This didn't discourage the girls though. "We didn't win this time, but we tried really hard, and had a great team," said Junior Jenny Harbison.

Sophomore Tania Medina and Junior Trasa Robertson are neck-and-neck in this race

Keep On Movin'

Bump, Set, Spike ... The Volleyball teams had an excellent season in 1991. The JV, coached by Mrs. Eshpeter, had a great time and ended the season 7-4. Coach Johnson's Varsity team went to Tournament with a near perfect record and took third place overall. Players

earning individual honors were Tusi Paogofie, Stephanie Jones, and Grace Hunkin, All Tournament, and Tusi and Stephanie, All Conference. "Look for us to be even next year," promises Kim Neusius.

Wicked Game

1991-92 Tennis

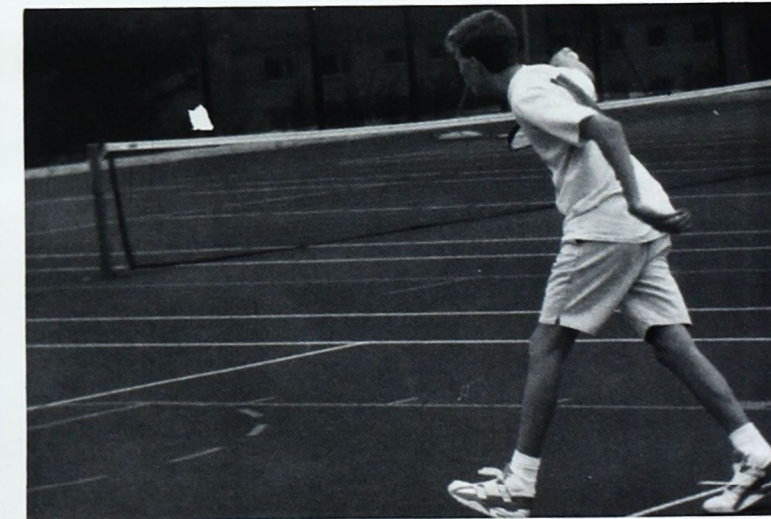

Smash! The boys tennis team wins again en route to their undefeated season. The tennis team crushed the opposition one by one and took first place in the single-A division. The women's team had an outstanding season also, winning four out of their six games. Buddy Rathmell summarized the season by saying "the other teams were really easy for us to beat. We had more experience and a

more talented team."

The whole season wasn't all positive. Midway through the season a controversy arose when some players were dismissed for reasons they didn't understand. Those players felt that the situation was never fully resolved. Nevertheless, the overall tennis season was a success. Dan Goodman said "this season proves that tennis is the best sport that Zwei offers."

Pump Up The Jam

Basketball is a fast paced, exciting game that never stops. No wonder it's one of the most popular spectator sports that Zwei High offers. This team was more than generous in giving the fans a great show. Jason Adams said "we had a good team with a lot of talent. Everybody gave to the team and it wasn't just a one person effort. We had an up and down season though." Coach Johnson agrees with this. "We had an upset victory at Ramstein that went into double

overtime and we beat them on their home court. Late in the season we had a letdown defeat by Bitburg we should have won. Overall, it was a good season." John Harris feels "that our 1991-1992 team was one of the best teams in Germany. Although we didn't make it to number one, third place was a good place for us." Toshawna Walker just says "it's the number one sport." Whatever the consequences, we are proud that this basketball team wears "Zwei" on their jerseys.

Can You Take Me High Enough?

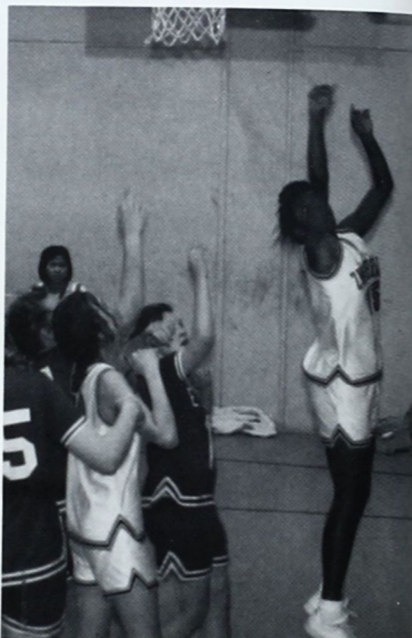

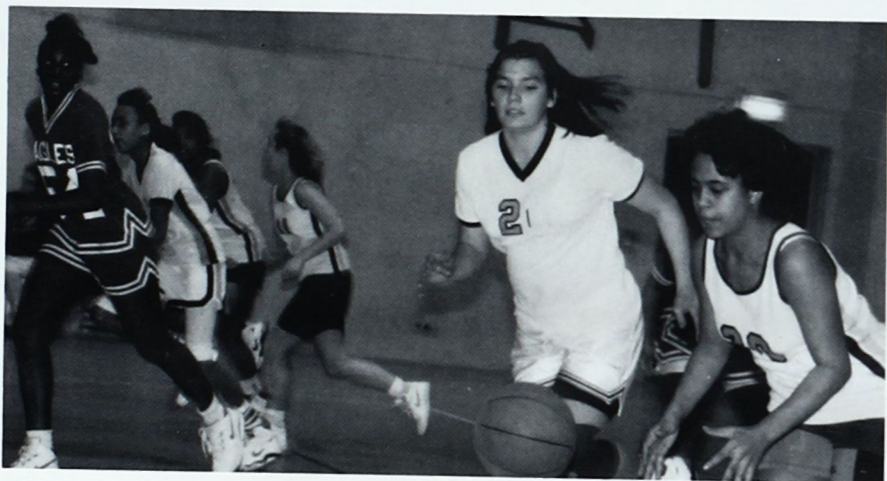

Varsity girls fared well during the 1991-92 season, ending with a total of 6 wins and 10 losses. "We had a fairly good season but it could have been better," said LaTanceia Rhodes, sophomore. The Junior Varsity wasn't as lucky, although they did improve steadily after their first four losses. In the Big Schools Tournament, the

Varsity lost a heartbreaker to K-Town in the first round but still came out in seventh place. The Tournament All-Stars from the Varsity team were Cherika Craver, who was All-Conference, and Tanysha Legister and Kiki Bush, who got Honorable Mention.

Wrestlers Pin Down Season

The wrestling team started out with almost all of the weight categories filled, and as the season progressed, both lost and gained members. At the first wrestling meet of the season, 3 teams attended, and Zwei won against one of them, and lost against the other. The team continued it's up and down record, alternately delighting and horrifying the head coach, Joe Green. Most of the wrestlers went to the

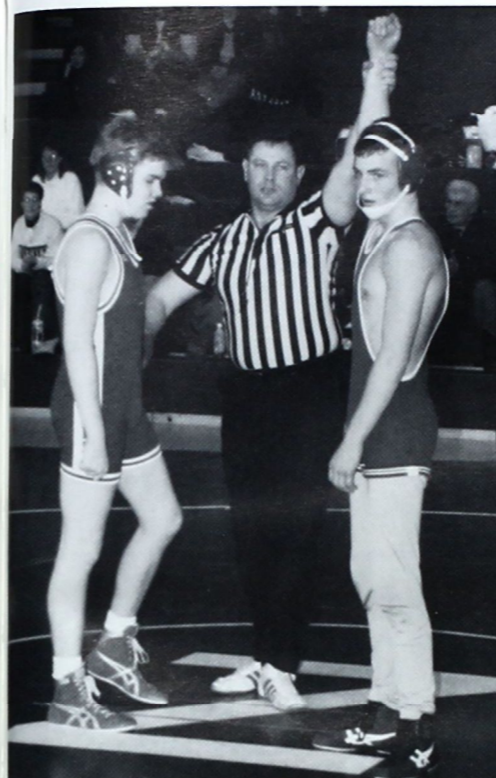

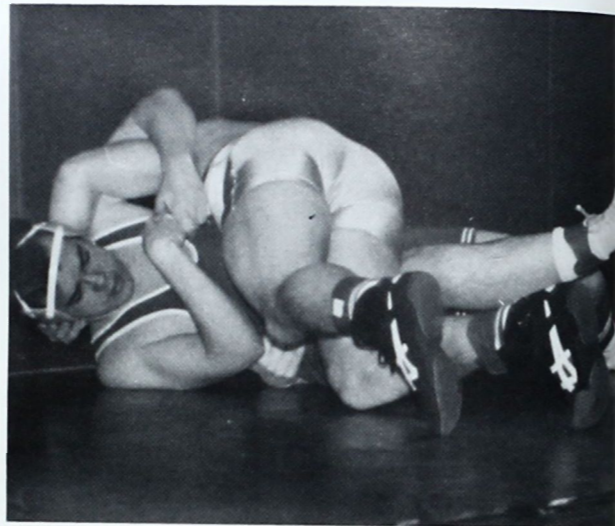

Invitational Christmas tournament at Bad Kreuznach, and several of them placed in the competitions. Later, at the end of the season, the team went to the Western Regionals, and 5 of the wrestlers went on to the Central Europeans, with two alternates. In general, the wrestlers felt that they improved this season, and enjoyed it, in spite of the backbreaking workouts four days a week.

Charles James is proclaimed the winner of this match by the referee. Throughout the season, Charles helped the newcomers to the team learn their moves.

Darrell Banning "sucks it up", as he gains control of the match, leading to a victory. Darrell went to the Central Europeans, and once there, won 5th place in his weight class.

JV And Varsity Winter Cheerleaders

Although Fall Season had only a Varsity squad, there were both JV and Varsity in the Winter, coached by Heidi Eshpeter and Jill Conner. The cheerleaders inspired the crowd and the teams to new heights of Trojan Spirit. The girls also spent times making signs and locker stickers for all winter sports teams in addition to

cheering for both girls and boys basketball. And when they weren't in uniform, they were still cheering on the wrestlers from the stands. The Varsity squad went to Competition on February 21, which gave them "a chance to sharpen our skills and see what other squads were doing" said Katie Luster.

Let's Go Crazy

Spirit Week Shows Off Our Wild Side

"Hard to Handle", our Homecoming Theme, was a phrase heard often during Spirit Week. Our Spirit Days were Bum Day, Nerd Day, Class Color Day, and the traditional Blue and White Day. Dressing up was one way to support your class, while other ways included participating in activities such as the Bobbing for Baby Ruths contest, the lip sync, and the class skits. It was a crazy wee, "a time when you can act weird and not get in trouble" said Kim Benson.

The Trojans came out with a lot of school spirit this year, with all students supporting their class. The

Seniors and Sophomores battled it out for first for the Spirit Cup, with the Juniors close behind in third. When all the points were counted up, the Sophomores came out on top. Sophomore Karrie Cebula said, "I was impressed with the cooperation and teamwork that the Sophomore class had in order to whip the Seniors' butts," which was the opinion of most of her classmates. The Pep Rally ended Zwei's week of fun with the Sophomores winning float. Esinam Doamekpor thought the whole week was "cool".

Hard To Handle

Zwei Disappointed 29-14

The Trojans lost a heartbreaker of a Homecoming game as the Spartans proved to be the team that was "Hard to Handle". The team was pumped for victory after a week of Spirit activities which ended with the annual Friday night bonfire. The spirit lasted through the game, but wasn't enough for a victory. The Trojans played the SHAPE Spartans, who came into the matchup undefeated. Trojan fan Kristina Barry thinks "they played better than they had all season, but in

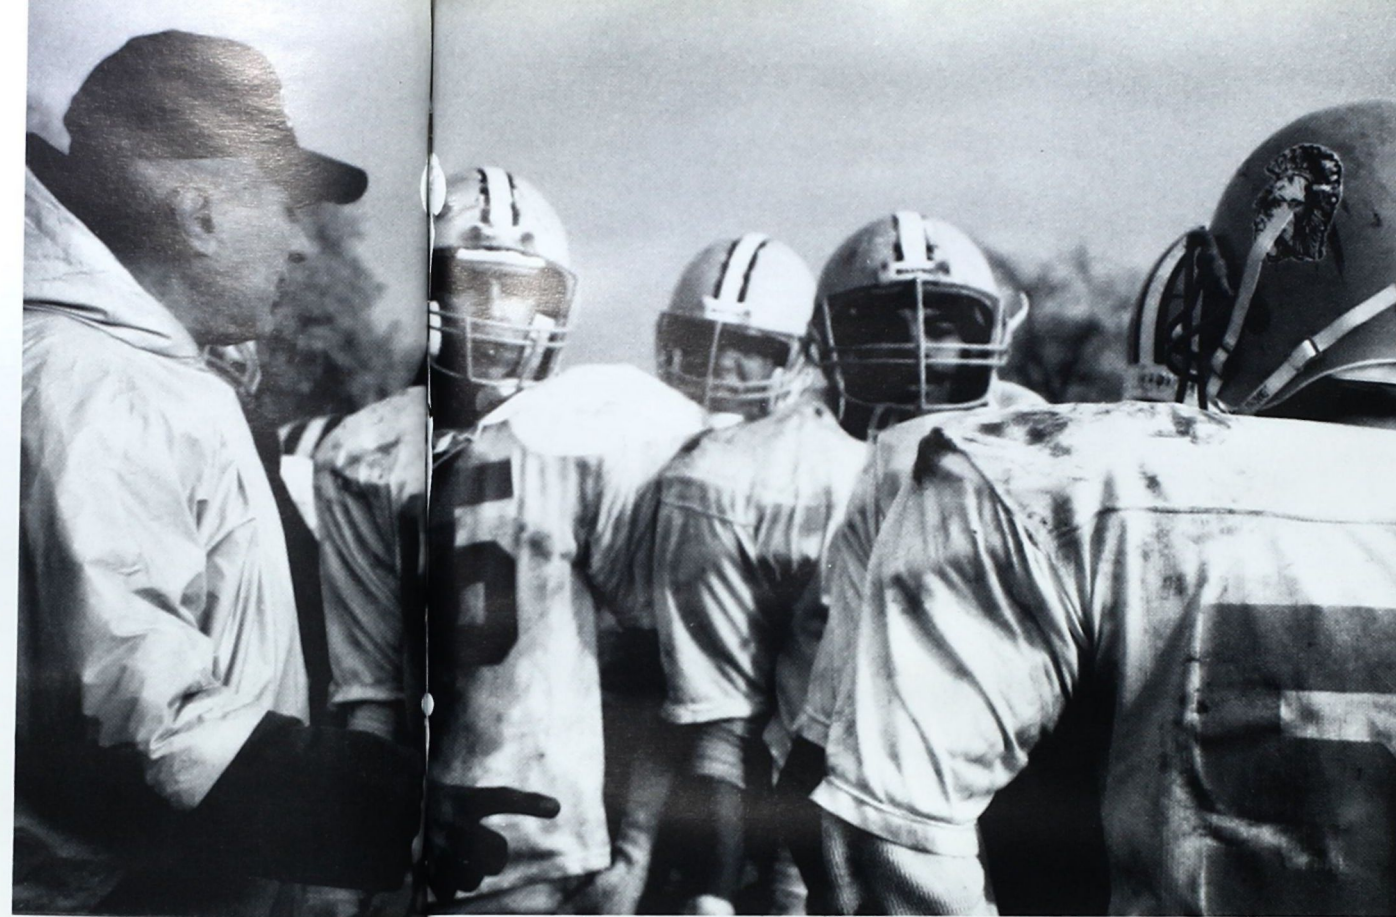

just wasn't enough." The crowd stayed behind their team though. Sophomore cheerleader Sarah Kahne was "excited by the spirit the Trojan fans showed". The Cheerleaders performed a special halftime Spirit Dance, after which the Homecoming Court nominees were announced. Everyone lunched on burgers and hotdogs from the concession stand manned by Juniors and the Booster Club. Even though the Trojans lost 29-14, it was a fun day of football and Trojan pride.

Court, Dance Finish The Week

This year, our Homecoming Dance was held at the Kreuzberg Recreation Center. Although it wasn't quite as spacious as in years past, it served the purpose. Tania Medina commented that "the dance was fun, but there wasn't a variety of music." Toshawna Walker furthered that by saying, "It would have been better if Ice Cube had appeared, but I still danced like crazy."

Homecoming Court came as a surprise to most people. Kendra Brewington stated "the Senior Court was based on popularity", but Whitney Smith and Kim Fox thought, "The court was fairly picked and everyone had a great attitude." And for those who didn't attend, maybe you were "there in spirit" like Alli Pagliarello.

Stephanie Skinto and Karrie Cebula weren't the only girls to go barefoot. Lots of girls got more comfortable by kicking off their shoes.

Junior Heather Horton has to speak loudly in order for Senior Mike Young to hear her over the loud music.

Who knows what is going through King Darrol Walker's mind as he dances with Katie Luster and Nikki Copeland.

Dancers clear the floor as they wait for the court to be introduced.

Dramatic Lunacy With "Lulu" And More

A tornado spins across the stage, followed by an ocean liner, a lifeboat, a shark, a fifty-foot ape, an airplane and killer termites, all in hot pursuit of a seventeen-year-old honor students named Lulu (Lee Gustafarro) from Rising Falls, Kansas. About a half-step behind them follows a secret Soviet agent (Lori Bush), and three steps behind her trails Lulu's faithful boyfriend, Lance (Will Richards).

This all started with Dan Nukala, the school's drama coach, who selected the comedy "Perils of Lulu" and the crazy cast needed to put it on. Castmembers came from all walks of Zwei life, from Kendra Brewington as

Lulu's mom to Damon Dimmick as the hand of the Ape; from Brad Brimhall as a laid-back ship's captain to Brady Finch as the narrator, wearing a stylish plaid sports coat. From the laughter in the audience, it was clearly a hit.

The drama department also entertained us with scenes performed with drama students from Ramstein, as well as scenes performed by advanced drama students in the cafeteria once a month during first and second hours. Cast selection and practice for the spring play began in January, with the play to be performed in March.

Susan Binns is the only sane one in this group of nuts: Norris Smith, Kari King, Katie Luster, Ray Nacino, Alli Pagliarello, and Brady Finch.

Kris Miller and Keri Stant are two sisters fighting over the bathroom in their one act comedy scene.

Flower children Christi Wikenheiser and Eric Turkelson find a groovy kind of love in "The Perils of Lulu."

Angela Montero and Susan Binns are two of the wacky passengers on the same flight with Lulu (Lee Gustafarro).

Cast members rejoice as Lance (Will Richards) finally gets his wish: a big smooch from his bride Lulu (Lee Gustafarro).

Nathan George laughs as his scene partner from Ramstein embraces him. She plays a character trying to seduce the young Nathan.

Learning Is Fun In England, Netherlands

It was a cold December night as excited Zwei students waited in the parking lot for the bus that would take them to England, for the annual Shakespearean Experience trip. Looking at those waiting, Mitch Martin and Buddy Rathmell caught the eye with enough luggage to supply everyone on the trip.

Students spent a week in London and Stratford, learning a bit of history and seeing Shakespeare's "Romeo and Juliet" and "Two Gentlemen of Verona." Most enjoyed the trip, and Tim Elmer thought "they had some nice signs." Steve Wilson liked the fact that the people spoke English. For

Micah Payne, it was just "golly, gee whiz, nifty!"

Students dressed up like diplomats and roamed the streets of Den Haag in style during the Model United Nations conference in the Netherlands.

With over 2000 delegates, debate on issues such as disarmament, the environment, and refugees took place.

Students also tapped the resources of Dutch culture at such hangouts as St. Jerome's, better known as "St. J's".

Overall, all the delegates agreed it was a very challenging and stimulating trip. Tania Bouillet rated it as "one of the most positive educational experiences a student could have."

Missy Johnston, Veronica Stickfort, and Heather Horton stop to make friends with some of the British locals.

Students like Marcella Turner, Steve Wilson, and Kerry Bray spent a lot of time walking around Stratford and London.

MUN delegates Jenny Harbison and Brigitte Yoesting explore the beach outside their hotel.

This is one England trip tradition: a group photo in front of Anne Hathaway's cottage.

Tish Lopez spends some relaxing time on the train as the MUN delegates head to the Hague.

Mon Morris does some last minute research with a fellow delegate during the week at the Hague.

Students Leave Civilization For A Week

The Outdoor Education trip to Hinterbrand, led by Mr. and Mrs. Nilsson, is designed to help students find their inner strength. The Nilssons, Mr. DeHaas, and 30 students stayed at the Interbrand Lodge, located in Bertchesgarten. Mornings often started with a 6:00 a.m. swim in ice cold water which got the blood flowing for other activities such as

rock climbing, cross-country skiing and bobsledding. Junior Frank Kessler "had a great time and I even learned from it." Chad Dauphin, also a Junior, added "it was my second year and it was better than ever." Altogether it was a worthwhile experience that every participant will remember for the rest of their lives.

These Hinterbrand snow bunnies take a rest after a hard day of cross country skiing.

Cross-country skiing is very tiring, as these Hinterbranders have discovered.

Mr. DeHaas leads a group of helmeted adventurers on a hike.

The group ate dinner together at the Hinterbrand lodge every night.

"Look, Ma, no hands!" Chris Shields was one of many students who climbed this rock and then rappelled down.

Brave And Crazy

Girls Take On Teachers To Raise Money

In February, Trojan spirit was boosted when the women teachers agreed to play a basketball game against the girls' Varsity and JV teams.

The night of the game the Pirm gym was packed. Many students were cheering for the teachers (to earn brownie points?), but a few brave souls cheered the girls on. The game was organized by the girls to raise money for their trip to Tournament.

Six courageous guys put on seven cheerleading skirts (Kelly wore two!) and showed us the ups and downs of cheering. They did difficult jumps and stunts (not!) to entertain the crowd.

Although all the baskets in the first quarter went to the teachers, the girls rallied and creamed them 51-19. Some teachers were later heard to say "We let them win". The game was a success and raised over \$600.

1-2-3 ... 4! Brown nosers Nbiyeas, Brady, Buddy, Chris, Nathan and Kelly were the teachers' cheerleaders for the game.

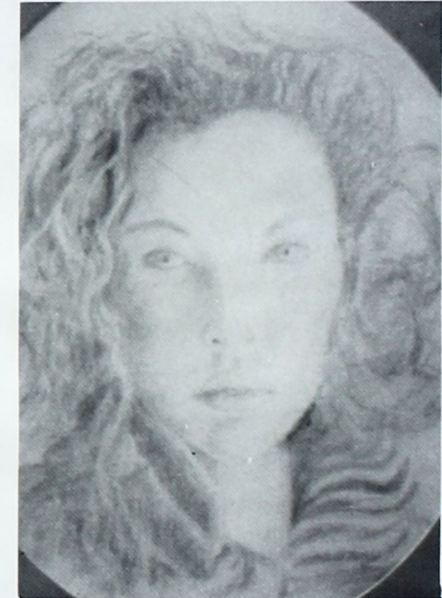

Demetris Gray tries unsuccessfully to block Ms. Scholten's shot. Teachers tried to psych out the girls the week before the game with practices and rumors about how great their team was.

Mon Morris and Stephanie Jones use Erica Hand to sweep the floor after the game.
