PRINCIPAL'S
MESSAGE

As we near the end of this 1981-1982 school year, it is time to look back on all the fond memories of Elementary No. 1 and Zweibruecken, Germany. You are lucky to live in a city rich in history and closely tied to our own American Revolution. The original settlement in this area dates back as far as 3,000 B.C. In later centuries, the Celts and the Romans also occupied the area and left their mark in the many ruins and artifacts that can still be seen nearby. The actual city of Zweibruecken was found around the year 1150 A.D. It has been spelled in many ways to include Zweybruck, Bipontum, and Deux-Ponts, all meaning two bridges. Although damaged and destroyed during many wars throughout the centuries, Zweibruecken has continued to rebuild itself and endure as a center of government in the RheinlandPfalz district. Residents of the city of Zweibruecken helped us win our American Revolution when they sent the Zweibruecken Regiment to Yorktown and fought in that decisive battle. Today Zweibruecken continues to be an interesting and important city close to many exciting places. You as students are fortunate to have this opportunity to live and go to school in a location where your knowledge is increased not only in the classroom but in your activities in the local community as well. Best wishes to all of you.
