

Refund Policy

This Refund Policy applies to the sale of digital products (eBooks) through the Whop platform. By purchasing our digital products, you agree to the terms outlined below.

No Refunds:

All sales of eBooks are final. Once the purchase has been completed and the eBook has been made available for download, no refunds, cancellations, or exchanges will be granted under any circumstances.

Exclusion of the Right of Withdrawal:

Under Austrian and EU consumer protection law, consumers generally have a 14-day right of withdrawal for distance contracts. However, this right does not apply to digital content that is not delivered on a physical medium (such as eBooks), once the performance (download or access) has begun with the consumer's prior express consent and acknowledgment of the loss of the right of withdrawal.

By completing your purchase and accessing the eBook immediately, you expressly agree that the download will begin immediately and that you thereby lose your right of withdrawal under § 18 Abs 1 Z 11 FAGG (Austrian Distance and Off-Premises Transactions Act).
