1.0 Title VI Policy Statement¹

The Fort Wayne-Allen County Airport Authority (FWACAA) owns and operates Fort Wayne International (FWA) and Smith Field Airports. Both airports are in Allen County and serve the Northeast Indiana region including Fort Wayne, the second largest city in the state. The two airports encompass more than 3,500 acres of land.

FWACAA assures that no person shall on the grounds of race, color, national origin (including limited English proficiency (LEP)), sex (including sexual orientation and gender identity), creed, or age, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987 (PL 100.259), Section 520 of the Airport and Airway Improvement Act of 1982, and related authorities (hereafter, "Title VI and related requirements"), be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity that receives U.S. Department of Transportation (DOT) funding. Title VI also prohibits retaliation for asserting or otherwise participating in claims of discrimination.

FWACAA further assures every effort will be made to ensure nondiscrimination in all of its programs and activities, whether those programs are federally funded. The Airport Sponsor agrees, among other things, to understand the communities surrounding or in the flight path, as well as customers that use the airport.

FWACAA requires nondiscrimination assurances, as prescribed by FAA, from each tenant, contractor, and concessionaire providing an activity, service, or facility at the airport. Assurances must be included in any related lease, contract, or franchise agreement between FWACAA and each tenant, contractor, and concessionaire, as well as in any similar agreements with their own sub-tenants and sub-contractors.

The Operations Manager, available at 260-446-3434 and operationsspecialists@fwairport.com, is responsible for overseeing the Airport Sponsor's compliance with Title VI and the point of contact for all airport Title VI matters and related responsibilities, including those required by 49 CFR Part 21.

2.0 Administration

FWACAA has reviewed and adopted this Title VI Plan for FWA. This plan will be updated no less than once every 3 years. The plan will not be re-adopted following minor changes, such as updating position titles. Significant revisions to our policies or federal guidelines may warrant re-adoption by FWACAA and resubmittal to FAA.

As of the date of this plan, FWA has the following pending applications for Federal financial assistance:

Federal Source	Grant Number	Amount
FAA AIP (Project Gateway West)	3-18-0022-077-2021	\$6,129,364
FAA AIP (Project Gateway West) Electrical	3-18-0022-081-2022	\$2,979,644
FAA AIP (Project Gateway East Phase 2)	3-18-022-082-2023	\$14,790,000
FAA AIP (Project Gateway East Phase 3)	3-18-022-083-2023	\$8,000,000
FAA AIP (SMD TWY A)	3-18-0024-025-2022	\$895,148
FAA AIP (TWY C2 Rehab)	Pending	\$8,000,000

3.0 Grant and Procurement Assurances

FWACAA will complete standard grant assurances for Title VI and related requirements, in the form prescribed by the FAA https://www.faa.gov/airports/aip/grant_assurances/#current-assurances.. FWACAA requires Civil Rights clauses to be included in solicitations and contracts for all subcontractors and subleases.

Clauses/Covenants

- a. All contracts, leases, deeds, licenses, permits, and other similar instruments, must contain the contractual requirements and clauses, in the form prescribed by FAA https://www.faa.gov/airports/aip/procurement/federal_contract_provisions/.
- b. FWACAA requires, Civil Rights clauses to be included in solicitations and contracts for all subcontractors, subleases, and any other agreements. The FAA Civil Rights provision template must be used in all subcontracts relating to the airport program. These subcontracts will be audited for not less than 10 percent of contractors each year.

Description of Oversight Methods for Subcontracts

Subcontract template must be used in all subcontracts related to the airport program. Subcontracts are audited by the Purchasing Manager to verify they include the template language, for not less than 10 percent of contractors each year.

4.0 Title VI Delegation of Authority and Responsibility

The Operations Manager serves as the FWACAA Title VI Coordinator. With the assistance of the Operations Department and Purchasing Manager, the Operations Manager is responsible for

all aspects of the Title VI Program and has been delegated sufficient authority and responsibility to effectively carry out the duties assigned to the position.

Staff Responsibilities

The FWACAA's Title VI Program falls within the scope of responsibilities of the Title VI Coordinator.

Title VI Coordinator

The Title VI Coordinator (Coordinator) works to ensure there is demonstrated commitment on the part of the Airport Authority to enforce Title VI and is responsible for the overall Title VI program implementation. Specifically, the Coordinator has the authority and responsibility to implement the civil rights program by:

- Ensuring the Title VI requirements are included in policy directives
- Assisting Airport Authority personnel to correct Title VI problems or discriminatory practices or policies found through self-monitoring and review activities.
- Being the point of contact for Title VI implementation and monitoring of programs and activities receiving federal financial assistance
- Reviewing documents as needed for compliance with Title VI to ensure that procedures used have safeguards to prevent discrimination.
- Conducting Title VI compliance reviews.
- Developing Title VI training material and conducting training sessions and workshops.
- Developing Title VI information for dissemination to the public and, where appropriate, in languages other than English.
- Coordinating the investigation of Title VI complaints of discrimination in accordance with the Airport Authority's External Compliant Processing Procedures.

The Coordinator has access to the Title VI portion of the FAA Civil Rights Connect System.

Title VI Liaisons

The Title VI Liaison (Liaison) is crucial in carrying out the activities of the Title VI program. The Purchasing Manager, Operations Supervisor, Customer Experience Supervisor, and Operations Specialists all serve as liaisons. The Coordinator along with the Liaisons are the ones who make up the Title VI team. FWACAA does not have any airport program sub-recipients.

5.0 Notice

FWACAA will conspicuously display the FAA-provided Unlawful Discrimination Poster in all public areas on airport property, including those with pedestrian activity. The Coordinator ensures that these posters are visible, accessible and maintained.

FWA has distributed this Title VI Plan among its employees and airport contractors, concessionaires, lessees, and tenants.

Posters are displayed in the terminal and other areas on airport property, including the following public locations:

Terminal/FBO/Concessions/ Other Locations	Quantity in Pre-Security Area	Quantity in Post-Security Area	Additional Quantities
<i>Terminal Building</i>	<i>1</i>	<i>1</i>	
<i>FWAC-Fixed Based Operator</i>			<i>1</i>
<i>SFAC- Fixed Based Operator</i>			<i>1</i>

Outreach to Affected Communities

The Purchasing Manager ensures that notices for public meetings reach all segments of the impacted community. The Title VI coordinator will identify the effective media platforms to share announcement and notices. Announcements may be made in the following platforms social media, general circulation newspapers, community newspapers, and email broadcast.

6.0 Community Statistics

Title VI regulations require Federal grant recipients to know their community demographics. See 49 CFR § 21.9(b). By knowing this information, FWACAA will be able to identify, understand, and engage with communities. In doing so, FWACAA needs to know about communities eligible to be served, actually or potentially affected, benefited or burdened by FWACAA's airport program.

Affected Communities	Population
<i>46770 - Markle</i>	<i>2,734</i>
<i>46799 – Zanesville</i>	<i>409</i>
<i>46750 – Huntington</i>	<i>25,660</i>
<i>46777 – Ossian</i>	<i>6,008</i>
<i>46819 – Poe/Waynedale</i>	<i>9,280</i>
<i>46798 – Yoder</i>	<i>1,028</i>
<i>46783 – Roanoke</i>	<i>7,500</i>
<i>46809 – Waynedale</i>	<i>8,677</i>
<i>46804 – Ellison/County Club Gardens/Times Corner</i>	<i>28,773</i>

(Hereafter, the above communities will be referred to collectively as “the Affected Communities”).

We have identified the following facts about the Affected Communities:

Low Income Communities

A low-income area is an identifiable group of persons living in geographic proximity, whose median household income is at or below the Department of Health and Human Services poverty guidelines. Pursuant to Executive Order 12898, “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations,” FWACAA is collecting information about affected and potentially affected low-income communities. According to *U.S. Census Report [S1701: Poverty Status in the Past 12 Months](#)*, the overall poverty level for the Fort Wayne-Allen County area is approximately 11.1%. The poverty rate remains similar compared with the rest of the state of Indiana. The poverty rates for the specific Affected Communities are as follows.

Affected Communities	Poverty Rate
46770 - Markle	9.1%
46799 – Zanesville	13.7%
46750 – Huntington	12.8%
46777 – Ossian	7.3%
46819 – Poe/Waynedale	11.7%
46798 – Yoder	3.3%
46783 – Roanoke	4.4%
46809 – Waynedale	14.0%
46804 – Ellison/County Club Gardens/Times Corner	7.2%

Racial and Ethnic Communities

Demographic data for race, color, and national origin was evaluated to identify racial and ethnic communities and populations in each Affected Community. The demographic composition by race, color, or national origin for the specific Affected Communities are as follows:

Affected Community: 46770 - Markle

Limited English Proficiency (LEP)

The goal of all language access planning and implementation is to ensure that FWACAA communicates effectively with limited English proficient (LEP) individuals. Effective language access requires self-assessment and planning. The next table lists non-English languages that are spoken in LEP households in the Affected Communities. The data source is *U.S. Census Report B16001: Language Spoken at Home by Ability to Speak English*.

The threshold we have used for identifying the languages with significant LEP populations is the DOT LEP Policy Guidance safe harbor threshold, which is 5% or 1,000, whichever is less. The safe harbor for our community is 1,000. Please refer to the end of this document to find data for all languages in our community.

Languages Spoken by LEP Population that Meet the Safe Harbor Threshold	Number	Margin of Error
<i>Spanish</i>	2,150	+/- 1,111

Frequency of contact with LEP individuals at the airport and airport-related activities (all languages):

Languages Spoken by LEP Persons	A few times a year (12 or less days a year)	Several times a month (13 to 51 days a year)	At least once a week (52 to 364 days a year)	Every day (365 days a year)
<i>Spanish</i>			X	

This information is updated annually through checking the following resources:

Data Sources for Languages Spoken in Affected Community	Website link to Data Source

7.0 Potential or Known Community Impacts

The following airport facilities are already in use or under construction and expected to be in use within the next 3 years:

Existing Airport Facilities	Affected Community Impacted by Operation of the Facility
Terminal Expansion (Project Gateway East & West)	Markle, Zanesville, Huntington, Ossian, Poe/Waynedale, Yoder, Roanoke, Waynedale & Ellison

The following airport facility projects (including all alternatives) are in construction or expected to be in construction within the next 3 years:

Airport Facility Construction Projects	Affected Community Impacted by Construction of the Facility
SMD Twy A	None
TWY C2	Waynedale
PC Air Units	None
West Ramp Rehab	Yoder & Waynedale

We have analyzed the above existing facilities and facility construction projects for disparate impacts on the basis of race, color, or national origin (including LEP) in Affected Communities. No disparate impacts are anticipated as a result of these projects.

8. Limited English Proficiency (LEP)

In creating a Language Assistance Plan, FWACAA will consider the volume, proportion, or frequency of contact with LEP persons in determining the appropriate language assistance to provide.

In Community Statistics section, we identified the following languages spoken by LEP persons in Affected Communities:

Language
<i>Spanish</i>

FWACAA also collects data for languages spoken by airport guests. Data sources include:

Data Sources for Languages Spoken by Airport Guests	Website link to Data Source
<i>Tenant provided data</i>	<i>N/A - Public form in Veoci</i>

The Title VI Coordinator will also actively engage with community educators, community groups, places of work, business groups, social groups, and the like to confirm that translation and interpretation services are accurate and effective. Additionally, the Title VI Coordinator will inform leadership and staff of the FWACAA of the responsibility to provide language access. We have made the following plans to provide translation services free of charge to ensure that individuals with LEP have access to the benefits of the airport:

Translation Services:

- All written notices contain a statement in the identified languages, when appropriate, of how to receive translated written materials.
- The following vendors have been identified for written translations:

Translation Vendors	Languages
<i>Allen County Dispatch</i>	<i>Spanish</i>
<i>Google</i>	<i>All Languages</i>

- Information regarding translation services can be obtained at: Information Desk (Welcome Center), Public Safety Department, Customer Service Agent/Custodial/Operations Staff.

Location for Translation Assistance	Languages
<i>Airport website request form</i>	<i>Spanish</i>
<i>Airport website translate view</i>	<i>Spanish</i>
<i>Volunteer multi-lingual staff pool</i>	<i>Spanish</i>

Interpretation Services:

- The following vendors have been identified for interpretation services:

Interpretation Vendors	Languages
<i>Allen County Dispatch</i>	<i>Spanish</i>
<i>Google</i>	<i>All Languages</i>

- Information regarding interpretation services can be obtained from: Public Safety Department or Customer Service Agent/Custodial/Operations Staff.

Location for Interpretation Assistance	Languages
<i>Volunteer multi-lingual staff pool</i>	<i>Spanish</i>

Description of Interpretation Assistance Processes

- *The Airport Operations Department maintains a list of multilingual employees, the languages they speak, and their associated office telephone numbers. The list indicates whether each employee is proficient to provide interpretation and/or translation services. The list is updated annually and provided to all tenant managers. Generally, these employee volunteers are available to assist members of the public with verbal real-time interpretation, during normal business hours.*

9.0 Public Transportation

Staff from the Fort Wayne-Allen County Airport Authority contacted the General Manager of Citilink to discuss the viability of public transit routes to the Fort Wayne International Airport. Citilink advised that research has shown that current demand does not warrant extension of routes to our location from their current closest access point near Highway 1 and Airport Expressway. Additionally, routes do not operate to serve all available times that FWA would be open for operations.

The Authority and Citilink will monitor and review changing needs and/or demand for public transportation annually. Cab services and ride shares are available to the Fort Wayne International Airport throughout our hours of operation. The Airport Authority also has agreements for service with hotel shuttles.

10.0 Minority Businesses

Public notices for public hearings, the passage of ordinances, and the posting of bid/RFP documents are published in the legal notice section of the local papers, *The Journal Gazette* and *The Northwest News* in accordance with Indiana statutes. These publications are widely distributed throughout the city and county and available to all segments of the population.

Information relating to Board meetings and agenda items are posted on our website. Public notification of all bid and RFP solicitations are also posted on this site. Access to the site is available for free to anybody that has to the internet. Local libraries also provide free internet access to the public.

Specific efforts are made to target disadvantaged firms for larger construction projects and concession opportunities by notifying firms certified by INDOT as DBE/ACDBE's. Selections

are in compliance with Title VI, Part 21, and related requirements. Information on award process and documentation for specific bid decisions are kept with the Purchasing Manager.

Airport Business Opportunity	Minority Business Outreach Methods
<i>Airport Concessions Opportunity</i>	<i>Posting on the FAA Matchmaker, Publishing the opportunity on the AAAE website, direct outreach to all identified ACDBE concessionaire firms as identified from the INDOT Directory, DBE</i>
<i>East Terminal Expansion</i>	<i>Posted CMC selection notification and subcontractor bid notifications on FAA matchmaker site; INDOT Distributed the opportunity notice to their listing of all certified DBE firms (as well as pre-qualified firm-over 4,010 subscribers); the CMC held 3 DBE outreach sessions during the design and selection process for potential subcontracting firms</i>
<i>Advertising Concession</i>	<i>Posting on FAA Matchmaker site, Distribution by INDOT to their listing of ACDBE/DBE firms</i>

11.0 Training

New employee orientation incorporates Title VI training. Topics include:

- Title VI and related laws prohibit discrimination on the basis of race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age
- Title VI complaints must be forwarded to the Coordinator
- Protections against retaliation for filing civil rights complaints or related actions
- Title VI notices must be displayed throughout the airport public facilities
- All contracts must include Title VI clauses
- Language interpretation and translation services
- Cultural and community relations sensitivity training
- Anti-harassment training

FWACAA trains Airport Authority employees and has a train the trainer program with tenants.

Recurrent training is done every two years.

12.0 Compliance Reviews, Audits, Complaints, Lawsuits & Other Investigations

FAA Notification. The Coordinator will notify FAA of any pending investigations and reviews, including:

- Compliance reviews or audits concerning civil rights requirements
- Complaints, lawsuits, or other investigations alleging noncompliance with civil rights requirements

As discussed in the Title VI Complaints Section, Title VI complaints must be forwarded to FAA contacts within 15 days of receipt. For all other civil rights investigations, FWACAA must notify FAA contacts of any new investigations prior to grant execution.

At regular intervals, the Coordinator will provide FAA contacts with status updates for the investigations and reviews, until completed. For each existing investigation or review completed within 5 years of this plan, the Coordinator will also provide a statement about the outcome, unless previously provided.

13.0 Title VI Complaints

Scope. These procedures are for complaints of discrimination under Title VI and related laws (hereafter “Title VI Complaints.” In order to be a Title VI Complaint, the complaint must:

1. Allege discrimination on the basis of race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age or violations administrative requirements under Title VI or related laws.
2. Not only be for employment matters
3. Allege misconduct by the FWACAA, including airport employees, contractors, concessionaires, lessees, or tenants.
4. Concern an airport facility or actions by the FWACAA including airport employees, contractors, concessionaires, lessees, or tenants.

Rights. Any person who believes that he or she has been subjected to discrimination on the basis of race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age has the right to file a complaint with the FWACAA. Alternatively, they can file a formal complaint with an outside agency, such as the U.S. Departments of Justice or Transportation, or the Federal Aviation Administration (FAA), or seek other legal remedies.

Receipt of Complaint. The Coordinator will log in the complaint and promptly send copies of the complaint to the Executive Director, Director of Operations & Facilities and the Director of Administration & Finance.

Complaints must be filed within 180 days of the discriminatory event, must be in writing, and must be delivered to:

Katie Scherer, Operations Manager
3801 W Ferguson Rd
Fort Wayne, IN 46809
260-446-3434
operationsspecialists@fwairport.com

If a complaint is initially made by phone, it must be supplemented with a written complaint before 180 days after the discriminatory event has passed. If a verbal complaint is received, the complainant should be given a copy of the Airport Discrimination Complaint Procedures and instructed to submit a written complaint. Accommodation will be provided upon request to individuals unable to file a written complaint due to a disability.

Initial Procedure. The Coordinator may meet with the complainant to clarify the issues, obtain additional information, and determine if informal resolution might be possible in lieu of an investigation. If successfully resolved, the Coordinator will issue a closure letter to the complainant, record the disposition in the complaints log, and report the resolution to FAA.

Discrimination Complaint Referral Procedure

Internal Complaint Referral. All Title VI complaints must be promptly forwarded to the Coordinator within 3 days.

Initial FAA Notification. A copy of each Title VI complaint will be forwarded to the FAA within 15 days of initial receipt. The Coordinator will forward a copy of the complaint and a statement describing all actions taken to resolve the matter, and the results thereof. (Note: complaints based on disability do not have to be forwarded to FAA.) To transmit complaint information to the FAA, the Coordinator will upload the data to the FAA Civil Rights staff through the FAA Civil Rights Connect System. The Coordinator will also seek technical assistance from FAA, as needed, throughout complaint intake, investigation and resolution process.

Investigation Procedure

Assignment of Investigator. The Coordinator will immediately begin the investigation or designate an investigator.

Cooperation with FAA. The Coordinator will promptly investigate all Title VI complaints, including those referred by the FAA for investigation. If the FAA is investigating a complaint against FWACAA, the Coordinator will avoid interfering with the FAA investigation, cooperate with the FAA when needed, and share factual information with the FAA.

Prompt Investigation. The Coordinator will make every effort to complete discrimination

complaint investigations within 60 calendar days after the complaint is received. Some investigations may take longer with a justification for the delay and assurance that the investigation is being completed as quickly as possible.

Contact with Complainant. The Coordinator will meet with the complainant to clarify the issues and obtain additional information, and also speak with community members and potential witnesses, as appropriate.

Investigation Report. After completing the investigation, the Coordinator will prepare a written report.

Consultation with Legal Counsel. In each case, the Coordinator will consult with Legal Counsel regarding the investigation and the report. Airport Legal Counsel will ensure that the report is consistent with the DOT and FAA Title VI nondiscrimination requirements.

Prompt Resolution of Disputes. The Coordinator will emphasize voluntary compliance and quickly and fairly resolve disputes with complainants, or with contractors, tenants, or other persons, through alternative dispute resolution.

Forwarding Report and Response to Complainant. At the completion of the investigation, the complainant and respondent will receive a letter of findings and determination of the investigation and any applicable resolution. The letter transmitting the findings and any applicable resolution will state FWACAA's conclusion regarding whether unlawful discrimination occurred, and will describe the complainant's appeal rights. A summary of the investigation report, any appeal, or follow-up actions will be sent to the FAA via the FAA Civil Rights Connect System.

Appeal Rights. The complainant must be notified of their right to appeal the findings or determinations, and of the procedures and requirements for an appeal:

- The complainant may appeal in writing to the Executive Director of Airports.
- The written appeal must be received within 10 business days after receipt of the written decision.
- The written appeal must contain all arguments, evidence, and documents supporting the basis for the appeal.
- The Executive Director will issue a final written decision in response to the appeal.

Avoiding Future Discrimination. In addition to taking action with respect to any specific instances of discrimination, the FWACAA will identify and implement measures to reduce the chances of similar discrimination in the future.

Intimidation and Retaliation Prohibited. FWACAA employees, contractors, and tenants will not intimidate or retaliate against a person who has filed a complaint alleging discrimination.

For information on filing a complaint with DOT/FAA, please contact Katie Scherer, Title VI Coordinator. This complaint procedure is shared with the public through our website at [Title VI | Fort Wayne Airport Authority \(fwairport.com\)](https://www.fwairport.com).

TABLE NOTES	
	Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, the decennial census is the official source of population totals for April 1st of each decennial year. In between censuses, the Census Bureau's Population Estimates Program produces and disseminates the official estimates of the population for the nation, states, counties, cities, and towns and estimates of housing units for states and counties.
	Information about the American Community Survey (ACS) can be found on the ACS website. Supporting documentation including code lists, subject definitions, data accuracy, and statistical testing, and a full list of ACS tables and table shells (without estimates) can be found on the Technical Documentation section of the ACS website.
	Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the Methodology section
	Source: U.S. Census Bureau, 2018-2022 American Community Survey 5-Year Estimates
	Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a
	Dollar amounts are adjusted to respective calendar years. For more information, see: Change to Income Deficit .
	The 2018-2022 American Community Survey (ACS) data generally reflect the March 2020 Office of Management and Budget (OMB) delineations of metropolitan and micropolitan statistical areas. In certain instances, the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB delineation lists due to differences in the effective dates
	Estimates of urban and rural populations, housing units, and characteristics reflect boundaries of urban areas defined based on 2020 Census data. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing

	Explanation of Symbols:- The estimate could not be computed because there were an insufficient number of sample observations. For a ratio of medians estimate, one or both of the median estimates falls in the lowest interval or highest interval of an open-ended distribution. For a 5-year median estimate, the margin of error associated with a median was larger than the median itself.N The estimate or margin of error cannot be displayed because there were an insufficient number of sample cases in the selected geographic area. TABLE NOTES	
	<p>Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the Data and Documentation section.</p> <p>Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the Methodology section.</p>
	<p>Tell us what you think. Provide feedback to help make American Community Survey data more useful for you.</p> <p>Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.</p>

	<p>Explanation of Symbols: * An "***" entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.</p> <p>* An "-" entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.</p> <p>* An "-" following a median estimate means the median falls in the lowest interval of an open-ended distribution.</p> <p>* An "+" following a median estimate means the median falls in the upper interval of an open-ended distribution.</p> <p>* An "****" entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.</p> <p>* An "*****" entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.</p> <p>* An "N" entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.</p>
	* An "(X)" means that the estimate is not applicable or not available.
	Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2010 data. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.
	While the 2011-2015 American Community Survey (ACS) data generally reflect the February 2013 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.
	Methodological changes to data collection in 2013 may have affected language data for 2013. Users should be aware of these changes when using multi-year data containing data from 2013. For more information, see: Language User Note.

	Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsampling error is not represented in these tables.
