

STUDENT APPLICATION

We know it is hard to explain personal situations to strangers. Please try the best you can. Be honest and clearly answer each question. The application has to be complete in order to be accepted. There are three parts to this application. 1. Answer all the questions. 2. Have your teachers fill out the progress report section. If you are an online student you will need a letter from your counselor stating you are enrolled in NormanNet and how many credits you still need to graduate, instead of the progress report. If you are not in school you will need to turn in a copy of your most recent transcript. 3. If you are in day school you will need to have the school print out an attendance report and unofficial transcript and attach them to this application.

Bridges is a program that provides services to high school students that cannot live with their parents or legal guardian for a legitimate reason. The program is not for students who have defiant behavior, don't like the rules at home, "just can't get along", or just want to be living on their own.

Please explain the reason you cannot live with your parent/s or guardian.

If you are requesting housing you will be required to have a job, pay a \$151 deposit, pay discounted rent that is based on your income, and pay your electric bill each month. In addition to those bills you will have to daily living expenses such as food, clothes, spending money, etc. Please explain how you are going to do all of this while living on your own and still keep school as a priority. Where do you currently work?

Being a Bridges student has great benefits but is also a huge commitment. It is a program you must participate in, not just an apartment or a place that provides free stuff. You will be required to turn in progress notes from your teachers on a regular basis, meet with the Bridges staff regularly, attend the Life Skills classes every week, and participate other activities the program offers. Explain to us why this is a commitment you willing to make.
