How do I
help missions
through direct deposit?

SAVES MONEY

Many people prefer credit cards. However, those companies charge fees that add up over time. Using direct deposit puts more money toward missions.

For example, the credit card fees for a donation of \$500 can be up to \$25; so only \$475 goes toward missions. However, with Direct Deposit, the fee for a \$500 gift is only \$0.50; so nearly the entire \$500 gift goes to missions.

CONVENIENT

After setting up, your transfers automatically take place. You don't have to worry about it.

SECURE

We take great care and effort to ensure your banking information is secure.

We recommend mailing this to us for your security.
