LEAH BISCH

ABOUT *The artist*

LEAH BISCH is a watercolor artist and designer whose signature style strikes a fine balance between modern minimalism and lush floral expression. Inspired by her native Californian landscape, Leah's artistry comes alive through her graceful brush strokes and floral watercolor paintings. She opened her solo studio in 2014 and debuted her first collection of holiday cards with the indie-artist retailer Minted that very same year. In 2019, Leah began licensing her art and design to bring her signature artistic style to a broader audience of manufacturers and retailers. Today, Leah collaborates with a growing list of clientele on a wide range of products.

She works out of her sun-filled home studio on the Palos Verdes Peninsula where she lives with her husband and their daughter.
