DATA COLLECTION AND USAGE

By accessing or using the trading indicator ("next FVG MTF PRO"), you acknowledge and consent to the collection and processing of certain data by us, Whop, and their authorized partners for technical, financial, and operational purposes. This data may include:

- Personal identification information
- Trading preferences and settings
- Technical data related to indicator usage
- Payment and subscription information

DATA PROCESSING AND STORAGE

By using our trading indicator, you explicitly agree to and accept the data processing conditions and terms offered by Whop and TradingView, their authorized payment and subscription management platform. All data processing activities are carried out in accordance with Whop's and TradingView's established protocols and security measures.

THIRD-PARTY SHARING

Your data may be shared with:

- Whop and its authorized partners for payment processing and subscription management
- Technical service providers necessary for indicator operation
- Legal authorities when required by law

USER RIGHTS

Under GDPR, you have the right to:

- Access your personal data
- Request data correction or deletion
- Object to data processing
- Request data portability

These rights will be provided to the extent permitted by Whop and TradingView's data processing policies and technical capabilities. The ability to exercise certain rights may be limited by the functionality and features available through these platforms.

COOKIES AND TRACKING

Cookies and tracking technologies are implemented through Whop and/or TradingView's platforms, which provide the technical infrastructure for our indicator. The specific tracking measures used are subject to their respective privacy policies and technical requirements.

CHANGES TO PRIVACY POLICY

We reserve the right to update this privacy policy at any time. Continued use of the indicator after changes constitutes acceptance of the updated policy.
