REGULATIONS

WITH WHICH THE SUBSCRIBER HAS AGREED TO COMPLY

To establish credit an applicant who is unknown to the Company is required to make an advance payment for not to exceed three months' service.

Where the cost of installation is out of proportion to the exchange revenue it produces, the subscriber will be required to pay a reasonable proportion of such cost.

Following the acceptance of the Company of an application for service, the Company assigns a telephone number, but this number is not a part of the contract and may be changed at any time at the discretion of the Company.

Under average conditions the Company requires ten days to arrange for and complete an order to install or move a telephone.

To guard against interference with the service unauthorized attachments with the telephone lines or instruments are prohibited.

For any complete failure of service, of which notice in writing has been sent to the Company's Business Office, and which has continued for more than twenty-four hours thereafter, an abatement of the contract charge shall be made for the period of such interruption.

The continuous use of a party line is limited to five minutes. Party line subscribers are necessarily associated on the line with others located nearest to them and using the same class of service. Mutual accommodations usual in public service of any kind, where two or more persons are jointly concerned, should be extended between party line users.

Where the service of a subscriber is temporarily discontinued and the telephone number is retained during absence on vacation, one-half the regular rental shall be charged, during such period, provided written notice of the temporary discontinuance of service is given to the Company in advance.

Bills are rendered once a month, to cover (a) one month's charges for local exchange service in advance, and (b) toll and other charges in arrears. Bills are payable at the office of the Company. If not paid on or before the fifteenth day after issuance of the bill, written notice calling attention to that fact will be sent to the subscriber; after which action the service may be discontinued, without further notice, if a settlement of the account is not made by the seventh day.

When settlement of the bill is made before telephone instruments have been removed from the premises, service will be restored upon payment of the following restoral of service charge:

- a. If service has been suspended one way only\$0.50
- b. If service has been suspended both ways 1.00

Measured Service, where furnished, is billed on a monthly period guarantee basis, the bill for each period to cover (a) the guaranteed charges for one month in advance, and (b) additional messages and toll in arrears. Failure to use the minimum guaranteed number of messages in any monthly period, or the use of messages in excess of such number, does not entitle the subscriber to any allowance in any other monthly period.

One incoming line (one-way service) furnished only for each individual two-way flat rate line or two-way trunk line.

Not more than two joint users will be allowed on P. B. X. or individual line service; and not more than one joint user in connection with a party-line subscriber.

Four-party Service is furnished only where at least two subscribers within the limits of a single block apply for such service, or there is a vacancy on an existing circuit.

Two-party Service beyond the established exchange area will be furnished only where two parties outside said area, but within one-quarter mile of each other, apply for service at the two-party rate.

Four-party Service beyond the established exchange area will be furnished only when at least three parties outside said area, who are within a radius of one-quarter mile of each other, apply for the service at the four-party rate.

Rural Service is furnished only where at least two subscribers are secured for each one mile of line built.

Ownership of Facilities

All facilities provided by the Telephone Company, including directories, remain the property of the Company and are subject to the following regulations:

Foreign Equipment.—No apparatus or appliance not furnished by the Telephone Company shall be attached to or used in connection with the facilities furnished by the Company.

Directories.—Telephone directories containing the listings of subscribers, issued from time to time by the Telephone Company free of cost, are and remain the property of the Telephone Company. They shall not be mutilated and shall be surrendered to the carrier who delivers the subsequent issue. No binder, holder or auxiliary cover except such as may be furnished by or with the consent of the Telephone Company, shall be used in connection with any telephone directory furnished by the Telephone Company.

SERVICE DIFFICULTIES

OUR AIM is to render a service that will be satisfactory to our subscribers. We realize that difficulties will sometimes occur despite all our efforts to avoid them. On the Front Cover of this directory are shown the telephone numbers which should be called to report service difficulties.

IF AT ANY TIME difficulties are not promptly corrected or unsatisfactory conditions persist we shall appreciate your communicating the facts directly to the undersigned.

D. A. MILLER, Manager

Information About Telephone Service

*Subscribers Will Find It to Their Interest to Familiarize Themselves
with the Contents of These Pages*

Exchange Service. Business service is furnished for use of subscribers and their employees only in their business and for such extra name users on the same premises as may be contracted for by the subscribers.

Residence service is furnished for the use of subscribers and their families only at their residences and for such extra name users on the same premises as may be contracted for by the subscribers.

Service Complaints. To report any irregularity in the service, ask for the Chief Operator who will answer by saying "Chief Operator," and report your trouble to her.

To report trouble when your line or equipment is out of order, report (from nearest telephone) by asking for "Repair Clerk." Give your exchange prefix and number and the nature of trouble, if known.

No liability for damages arising from errors or omissions in making up or printing the directory is assumed by the Company. Extraordinary precautions are taken to avoid errors.

Order to Move Telephone. If you wish to have telephone moved, write or telephone to the manager of the Exchange with which you are connected, giving telephone number, name and address; also new address and date you expect to move, at least fifteen days before removal is desired, *except on moves due between April 15th and June 1st and between September 15th and October 10th, at which two periods thirty days' notice is required.*

Identification of Employees. All employees of the Company whose duties require them to enter the premises of its subscribers for any purpose whatever are supplied with identification cards, each card bearing the photograph and name of the employee entitled to carry it. Any subscriber having the slightest doubt as to the identity or the right of the person representing himself to be an employee of the Company should inspect the credentials. **Beware of persons misrepresenting themselves as employees of the Telephone Company.**

How to Place Station-to-Station Calls to Nearby Places

Station-to-Station calls to the nearby points shown below are handled by your local operator. It is not necessary to call "Long Distance." Simply give your operator the number desired and stay on the line until you are connected.

Toll Rates to Some Nearby Places from Tinley Park

as on file with the Illinois Commerce Commission.*

How to Make Long Distance Calls

First—Determine whether the lower priced Station-to-Station service can be used or whether Person-to-Person service is more suitable.

Second—Ask your operator for "Long Distance." When "Long Distance" answers, give her the details of your call, including the telephone number, if known, at the distant place, and wait for her directions. She will either request you to wait at the telephone without hanging up your receiver, or she will request you to hang up the receiver until you are called.

When About —make your hotel reservations by long distance
to Start on a telephone. This will avoid disappointment and
 inconvenience.

Journey

ILLINOIS BELL TELEPHONE CO.

The Bell System *and the Public*

THE Bell System recognizes the public requirement for a constantly extended and improved telephone service. To provide this service it has enlisted the savings of hundreds of thousands of investors. In addition to its obligation to the public it has an obligation to its stockholders.

The only sound policy which will meet these obligations is to continue to furnish the best possible service at the lowest cost consistent with financial safety. Earnings must be sufficient to assure the financial integrity of the business. Anything in excess goes toward extending the service or keeping down the rates.

The ideal of the Bell System, of which the Illinois Bell Telephone Company is a part, is the most telephone service and the best, at the least cost to the user. It accepts this responsibility as a public trust.

TELEPHONE HOME

When out of town keep in close touch with home by means of Bell Long Distance Lines.

Letters that are forwarded may not reach you for many days. A Long Distance Telephone call brings an immediate reply.

"Station-to-Station" service as described elsewhere in this directory is found to be very satisfactory for messages of this kind and the cost is substantially less.

ILLINOIS BELL TELEPHONE CO.

Aims and Ideals of a Great Service

THE ideal and aim of the Bell Telephone System is a telephone service for the nation, enabling at all times, any one, anywhere to pick up a telephone and talk to any one else clearly, quickly and at a reasonable cost.

This defines the policy of the Bell System, of which the Illinois Bell Telephone Company is a part.

In pursuit of this objective there has been established a great, nation-wide network of communication built and extended in the spirit of service to the public and without undue profits to any one. In this spirit we are constantly setting higher standards of service and striving to reach them.

The Bell System accepts its responsibility as a public trust. Its duty is to provide the American public with adequate, dependable and satisfactory telephone service at the lowest possible cost consistent with financial safety.

Give Your "Party" Time to Answer

Time passes slowly when you are waiting at the telephone for some one to answer your call. A few seconds may seem like a couple of minutes.

When you make a telephone call give the person you are calling plenty of time to answer. He may be far from the telephone or may not have heard it ring the first time. He may have been delayed in answering.

By waiting a short time you may save yourself the trouble of calling over again.

ARCHITECTS, OWNERS AND BUILDERS

Call Our Engineers FIRST and Save Costly Alterations

The Extensive Use of the telephone in hotels, apartment houses, large buildings and large residences, makes it essential that in buildings of these types provision be made to carry the large number of wires necessary for furnishing telephone service.

In Smaller Buildings and residences the entire concealment of the telephone service wiring can be arranged for at a very small cost if included in the building plans.

If Some Arrangement is not included in the original building plans, it may be necessary to make extensive and costly alterations after completion of the building, in order to conceal the wires running through halls and rooms.

The Engineers of This Company will be glad at any time to give architects, owners or builders the benefit of their experience in such matters without charge.
