REGULATIONS

With Which the Subscriber Has Agreed to Comply

In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish and maintain his credit in one of the following ways:

- a. By furnishing references acceptable to the Telephone Company.
- b. By providing a suitable guarantee in writing, in form prescribed by the Telephone Company.
- c. By means of a cash deposit.

The Telephone Company shall be the sole judge as to whether or not the references or guarantee in writing are acceptable.

The Telephone Company may require an applicant for service to make an advance payment for not to exceed three months' service.

Where the cost of installation is out of proportion to the exchange revenue it produces, the subscriber will be required to pay a reasonable proportion of such cost.

Following the acceptance by the Company of an application for service, the Company assigns a telephone number, but this number is not a part of the contract and may be changed at any time at the discretion of the Company.

To guard against interference with the service, unauthorized attachments with the telephone lines or instruments are prohibited.

For any complete failure of service, of which notice in writing has been sent to the Company's Business Office, and which has continued for more than twenty-four hours thereafter, an abatement of the contract charge shall be made for the period of such interruption.

Where the service of a subscriber is temporarily discontinued and the telephone number is retained during absence on vacation, one-half the regular rental shall be charged during such period, provided written notice of the temporary discontinuance of service is given to the Company in advance.

Denial for Non-payment and Restoral of Service: (a) In the event that any sum due (except as provided in c below) is not paid on or before the 14th day after the issuance of the bill, a written notice may be sent to the subscriber, calling attention to the fact that the amount is due; and, if payment is not made within seven days thereafter, the Company may deny service without further notice. (b) In the case of coin box service, if any amounts due are not paid to the collector at the time of collection, a notice will be left at the subscriber's premises stating the amount due and notifying the subscriber that if payment is not made within seven days there-

after, the Company may deny service without further notice. (c) Special toll bills, which may be rendered at any time by the Company, are payable upon presentation and if not paid at once a notice will be forwarded to the subscriber stating the amount due and notifying the subscriber that if payment is not made within three days thereafter, the Company may deny service without further notice.

When the service of a subscriber has been denied in accordance with the preceding paragraphs, but the service has not been terminated or the order to remove the service has not been completed, if such service is restored, a Restoral of Service Charge will be made. In case service has been denied, in addition to the Restoral of Service Charge, the subscriber will be required to pay all service charges up to the time of restoral of service.

Subsequent to the completion of an order to terminate the service, it will be reestablished only upon the basis of a new service application.

Restoral of Service Charge.....\$1.00

Measured Service, where furnished, is billed on a monthly period guarantee basis, the bill for each period to cover (a) the guaranteed charges for one month in advance, and (b) additional messages and toll in arrears. Failure to use the minimum guaranteed number of messages in any monthly period, or the use of messages in excess of such number, does not entitle the subscriber to any allowance in any other monthly period.

One incoming line (one-way service) furnished only for each individual two-way flat rate line or two-way trunk line.

Joint User Service will be furnished only on P. B. X. and individual line service; only two joint users may be permitted on each two-way line.

Four-party Service is furnished only where at least two subscribers within the limits of a single block apply for such service, or where there is a vacancy on an existing circuit.

Two-party Service beyond the established exchange area will be furnished only where two parties outside said area, but within one-quarter mile of each other, apply for service at the two-party rate.

Four-party Service beyond the established exchange area will be furnished only when at least three parties outside said area, who are within a radius of one-quarter mile of each other, apply for the service at the four-party rate.

Rural Service is furnished only where at least two subscribers are secured for each one mile of line built.

INFORMATION ABOUT TELEPHONE SERVICE

How to Use the Telephone

When using the telephone speak distinctly in a moderate tone of voice with lips close to the mouthpiece.

Answer your bell promptly but do not remove the receiver from the hook while the bell is ringing. It may interfere with the signals.

To recall the operator hang up the receiver and give the handle one quick turn.

Party Lines

All subscribers on the line have equal rights; for that reason calls should be reasonably limited in length of conversation. To make for efficient service and to prevent annoyance to others on the line the following rules should be observed:

When you wish to call, remove the receiver and listen. If the line is in use, restore the receiver to the hook and wait for those using the line to finish.

Always answer your own signal. If there is any confusion about the rings, report the facts to the Chief Operator.

Telephone Service Calls

Call "Information" for names not listed in this directory.

Call "Chief Operator" to report unsatisfactory handling of your calls.

Call "Repair Service" when your telephone is out of order.

Call your Business Office, Tinley Park 9981, for all matters relating to new telephone service, removals, termination of service, directory listings, adjustments of accounts, collection of bills, etc.

Exchange Service

Business service is furnished for use of subscribers and their employees only in their business and for such joint users on the same premises as may be contracted for by the subscribers.

Residence service is furnished for the use of subscribers and their families only at their residences and for such extra name users on the same premises as may be contracted for by the subscribers.

LONG DISTANCE TELEPHONE SERVICE

Station-to-Station Service—A station-to-station call is a call to a telephone at an out of town point on which the person calling will talk with anyone who answers at that telephone. Tell the Long Distance operator you will talk with "anyone who answers."

Reduced rates are in effect during the evening and night periods as follows:

Day Rates—4:30 A. M. to 7:00 P. M.

Evening Rates—7:00 P. M. to 8:30 P. M.

Night Rates—8:30 P. M. to 4:30 A. M.

During reduced rate periods no station-to-station rate of less than 35c is reduced nor any rate of more than 35c reduced below 35c.

Person-to-Person Service—A person-to-person call is a call to a particular person or a particular extension telephone on a private switchboard at an out of town point. The rates for this service are the same for all hours and are somewhat higher than corresponding station-to-station day rates.

Reversed Charges—Charges may be reversed on all person-to-person and station-to-station calls. Where the station rate is less than 25c the rate for reversed charge station-to-station service is higher than the station-to-station rate.

Report Charge—A report charge is made if communication cannot be established on person-to-person or Reversed Charge calls for reasons beyond the Company's control.

Call By Number—Calling by number speeds your call. Give the Long Distance operator the name of the place and the telephone number you are calling. If you are making a person-to-person call also give the name of the person with whom you wish to talk. If you do not know the number give the name and address and the number will be furnished by the operator during the completion of the call so that you may make a note of it for future use.

TOLL CALLS HANDLED BY YOUR OPERATOR

Station-to-Station calls from Tinley Park to the points shown below are handled by your local operator. It is not necessary to call "Long Distance." Simply give the number desired to your operator who will record and complete the call.

We Ask Your Co-operation

Please do not place your telephone instrument where it may accidentally be knocked to the floor. Precaution on your part will avert serious damage to the instruments and wiring and enable us to keep your service at peak efficiency.

ILLINOIS BELL TELEPHONE COMPANY

The Peace that Pennies Buy

Each day, after breakfast, you bid good-bye to your husband and he is gone. Miles of distance and hours of traveling may separate him from you, yet you do not fear. You have no feeling of his being far away — no sense of loneliness or isolation. For there, within reach of your hand, is your contact with all the world — the guardian of your home . . . your telephone.

All you see is the telephone instrument itself and a few feet of wire. Through the familiarity of use, you are likely to take it for granted in much the same manner as air and water and sunshine. Rarely do you think of the complicated exchanges, the almost endless stretches of wire and the hundreds of thousands of trained employees that are needed to interconnect, through the Bell System, of which the Illinois Bell Telephone Company is a part, nearly twenty million telephones in this country and twelve million in foreign lands.

We Have Found

Through years of usage that the best results are obtained by speaking distinctly with the lips not more than one inch from the mouthpiece of the telephone.

It is not necessary to shout.

You are still neighbors— *by telephone*

OLD friends may have moved away to a distant city. Many miles may separate you now. But your friendship need not cease, for you are still neighbors. The miles between are easily bridged by telephone. You may visit regularly at very small cost. A visit by telephone is personal, friendly — the next best thing to being there. Don't neglect that friend another day . . . telephone today.

*Day or night we are ready to speed
your voice to a neighboring village
or a far-off corner of the world —
always at a moderate cost.*

TELEPHONE HOME

When out of town keep in touch with home by means of Bell Long Distance Lines.

Letters that are forwarded may not reach you for many days. A Long Distance telephone call brings an immediate reply.

“Station-to-Station” service as described elsewhere in this directory is found to be very satisfactory for messages of this kind and the cost is substantially less.
