

Your Class Legacy

In honor of your Reunion, members of celebrating classes can collectively support an expendable scholarship—providing a special opportunity to make a significant and immediate impact on the lives of many Northwestern students. Your gift to this expendable scholarship fund will benefit students directly, allowing them not only to enroll and attend the University but also to thrive. Together, you and your fellow alumni can leave a legacy at Northwestern in recognition of your Reunion year.

A gift to this class scholarship fund counts toward your Reunion class fundraising total—as well as your annual giving total in this fiscal year. It can also count for NU Loyal status, and if \$1,000 or more, it secures your membership in the Northwestern University Leadership Circle.

Your Potential Impact

The University endeavors to make a Northwestern education accessible to the very best students, regardless of their economic backgrounds. Currently, more than 60 percent of first-year undergraduates receive financial aid. This scholarship enables students to reap the benefits of a Northwestern education without bearing a significant financial burden. Scholarships also help ensure that the undergraduate community more accurately reflects the world at large—and that every student benefits from an environment rich with diverse perspectives.

Reunion alumni without an endowed class scholarship are encouraged to contribute to the Undergraduate Reunion Scholarship Fund. Commitments can be paid over time through cash gifts, securities, or other assets. Additional gifts may be added to the fund at any time.

Recognition

Alumni have an integral role in supporting future generations of Wildcats. Gifts at any level help make this scholarship a reality.

- Donors receive an update on the status of the scholarship fund and information about the student recipient(s).
- Leadership-level donors (i.e., \$1,000+ donors) also qualify for membership in the Northwestern University Leadership Circle and its benefits, and may be invited to attend special events or participate in other engagement opportunities with University leadership and student recipients.
- Major gift-level donors (i.e., \$100,000+ donors) have the opportunity to create a named expendable fund and will be stewarded over the four-year pledge period and matched with a single student over their four years on campus when possible.
