

Hello!

I am Audrey, I am a French woman based in Italy. I live with my Italian husband and our two daughters:)

I am a graphic designer and I discovered pattern design a few years ago.

Audrey Dostes Gallarate, Italy

I fell in love with this discipline. It brings me so much joy!

A word about me

Nature can be tricky sometimes, but everything has a purpose.

The pandemic has left many of us with complex situations in our own homes. For me, it was an opportunity to nurture my artistic talents and create a professional life that I am passionate about and is 100% aligned to who I am.

Thanks to good organizational skills and endless ideas, mixing creativity and efficiency, I now offer patterns with sophisticated and charming designs for bed linen and home decor.

Let's work together on the product that will make you dream!

Audrey

## Tropical Mood

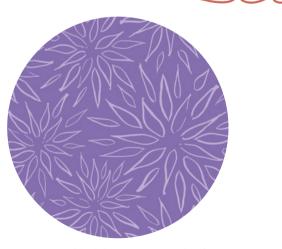

A hypnotic tropical mood collection.

Made from handmade drawings, strong and powerful, this collection is feminine and exuberant.
