INFORMATION ABOUT TELEPHONE SERVICE

HOW TO USE THE TELEPHONE

When using the telephone speak distinctly in a moderate tone of voice with lips close to the mouth-piece.

Answer your bell promptly but do not remove the receiver from the hook while the bell is ringing. It may interfere with the signals.

To recall the operator hang up the receiver and give the handle one quick turn.

PARTY LINES

All subscribers on the line have equal rights; for that reason calls should be reasonably limited in length of conversation. To make for efficient service and to prevent annoyance to others on the line the following rules should be observed:

When you wish to call, remove the receiver and listen. If the line is in use, restore the receiver to the hook and wait for those using the line to finish.

Always answer your own signal. If there is any confusion about the rings, report the facts to the Chief Operator.

TELEPHONE SERVICE CALLS

Call "Information" for names not listed in this directory.

Call "Chief Operator" to report unsatisfactory handling of your calls.

Call "Repair Service" when your telephone is out of order.

Call your Business Office, Tinley Park 9981, for all matters relating to new telephone service, removals, termination of service, directory listings, adjustments of accounts, collection of bills, etc.

EXCHANGE SERVICE

Business service is furnished for use of subscribers and their employees only in their business and for such joint users on the same premises as may be contracted for by the subscribers.

Residence service is furnished for the use of subscribers and their families only at their residences and for such extra name users on the same premises as may be contracted for by the subscribers.

INFORMATION ABOUT OUT-OF-TOWN CALLS

CALLS TO NEARBY POINTS HANDLED BY YOUR OPERATOR

Station-to-Station calls from Tinley Park to the points shown below are handled by your local operator. It is not necessary to call "Long Distance." Simply give the number desired to your operator who will record and complete the call. The initial talking period in all cases is five minutes with the exception of Station-to-Station rates of 30c or more where the initial talking period is three minutes.

Bellwood	\$0.20	Evergreen Park	\$0.15	Niles Center	\$0.30

CALLS TO OTHER OUT-OF-TOWN POINTS

Wherever possible, please Call by Number when you telephone out of town, whether you wish a specified person or will talk to anyone who answers. If you do not know the number, the Long Distance operator will supply it. Please make a note of it for future use.

Out-of-town calls are of two general classes:

STATION-TO-STATION CALLS—When you want us to do nothing more than to connect you with an individual line or party line telephone or private switchboard call "Long Distance."

Give the Long Distance operator the name of the place and the telephone number you are calling as, "Detroit, Michigan, Cadillac 9900." If you do not know the number, say, for example, "Detroit, Michigan, anyone at the residence of John Brown, 4000 Highland Blvd." When your call is accepted understand that your number will be requested while the call is being completed at the distant place. See the adjacent paragraph (Person-to-Person Calls) if you want to call either a particular person or a particular telephone or department reached through a private switchboard.

Station-to-Station rates are lower than Person-to-Person rates. These rates are reduced between 7:00 P.M. and 4:30 A.M. (Night Rates) and all day Sunday (Sunday Rates) if the initial period rate exceeds 35 cents. The time of day at the originating point when conversation starts determines whether the Day, Night or Sunday rate applies.

The charge begins when the called telephone or private switchboard answers.

There are no Report Charges on Station-to-Station calls except on Collect Calls when conversation does not take place the first time the distant station is reached.

COLLECT CALLS—If you ask the Long Distance operator at the time the call is placed, she will try to arrange to have the charge billed to the called party. This can be done on Station-to-Station or Person-to-Person calls without additional charge, except that Special Collect Station-to-Station rates apply to Station-to-Station Collect Calls where the initial rate is 20 cents or less.

If the called party refuses to accept the charge, a Report Charge will be made unless the call is then completed as a paid message.

The billing of the charge to the called party is not permitted on calls to points in Mexico nor on Overseas calls except to Hawaii and Puerto Rico.

PERSON-TO-PERSON CALLS—When you want to be connected with some particular person or with a particular telephone or department reached through a private switchboard call "Long Distance."

Give the Long Distance operator the name of the place, the telephone number, (and extension) if known and the name of the person (or department) with whom you wish to talk as, "Detroit, Michigan, Cadillac 9900, John Brown (or 'Cadillac 9900, extension 226' or 'Sales Department')." If you do not know the number, say, for example, "Detroit, Michigan, John Brown (or 'Sales Department') of John Brown and Co., 1000 Cass St." When your call is accepted understand that your number will be requested while the call is being completed at the distant place.

Person-to-Person rates are somewhat higher than Station-to-Station rates. These rates are reduced between 7:00 P.M. and 4:30 A.M. (Night Rates) and all day Sunday (Sunday Rates) if the initial period rate exceeds 50 cents. The time of day at the originating point when conversation starts determines whether the Day, Night or Sunday rate applies.

The charge is computed from the time conversation with the specified person, extension or department at the distant place begins.

A Report Charge is made on a Person-to-Person call if the distant telephone is reached, the desired person is not available, and the call is not later completed.

The rates herein stated are the legal rates of the Company as of December 27, 1940.

IT FITS TODAY'S BUYING MOOD

The telephone meets today's buying temper by giving bigger money's worth than ever before. The coin that buys a call today gets improved service, better voice transmission, quicker connections, and more miles.

Improvements like these do not spring up overnight. They are the result of patient research, of honest self-criticism among telephone workers seeking and finding ways to "do it better."

The Bell System's policy of giving greater value finds public response in the use of the telephone.

ILLINOIS BELL TELEPHONE COMPANY

When in Doubt, Use Long Distance

A business perplexity may be cleared up within a few minutes by a long distance telephone talk. When your next move depends upon the plans of some one in a distant city you can get the information desired, without delay, by use of the Bell lines. It saves time, money and worry to know exactly where you stand.
