

# **StealthAlgo Privacy Policy**

**Last updated:** February 6<sup>th</sup>, 2024

Welcome to the privacy policy for the StealthAlgo ("Indicator"), a custom trading tool available on TradingView. This policy is designed to inform users about our practices regarding the collection, use, and disclosure of information that may be collected through the use of the Indicator.

## **Information Collection and Use:**

StealthAlgo operates entirely within the TradingView platform and does not independently collect personal data from users. All interactions and data processing are confined to the scope of TradingView's platform. Should users input any data directly into the Indicator, such information is processed solely for the intended analytical or trading functionalities and is not stored, shared, or used beyond the immediate operational requirements of the Indicator.

## **Third-Party Services**

StealthAlgo does not directly integrate with third-party services that collect personal data. Any data exchange occurring as a part of TradingView's platform operates under the privacy policy and terms of service of TradingView and those third-party services.

## **Data Security**

We are committed to ensuring the security of any information processed by our Indicator. However, as our Indicator operates within the TradingView platform, data security is primarily governed by TradingView's security measures. We encourage users to review TradingView's privacy policy and security practices.

## **Changes to This Privacy Policy**

We may update our Privacy Policy from time to time. We will notify users of any changes by posting the new Privacy Policy on this page and updating the "Last updated" date. Users are advised to review this Privacy Policy periodically for any changes.

## **5. Contact Us**

If you have any questions about this Privacy Policy, please contact us via TradingView's messaging system or any contact details we may provide on our TradingView profile.
